### **Survey Section by Test Segment**

	Due tost	Post-test				
Survey Section	Pre-test (n = 30/TA)	Exposed (n = 30/TA)	Unexposed (n = 30/TA)	Unexposed (unlimited)*		
Screener	Х	Х	Х	X		
Exposure to Campaign	Х	Х	Х	X		
Frequency and Channel of Exposure	X	Х				
Knowledge	х	Х				
Behavior	Х	Х				
Media Use and Habits			х			
Demographic Characteristics	X	Х	X			

 $<sup>^</sup>st$  We will continue to screen participants until we have 30 exposed respondents who complete the full survey

## **Target Audiences:**

- Women, ages 21-45 years
- Healthy adults who used urgent care (for an illness) within the past 12 months, ages 26-64 years.

# INFORMED CONSENT

Before beginning the survey, there are a few things you should know.

On behalf of the Centers for Disease Control and Prevention (CDC), the research firm ICF is conducting an online survey with adults from the community to gather feedback on educational materials related to antibiotic use. These materials were developed in partnership with the CDC, and we hope to use what we learn from these survey results to improve these materials and/or how and where we promote them to raise awareness within your community. We expect this survey to take about 15 minutes. You will only be asked to complete this survey once.

We want to learn from you, so we encourage you to answer honestly. There are no right or wrong answers. If you agree to participate in the survey, here are some points to know:

- Rights Regarding Participation: Your participation in this survey is completely voluntary. You may choose to leave the survey and/or not answer a question at any time for any reason. Refusal to participate will involve no penalty or loss of benefits.
- Privacy: We will take every precaution to protect your identity and ensure your privacy. We will keep your name and answers to these survey questions private. Your name and contact information will be kept separate from any survey responses. We will never use your name in any reports.
- **Benefits:** Your participation in the survey will not result in any <u>direct</u> benefits to you. However, your input will help us to develop and improve educational materials about sepsis for people like you.
- **Risks:** There is no known risk to you for your participation in the survey.
- **Contact Information:** If you have any questions about this survey or the campaign, please contact the research director, Kristen Cincotta, PhD, at 404-320-4433.

Public reporting burden of this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB Control Number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer, 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA 0920-0572

Do	you agree to	o participate in the survey?
Pro	ogrammer:	If respondent selects Yes, please proceed to the survey. If respondent selects No, display termination text.
Te	rmination tex	t: "Thank you for your time. Click here [insert URL] to exit this survey."
S	CREEN	ER
imı be	prove antibiot	is survey will help the Centers for Disease Control and Prevention (CDC) refine its ongoing campaign to it use by helping CDC staff understand the public's response to the campaign and its key messages. You will plete different versions of the survey depending on whether you have seen or heard certain messages from ntibiotic use.
1.	May we ask  Yes  No [INE	you some questions to see if you are a good match to take this survey?  LIGIBLE]
Pro	ogrammer:	If "No," TERMINATE. If "Yes," proceed to Q2
Pro	ogrammer:	Include one question per page.  Screener should terminate as soon as respondent selects an option that deems him/her ineligible.  Do not allow respondents to go back and change a response.
2.	How old are	you? years
	☐ Prefer r	not to answer [INELIGIBLE]
Pro	ogrammer:	If 21–64 years, proceed to Q3. If under 21 or over 65 years, TERMINATE. If "prefer not to answer," TERMINATE.
3.	In what ZIP	code do you live? (####)
Pro	ogrammer:	Limit ZIP code entry to 5 digits and require respondent provide the full ZIP in order to proceed.
		If ZIP code is within the target areas, proceed to Q4. If not within the target area, TERMINATE.
4.		
5.	yourself (no	

Programmer:	If "yes"	to Q5,	proceed	to	Q6.
-------------	----------	--------	---------	----	-----

If "no" or "not sure" to Q5, skip to Q7.

6.	When you visited an urgent care clinic, did you do so for an illness, an injury, or both?

□ Illness

☐ Injury [INELIGIBLE]

☐ Both

☐ Don't know/cannot remember [INELIGIBLE]

#### **Programmer:**

If respondent visited urgent care clinic (Q6) for an Injury or Don't know/cannot remember, TERMINATE.

# Notes for analysis:

Categorize respondent as "Healthy adult who used urgent care in the past 12 months, ages 26 to 64 years" if:

- Q2 = 26-64 years AND
- Q6 = "illness" or "both"

Categorize respondent as "Woman 21 to 45 years" if:

- Q2 = 21-45 years AND
- Q4 = "Female"

For female (Q4), ages 26 to 45 years, (Q2), who visited urgent care for an illness in the past 12 months (Q5/Q6), categorize in either group, but not both.

7. Do you, your spouse or partner, or any other member of your household currently or in the past work for or as:

		Yes	No
a.	a. A market research company		
b.	b. An advertising agency or public relations firm		
c.	c. The media (TV/radio/newspapers/magazines)		
d.	d. A healthcare setting or a health and wellness organization (e.g., doctor's office, clinic, hospital, health department, fitness center)		
e.	e. A healthcare provider (e.g., doctor, nurse, pharmacist, physician assistant, medical assistant, dietician, aid, sitter, social worker)		

Programmer: If respondent selects "Yes" to any option of Q7, TERMINATE.

# **TERMINATION TEXT:**

Thank you for your willingness to participate and answer our questions. Unfortunately, you do not meet the criteria to continue with the survey. If you have any questions about your participation and/or any questions about this survey, please contact the research director, Kristen Cincotta, Ph.D., at (404) 321-3211 or <a href="mailto:Kristen.Cincotta@icf.com">Kristen.Cincotta@icf.com</a>. Thank you for your time.

## If ELIGIBLE, proceed with survey.

Thank you for answering the questions. We have determined that you are a good match for this survey. If you have any questions about your participation and/or any questions about this survey, please contact the research director, Kristen Cincotta, Ph.D., at (404) 321-3211 or Kristen.Cincotta@icf.com Thank you for answering the questions. We have determined that you are a good match for this survey. If you have any questions about your participation and/or any questions about this survey, please contact the research director, Kristen Cincotta, Ph.D., at (404) 321-3211 or Kristen.Cincotta@icf.com.

# **EXPOSURE TO CAMPAIGN**

# Programmer: Include one question per page

Now we would like to ask you about a CDC campaign on improving antibiotic use that you may or may not have seen or heard about in the past 12 months.

8. Please indicate below whether you have seen or heard any of following campaign names or slogans in the past 12 months.

Campa	iigns	Yes	No	Don't know /cannot recall
a.	Get ahead of antibiotics			
b.	Flip the script on antibiotics			
c.	Be antibiotics aware			
d.	Get smart about antibiotics			
e.	Don't mis-take antibiotics			

9.	In the <b>past 12 months</b> , did you see this logo or hear the slogan on it anywhere?
	☐ Yes
	□ No

# **Programmer:**

### **TERMINATION TEXT if INELIGIBLE:**

☐ Don't know/cannot recall

"Thank you for your willingness to participate and answer our questions. Unfortunately, you do not meet the criteria to continue with the survey. If you have any questions about your participation and/or any questions about this survey, please contact the research director, Kristen Cincotta, Ph.D., at (404) 321-3211 or Kristen.Cincotta@icf.com. Thank you for your time."

#### If ELIGIBLE: Determine Exposure status:

If respondent selects C for Q8 and/or Yes or Don't recall for Q9, classify as "Exposed." If respondent selects A, B, D, or E (but not C) for Q8 and No for Q9, classify as "Unexposed."

# PRE-TEST: Continue to Frequency and Channel of Exposure section if exposed or Knowledge section if

unexposed.

# FREQUENCY AND CHANNEL OF EXPOSURE [PRE-TEST, EXPOSED ONLY]

Programmer: Include one question per page.

You indicated that you had seen or heard the campaign name, *Be Antibiotics Aware*, or seen the campaign logo **in the past 12 months**.

10. In the past 12 months, approximately how often did you see CDC's *Be Antibiotics Aware* campaign messages, campaign name, or logo in ...?

# ATTITUDES AND BELIEFS

Programmer: Include one question per page. Do not allow participants to go back and change their answer to a previous question.

Next, we are going to ask you some questions to learn more about your perspective on antibiotics. Please give us your honest responses. There are no right or wrong answers to any of these questions.

We'd like to provide you with a definition for a few key terms to assist you in answering the following questions:

Antibiotic resistance occurs when bacteria have become resistant to the antibiotics designed to kill them. It does not mean the body is becoming resistant to antibiotics.

Clostridioides difficile (also known as C. difficile or C. diff.) is a bacterium that causes colitis, or inflammation of the colon. C. difficile infection can lead to severe colon damage, disabling diarrhea, and sometimes death.

26. Please indicate the extent to which you agree with the following statements, from strongly disagree to strongly agree.

Pe	rceived Susceptibility	Strongly disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
a.	I believe that I may have taken antibiotics when I didn't need them.					
b.	I believe that I could get an antibiotic-resistant infection.					
a.	I believe that any time people take antibiotics, it contributes to antibiotic resistance.					
c.	I believe that my healthcare providers may have given me prescriptions for antibiotics when they were not necessary.					
d.	I believe that anyone taking antibiotics can experience common side effects, such as rash, nausea, and/or diarrhea.					
e.	I believe that taking antibiotics can lead to severe, but rare, side effects such as Clostridioides difficile (or C. diff) infection or life- threatening allergic reactions.			0		

27. Please indicate the extent to which you agree with the following statements, from strongly disagree to strongly agree.

Perceived Severity	Strongly disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
b. If I got an antibiotic-resistant infection, it could be very dangerous for me.					
c. I believe that antibiotic resistance is a severe problem that can threaten the health of myself					

Form Approved

OMB Control No.: 0920-0572	
Expiration Date 02/28/2021	

Perceived Severity	Strongly disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
and others.					
d. I believe that antibiotics can sometimes lead to Clostridioides difficile (or C. diff) infection, which can cause diarrhea and death.					

28. Please indicate the extent to which you agree with the following statements, from strongly disagree to strongly agree.

Perceived Benefits	Strongly disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
a. I believe that using antibiotics only when needed helps to preserve their effectiveness.					
b. I believe that using antibiotics only when needed helps to keep me safe from side effects.					
c. I believe that using antibiotics only when needed helps fight antibiotic resistance.					

29. Please indicate the extent to which you agree with the following statements, from strongly disagree to strongly agree.

Perceived Barriers to Using Abx Appropriately	Strongly disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree
<ul> <li>If my healthcare provider told me to wait one to two weeks to see if I feel better before prescribing antibiotics, I would feel inconvenienced.</li> </ul>					
<ul> <li>If my healthcare provider told me I didn't need antibiotics for an illness, I would feel worried that I wouldn't feel better or that I might get sicker.</li> </ul>					

30. Please indicate your level of confidence for each of the following questions.

Self-Efficacy	Not at all confident	Somewhat confident	Moderately confident	Confident	Very Confident
a. How confident are you that you will get better when you have a virus, like a cold or the flu, if you don't take antibiotics?					
b. How confident are you in your ability to discuss your questions and concerns about antibiotic use with your healthcare provider?					
c. How confident are you that you can accept your healthcare provider's recommendation if he/she says you do not need antibiotics?					

31. Please indicate the extent to which you agree with the following statements, from strongly disagree to strongly agree.

Form Approved OMB Control No.: 0920-0572

Expiration Date 02/28/2021

		Strongly disagree	Disagree	Neither Agree nor Disagree	Agree	Strongly Agree	Don't know
a.	When I'm sick, it's important to talk with my healthcare providers about what the best treatment is for my illness.						
b.	When I'm sick, but antibiotics aren't needed, it is important to talk with my healthcare providers about other ways to feel better.						0
C.	When I'm sick and antibiotics can help, it is important to talk with my healthcare providers about the risks of taking antibiotics (e.g., side effects, antibiotic resistance).	0					
d.	When I'm sick and antibiotics can help, it is important to talk with my healthcare providers about the benefits of taking antibiotics.						

# **BEHAVIOR**

Programmer: Include one question per page

32. Think about the visits you had with a healthcare provider for an illness over the past 12 months. During these visits, how often did you speak with your healthcare providers about the following?

		Never	Rarely	Sometimes	Often	Always	Don't recall	Did not visit healthcare provider for an illness in the past 12 months
a.	Whether or not antibiotics were needed to treat my illness.							
b.	How to feel better if I was sick and an antibiotic was not needed.							
c.	The risks of taking an antibiotic (e.g., antibiotic resistance, side effects) when I was sick.							
d.	The benefits of taking an antibiotic when I was sick.							

Programmer: If response to Q32 a, b, c, or d is *Did not visit healthcare provider for an illness in the past 12 months*, skip to Q39 (Sources of Information). For any other response, proceed to Q33.

In the past 12 months, how often have you expected—but not outright asked—a healthcare provider to prescribe you antibiotics?
<ul> <li>□ Always</li> <li>□ Often</li> <li>□ Sometimes</li> <li>□ Rarely</li> <li>□ Never</li> </ul>
