

DATE: December 17, 2019

TO: Kristen Cincotta; Bhuvana Sukumar

FROM: Carole Harris, IRB Chair

SUBJECT: IRB Determination – Exempt

PROJECT #: 152691.0.008.01.30

PROJECT NAME: Be Antibiotics Aware Healthcare Provider (HCP) Assessment

ICF's IRB has reviewed the description and supporting materials submitted for the project referenced above and determined that the activities qualify for the Exemption identified below.

Please note that this Exempt determination eliminates the Continuing Review requirement. However, the following communications with the IRB are still required:

- Submit a Protocol Modification form to the IRB prior to implementing any changes to your study as changes may alter your Exempt status.
- Submit an Adverse Event/Unanticipated Problem/Protocol Deviation form to the IRB within 2 business days of an event.

2018 Common Rule Exemptions

Research involving children is allowed in categories 1, 4, 5, 6, 7, & 8. Limitations/exclusions of children apply in categories 2, 3. Research involving prisoners is allowed under all categories $\frac{\text{only}}{\text{only}}$ when prisoners are incidentally included. To qualify for exemption, the research must align with the following categories and involve only minimal-risk¹ to subjects.

risk ¹ to subjects.		
Category	Exemption	
□ 1. 45 CFR 46.104.1	Research involving education practices. Research involving normal education practices and instructional techniques used in classroom management; conducted in established education settings.	
⊠ 2.	Research involving only educational tests, surveys, interviews, observation of public behavior. (1, 2, or 3 must apply)	
45 CFR 46.104.2	 ☑ 1. Recorded information cannot readily identify the subject (directly or indirectly/linked) ☑ 2. Any disclosure of responses outside of the research would NOT reasonably place subject at risk (criminal, 	
	civil liability, financial, employability, educational	

-

¹ Minimal risk: defined as the probability and magnitude of physical or psychological harm that is normally encountered in the daily lives, or in the routine medical, dental, or psychological examination of healthy persons

	advancement, reputation)	
	\square 3. Recorded information includes identifiers (and may be	
	sensitive) but adequate privacy and confidentiality	
	protections are in place.	
□ 3.	Benign behavioral interventions. Research with adults limited to verbal or written responses, data entry or audiovisual recordings where adults prospectively agree.	
45 CFR 46.104.3	\square 1. Recorded information cannot readily identify the	
	subject (directly or indirectly/linked)	
	\square 2. Any disclosure of responses outside the research would	
	NOT reasonably place subject at risk (criminal, civil	
	liability, financial, employability, educational	
	advancement, reputation)	
	\square 3. Recorded information includes identifiers (and may be	
	sensitive) but adequate privacy and confidentiality	
	protections in place.	
□ 4.	Secondary research use of identifiable Information or identifiable biospecimens . Data were (or will be) collected for other research. Consent for current project not required.	
45 CFR 46.104.4	☐ 1. Biospecimens or information are publically available.	
	☐ 2. Recorded information/biospecimens cannot readily	
	identify the subject (directly or indirectly/linked)	
	☐ 3. Use of data is regulated under HIPAA as healthcare	
	operations, research, or public health research	
	☐ 4. Research is conducted by/on behalf of federal agency	
	using data collected for non-research purposes	
□ 5.	Public benefit or service programs.	
45 CFR 46.104.5	Research designed to study, evaluate, improve or examine public benefit/service programs, if the research is conducted by or supported by a federal department or agency	
□ 6.	Taste and food quality. Research limited to food taste and food quality evaluation and consumer acceptance studies.

2018 Common Rule Exemptions

Research involving children is allowed in categories 1, 4, 5, 6, 7, & 8. Limitations/exclusions of children apply in categories 2, 3. Research involving prisoners is allowed under all categories only when prisoners are incidentally included. To qualify for exemption, the research must align with the following categories and involve only minimal-risk¹ to subjects.

Category	Exemption
45 CFR 46.104.6	☐ 1. Consumption of wholesome foods without additives
	\square 2. Food contains food ingredient(s) at or below the level
	found to be safe, or agricultural chemical or
	environmental contaminant at or below the level found
	to be safe, by the FDA, EPA, USDA.
□ 7.	Storage or maintenance of identifiable private information or biospecimens. Can only be used with:
45 CFR 46.104.7	\square 1. Broad consent from subjects for storage, maintenance,
	and secondary use of their materials.
□ 8.	Secondary research with identifiable private information or biospecimens. Can only be used with:
45 CFR 46.104.8	\square 1. Broad consent from subjects for storage, maintenance,
	and secondary use of their materials.
	☐ 2. Documentation of consent was obtained.
	☐ 3. Individual results are not returned to subjects.
