LRP Tracking Code: DAWP1216

Instructions (New Applicants): Applicants applying for a new LRP award are instructed to work collaboratively with their Mentors/Research Supervisors to develop the following research forms: Research Project, Research Environment, and Career Development Plan. Instructions for each research form are found below. As an LRP Applicant's Mentor/Research Supervisor, you are asked to concur that each document accurately reflects the researcher's trajectory over the course of the LRP contract period.

Instructions (Renewal Applicants): Applicants applying to renew their LRP award are instructed to work collaboratively with their Mentors/Research Supervisors to develop the following research forms: Research Project, Research Environment, Career Development Plan, and Assessment of Research Accomplishments. Instructions for each research form are found below. As an LRP Applicant's Mentor/Research Supervisor, you are asked to concur that each document accurately reflects the researcher's trajectory over the course of the LRP Award.

Research Project Description

Instructions: The applicant provided the attachment below to describe his/her research project. Please note that the length is limited to 20,000 characters, including spaces (approximately five single-spaced typed pages plus one page for references). The attachment should describe the research activities and the specific role and responsibilities the applicant expects to pursue over the next two years.

Please review this statement and select a response to indicate your concurrence or non-concurrence with the applicant's description of his/her Research Project.

- I concur with the attached document
- I do not concur with the attached document

Research Environment Description

Instructions: The applicant provided the attachment below to describe his/her research environment. Please note the length is limited to 5,000 characters, including spaces. The attachment should describe the research conducted in the applicant's department, branch or laboratory, the availability of appropriate facilities, and available funding sources.

Please review this statement and select a response to indicate your concurrence or non-concurrence with the applicant's description of his/her Research Environment.

- I concur with the attached document
- I do not concur with the attached document

Career Development Plan

Instructions: The applicant provided the attachment below to describe his/her Career Development Plan. Please note the length is limited to 5,000 characters, including spaces. The attachment should describe the applicant's career development plan and explain how this plan will foster the development of the applicant's career in research. The applicant should also specify the types of research methods and scientific techniques to be learned, membership in journal clubs or groups, and conferences and seminars to be attended.

Please review this statement and select a response to indicate your concurrence or non-concurrence with the applicant's description of his/her Career Development Plan.

- I do not concur with the attached document

Assessment of Research Accomplishments (Renewal Only)

Instructions: The applicant provided the attachment below to describe his/her Research Accomplishments for the period covering his/her previous LRP Award(s). Please note the length is limited to 5,000 characters, including spaces. The attachment should provide an assessment of (1) the progress of the applicant's development as an independent clinical or basic science investigator, and (2) the institutional value of the applicant's research.

Please review this statement and select a response to indicate your concurrence or non-concurrence with the applicant's description of his/her Research Accomplishments.

I certify that:

1. The statements herein are true, complete, and accurate to the best of my knowledge;
2. I accept responsibility for the scientific conduct of the research project;
3. The applicant will be provided the necessary time and resources to engage in the named research project if a LRP contract is awarded;
4. I am aware that any false, fictitious, or fraudulent statements or claims may subject me to criminal, civil, or administrative penalties.

Public reporting for this collection of information is estimated to average 30 minutes, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, Attention: PRA 0925-0361. Do not return the completed form to this address.
