THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104 – 13)

Public reporting burden for this collection of information is estimated to average 16 hours per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

This document was prepared for the United States Department of Health and Human Services, Office of Child Support Enforcement under Contract Number HHS-N26-3999-900033I by Lockheed Martin, Information Systems & Global Solutions, Incorporated (LM IS&GS). The work was authorized in compliance with the following specific prime task order:

Delivery Order Number: HHS-P23-3201-175055W

1. INTRODUCTION

1.1 Reporting Requirements

According to federal statute 42 U.S.C. 669b, states are required to monitor, evaluate, and report on programs funded through the Access and Visitation Grant Program on an annual basis – in accordance with regulations prescribed by the Secretary of the Department of Health and Human Services (45 CFR 303.109).

1.2 Online Submittal

All reports will be submitted online via the Access and Visitation (AV) portal on the Federal Parent Locator Service (FPLS).

1.3 Annual Submission to OCSE

Annual submission of fiscal year reports is due December 30 of each year that the survey is authorized.

1.4 Purpose

This instructional manual is a how-to guide for state AV portal users for navigating the portal and fulfilling reporting requirements.

2. STATE DETAILS PAGES

After logging into the portal, click the ‘State Details’ tab to report general information about the grant program. For information on the data elements contained in this section, please refer to section 2.2.

2.1 Helpful Information

The State Details pages automatically pre-populate the most recent submitted content. In other words, text submitted in the previous year will pre-populate on the state details pages the following year. Edit pre-populated text as necessary. If you would like to empty all text boxes, select **Clear** at the bottom of the page.

To complete the State Details section of the survey, select **Save**, located on the bottom of each page. It is recommended that you save frequently to avoid losing unsaved work. After all required text boxes are complete and the data on each State Details page is saved, the State Details section status on the Survey Status page will state ‘complete’. The Survey Status page will not state ‘complete’ until all required text boxes are complete and all three pages of the section have been saved. You will be able to make changes to the State Details pages after the Survey Status page states ‘complete’ and before final submission.

Chart 2-1 shows the allowable characters (fields C, D, E, F, G1, G2, H, I, and J):

CHART 2-1: ALLOWABLE CHARACTERS

No other special characters are allowed.

Type content directly into the text boxes. If copied text contains any unallowable characters, none of the copied text will save.

In 15 minute intervals, the portal will display a pop-up that asks if you want to continue working. Enable your system to allow pop-ups so that you receive this notice. If you do not enable pop-ups, you will not receive this notice and will not be able to indicate that you want to continue working, consequently losing all unsaved work.

Save each page as you work. Press **Save** at the bottom of each page before pressing **Next** to proceed.

Note: You do not have to complete any section of the portal in a single session. Save information on the State Details page and return to it later. To save data on the State Details pages, use only allowable characters, do not copy text into the portal, and allow pop-ups.

Note: Text boxes have a 4,000 character limit.

2.2 State Reporting

On the State Details page, the state reports:

- Fiscal Year Award Information (A)
- Services Funded with AV Grant Money (B)
- Custody and Visitation Guidelines (C)
- State Child Access Program Description (D)
- Accomplishments of Program Goals (E)
- Summary of State's Anticipated Program Costs versus Actual Expenses (F)
- Parenting Time Increased Description (G1)
- Increased Knowledge of Effective Co-Parenting Strategies (G2)
- Domestic Violence Safeguards (H)
- Monitoring (I)
- Supplemental Narrative (J)

Description of Anticipated Program Costs vs. Actual Expenses

The AV coordinators salary was budgeted at \$30,000. As this personnel cost is based on projected position costs and time spent on AV activities the actual amount spend can vary.

G1. Parenting Time Increased Description

* Provide the definition used by the state and/or sub-grantees when deciding whether a noncustodial parent has gained increased parenting time.

Noncustodial parents are provided with access to and the opportunity for visitation with their children.

F. Summary of State’s Anticipated Program Costs vs. Actual Expenses

- This is a required field.
- Services in this section are pre-populated based on the services selected for Services Provided with AV Grant Money (B) on page 1.

- Provide a brief description and comparison of anticipated program costs (reflected in the state's current AV grant application) with a summary of actual expenses incurred during the grant period. Be sure to only report expenses associated with the federal AV grant money. If the actual cost is unknown, provide the formula used to calculate the estimate.
- Special characters allowed include period, apostrophe, dollar sign, question mark, exclamation, left and right parenthesis, hyphen, asterisk, right quotation mark, semi colon, colon, forwards slash, hash, and ampersand.

G1. Parenting Time Increased Description

- This is a required field.
- Provide the definition used by the state and/or sub-grantee to determine whether the NCP has gained increased parenting time. Provide your state's and/or sub-grantee's method for determining whether parenting time has increased. Describe the measure used to determine whether the desired outcome was achieved.
- Special characters allowed include period, apostrophe, dollar sign, question mark, exclamation, left and right parenthesis, hyphen, asterisk, right quotation mark, semi colon, colon, forwards slash, hash, and ampersand.
- Fields BR-BS on the state spreadsheet corresponds with this section on the State Details page. (Fields BR-BS reports the number of NCPs who gained increased parenting time due to their participation in federally funded AV services. The totals provided will depend on your state's definition of success.)

Figure 2-4 shows the lower section of the State Details (page 2) containing Increased Knowledge of Effective Co-Parenting Strategies (G2).

Figure 2-4: State Details Page 2 (Lower)

G2. Increased Knowledge of Effective Co-Parenting Strategies

Provide the definition used by the state and/or sub-grantees when deciding whether a parent has gained increased knowledge of effective co-parenting strategies.

We administer a pre-test and a post-test in order to assess the knowledge acquired about the importance of co-parenting.

The State Details section status will not state 'Complete' until all required data is complete and all three pages of the section have been saved.

G2. Increased Knowledge of Effective Co-Parenting Strategies

- This is an optional field and applies to parent education and/or counseling services only.
- Provide the definition used by the state and/or sub-grantee to determine whether a parent has gained increased knowledge of effective co-parenting strategies. Describe the measure used to determine whether the desired outcome was achieved.
- Special characters allowed include period, apostrophe, dollar sign, question mark, exclamation, left and right parenthesis, hyphen, asterisk, right quotation mark, semi colon, colon, forwards slash, hash, and ampersand.
- Fields BU-BX on the state spreadsheet corresponds with this section on the State Details page. (Fields BU-BX reports the number of Non-Custodial Parents who gained increased knowledge of Effective Co-Parenting Strategies as a result of their participation in federally funded AV services. The totals provided will depend on your state's definition of success.)

H. Domestic Violence Safeguards

* Provide steps/protocols taken to ensure safety of parents and children served through AV-funded services.

This section is prepopulated from the AV Profile form. You can, however, edit your response. If you are unable to report on domestic violence safeguards this FY, please say so in this box.

I. Monitoring

* Provide a brief statement about how you fulfilled program monitoring responsibilities (including domestic violence safeguards) of all AV-funded work.

Monitoring responsibilities are fulfilled through the partner violence prescreening tool.

J. Supplemental Narrative

You may use the narrative box below to provide any additional information that you would like for us to consider while reviewing your report.

This is an option field. Please use this optional text box as free space to include narrative that you were not able to include elsewhere in the survey.

The State Details section status will not state 'Complete' until all required data is complete and all three pages of the section have been saved.

H. Domestic Violence Safeguard

- This field is required.
- Briefly describe state measures to ensure the safety of parents and children served through AV federally funded services. Were specific Domestic Violence protocols contractually

required of the state and/or sub-grantees? Describe these protocols. Were the protocols effectively implemented?

- Special characters allowed include period, apostrophe, dollar sign, question mark, exclamation, left and right parenthesis, hyphen, asterisk, right quotation mark, semi colon, colon, forwards slash, hash, and ampersand.

I. Monitoring

- This field is required.
- Briefly describe how the state fulfilled its program monitoring responsibilities of all AV-funded grantees. Briefly describe state measures to ensure that Domestic Violence Safeguards were in place and that protocols were followed?
- Special characters allowed include period, apostrophe, dollar sign, question mark, exclamation, left and right parenthesis, hyphen, asterisk, right quotation mark, semi colon, colon, forwards slash, hash, and ampersand.

J. Supplemental Narrative

- This is an optional field.
- Use text box as “free space” to include narrative that you were not able to include elsewhere in the survey. Include text that exceeded the allowable character limit in a different narrative text box or provide context for data reported on the spreadsheet.
- Special characters allowed include period, apostrophe, dollar sign, question mark, exclamation, left and right parenthesis, hyphen, asterisk, right quotation mark, semi colon, colon, forwards slash, hash, and ampersand.

Note 1: After completing required fields on State Details page 3, click **Save**. The status of the State Details section on the Survey Status page will state ‘complete’.

Note 2: Make changes to the State Details page any time before survey submission.

3. PREPARING THE FILE FOR UPLOAD

Access the correct template of the State Excel Spreadsheet by clicking **Sample xls** on the **File Upload** page.

For the correct state spreadsheet, download the state spreadsheet from the “File Upload” page. Click on the “Sample” button.

- Do not adjust any margins.
- Do not alter the column names or column width. The spreadsheet will not be read by the portal.
- Do NOT modify any fields in the header rows (rows 1-3). Added or deleted headers will result in failed file processing.

3.1 File Name

Upload the state AV file (Microsoft Excel .xls or .xlsx file format) via the AV web application.

Files name must adhere to these requirements:

- Name format: two letter state abbreviation, period, AV, period, FY and last two digits of the fiscal year (for example, MD.AV.FY13.)
- File name must be equal to or less than 60 characters long.
- File name format only include letters, numbers, periods, underscores, and hyphens.
- Files submitted on the same day must have unique file names. A suggested approach is to append a date and sequence number to the file name. (For example, MD.AV.FY13.2)

Note: Files names that violate any of these naming requirements will not successfully upload.

3.2 File Format

When completing the state spreadsheet, adhere to the following formatting requirements:

- The third row of an MS Excel spreadsheet (.xls or .xlsx) must contain the Header. The Header includes the names of the fields in the exact order in which they appear on the State MS Excel Spreadsheet. Do not alter, erase, or re-order any Header.
- The MS Excel spreadsheet does not allow some characters although those characters may be allowed in the State Details section.
- All dates must be in MM/DD/YYYY format (columns I & J).
- Only populate the first worksheet of an .xls or .xlsx file. Data on subsequent sheets will not process.
- Each state and/or sub-grantee providing AV federally funded services occupy a row on the state MS Excel file.
- If a state provides services, enter the information on the first row below the Header (Row 4).

Important Note: Add an extra row for totals. It is recommended to sum the totals to ensure the data will pass all automated quality checks. Some quality checks

require equal sums of specific data elements. For example, the sums of Client Referral Source (S-Y), AND Client Information (Z-AD), AND Race/Ethnicity (AP-AX) AND Annual Income (AY-BD) **must be equal**. It will be helpful to ensure that these totals are equal BEFORE attempting upload. If these totals are not equal, the file will fail this validation. Refer to Section 4.

* If the MS Excel file violates any of these formatting requirements, the MS Excel file will not process successfully.

3.3 Data Entry

Please review the instructions for entering the correct data into the state spreadsheet.

Important Note: Using special characters in specific cells can result in unsuccessful processing. Note the description of allowable characters for each data element.

Figure 3-1 shows the state spreadsheet (page 1) containing Name of Grantee and/or Sub-Grantee (A), Title of AV Program (B), Contact Name (C), Address Line 1 (D), City (E), State (F), Zip (G), Grant Amount (H), Grant Period From Date (I), and Grant Period To Date (J)

Totals										

A. Name of Grantee and/or Sub-Grantee

- This field is required.
- This field must contain the name of the grantee or sub-grantee that renders AV services with federal grant money.
- If the state provides services, provide the information as the first entry on the state spreadsheet (Row 4).
- This field can contain the following characters: comma (,), hyphen (-), apostrophe ('), period (.), ampersand (&), and right quotation mark (').

B. Title of the AV Program

- This field is required.
- This field must contain the title of the AV program.
- This field can contain the following characters: comma (,), hyphen (-), apostrophe ('), period (.), ampersand (&), and right quotation mark (').

C. Contact Name

- This field is required.
- This field must contain the name of the primary contact of the state and/or sub-grantee.
- Contact name format is First Name Last Name.
- This field can contain only the following characters: comma (,), hyphen (-), apostrophe ('), period (.), spaces, and right quotation mark (').

D. Address Line 1

- This field is required.
- This field must contain the primary address of the state and/or sub-grantee that renders AV federally funded services.
- This field can contain the following special characters: comma (,), hyphen (-), apostrophe ('), hash (#), period (.)

E. City

- This field is required.
- This field must contain the city of the grantee or sub-grantee address.
- This field must not contain any special characters.

F. State

- This field is required.
- This field must contain the two-character abbreviation code for respective state.
- This field must not contain any special characters.

G. Zip

- This field is required.
- This field must contain the five-digit ZIP code of the state and/or sub-grantee.
- The format is xxxxx.
- This field must not contain any special characters.

Note: If the zip code begins with zeros, the cell format must be text. Right click on the cell and select **Format Cells**. Select **Text** and click **OK**. After the format is changed, manually re-type the zip code value.

H. Grant Amount

- This field is required.
- This field must contain the amount granted to the state and/or sub-grantee.
- The field must only contain whole numbers with two decimal places (i.e., xxxxxxxx.xx).
- The period is the only special character allowed.

I. Grant Period From Date

- This field is required.
- This field must contain the start date of the grant award period granted to the state and/or sub-grantee.
- The format is MM/DD/YYYY.
- The forward slash is the only special character allowed.

The dates entered for **Grant Period From Date** and the **Grant Period To Date** must cover the intended federal fiscal year. Most states report on services provided during the federal fiscal year (e.g., October 1-September 30). If a state has difficulty reporting on services provided during the federal fiscal year and prefers to report services based on the state calendar, contact an OCSE administrator for additional guidance.

J. Grant Period To Date

- This field is required.
- This field must contain the start date of the grant award period granted to the state and/or sub-grantee.

- The format is MM/DD/YYYY.
- Forward slashes are the only special characters allowed.
- The Grant Period To Date value must be greater than the Grant Period From Date value.

K-Q. Service Provided

- These fields are required.
- Fields must indicate which service(s) is/are rendered by the grantee and/or sub-grantee and whether client participation is mandatory, voluntary, or both.
- At least one service type field must contain a value of either: M (Mandatory), V (Voluntary), and B (Both).
- Only populate a field if the grantee or sub-grantee renders the service type.
- Blank fields indicate the service was not provided.
- There must only be one character per field.
- Do not include spaces before or after entries.

R. Geographic Area Served

- This field is required.
- This field must contain the service area where the grantee or sub-grantee renders the service required.
- The valid values are R (Rural), U (Urban), and B (Both).

S-Y. Client Referral Source

- These fields are required.
- Fields must contain the number of clients participating in AV grant funded services respective of referral type.
- The state and/or sub-grantee must report the number of clients who enrolled in the AV program via self-referral, court referral, child support agency referral, domestic violence agency referral, child protection agency referral, other, or data not reported.
- Fields must only contain whole numbers.
- Fields must not contain any special characters.

Recording tip:

If multiple individuals are part of the same case/reference identifier, report the multiple referrals. The number of Client Referral Sources should equal the number of clients who received services. The total Client Referral Sources should match the same total for Client Information (Z-AD), Annual Income (AY-BD), and Race/Ethnicity (AP-AX).

Z-AE. Client Information

- These fields are required.
- Fields must indicate the number of NCP Fathers, CP Fathers, NCP Mothers, CP Mothers, Grandparents/Legal Guardians, and Children in Common.

- Fields must only contain whole numbers.
- The field must not contain any special characters.

Recording tip:

If multiple individuals are part of the same case/reference identifier, report the multiple client types. The total for Client Information (Z – AD) should match the same total for Client Referral Source (S-Y), Annual Income (AY-BD), and Race/Ethnicity (AP-AX).

AF-AJ. Child Support Cases

- These fields are required (as of FY 2018 annual reporting)
- These fields should indicate the number of clients participating in AV federally funded services with open child support cases.
- The state and/or sub-grantee should identify open child support cases and report the number of clients who are NCP Fathers, CP Fathers, NCP Mothers, CP Mothers, and Grandparents/Legal Guardians.
- Fields must only contain whole numbers.
- The field must not contain any special characters.
- Fields are not subject to system validation or quality checks (Section 4), so numbers entered can be based on self- report by parent, i.e., ask parent if there is an open child support case.

Recording tip:

If multiple individuals are part of the same case/reference identifier, report each individual involved.

AK-AO. Marital Status

- These fields are required.
- These fields must contain the number of biological parents served who are Never Married to Each Other, Married to Each Other, Separated from Each Other, Divorced from Each Other, and Data Not Reported.
- The total number for marital status should equal the number of biological parents served.
- Field must only contain whole numbers.
- The field must not contain any special characters.

Recording tip:

If multiple individuals are part of the same case/reference identifier, count the marital status of biological parents twice per case. The total parents for whom Marital Status was recorded should equal the total biological parents recorded (Z-AC).

AP-AX. Race/Ethnicity

- These fields are required.
 - Fields must specify the number of clients who are American Indian or Alaska Native, Asian, Black or African American, Hispanic or Latino, Native Hawaiian or Pacific Islander, White, Two or More Races, Data Not Reported, or Other.
 - Field must only contain whole numbers.
 - Field must not contain any special characters.
-

Recording tip:

If multiple individuals are part of the same case/reference identifier, enter the various quantities in the Race/Ethnicity fields. The total for Race/Ethnicity should match the same total for Client Referral Source (S-Y), Client Information (Z-AD), and Annual Income (AY-BD).

Figure 3-3 shows an example of the state spreadsheet (page 2) containing Annual Income (AY-BD), Service Provided (BE-BK), Frequency of Service (Hours) (Optional) (BL-BR), Outcome #1-Parenting Time (Required) (BS-BT), and Outcome #2 Knowledge of Effective Co-Parenting Strategies (Optional) (BU-BX).

AY-BD. Annual Income

- These fields are required.
- Fields must indicate the number of clients who, on an annual basis, earn Less than \$10,000, \$10,000 to \$19,999, \$20,000 to 29,999, \$30,000 to \$39,999, \$40,000 to \$39,999, \$40,000 & above, and Data Not Reported.
- Field must only contain whole numbers.
- Field must not contain any special characters.

- The total for Annual Income should match the same total for Client Referral Source (S-Y), Client Information (Z-AD), and Race/Ethnicity (AP-AX).

Recording tip:

If multiple individuals are part of the same case/reference identifier, report each person's income.

BE-BK. Services Provided

- These fields are required
- Fields must indicate the number of clients receiving the following services: Mediation, Development of Parenting Plan, Counseling, Parent Education, Neutral Drop-Off/Pick-up, Supervised Visitation, and Visitation Enforcement.
- Field must only contain whole numbers.
- Field must not contain any special characters.

Recording tip:

If multiple individuals are part of the same case/reference identifier, record the services that each person receives. Shared services (i.e., Mediation, Development of Parenting Plan, etc.) should equal the number of individuals receiving those services.

BL-BR. Frequency of Hours

- These fields are optional.
- Fields must contain the total number of service hours a state and/or sub-grantee reported for each service type.
- Field must only contain whole numbers.
- Field must not contain any special characters.

BS-BT. Outcome #1-Parenting Time

- These fields are required
- Fields must contain the number of Non-Custodial Fathers and Mothers who gained increased parenting time as a result of their participation in federally funded AV services.
- These fields correspond with field G1 of the State Details section. The definition(s) of success provided in field G1 determines the values provided in the Outcome #1-Parenting Time fields.
- Field must only contain whole numbers.
- Field must not contain any special characters.

These number values are unique to the state's definition of success and cannot be compared with any other state.

BU-BX. Outcome #2-Knowledge of Effective Co-Parenting Strategies

- These fields are optional.
- Fields must contain the number of Non-Custodial Fathers and Mothers who have gained knowledge of effective co-parenting strategies as a result of being provided with Parent Education or Counseling. If there were no Parent Education or Counseling services rendered, do not provide information in these fields.
- This field corresponds with field G2 of the State Details section. The definition of success provided in field G2 determines the values provided in Outcome #2- Knowledge of Effective Co-Parenting Strategies fields.
- Fields must only contain whole numbers.
- Field must not contain any special characters.

4. SYSTEM VALIDATION

The portal conducts data validations or quality checks on all uploaded files. Several quality checks affect the successful processing of the state spreadsheet. If the state spreadsheet does not pass one or more quality checks, you will receive an email within 5 minutes of the upload which indicates unsuccessful processing and identifies the rows that contain errors.

Some quality checks require that the sums of specific data elements are equal. The specific data elements that are required to be equal are listed in the chart below. To ensure the sums of the data elements listed below are equal, it is recommended that you include a row for totals on your excel file. If the sums of the specific data elements listed below are not equal, the file will not pass quality checks and subsequently, the file will not be processed successfully.

CHART 4-2: QUALITY CHECKS	
Quality Check	Validation
<p>The totals for Client Referral Source (S-Y), AND Client Information (Z-AD), AND Race/Ethnicity (AP-AX) AND Annual Income (AY-BD) must be equal</p>	<p>Record the referral source for each individual client served. If one case number/reference identifier represents two clients (i.e., NCP Father and CP Mother), record the two referral sources.</p>
	<p>Service providers should only record clients who receive federally funded AV services. Clients are individuals who directly participate in federally funded AV programs. To determine whether someone is a federally supported AV client, ask, “Would I record them as having received a federally funded AV service type?” If the answer is “Yes”, record the client as such. If the answer is “No”, service providers should report these services on other systems.</p>
	<p>Service providers record the race/ethnicity for every client served.</p>
	<p>Service providers record the annual income for every client served.</p>
<p><u>The totals for biological parents (Z-AC) AND Marital Status (AK-AO) must be equal.</u> ***NOTE: this is the sum of NCP Father, CP Father, NCP Mother, and CP Mother constituting the first four columns in Client Information. Grandparents/Legal Guardian SHOULD NOT be included in this total***</p>	<p>Record the marital status for every biological parent served. DO NOT record the marital status of any Grandparent/Legal Guardian.</p>

CHART 4-2: QUALITY CHECKS	
Quality Check	Validation
The totals for Client Information (Z-AD) must be equal to or less than the totals for Services Provided (BE-BK).	<p>For every client reported, at least one federally funded service type should also be reported.</p> <p>Not all persons who encounter AV services become clients. Therefore, record only individuals who receive federally funded AV services. Record at least one service provided to the client.</p> <p>Remember: Custodial parents can be clients, too!</p>

5. UPLOADING THE FILE

A file upload of the state spreadsheet is required for submission to OCSE. States can upload multiple files. However, the most recent uploaded file overwrites previously uploaded files. After the spreadsheet is successfully processed, the data will pre-populate in the Summary Data and Sub-Grantee Profile sections of the portal.

Figure 5-1 shows the File Upload section containing the state file upload options.

Figure 5-9: File Upload Page

The screenshot shows the 'Child Support Portal' interface. At the top, it says 'Office of Child Support Enforcement' and 'Child Support Portal'. Below that is the 'CHILD SUPPORT PORTAL' logo with 'Secured Environment' underneath. A navigation bar includes 'Home', 'Print', 'FAQ', and 'Logout'. The main content area is titled 'Survey Submission' and has tabs for 'Survey Status', 'State Details', 'File Upload' (which is selected), 'Summary Data', and 'Sub-Grantee Profile'. On the left, there is a sidebar with 'Access and Visitation' and a list of links: 'Survey Submission', 'Survey Submission History', 'File Download', and 'File Errors'. The 'File Upload' section displays 'Fiscal Year: FY15 (10/01/2014 - 09/30/2015)' and a note '* Indicates required field'. There is a file input field with a 'Browse...' button and an information icon. Below the field, it states 'Supported file format is an Excel file(.xls, .xlsx)'. At the bottom, there are four buttons: 'Upload', 'Clear', 'Sample .xls File', and 'Manual'. The footer includes 'Office of Child Support Enforcement', 'Contact Us', and 'Privacy Statement'.

To upload the state spreadsheet, click **Browse** to access the prepared file. Click on the prepared file and select **OK**. Once the file name displays in the browse bar, click **Upload**. After clicking **Upload**, read the text at the top of the page indicating whether the upload was successful. If the upload was not successful, rename the file so that it satisfies the required name format (refer to

section 2.1). If the upload was successful, the system generates an e-mail within 5 minutes to indicate whether the file processed successfully. If the e-mail message indicates that the state spreadsheet processed unsuccessfully, make the recommended revisions and call the AV program administrator if you need assistance. If the e-mail message indicates that the state spreadsheet processed successfully, the next step in the reporting process is validation of the Summary Data and Sub-Grantee Profile Sections.

6. CONTENT VERIFICATION

6.1 State Summary

Once the spreadsheet has successfully uploaded, the data pre-populates the Summary Data page. Click the Summary Data tab to view the data.

- Review each section on the Summary Data page.
- The Domestic Violence Safeguards textbox is the only section on the Summary Data page that pre-populates based on the data entered in field H on State Details page 2. To make changes to the Domestic Violence Safeguards text box, click the State Details tab and edit field H. Save the changes. The Summary Data section will reflect these changes.

Figure 6 -1 shows an example of the Summary Data section.

If data looks accurate, click **Verify** (see Figure 6-2). If data is inaccurate, adjust the state spreadsheet and upload attempt an additional file upload.

After verifying the Summary Data page, the Survey Status table now indicates that both the State Details page and the Summary Data page are complete.

Note: You can make changes to the Summary Data page any time before survey submission. To change the Domestic Violence Safeguards section, make changes to field H on the State Details page. To make changes to all other sections on the Summary Data page, upload a new spreadsheet containing the changes.

6.2 Sub-Grantee Profile

A state spreadsheet that has successfully processed pre-populates the Sub-Grantee Profile page. Click on the Sub-Grantee Profile tab to view the totaled data pulled from the state spreadsheet.

Be sure to review all sections on the Sub-Grantee Profile page.

After verifying the accuracy of the information in all sections on the Summary Data page, click **Verify** .

The Survey Status table now indicates that the State Details, Summary Data, and Sub-Grantee Profile pages are complete.

Note: Make changes to the Sub-Grantee Profile page any time before survey submission. To make changes, upload a new Microsoft Excel file containing the changes. After uploading the new file, verify both the Summary Data and the Sub-Grantee Profile pages.

7. SURVEY SUBMISSION

Once the State Details, Summary Data, and Sub-Grantee Profile pages are complete, there will be a prompt to submit the survey. When ready, click **Submit Survey** on the bottom of the Survey Status page.

Figure 7-13: Survey Submission Confirmation

The screenshot displays the 'CHILD SUPPORT PORTAL' interface. At the top, it says 'Office of Child Support Enforcement' and 'Child Support Portal'. The main header reads 'CHILD SUPPORT PORTAL Secured Environment'. A navigation bar includes 'Home', 'Print | FAQ | Logout', and a sidebar menu with 'Access and Visitation', 'Survey Submission', 'Survey Submission History', 'File Download', and 'File Errors'. The main content area features a 'Survey Submission' section with a confirmation message: 'Survey has been successfully submitted to OCSE for FY15'. Below this is a 'Survey Selection' section with a dropdown menu for 'Fiscal Year' (currently set to '-Select-') and a 'GO' button. A 'Clear' button is located at the bottom of the form area. The footer contains 'Office of Child Support Enforcement' and links for 'Contact Us' and 'Privacy Statement'.

7.1 Survey Returns

If your submitted survey contains any errors, you will receive an email notification which indicates the reason the survey was returned. Returned surveys need to be corrected before resubmitting to OCSE.

Note: When a survey is returned, all survey sections revert to ‘Incomplete’. In order to resubmit the survey, the State Details pages need to be ‘Saved’ again, AND the Summary Data and Sub-Grantee Profile pages also need to be ‘Verified’ again.

If you make revisions to the State Details section, please be sure that you save all three pages of the section. After all required text boxes are complete and the data on each State Details page is saved, the State Details section status on the Survey Status page will read ‘complete’.

If you make revisions to the State Excel Spreadsheet, make sure its content will pass all data checks before uploading the revised file (see Section 4. System Validation). Upload the revised file (see Section 5. Uploading the File) and wait for the email confirmation indicating the status of file processing. The system generates an e-mail within 5 minutes to indicate whether the file processed successfully. If the e-mail message indicates that the state spreadsheet processed successfully, the next step in the reporting process is validation of the Summary Data and Sub-Grantee Profile Sections. Validate the Summary Data and Sub-Grantee Profile Sections by selecting **Verify** at the bottom of both pages. Once the status of the Summary Data and Sub-Grantee Profile Sections on the Survey Status page state “complete”, you will be prompted to resubmit to OCSE.

A. FREQUENTLY ASKED QUESTIONS

1. Q: Can I access the system from my home computer?
A: No. You can only access the new web-based system through the authorized computer and location assigned to your access.
2. Q: How do I know when the system has processed my uploaded file successfully?
A: After the system has processed your Microsoft Excel spreadsheet, you will receive an e-mail within 5 minutes to let you know if the upload was successful.
3. Q: What happens if the system does not process my file successfully?
A: You will receive an e-mail message which indicates that the state spreadsheet did not process successfully. Make the recommended revisions and call the AV program administrator if you need assistance.
4. Q: How do I view previously uploaded files?
A: To view files:
 - 1) Click **File Download**.
 - 2) Select the appropriate fiscal year.
 - 3) Click **Go** to view the upload history.
5. Q: I uploaded several Microsoft Excel spreadsheets. How do I make sure OCSE receives the intended upload?
A: When you complete the online reporting, the system will submit the most recent upload.
6. Q: How do I complete the summary data and sub-grantee profile sections?
A: To complete the summary data and sub-grantee profile sections:
 - 1) Upload your Microsoft Excel spreadsheet. (Once the system processes your file successfully, the summary data and sub-grantee profile sections of the survey populate automatically.)
 - 2) Click **Verify**. (The table on the **Survey Status** page shows that the summary data and sub-grantee profile sections are complete.)

B. CHECKLIST: AVOID PROCESSING ERRORS

Get your spreadsheet ready for a successful file processing before upload! Each stated must be satisfied in order to pass all data checks. Use this checklist to prepare your file.

Use the correct State Excel Spreadsheet template. Download the most updated version directly from the portal (Refer to Section 3).

The sum of biological parents who received Access and Visitation services (rows Z-AC) (NCP and CP mothers and fathers) must EQUAL the sum of the marital status (rows AK-AO).

For example, if 75 of the 100 total clients served were biological parents, the sum of the marital status section should total 75.

The sum of Client Information (Z-AD) must be equal to the sum of Client Referral Source (S-Y) which must be equal to the sum of the Race/Ethnicity (AP-AX) entries.

For example, if the sum of all clients served equals 100, the sum of the client referral sources should equal 100, and the sum of race/ethnicity entries should equal 100.

Include a totals row on the state spreadsheet to ensure that your file will pass all data checks.

Do not change the spreadsheet margins.
