

Dear Mr. Tester,

This is a follow-up to your recent contact with a representative from the U.S. Department of Labor.

At that time, your company agreed to supply periodic updates for selected products over the internet for the Import/Export Price Indexes. We very much appreciate your willingness to provide information for the U.S. Department of Labor.

On or about April 2nd, you should have received an e-mail invitation with your temporary account number and password (in two separate e-mails for security purposes). However, as of April 24th, our records indicate that you have yet to supply price data for April.

- To create an account and report this month's price data, go to the following link:

- For any questions about providing data, how your data are used, or about the U.S. Import and Export Price Indexes in general, please visit our site for survey respondents:

- If you would like your temporary account and password resent or have any questions about providing this information, simply reply to this message.
