Why are we collecting this information?

The information you provide regarding your residence, including rent, plays a critical role in helping us update the Consumer Price Index (CPI). The CPI is the most widely used measure of inflation and has many uses including:

- The cost of living adjustments for over 50 million Social Security beneficiaries.
- The cost of lunches for millions of school children.
- Federal income tax brackets, so you don't pay higher taxes because of inflation.
- Payments in collective bargaining agreements.

Please visit our website: www.bls.gov/cpi for more information.

Confidentiality:

Information about you is not disclosed to anyone and is used for statistical purposes only. The Bureau of Labor Statistics holds the information in confidence to the full extent permitted by law. (* see detailed legal explanation on the other side of this letter). Our representatives carry official government IDs and their email addresses always end with @bls.gov which is the exclusive domain of the Bureau of Labor Statistics, US Department of Labor.

How you can help:

Your prompt response to this letter reduces our data collection cost and will save taxpayer dollars. Please call our representative listed above. He will answer any questions you have about the CPI. You can choose to respond to the survey questions during that call or schedule an in-person meeting at a time convenient to you. While your participation is voluntary, this information is very important and will lead to a more accurate CPI that directly benefits you and all of us.

Thank you for your help!
