ExpressePresenterClimate Vulner:Notes

0.727273

0.272727

TAMP, AM Lead

Yes

Asset Management, TAMP

Will meet and discuss possible presentation.

Craig Weiden and Cole Golden worked on CDOT Risk analysis after floods. C

Yes

Could present on issues of sea level rise and land subsidance

Would like to invite for joint presentation with Jim Pappas

yes

Meesa will forward invite if anyone from DOT would be a good participant

LaDonna is interested, she and/or John will likely attend

Participated in proxy indicator pilot for AM/risk

Tom sent note to Tyson, he's interested and is reaching out to others withir

Recommended to Heather by Derek Nener Plante

Recommended to Heather by Derek Nener Plante

keep

Kurt also provided Lynn Weiskopf, Director of Policy Planning and Performa

Email to Elizabeth from Cristobal Afanador

Email to Elizabeth from Cristobal Afanador

Email to Elizabeth from Cristobal Afanador

Heather recommended to keep

Heather recommended to keep

Participant in proxy indicator pilot for AM/risk recommended by Steve Gaj

yes

TRB Resiliency

yes

Retired June 5, replaced by Mark Gillet (<https://wrrnetwork.com/2020/05/4>)

yes
yes
yes

flooding in UP
temperature pavements
flooded pavements

Steve alternative?

raig to make recommendation

n the DOT

nce, any preference?

Director of Public Works, Ventura, California

Chief Engineer

Director of Asset Management

Brian.Gaber@dot.wi.gov

ExpressePresenterClimate Vulner:Notes

Prashant will check on TAMP Pavemetn person

AK check with Division office or check with UTC University of AK Fairbanks

Ask to identify pavement engineer from DOT to attend

Yes

Will meet and discuss possible presentation.

Ask who worked on 2013 floods.

Get someone from CO that worked on floods

Yes

Could present on issues of sea level rise and land subsidence

Would like to invite for joint presentation with Jim Pappas

yes

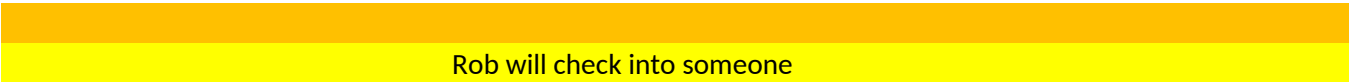

Kurt will reach out to John/Illinois

Tom will get recommendation from Tyson

Waiting for contacts, emailed Steve Miller.

Kurt will check on any suggestions.

Elizabeth will ask RC/Division for pavement engineer

yes
yes

flooded pavements

yes

temperature pavements

flooded pavements

Andrew Wimsatt with TTI did some work in CRCP resilience in HC

yes

TRB Resiliency

yes

TRB Resiliency

flooding in UP

OU and is will to participate in your workshop.
