BURDEN HOURS FOR PRODUCERS TO PROVIDE REQUIRED INFORMATION

July 19, 2018

The following table lists the burden hours FSA and RMA estimate it will take respondents to provide the required information upon full implementation of ACRSI. Upon full implementation the agencies estimate that almost all of the total estimated respondents will utilize the Clearinghouse to report their information or download the information directly using their precision-ag or farm management system. By using this system, they will have a reduced burden time at their other channel when filing the acreage report there.
