

The image shows a browser window with a green header bar. The address bar contains the URL: [https://www.accessdata.fda.gov/scripts/fsma\\_app/index.cfm?action=survey.viewSun](https://www.accessdata.fda.gov/scripts/fsma_app/index.cfm?action=survey.viewSun). There are two tabs: "Food Safety Modernization ..." and "New tab". The main content area is mostly greyed out. On the right side, there is a vertical sidebar containing a detailed table with multiple columns and rows, likely representing survey data. The table has a header with several columns, and the rows contain numerical data. The table is partially obscured by the greyed-out area.
