

Participants Wanted for Research Study

The National Center for Health Statistics is looking for adults aged 18 and over to answer a variety of health questions that may be asked on a national survey. We would like to talk to [adults who walk during the day, adults who smoke fairly regularly, adults who used to smoke fairly regularly, adults who have had x-rays or CT scans of the chest area, and adults who have taken prescription opioid pain killers within the last 12 months]. The survey research interview will be no longer than 60 minutes and participants will receive \$40.

FOR MORE INFORMATION,
