

APPENDIX E  
PARENT SURVEY INSTRUMENT

## PROMISE 60-Month Follow-Up Survey: Parent/Guardian Questionnaire

**DRAFT DATED: 05.30.18**

### Administrative Notes:

---

- **Field Period.** The PROMISE 60-month parent and youth surveys will be administered beginning 60 months after random assignment. The parent and youth surveys will be deployed independently and will be fielded concurrently. They may be completed in any order (parent then youth or youth then parent). We anticipate that for the majority of cases, the parent interview will be completed first, followed by the youth interview.
- **Consent** for participation in all interviews (parent 18-month and 60-month and youth 18-month and 60-month) was collected from parents at enrollment. All youth provided **assent** at enrollment.
- **Eligibility.** Parents are ineligible for the survey if (1) they are deceased, (2) the youth is deceased, or (3) they are the employee of an agency or service provider. Parents who withdrew from the PROMISE evaluation will be classified as eligible for weighting and response rate computations but will be removed from all survey outreach.
- The **target respondent** is the parent or guardian who enrolled in the PROMISE evaluation and provided consent to take part. If the enrolling parent (EP) is not willing or able to take part, we will attempt to speak with EP's spouse/partner or another adult household member to complete the interview as a proxy respondent for EP.
- **Mode and length.** This instrument is designed for an **interviewer administration** and will take approximately 25-35 minutes to complete. Interviews will be conducted in **English or Spanish**. Spanish language cases will be flagged in advance whenever possible.
- **Programming logic** is used to route respondents to the next applicable item or section based on the responses provided. The **target universe** for each item (based on skip logic or other criteria) is shown in the bar above the item number, along with fills denoted by text in brackets. Formatting is used to guide interviewing staff on question administration. Text shown in **ALL CAPS** is not read aloud. **Underlined** text is emphasized. Item sources are designated at the end of the question text in parentheses. Items repeated from the PROMISE 18-month survey are designated with (P18M-...). Items **newly added** to the 60-month instrument are highlighted in **blue**.

**III.B5.** [Do you/Does EP] or does anyone in [your/EP's] household receive retirement income from social security, a retirement plan, pension, 401k, or any other source of retirement income? (NEW)

**IF NEEDED:**

When you work and pay Social Security taxes, you earn "credits" toward Social Security benefits. Once you retire, and so long as you accumulated enough credits (at least 10 years of work), you are eligible to receive a Social Security benefit payment each month. This payment is based on how much you earned during your working career, and the age at which you decide to retire.

Survivors' benefits are an extension of the Social Security program that pays out a portion, or all of the benefits, of a deceased individual to their surviving spouse or dependent children.

Under a retirement plan, such as a 401(k) or 403(b), the employee or employer (or both) contribute percent of employee's earnings annually. These contributions are then invested, and the employee ultimately receives the balance following retirement.

A pension plan promises a specified monthly benefit at retirement. It may state this benefit as an exact dollar amount or may calculate through a formula using salary and years of service.
