

OMB Draft CX Feedback Button Survey

In an effort to develop comparable, government-wide scores that will enable cross-agency benchmarking (when relevant) and a general indication of an agency's overall customer satisfaction, all programs providing significant services directly to customers should measure their touchpoint/transactional performance in as a real-time manner as possible, with respect to satisfaction and confidence/trust using the following questions, without modification.

Responses should be assessed on a 5-point Likert scale (1 (strongly disagree) to 5 (strongly agree)).
