IC Header for 4-year degree-granting institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational, academic or continuing professional programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | <u>Continuing professional</u> (postbaccalaureate only) |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

| | <input type="text" value="Select One"/> | |

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), **determine program length by the number of credit or contact hours**, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |
|---------------------------------|--------------------------|--|
| BELOW THE BACCALAUREATE: | | |
| 1 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (less than one academic year)</u> - less than 900 contact or clock hours, or - less than 30 semester or trimester credit hours, or - less than 45 quarter credit hours |
| 2 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (at least one but less than two academic years)</u> - at least 900 but less than 1800 contact or clock hours, or - at least 30 but less than 60 semester or trimester credit hours, or - at least 45 but less than 90 quarter credit hours |
| 3 | <input type="checkbox"/> | <u>Associate's degree</u> |
| 4 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (at least two but less than four academic years)</u> - 1800 or more contact or clock hours, or - 60 or more semester or trimester credit hours, or - 90 or more quarter credit hours |

| 12 | <input type="checkbox"/> | <u>Other</u> (specify in box below) |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data for a full ACADEMIC YEAR.

- Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking Yes for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

| | Full-time | | Part-time | |
|--|--------------------------|---------------------------|--------------------------|---------------------------|
| Undergraduate (academic or occupational programs) | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| First-time, degree/certificate-seeking undergraduate | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| Graduate (not including doctor's-professional practice) | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

5. Does your institution enroll students in doctor's degree - professional practice programs?

Checking Yes for this question will allow your institution to report graduate level students in Fall Enrollment. If you select Yes to enrolling students in one of the listed programs, you will also report tuition for the appropriate program(s).

No

Yes

Do you enroll students in one of the following?
Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (Pod.D., D.P., or D.P.M.), Veterinary Medicine (D.V.M.), Law (J.D.)

No

Yes

6. For Fall 2011, did your institution have any full-time, first-time degree/certificate-seeking students enrolled in programs at the baccalaureate level or below?

If you answer Yes to this question, you will be required to provide Graduation Rates data for the 2011-12 cohort in the winter collection. If you answer No to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested.

If you reported any full-time, first-time degree/certificate-seeking undergraduates on the 2011-12 Enrollment survey, the data will be preloaded below.

No

This institution did not enroll full-time, first-time (undergraduate) students.

This institution did not offer programs at or below the baccalaureate level.

This institution was not in operation in 2011-12.

Yes

Full-time, first-time degree/certificate-seeking students from 2011-12 Enrollment survey (GR Cohort)

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time degree/certificate-seeking undergraduate-level students?

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

No

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Library Access and Expenses

| Does your institution have access to a library collection? | |
|--|-----------------------------|
| <input type="radio"/> | No |
| <input type="radio"/> | Yes (receives AL component) |
| | |
| Were your annual total <u>library expenses</u> for Fiscal Year 2017 greater than zero? | |
| <input type="radio"/> | No |
| <input type="radio"/> | Yes (receives AL component) |
| | |

Part C - Other Survey Screening Questions - Levels of Enrollment Offered

Was your institution in operation during the academic year 2016-17?

If you answer **Yes** to this question, you will be able to specify the levels of enrollment offered at your institution during 2016-17 and to report 12-month enrollment during the fall collection.

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Top ▲](#)

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination

- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Top ▲

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.

- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
 - Use a **fall cohort** for Graduation Rates.
 - Report tuition and fees and cost information based on a **full academic year**.
 - Report Fall Enrollment using **students enrolled as of October 15, or the official fall reporting date used by the institution**. This fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
 - For Student Financial Aid, report aid for an **academic year**.
- **Program-by-program or continuous enrollment basis**
 - Use a **full-year cohort** for Graduation Rates.
 - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **4 weeks (1 month)**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - For Student Financial Aid, report aid for the **largest program for an academic year**.
- **Hybrid academic calendar** (If you are considering selecting the 'Other academic calendar' option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
 - Use a **full-year cohort** for Graduation Rates.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - Report tuition and fees and cost information based on a **full academic year**.
 - For Student Financial Aid, report aid for an **academic year**.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems
- single institution owner
- single institution corporate name
- single institution governing board
- consortia
- associations
- religious affiliation (requested in control question)

Top ▲

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to

someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

Library Access and Expenses

Indicate whether the institution has access to a library collection and/or the annual total library expenses at your institution were greater than zero for Fiscal Year 2017. Fiscal Year 2017 is defined as the most recent 12-month period that corresponds to your institution's fiscal year that ends before October 1, 2017.

A library collection is defined as "comprising documents held locally and remote resources for which permanent or temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing access rights and including it in the library catalog, other library databases or discovery systems."

Expenses include funds expended by the library (regardless of when received) from its regular budget and from all other known sources; e.g., research grants, special projects, gifts and endowments, and fees for services. Those libraries in consortia or those that share all their resources with another institution, please report whether the total annual library expenses at YOUR institution were greater than zero in Fiscal Year 2017.

If the institution does not have access to a library collection and the institution's library expenses are equal to 0, you will not be asked to complete the Academic Libraries (AL) component in the Spring.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

| Term | Definition |
|--|--|
| 4-1-4 (calendar system) | The 4-1-4 calendar usually consists of 4 courses taken for 4 months, 1 course taken for 1 month, and 4 courses taken for 4 months. There may be an additional <u>summer session</u> . |
| Academic year | The period of time generally extending from September to June; usually equated to 2 <u>semesters</u> or <u>trimesters</u> , 3 <u>quarters</u> , or the period covered by a <u>4-1-4 calendar system</u> . |
| Adult basic education | Courses designed primarily for students 16 years of age and older to improve basic skills in reading, writing, and arithmetic. These courses are not intended to be part of a <u>program</u> leading to a high school credential, nor are they part of any academic, occupational, or vocational program at the postsecondary level. |
| Associate's degree | An award that normally requires at least 2 but less than 4 years of full-time equivalent college work. |
| Avocational programs | Instructional <u>programs</u> in personal interest and leisure categories whose expressed intent is not to produce postsecondary <u>credits</u> , nor to lead to a formal award or an academic <u>degree</u> , nor result in occupationally specific skills. |
| Bachelor's degree | An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. This includes all bachelor's <u>degrees</u> conferred in a 5-year <u>cooperative</u> (work-study) <u>program</u> . A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. Also includes bachelor's degrees in which the normal 4 years of work are completed in 3 years. |
| Calendar system | The method by which an institution structures most of its courses for the <u>academic year</u> . |
| Certificate | A formal award certifying the satisfactory completion of a <u>postsecondary education program</u> . |
| Cohort | A specific group of students established for tracking purposes. |
| Contact hour | A unit of measure that represents an hour of scheduled <u>instruction</u> given to students. Also referred to as <u>clock hour</u> . |
| Continuing professional education | Programs and courses designed specifically for individuals who have completed a <u>degree</u> in a professional field (such as law, medicine, dentistry, education, or social work) to obtain additional training in their particular field of study. |
| Continuous basis | A <u>calendar system</u> classification that is used by institutions that allow students to enroll/start classes at any time during the year. For example, a cosmetology school or a word processing school might allow students to enroll and begin studies at various times, with no requirement that classes begin on a certain date. |
| Control (of institution) | A classification of whether an institution is operated by publicly elected or appointed officials (public control) or by privately elected or appointed officials and derives its major source of funds from private sources (private control). |
| Credit hour | A unit of measure representing the equivalent of an hour (50 minutes) of <u>instruction</u> per week over the entire term. It is applied toward the total number of <u>credit</u> hours needed for completing the requirements of a <u>degree</u> , <u>diploma</u> , <u>certificate</u> , or other formal award. |
| Degree | An award conferred by a college, university, or other <u>postsecondary education</u> institution as official recognition for the successful completion of a <u>program</u> of studies. |
| Differs by program (calendar system) | A <u>calendar system</u> classification that is used by institutions that have occupational/vocational programs of varying lengths. These schools may enroll students at specific times depending on the <u>program</u> desired. For example, a school might offer a 2-month program in January, March, May, September, and November; and a 3-month program in January, April, and October. |
| Doctor's degree-other | A doctor's degree that does not meet the definition of a <u>doctor's degree - research/scholarship</u> or a <u>doctor's degree - professional practice</u> . |
| Doctor's degree-professional practice | A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. For the <u>Outcome Measures</u> component, all degree/certificate-seeking undergraduate students who enter an institution during the fall term of a given year must be placed in one of four cohorts: full-time, first-time; part-time, first-time; full-time, non-first-time; and part-time, non-first-time. |
| First-time student (undergraduate) | A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the <u>undergraduate level</u> . For <u>Graduation Rate</u> (GR), a full-year cohort is from September 1 through August 31 and is used primarily offer <u>occupational programs</u> of varying lengths. Students must be <u>full-time</u> and <u>first-time</u> to be considered in the <u>cohort</u> . For <u>Outcome Measures</u> (OM) component, all degree-granting institutions report on a full-year cohort from July 1 through June 30. Students are reported once in one of the four OM cohorts: first-time, full-time; first-time, part-time; non-first-time, full-time; or non-first-time, part-time. |

| Levels of offering | Information collected in the Institutional Characteristics component which indicates all applicable levels for all credit programs offered at an institution. Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof. Degree-designated award levels indicate those degree levels for which the institution is authorized to make formal awards. Length of study is the equivalent of the number of full-time academic years. For example, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period. |

Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

IC Header for 4-year non-degree-granting institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational, academic or continuing professional programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | <u>Continuing professional</u> (postbaccalaureate only) |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

| <input type="radio"/> | Private not-for-profit religious affiliation - Select affiliation below | |
| | <input type="text" value="Select One"/> | |

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), **determine program length by the number of credit or contact hours**, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data for a full ACADEMIC YEAR.

- Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking Yes for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

| | Full-time | | Part-time | |
|--|--------------------------|---------------------------|--------------------------|---------------------------|
| Undergraduate (academic or occupational programs) | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| First-time, degree/certificate-seeking undergraduate | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| Graduate (not including doctor's-professional practice) | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

5. Does your institution enroll students in doctor's degree - professional practice programs?

Checking Yes for this question will allow your institution to report graduate level students in Fall Enrollment. If you select Yes to enrolling students in one of the listed programs, you will also report tuition for the appropriate program(s).

No

Yes

Do you enroll students in one of the following?
Chiropractic (D.C. or D.C.M.), Dentistry (D.D.S. or D.M.D.), Medicine (M.D.), Optometry (O.D.), Osteopathic Medicine (D.O.), Pharmacy (Pharm.D.), Podiatry (Pod.D., D.P., or D.P.M.), Veterinary Medicine (D.V.M.), Law (J.D.)

No

Yes

6. For Fall 2011, did your institution have any full-time, first-time degree/certificate-seeking students enrolled in programs at the baccalaureate level or below?

If you answer Yes to this question, you will be required to provide Graduation Rates data for the 2011-12 cohort in the winter collection. If you answer No to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested.

If you reported any full-time, first-time degree/certificate-seeking undergraduates on the 2011-12 Enrollment survey, the data will be preloaded below.

No

This institution did not enroll full-time, first-time (undergraduate) students.

This institution did not offer programs at or below the baccalaureate level.

This institution was not in operation in 2011-12.

Yes

Full-time, first-time degree/certificate-seeking students from 2011-12 Enrollment survey (GR Cohort)

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time degree/certificate-seeking undergraduate-level students?

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

No

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Levels of Enrollment Offered

Was your institution in operation during the academic year 2016-17?

If you answer **Yes** to this question, you will be able to specify the levels of enrollment offered at your institution during 2016-17 and to report 12-month enrollment during the fall collection.

| | |
|--------------------------|--|
| <input type="radio"/> | No |
| <input type="radio"/> | Yes. Please specify the levels of enrollment offered during 2016-17. |
| <input type="checkbox"/> | <u>Undergraduate</u> |

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Top ▲](#)

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination
- Students from overseas enrolled in U.S. courses for credit (e.g., online students)

- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.
- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.

- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
 - Use a **fall cohort** for Graduation Rates.
 - Report tuition and fees and cost information based on a **full academic year**.
 - Report Fall Enrollment using **students enrolled as of October 15, or the official fall reporting date used by the institution**. This fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
 - For Student Financial Aid, report aid for an **academic year**.
- **Program-by-program or continuous enrollment basis**
 - Use a **full-year cohort** for Graduation Rates.
 - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **4 weeks (1 month)**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - For Student Financial Aid, report aid for the **largest program for an academic year**.
- **Hybrid academic calendar** (If you are considering selecting the 'Other academic calendar' option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
 - Use a **full-year cohort** for Graduation Rates.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - Report tuition and fees and cost information based on a **full academic year**.
 - For Student Financial Aid, report aid for an **academic year**.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems
- single institution owner
- single institution corporate name
- single institution governing board
- consortia
- associations
- religious affiliation (requested in control question)

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at

877.225.2568.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof. Degree-designated award levels indicate those degree levels for which the institution is authorized to make formal awards. Length of study is the equivalent of the number of full-time academic years. Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

IC Header for public 2-year degree-granting institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational or academic programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

| <input type="radio"/> | Private not-for-profit religious affiliation - Select affiliation below | |
| | <input type="text" value="Select One"/> | |

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), determine program length by the number of credit or contact hours, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |

| BELOW THE BACCALAUREATE: | | |
| 1 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (less than one academic year)</u> - less than 900 contact or clock hours, or - less than 30 semester or trimester credit hours, or - less than 45 quarter credit hours |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data for a full ACADEMIC YEAR.

- Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking Yes for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

| | <u>Full-time</u> | | <u>Part-time</u> | |
|---|--------------------------|---------------------------|--------------------------|---------------------------|
| <u>Undergraduate (academic or occupational programs)</u> | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| <u>First-time, degree/certificate-seeking undergraduate</u> | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| <u>Graduate (not including doctor's-professional practice)</u> | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

6. For academic year 2014-15, did your institution enroll any full-time, first-time students?

If you answer Yes to this question, you will be required to provide Graduation Rates data for the 2014-15 cohort in the winter collection. If you answer No to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2014-15 Fall Enrollment survey, the data will be preloaded below.

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

- No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.
- Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time students?

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Library Access and Expenses

| Does your institution have access to a library collection? | |
|--|-----------------------------|
| <input type="radio"/> | No |

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Top ▲](#)

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit

- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination
- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.

- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.
- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
 - Use a **fall cohort** for Graduation Rates.
 - Report tuition and fees and cost information based on a **full academic year**.
 - Report Fall Enrollment using **students enrolled as of October 15, or the official fall reporting date used by the institution**. This fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
 - For Student Financial Aid, report aid for an **academic year**.
- **Program-by-program or continuous enrollment basis**
 - Use a **full-year cohort** for Graduation Rates.
 - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **4 weeks (1 month)**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - For Student Financial Aid, report aid for the **largest program for an academic year**.
- **Hybrid academic calendar** (If you are considering selecting the 'Other academic calendar' option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
 - Use a **full-year cohort** for Graduation Rates.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - Report tuition and fees and cost information based on a **full academic year**.
 - For Student Financial Aid, report aid for an **academic year**.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems
- single institution owner
- single institution corporate name
- single institution governing board
- consortia
- associations
- religious affiliation (requested in control question)

Top ▲

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that

kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

Library Access and Expenses

Indicate whether the institution has access to a library collection and/or the annual total library expenses at your institution were greater than zero for Fiscal Year 2017. Fiscal Year 2017 is defined as the most recent 12-month period that corresponds to your institution's fiscal year that ends before October 1, 2017.

A library collection is defined as "comprising documents held locally and remote resources for which permanent or temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing access rights and including it in the library catalog, other library databases or discovery systems."

Expenses include funds expended by the library (regardless of when received) from its regular budget and from all other known sources; e.g., research grants, special projects, gifts and endowments, and fees for services. Those libraries in consortia or those that share all their resources with another institution, please report whether the total annual library expenses at YOUR institution were greater than zero in Fiscal Year 2017.

If the institution does not have access to a library collection and the institution's library expenses are equal to 0, you will not be asked to complete the Academic Libraries (AL) component in the Spring.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

For the <u>Outcome Measures</u> component, all degree/certificate-seeking undergraduate students who enter an institution during the fall term of a given year must be placed in one of four cohorts: full-time, first-time; part-time, first-time; full-time, non-first-time; and part-time, non-first-time. |
| First-time student (undergraduate) | A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the <u>undergraduate level</u> . This includes students enrolled in <u>academic</u> or <u>occupational programs</u> . For <u>Graduation Rate</u> (GR), a full-year cohort is from September 1 through August 31 and is used primarily offer <u>occupational programs</u> of varying lengths. Students must be <u>full-time</u> and <u>first-time</u> to be considered in the <u>cohort</u> . For <u>Outcome Measures</u> (OM) component, all degree-granting institutions report on a full-year cohort from July 1 through June 30. Students are reported once in one of the four OM cohorts: first-time, full-time; first-time, part-time; non-first-time, full-time; or non-first-time, part-time. |

| Integrated Postsecondary Education Data System (IPEDS) | The Integrated Postsecondary Education Data System (IPEDS), conducted by the <u>NCES</u> , began in 1986 and involves annual institution-level data collections. All <u>postsecondary institutions</u> that have a <u>Program Participation Agreement</u> with the Office of Postsecondary Education (OPE), U.S. Department of Education (throughout IPEDS referred to as "Title IV") are required to report data using a web-based <u>data collection system</u> . | Levels of offering | Information collected in the Institutional Characteristics component which indicates all applicable levels for all credit programs offered at an institution. Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof. Degree-designated award levels indicate those degree levels for which the institution is authorized to make formal awards. Length of study is the equivalent of the number of full-time academic years. For example, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period. |
| Library collections | Comprise of documents held locally and remote resources for which permanent or temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing access rights and including it in the library catalog, other library databases or discovery systems. |

Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

IC Header for public 2-year non-degree-granting institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational or academic programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), **determine program length by the number of credit or contact hours**, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |

| 1 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (less than one academic year)</u> - less than 900 contact or clock hours, or - less than 30 semester or trimester credit hours, or - less than 45 quarter credit hours |

| 12 | <input type="checkbox"/> | <u>Other</u> (specify in box below) |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data for a full ACADEMIC YEAR.

- Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

*Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking **Yes** for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.*

| | <u>Full-time</u> | | <u>Part-time</u> | |
|--|--------------------------|---------------------------|--------------------------|---------------------------|
| Undergraduate (academic or occupational programs) | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| First-time, degree/certificate-seeking undergraduate | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| Graduate (not including doctor's-professional practice) | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

6. For academic year 2014-15, did your institution enroll any full-time, first-time students?

*If you answer **Yes** to this question, you will be required to provide Graduation Rates data for the 2014-15 cohort in the winter collection. If you answer **No** to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2014-15 Fall Enrollment survey, the data will be preloaded below.*

| | |
|--|--|
| <input type="radio"/> No | |
| <input type="checkbox"/> | This institution did not enroll full-time, first-time degree/certificate-seeking students. |
| <input type="checkbox"/> | This institution was not in operation in 2014-15. |
| <input type="radio"/> Yes | |
| Full-time, first-time degree/certificate-seeking students from 2014-15 Fall Enrollment survey (GR Cohort) | |

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

- No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.
- Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time students?

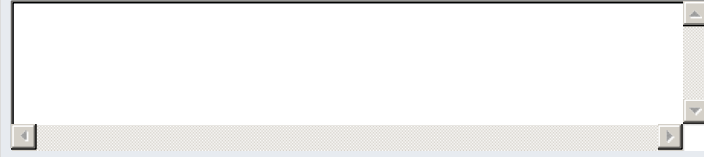

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

No

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Levels of Enrollment Offered

Was your institution in operation during the academic year 2016-17?

If you answer **Yes** to this question, you will be able to specify the levels of enrollment offered at your institution during 2016-17 and to report 12-month enrollment during the fall collection.

| | |
|--------------------------|--|
| <input type="radio"/> | No |
| <input type="radio"/> | Yes. Please specify the levels of enrollment offered during 2016-17. |
| <input type="checkbox"/> | <u>Undergraduate</u> |
| <input type="checkbox"/> | <u>Graduate (not including doctor's-professional practice)</u> |

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Top ▲](#)

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination

- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Top ▲

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.

- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
 - Use a **fall cohort** for Graduation Rates.
 - Report tuition and fees and cost information based on a **full academic year**.
 - Report Fall Enrollment using **students enrolled as of October 15, or the official fall reporting date used by the institution**. This fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
 - For Student Financial Aid, report aid for an **academic year**.
- **Program-by-program or continuous enrollment basis**
 - Use a **full-year cohort** for Graduation Rates.
 - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **4 weeks (1 month)**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - For Student Financial Aid, report aid for the **largest program for an academic year**.
- **Hybrid academic calendar** (If you are considering selecting the 'Other academic calendar' option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
 - Use a **full-year cohort** for Graduation Rates.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - Report tuition and fees and cost information based on a **full academic year**.
 - For Student Financial Aid, report aid for an **academic year**.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to

someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

For <u>Graduation Rate</u> (GR), a full-year cohort is from September 1 through August 31 and is used primarily offer <u>occupational programs</u> of varying lengths. Students must be <u>full-time</u> and <u>first-time</u> to be considered in the <u>cohort</u> . For <u>Outcome Measures</u> (OM) component, all degree-granting institutions report on a full-year cohort from July 1 through June 30. Students are reported once in one of the four OM cohorts: first-time, full-time; first-time, part-time; non-first-time, full-time; or non-first-time, part-time. |

| Levels of offering | Information collected in the Institutional Characteristics component which indicates all applicable levels for all credit programs offered at an institution. Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof. Degree-designated award levels indicate those degree levels for which the institution is authorized to make formal awards. Length of study is the equivalent of the number of full-time academic years. For example, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period. |

| Postbaccalaureate certificate | An award that requires completion of an organized program of study beyond the bachelor's. It is designed for persons who have completed a baccalaureate degree, but does not meet the requirements of a master's degree. Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

IC Header for private 2-year degree-granting institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational or academic programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), **determine program length by the number of credit or contact hours**, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data for a full ACADEMIC YEAR.

- Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking Yes for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.

| | Full-time | | Part-time | |
|---|--------------------------|---------------------------|--------------------------|---------------------------|
| Students in academic or occupational programs | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| First-time students | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

6. For academic year 2014-15, did your institution enroll any full-time, first-time students?

If you answer Yes to this question, you will be required to provide Graduation Rates data for the 2014-15 cohort in the winter collection. If you answer No to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2014-15 Fall Enrollment survey, the data will be preloaded below.

| | |
|---------------------------|--|
| <input type="radio"/> No | |
| <input type="checkbox"/> | This institution did not enroll full-time, first-time degree/certificate-seeking students. |
| <input type="checkbox"/> | This institution was not in operation in 2014-15. |
| <input type="radio"/> Yes | |

Full-time, first-time degree/certificate-seeking students from 2014-15 Fall Enrollment survey (GR Cohort)

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time students?

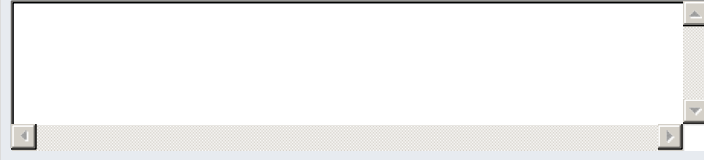

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

No

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Library Access and Expenses

|--|-----------------------------|
| <input type="radio"/> | No |
| <input type="radio"/> | Yes (receives AL component) |
| | |

[Purpose of Survey](#)

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Top ▲](#)

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination

- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.

- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
 - Use a **fall cohort** for Graduation Rates.
 - Report tuition and fees and cost information based on a **full academic year**.
 - Report Fall Enrollment using **students enrolled as of October 15, or the official fall reporting date used by the institution**. This fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
 - For Student Financial Aid, report aid for an **academic year**.
- **Program-by-program or continuous enrollment basis**
 - Use a **full-year cohort** for Graduation Rates.
 - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **4 weeks (1 month)**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - For Student Financial Aid, report aid for the **largest program for an academic year**.
- **Hybrid academic calendar** (If you are considering selecting the 'Other academic calendar' option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
 - Use a **full-year cohort** for Graduation Rates.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - Report tuition and fees and cost information based on a **full academic year**.
 - For Student Financial Aid, report aid for an **academic year**.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems
- single institution owner
- single institution corporate name
- single institution governing board
- consortia
- associations
- religious affiliation (requested in control question)

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to

someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

Library Access and Expenses

Indicate whether the institution has access to a library collection and/or the annual total library expenses at your institution were greater than zero for Fiscal Year 2017. Fiscal Year 2017 is defined as the most recent 12-month period that corresponds to your institution's fiscal year that ends before October 1, 2017.

A library collection is defined as "comprising documents held locally and remote resources for which permanent or temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing access rights and including it in the library catalog, other library databases or discovery systems."

Expenses include funds expended by the library (regardless of when received) from its regular budget and from all other known sources; e.g., research grants, special projects, gifts and endowments, and fees for services. Those libraries in consortia or those that share all their resources with another institution, please report whether the total annual library expenses at YOUR institution were greater than zero in Fiscal Year 2017.

If the institution does not have access to a library collection and the institution's library expenses are equal to 0, you will not be asked to complete the Academic Libraries (AL) component in the Spring.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

| Levels of offering | Information collected in the Institutional Characteristics component which indicates all applicable levels for all credit programs offered at an institution. Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof. Degree-designated award levels indicate those degree levels for which the institution is authorized to make formal awards. Length of study is the equivalent of the number of full-time academic years. For example, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period. |

Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

IC Header for private 2-year non-degree-granting institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational or academic programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

| <input type="radio"/> | Private not-for-profit religious affiliation - Select affiliation below | |
| | <input type="text" value="Select One"/> | |

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), **determine program length by the number of credit or contact hours**, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Hybrid/Mixed Reporting Method (Standard academic terms, other academic calendar)

Selecting the hybrid calendar type determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data for a full ACADEMIC YEAR.

- Hybrid (Other academic calendar)

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

*Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking **Yes** for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.*

| | <u>Full-time</u> | | <u>Part-time</u> | |
|--|--------------------------|---------------------------|--------------------------|---------------------------|
| Students in academic or occupational programs | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| <u>First-time students</u> | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

6. For academic year 2014-15, did your institution enroll any full-time, first-time students?

*If you answer **Yes** to this question, you will be required to provide Graduation Rates data for the 2014-15 cohort in the winter collection. If you answer **No** to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2014-15 Fall Enrollment survey, the data will be preloaded below.*

| | |
|---------------------------|--|
| <input type="radio"/> No | |
| <input type="checkbox"/> | This institution did not enroll full-time, first-time degree/certificate-seeking students. |
| <input type="checkbox"/> | This institution was not in operation in 2014-15. |
| <input type="radio"/> Yes | |

Full-time, first-time degree/certificate-seeking students from 2014-15 Fall Enrollment survey (GR Cohort)

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time students?

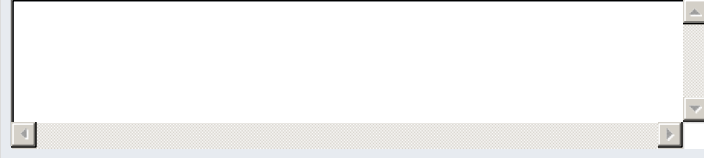

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

No

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Levels of Enrollment Offered

Was your institution in operation during the academic year 2016-17?

If you answer **Yes** to this question, you will be able to specify the levels of enrollment offered at your institution during 2016-17 and to report 12-month enrollment during the fall collection.

| | |
|--------------------------|--|
| <input type="radio"/> | No |
| <input type="radio"/> | Yes. Please specify the levels of enrollment offered during 2016-17. |
| <input type="checkbox"/> | <u>Undergraduate</u> |
| <input type="checkbox"/> | <u>Graduate (not including doctor's-professional practice)</u> |

[Purpose of Survey](#)

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Top ▲](#)

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination

- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Top ▲

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.

- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

- **Standard academic terms** (semesters, quarters, trimesters, 4-1-4)
 - Use a **fall cohort** for Graduation Rates.
 - Report tuition and fees and cost information based on a **full academic year**.
 - Report Fall Enrollment using **students enrolled as of October 15, or the official fall reporting date used by the institution**. This fall enrollment cohort will be preloaded into the next year's Student Financial Aid component.
 - For Student Financial Aid, report aid for an **academic year**.
- **Program-by-program or continuous enrollment basis**
 - Use a **full-year cohort** for Graduation Rates.
 - Report tuition and fees and books and supplies information by program for the **entire length of the program**. For living expenses, report costs for **4 weeks (1 month)**. Note: Living expenses are only applicable to institutions with full-time, first-time students and are reported with the largest program.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - For Student Financial Aid, report aid for the **largest program for an academic year**.
- **Hybrid academic calendar** (If you are considering selecting the 'Other academic calendar' option, please contact the Help Desk at 877.225.2568 so they can confirm the appropriateness of this calendar system for your institution.)
 - Use a **full-year cohort** for Graduation Rates.
 - Report Fall Enrollment using **students enrolled in the institution at any time between August 1 and October 31**.
 - Report tuition and fees and cost information based on a **full academic year**.
 - For Student Financial Aid, report aid for an **academic year**.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems
- single institution owner
- single institution corporate name
- single institution governing board
- consortia
- associations
- religious affiliation (requested in control question)

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to

someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

Part D - Branch campus

For branch campuses, refer to the instructions on the appropriate screen.

| Term | Definition |
|--|--|
| 4-1-4 (calendar system) | The 4-1-4 calendar usually consists of 4 courses taken for 4 months, 1 course taken for 1 month, and 4 courses taken for 4 months. There may be an additional <u>summer session</u> . |
| Academic year | The period of time generally extending from September to June; usually equated to 2 <u>semesters</u> or <u>trimesters</u> , 3 <u>quarters</u> , or the period covered by a <u>4-1-4 calendar system</u> . |
| Adult basic education | Courses designed primarily for students 16 years of age and older to improve basic skills in reading, writing, and arithmetic. These courses are not intended to be part of a <u>program</u> leading to a high school credential, nor are they part of any academic, occupational, or vocational program at the postsecondary level. |
| Associate's degree | An award that normally requires at least 2 but less than 4 years of full-time equivalent college work. |
| Avocational programs | Instructional <u>programs</u> in personal interest and leisure categories whose expressed intent is not to produce postsecondary <u>credits</u> , nor to lead to a formal award or an academic <u>degree</u> , nor result in occupationally specific skills. |
| Bachelor's degree | An award (baccalaureate or equivalent degree, as determined by the Secretary, U.S. Department of Education) that normally requires at least 4 but not more than 5 years of full-time equivalent college-level work. This includes all bachelor's <u>degrees</u> conferred in a 5-year <u>cooperative</u> (work-study) <u>program</u> . A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies. | Control (of institution) | A classification of whether an institution is operated by publicly elected or appointed officials (public control) or by privately elected or appointed officials and derives its major source of funds from private sources (private control). |
| Credit hour | A unit of measure representing the equivalent of an hour (50 minutes) of <u>instruction</u> per week over the entire term. It is applied toward the total number of <u>credit</u> hours needed for completing the requirements of a <u>degree</u> , <u>diploma</u> , <u>certificate</u> , or other formal award. |

These schools may enroll students at specific times depending on the <u>program</u> desired. For example, a school might offer a 2-month program in January, March, May, September, and November; and a 3-month program in January, April, and October. |
| Doctor's degree-other | A doctor's degree that does not meet the definition of a <u>doctor's degree - research/scholarship</u> or a <u>doctor's degree - professional practice</u> . |

The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. Some of these degrees were formerly classified as <u>first-professional</u> and may include: Chiropractic (D.C. or D.C.M.); Dentistry (D.D.S. or D.M.D.); Law (J.D.); Medicine (M.D.); Optometry (O.D.); Osteopathic Medicine (D.O.); Pharmacy (Pharm.D.); Podiatry (D.P.M., Pod.D., D.P.); or Veterinary Medicine (D.V.M.), and others, as designated by the awarding institution. |
| Doctor's degree-research/scholarship | A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. Some examples of this type of degree may include Ed.D., D.M.A., D.B.A., D.Sc., D.A., or D.M. and others, as designated by the awarding institution. |
| Educational offerings | Educational <u>programs</u> offered by postsecondary institutions that are occupational, academic, or continuing professional that qualify as <u>postsecondary education</u> programs OR recreational or avocational, adult basic, remedial <u>instruction</u> , high school equivalency, or high school programs that are not deemed postsecondary. |
| Fall cohort | The group of students entering in the <u>fall term</u> established for tracking purposes. For the <u>Graduation Rates</u> component, this includes all students who enter an institution as full-time, first-time <u>degree</u> or <u>certificate</u> -seeking <u>undergraduate</u> students during the fall term of a given year. For the <u>Outcome Measures</u> component, all degree/certificate-seeking undergraduate students who enter an institution during the fall term of a given year must be placed in one of four cohorts: full-time, first-time; part-time, first-time; full-time, non-first-time; and part-time, non-first-time. |
| First-time student (undergraduate) | A student who has no prior postsecondary experience (except as noted below) attending any institution for the first time at the <u>undergraduate level</u> . This includes students enrolled in <u>academic</u> or <u>occupational programs</u> . It also includes students enrolled in the <u>fall term</u> who attended college for the first time in the prior summer term, and students who entered with advanced standing (college <u>credits</u> or postsecondary formal award earned before graduation from high school). |
| Full-time student | Undergraduate: A student enrolled for 12 or more <u>semester credits</u> , or 12 or more <u>quarter credits</u> , or 24 or more <u>contact hours</u> a week each term. Graduate: A student enrolled for 9 or more semester credits, or 9 or more quarter credits, or a student involved in thesis or dissertation preparation that is considered full-time by the institution. <u>Doctor's degree - Professional practice</u> - as defined by the institution. |
| Full-year cohort | This is a group of students entering at any time during the <u>12-month period</u> for tracking and reporting. For <u>Graduation Rate</u> (GR), a full-year cohort is from September 1 through August 31 and is used primarily offer <u>occupational programs</u> of varying lengths. Students must be <u>full-time</u> and <u>first-time</u> to be considered in the <u>cohort</u> . For <u>Outcome Measures</u> (OM) component, all degree-granting institutions report on a full-year cohort from July 1 through June 30. Students are reported once in one of the four OM cohorts: first-time, full-time; first-time, part-time; non-first-time, full-time; or non-first-time, part-time. |
| Graduate student | A student who holds a bachelor's <u>degree</u> or above and is taking courses at the postbaccalaureate level. These students may or may not be enrolled in graduate <u>programs</u> . |
| Institutional affiliation | A classification that indicates whether a <u>private not-for-profit institution</u> is associated with a religious group or denomination. Private not-for-profit institutions may be either independent or religiously affiliated. |
| Integrated Postsecondary Education Data System (IPEDS) | The Integrated Postsecondary Education Data System (IPEDS), conducted by the <u>NCES</u> , began in 1986 and involves annual institution-level data collections. All <u>postsecondary institutions</u> that have a <u>Program Participation Agreement</u> with the Office of Postsecondary Education (OPE), U.S. Department of Education (throughout IPEDS referred to as "Title IV") are required to report data using a web-based <u>data collection system</u> . IPEDS currently consists of the following components: <u>Institutional Characteristics (IC)</u> ; <u>12-month Enrollment (E12)</u> ; <u>Completions (C)</u> ; <u>Admissions (ADM)</u> ; <u>Student Financial Aid (SFA)</u> ; <u>Human Resources (HR)</u> composed of Employees by Assigned Position, Fall Staff, and Salaries; <u>Fall Enrollment (EF)</u> ; <u>Graduation Rates (GR)</u> ; <u>Outcome Measures (OM)</u> ; <u>Finance (F)</u> ; and <u>Academic Libraries (AL)</u> . |
| Less than 2-year institution | A postsecondary institution that offers <u>programs</u> of less than 2-years duration below the baccalaureate level. Includes occupational and vocational schools with programs that do not exceed 1800 <u>contact hours</u> . |
| Levels of offering | Information collected in the Institutional Characteristics component which indicates all applicable levels for all credit programs offered at an institution. Award levels are identified on the basis of recognition for their completion, duration, or a combination thereof. Degree-designated award levels indicate those degree levels for which the institution is authorized to make formal awards. Length of study is the equivalent of the number of full-time academic years. For example, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period. |
| Library collections | Comprise of documents held locally and remote resources for which permanent or temporary access rights have been acquired. Access rights may be acquired by the library itself, by a consortium and/or through external funding. Acquisition is to be understood as securing access rights and including it in the library catalog, other library databases or discovery systems. |

| | |

| Library expenses | Funds expended by the library (regardless of when received) from its regular budget and from all other sources; e.g., research grants, special projects, gifts and endowments, and fees for services. |
| Master's degree | An award that requires the successful completion of a <u>program</u> of study of at least the full-time equivalent of 1 but not more than 2 <u>academic years</u> of work beyond the <u>bachelor's degree</u> . Some of these degrees, such as those in Theology (M.Div., M.H.L./Rav) that were formerly classified as " <u>first-professional</u> ", may require more than two full-time equivalent academic years of work. |
| Occupational program | A <u>program</u> of study consisting of one or more courses, designed to provide the student with sufficient knowledge and skills to perform in a specific occupation. |
| Other academic calendar system | Category used to describe "non-traditional" <u>calendar systems</u> at 4-year and 2-year degree-granting institutions. These can include schools that offer primarily on-line courses or "one course at a time." |

| Postbaccalaureate certificate | An award that requires completion of an organized program of study beyond the bachelor's. It is designed for persons who have completed a baccalaureate degree, but does not meet the requirements of a master's degree. NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students. |
| Postsecondary award, certificate, or diploma (at least 1 but less than 2 academic years) | An award that requires completion of an organized <u>program</u> of study at the postsecondary <u>level</u> (below the baccalaureate <u>degree</u>) in at least 1 but less than 2 full-time equivalent <u>academic years</u> , or designed for completion in at least 30 but less than 60 semester or trimester <u>credit hours</u> , or in at least 45 but less than 90 quarter <u>credit hours</u> , or in at least 900 but less than 1,800 <u>contact</u> or <u>clock hours</u> . |

| Postsecondary award, certificate, or diploma (less than 1 academic year) | An award that requires completion of an organized <u>program</u> of study at the postsecondary <u>level</u> (below the baccalaureate <u>degree</u>) in less than 1 <u>academic year</u> (2 semesters or 3 quarters), or designed for completion in less than 30 semester or trimester <u>credit hours</u> , or in less than 45 quarter <u>credit hours</u> , or in less than 900 <u>contact</u> or <u>clock hours</u> . |

Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

IC Header for less-than-2-year institutions

Overview

Institutional Characteristics Header Overview

Welcome to the Institutional Characteristics Header survey component (IC Header). This survey was introduced to collect data that are key to reporting throughout the IPEDS data collection, and must be completed and locked before any other survey can be started.

Some IC Header questions may require nothing more than a confirmation, if nothing has changed. Please make changes as necessary, and complete items that do need a response (enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC Header data in determining the screens you will receive in other surveys, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC Header data affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
 - The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
 - Calendar system selection impacts student charges data reported in Institutional Characteristics (IC), Fall Enrollment (EF) data, GR data, and Student Financial Aid (SFA) data related to the net price calculation.
 - Enrollment levels impact student charges in IC and enrollment categories in the EF survey component.
-
- The Open Admission question determines whether the Admissions component will be required in the Winter.
 - The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring. This question is asked of degree-granting institutions only.
 - The operations question for new institutions determines reporting of 12-month enrollment (E12).

Part A - Educational Offerings

1. Which of the following types of instruction/programs are offered by your institution? [Check one or more]

If your institution does not offer occupational or academic programs, you are not expected to complete this or any other IPEDS survey.

| | |
|--------------------------|--|
| <input type="checkbox"/> | <u>Occupational</u> , may lead to a certificate, degree, or other formal award |
| <input type="checkbox"/> | <u>Academic</u> , leading to a certificate, degree, or diploma |
| <input type="checkbox"/> | Recreational or <u>avocational (leisure) programs</u> |
| <input type="checkbox"/> | <u>Adult basic</u> or remedial instruction or high school equivalency |
| <input type="checkbox"/> | Secondary (high school) |

Part B - Organization - Control and Levels

1. What is your institutional control or affiliation?

Be sure to select the correct control for your institution. Errors on this question have an impact throughout the IPEDS surveys, in federal reporting, in net price groupings, and on your institutions appearance to students. If you reported incorrectly in a previous year, please contact the Help Desk at 877.225.2568 to correct the error.

| | | |

| <input type="radio"/> | Public - Select primary and or secondary controls below | |
| | Primary control | Secondary control (if applicable) |
| | <input type="text" value="Select One"/> | <input type="text" value="Select One"/> |
| <input type="radio"/> | Private for-profit | |
| <input type="radio"/> | Private not-for-profit independent (no religious affiliation) | |
| <input type="radio"/> | Private not-for-profit religious affiliation - Select affiliation below | |
| | <input type="text" value="Select One"/> | |

2. What award levels are offered by your institution? [Check all that apply]

When reporting award levels for sub baccalaureate certificates (levels 1, 2, and 4), determine program length by the number of credit or contact hours, NOT the academic year length in parentheses. The academic year length is meant only to provide context.

The 'Other' award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the 'Other' category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

| Award Level | | |
|-------------|--------------------------|--|
| 1 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (less than one academic year)</u> - less than 900 contact or clock hours, or - less than 30 semester or trimester credit hours, or - less than 45 quarter credit hours |
| 2 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (at least one but less than two academic years)</u> - at least 900 but less than 1800 contact or clock hours, or - at least 30 but less than 60 semester or trimester credit hours, or - at least 45 but less than 90 quarter credit hours |
| 3 | <input type="checkbox"/> | <u>Associate's degree</u> |
| 4 | <input type="checkbox"/> | <u>Postsecondary award, certificate, or diploma of (at least two but less than four academic years)</u> - 1800 or more contact or clock hours, or - 60 or more semester or trimester credit hours, or - 90 or more quarter credit hours |
| 12 | <input type="checkbox"/> | <u>Other</u> (specify in box below) |

You may use the space below to provide context for the data you've reported above.

Part B - Organization - Calendar System

Your response to the next question determines how your institution reports Institutional Characteristics student charges data in the fall, Student Financial Aid data in the winter, and Graduation Rates data in the winter. It also impacts the net price calculation in the Student Financial Aid survey.

If the calendar system differs from prior year or requires a change, please contact the Help Desk at 877.225.2568.

3. What is the predominant calendar system at the institution? [Choose one]

Program Reporting Method (Other calendar system)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FULL-YEAR COHORT, and student charges data by PROGRAM.

- Differs by program
- Continuous basis (every 2 weeks, monthly, or other period)

Academic Year Reporting Method (Standard academic terms)

Selecting one of the following calendar types determines that your institution will provide Student Financial Aid and Graduation Rates data based on a FALL COHORT and student charges data for a full ACADEMIC YEAR.

- Semester
- Quarter
- Trimester
- 4-1-4 or similar plan

Part B - Organization - Student Enrollment

4. Does your institution enroll any of the following types of students?

Include all levels offered by your institution, even if there are no students currently enrolled at that level.

*Responses to this question determine which screens will be generated for reporting academic year tuition charges, and for reporting Fall Enrollment during the spring collection. Additionally, checking **Yes** for full-time, first-time, degree/certificate-seeking undergraduate students determines that your institution must report cost of attendance data (on the IC component) and Student Financial Aid data for these students.*

| | <u>Full-time</u> | | <u>Part-time</u> | |
|--|--------------------------|---------------------------|--------------------------|---------------------------|
| Students in academic or occupational programs | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |
| <u>First-time students</u> | <input type="radio"/> No | <input type="radio"/> Yes | <input type="radio"/> No | <input type="radio"/> Yes |

6. For academic year 2014-15, did your institution enroll any full-time, first-time students?

*If you answer **Yes** to this question, you will be required to provide Graduation Rates data for the 2014-15 cohort in the winter collection. If you answer **No** to this question, indicate the reason you are not required to report Graduation Rates for the cohort year requested. If you reported any full-time, first-time degree/certificate-seeking students on the 2014-15 Fall Enrollment survey, the data will be preloaded below.*

| | |
|---------------------------|--|
| <input type="radio"/> No | |
| <input type="checkbox"/> | This institution did not enroll full-time, first-time degree/certificate-seeking students. |
| <input type="checkbox"/> | This institution was not in operation in 2014-15. |
| <input type="radio"/> Yes | |

Full-time, first-time degree/certificate-seeking students from 2014-15 Fall Enrollment survey (GR Cohort)

Part B - Multi-institution or Multi-campus Organization

7. Multi-institution or multi-campus organization

Is the institution part of a multi-institution or multi-campus organization that owns, governs, or controls the institution? **Do NOT indicate a religious affiliation here; that information is collected separately.**

If you need assistance, contact the Help Desk at 1-877-225-2568. You will not be able to lock your submission if this question is blank.

- No, this institution **IS NOT** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.
- Yes, this institution **IS** a part of a multi-institution or multi-campus organization that owns, governs, or controls the institution.

If yes, select the name of the multi-institution or multi-campus organization that owns, governs, or controls the institution after clicking on 'Select System' below.

Select System

Part C - Other Survey Screening Questions - Open Admission

2. Does your institution have an open admission policy for all or most entering first-time students?

If the only requirement for admission is a high school diploma or GED/other equivalent, your institution is still considered open admission. Institutions that require only an Ability to Benefit or similar test beyond the diploma/equivalent, and only reject a very small number of students based on the test, are also considered open admission.

 If your institution does not have an open admission policy, you will be required to report Admissions component regarding your admissions procedures and admissions yield.

No

Yes

 You may use the space below to provide context for the data you've reported above. These context notes will be posted on the College Navigator website, and should be written to be understood by students and parents.

Part C - Other Survey Screening Questions - Levels of Enrollment Offered

Was your institution in operation during the academic year 2016-17?

If you answer **Yes** to this question, you will be able to specify the levels of enrollment offered at your institution during 2016-17 and to report 12-month enrollment during the fall collection.

| | |
|--------------------------|--|
| <input type="radio"/> | No |
| <input type="radio"/> | Yes. Please specify the levels of enrollment offered during 2016-17. |
| <input type="checkbox"/> | <u>Undergraduate</u> |
| <input type="checkbox"/> | <u>Graduate (not including doctor's-professional practice)</u> |

The primary purpose of the IPEDS Institutional Characteristics Header (IC-H) survey is to collect basic institutional data including control or affiliation, calendar system, and award levels. These data are key to accurate reporting as they are used to determine the reporting for other IPEDS surveys. Any errors in the IC-H survey can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly, and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

[Changes in reporting](#)

The following changes were implemented for the 2017-18 data collection period:

- No changes in reporting for IC Header.

[Top ▲](#)

[General instructions](#)

[Reporting period covered](#)

Institutional Characteristics Header (IC-H) covers data for the current year with two exceptions.

- Cohort data in B6 refer to a past cohort and are used to set the Graduation Rates component (GR).
- For new institutions, the question about prior year operation refers to the prior academic year and is used to determine the applicability of the 12-Month Enrollment (E12) component.

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#), however, institutions should check grammar and spelling of their entries. Inappropriate or repetitive contexts will be deleted.

[Top ▲](#)

[Coverage](#)

Carefully read each question in the Institutional Characteristics Header survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC-H survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

[A. Who to include](#)

- Students enrolled in courses **creditable** toward a diploma, certificate, degree, or other formal award, **including** those enrolled in off-campus centers
- High school students taking regular college courses for credit
- Full-time students taking remedial courses **IF** the student is considered degree-seeking for the purpose of student financial aid determination

- Students from overseas enrolled in U.S. courses for credit (e.g., online students)
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree

B. Who NOT to include

- Students enrolled exclusively in courses **not creditable** toward a formal award
- Students enrolled exclusively in Continuing Education Units (CEUs)
- Students exclusively auditing classes
- Residents or interns in Doctor's - professional practice (previously first-professional), since they have already received their Doctor's degree
- Any student studying abroad (e.g., at a foreign university) if their enrollment at the 'home' institution is **only** an administrative record and the fee is nominal
- Students in any branch campus located in a foreign country

Reporting Directions

Part A - Educational Offerings

Responses on this screen verify inclusion of the institution on the NCES/IPEDS list of institutions and agencies that provide all types of postsecondary education. Postsecondary education is defined as the provision of a formal instructional program whose curriculum is designed primarily for students beyond the compulsory age for high school. This includes programs whose purpose is occupational, academic, or continuing professional education but excludes avocational and adult basic education programs.

If you select only avocational and/or adult basic education programs, you will be contacted by IPEDS to confirm your exemption from IPEDS reporting.

Top ▲

Part B – Organization

Institutional Control or Affiliation

Indicate the appropriate control or affiliation under which the institution operates. If the institution has a religious affiliation, select the denomination from the list provided in the drop-down box. Public institutions must designate a primary control; identification of a secondary control is optional. If control of the institution differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Correct reporting of control or affiliation is KEY to IPEDS reporting. Errors in reporting control or affiliation cause you to receive incorrect survey forms, misrepresents your institution to the public on College Navigator and other search tools that use IPEDS data, and places your institution in incorrect groups in IPEDS publications and on the College Affordability and Transparency Lists. If you do not know the control or affiliation of your institution, please call the Help Desk.

Award Levels

Check applicable award levels for all credit programs offered at the institution. Award levels are identified based on duration and/or awards.

- Report using the number of CONTACT or CREDIT hours, as is appropriate to your calendar system (e.g., semester or quarter).
 - References to length of study are the equivalent of full-time academic years; that is, at least 1 but less than 2 years refers to the number of credits or the course load that would normally be completed by a full-time student attending within the stated time period.
 - One academic year equals 900 contact or clock hours of instruction, 30 semester credit hours or its equivalent, or 45 quarter credit hours.
- Award levels 1, 2, and 4 differ by length of programs and refer to completions below the baccalaureate degree. Use the IPEDS designations, not institutionally defined designations, to describe these levels.

- Award levels 3, 5, 7, 17, 18 and 19 indicate degree levels for which the institution is authorized to make formal awards.
- Award levels 6 and 8 indicate certificate levels.
- If you cannot classify an award within the award levels indicated on the screen, check award level 12 (Other) and specify or describe the award in the context box. Because there are few programs that fall under 'Other' please contact the Help Desk if you are considering selecting Level 12.

NOTE: Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1, 2, or 4, depending on the length of the Teacher Preparation program.

Calendar System

Indicate the **predominant** calendar system under which the institution operates. If programs are offered on more than one calendar, select the system under which most programs are offered. If there is no predominant calendar system at your institution, select the option that best characterizes your institution.

If your calendar system differs from the prior year or requires a change, please contact the IPEDS Help Desk at 877.225.2568.

Note: Calendar system selection determines reporting in many other IPEDS components. Be sure to choose the calendar system you select accurately represents your institution. Contact the IPEDS Help Desk if you are not sure which calendar system to select.

Student enrollment

Enrollment of full- and part-time students.

Indicate whether your institution enrolls any full-time or part-time students at the levels listed. Include all levels offered, even if there are not any students currently enrolled at that level.

Responses to those categories will determine the screens generated for reporting academic year tuition charges in the Institutional Characteristics survey during the Fall collection and enrollment data in the Fall Enrollment survey during the Spring collection.

- Make sure to check Yes for full-time, first-time degree/certificate-seeking students if applicable, as this determines that your institution will report cost information on Institutional Characteristics screens in Part D and Student Financial Aid information during the Winter collection.

Doctor's - professional practice

Indicate whether your institution offers any of the listed Doctor's - professional practice programs. If your institution offers Doctor's - professional practice programs but does not offer any of the listed programs, indicate no.

GRS cohort question.

- **4-year institutions.** Indicate if your institution had any full-time, first-time undergraduate students enrolled in programs at the baccalaureate level or below in the academic year indicated on the screen. If you indicate Yes, you must report Graduation Rates data in the Winter.
- **Less-than-4-year institutions.** Indicate if your institution had any full-time, first-time degree/certificate-seeking students enrolled in the academic year indicated on the screen. If you check Yes, you must report Graduation Rates data in the Winter.

Multi-institution or Multi-campus Organization

If applicable, select from the provided list the multi-institution or multi-campus organization that owns, governs, or controls the institution. If you do not see your multi-institution or multi-organization listed, please contact the Help Desk.

A multi-institution or multi-campus organization includes organizations with two or more institutions or campuses.

Non-postsecondary education agencies that govern or control institutions include, but are not limited to, public school districts, art organizations, hospitals and other medical/health organizations.

Do not include:

- coordinating systems

- single institution governing board
- consortia

Part C - Other Survey Screening Questions

Open admission policy

Check **Yes** if your institution has an open admission policy.

If your institution requires only a high school diploma/equivalent and/or Ability to Benefit (or similar) test, and few students are not admitted based on the test, your institution is still considered open admission. For example, if you have students take the ATB test and allow 98% of those students to enroll, you are likely open admission. The 2% that were not admitted had unusual circumstances that kept them from being admitted.

Note: IPEDS does not have a set percentage to determine open admission. Please review your institution's admission policy or talk to

someone in the admissions office if you are not sure whether your institution is open admission, or contact the IPEDS Help Desk at 877.225.2568.

Level of Enrollment

New institutions should indicate whether their institution was in operation during the prior academic year. If the response is 'Yes', they should also indicate the levels that were offered.

Answers:

General

- 1) **If my institution offers an award level but currently does not have any students enrolled at that level how should I report?**
You should indicate all levels of awards that your institution is authorized to grant.
[Back to top](#)
- 2) **Can I change my Institutional Characteristics Header data during the winter or spring surveys if I made a mistake in the fall?**
It is important to report IC Header data correctly the first time, as changes to this component affect all of the other surveys. If you made an error that impacts your ability to respond appropriately to other components, call the Help Desk at 877-225-2568, and they will change the necessary data. For example, if you indicated that you do not enroll any full-time, first-time students (thus no GRS or SFA surveys are generated), you may correct your answer so that you can complete this survey.
[Back to top](#)
- 3) **In what award level category should Teachers Preparation certificates be reported?**
Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs, and students in these programs are undergraduate students.
[Back to top](#)
- 4) **My institution has a system office. Does the system office need to complete an Institutional Characteristics - Header survey?**
Any system or central office that employs 15 or more full-time staff OR has its own budget (and therefore must report IPEDS Finance data) must also complete the Institutional Characteristics - Header survey. The administrative office **must** indicate all types and levels of instruction and programs offered at all of the institutions in its system. This will ensure that each institution in the system is represented.

Institutional Characteristics for 4-year academic year tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D11).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

2. Does your institution charge different tuition for in-district, in-state, or out-of-state students?

If you answer **Yes** to this question, you will be expected to report tuition amounts for in-district, in-state, and out-of-state students.

Please talk to your financial aid office to get these numbers, to ensure that you are reporting correctly.*

 If the 2017-18 tuition and/or fees as reported on this page for full-time, first-time students are covered by a tuition guarantee program, check the applicable box(es) under 'Tuition Guarantee'. Additionally, please indicate the maximum % increase that is guaranteed. These numbers are expected to be fairly small. Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

Services and Programs for Military Servicemembers and Veterans

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for room and board and other expenses. Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."
[Back to top](#)

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for 4-year program tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on-campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D7).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

- No
- Yes, and we do not make **ANY** (even one) exceptions to this rule

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

If you answer **Yes** to this question, you will be expected to specify a housing capacity, and to report a room charge or a combined room and board charge (D10).

- No
- Yes

Specify housing capacity for academic year 2017-18

4. Do you offer board or meal plans to your students?

- No
- Yes - Enter the number of meals per week in the maximum meal plan available

- Yes - Number of meals per week can vary (e.g., students' charge meals against a meal card)

Part D - Student Charges - Number of programs

Part D - Student Charges - Price of Attendance

7. Cost of attendance for entering students

Please enter ALL amounts requested below. These data will be made available to the public on College Navigator. *Estimates of expenses for books and supplies, room and board, and other expenses are those from the **Cost of Attendance report** used by the financial aid office in determining financial need. Please talk to your financial aid office to get the correct numbers to use for this report.*

Note: The academic year length you report should be the same calculation used for required reporting for your Pell budget. This number will be used to calculate academic year costs for your institution and will impact your net price calculation. Please discuss this information with your student aid office to ensure accurate reporting.

Part D - Student Charges - Program Data

8. Please list your second through sixth largest programs and provide the requested information for each program. To enter a CIP code and program title, click on the select button, and then click on the program from the list provided. Choosing clear will remove the CIP code and title. Report the tuition and fees and the cost of books and supplies for the TOTAL LENGTH OF THE PROGRAM. Also report the length of the entire program in terms of contact or credit hours and provide the number of months it takes a full-time student to complete the entire program.

Note: The largest programs are the programs with the most students, not the programs with the longest lengths.

Please make sure to report all costs for each program. As with the largest program, costs are for the entire length of the program. If your institution charges differently based on residence, please use in-state charges.

Do not skip lines when reporting programs. Your 2nd largest program should be listed as 2nd, your 3rd as 3rd, etc.

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

General instructions

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

Services and Programs for Military Servicemembers and Veterans

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Top ▲

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for room and board and other expenses. Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for degree-granting 2-year academic year tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D11).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

2. Does your institution charge different tuition for in-district, in-state, or out-of-state students?

If you answer **Yes** to this question, you will be expected to report tuition amounts for in-district, in-state, and out-of-state students.

Please only select **Yes** if you really charge different tuition rates, or you will be reporting the same numbers 3 times.

No

Yes

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

Services and Programs for Military Servicemembers and Veterans

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Top ▲

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

In IPEDS, average institutional net price is generated by subtracting the average amount of federal, state/local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for room and board and other expenses. Cost of attendance data are collected in the Institutional Characteristics (IC) component of IPEDS, and financial aid data are collected in the Student Financial Aid (SFA) component of IPEDS. |

| Yellow Ribbon Program | A voluntary program through which participating public and private institutions can provide veterans and eligible beneficiaries additional institutional aid to cover the costs of tuition and fees at their institutions. The Yellow Ribbon Program is a supplementary program to the Post 9/11 GI Bill coverage of in-state tuition and fees. Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."
[Back to top](#)

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

- 3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

- 4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

- 1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

- 2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

- 3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

- 4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

- 5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for degree-granting 2-year program tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on-campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D7).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

If you answer **Yes** to this question, you will be expected to specify a housing capacity, and to report a room charge or a combined room and board charge (D10).

No

Yes

Specify housing capacity for academic year 2017-18

4. Do you offer board or meal plans to your students?

If you answer **Yes** to this question, you will be expected to report a board charge or combined room and board charge (D10).

No

Yes - Enter the number of meals per week in the maximum meal plan available

Yes - Number of meals per week can vary (e.g., students' charge meals against a meal card)

Part D - Student Charges - Number of programs

5. How many programs are offered at your institution?

Be sure not to report single courses, report only full programs. If you do not know what a program is, review the definition in the glossary or call the Help Desk.

|--------------------|----------------------|
| Number of programs | <input type="text"/> |

Part D - Student Charges - Price of Attendance

7. Cost of attendance for entering students

Please enter ALL amounts requested below. These data will be made available to the public on College Navigator. *Estimates of expenses for books and supplies, room and board, and other expenses are those from the **Cost of Attendance report** used by the financial aid office in determining financial need. Please talk to your financial aid office to get the correct numbers to use for this report.*

Note: The academic year length you report should be the same calculation used for required reporting for your Pell budget. This number will be used to calculate academic year costs for your institution and will impact your net price calculation. Please discuss this information with your student aid office to ensure accurate reporting.

Part D - Student Charges - Program Data

8. Please list your second through sixth largest programs and provide the requested information for each program. To enter a CIP code and program title, click on the select button, and then click on the program from the list provided. Choosing clear will remove the CIP code and title. Report the tuition and fees and the cost of books and supplies for the TOTAL LENGTH OF THE PROGRAM. Also report the length of the entire program in terms of contact or credit hours and provide the number of months it takes a full-time student to complete the entire program.

Note: The largest programs are the programs with the most students, not the programs with the longest lengths.

Please make sure to report all costs for each program. As with the largest program, costs are for the entire length of the program. If your institution charges differently based on residence, please use in-state charges.

Do not skip lines when reporting programs. Your 2nd largest program should be listed as 2nd, your 3rd as 3rd, etc.

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

Services and Programs for Military Servicemembers and Veterans

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Top ▲

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for room and board and other expenses. Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for non-degree-granting 2-year academic year tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D11).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

2. Does your institution charge different tuition for in-district, in-state, or out-of-state students?

If you answer **Yes** to this question, you will be expected to report tuition amounts for in-district, in-state, and out-of-state students.

Please only select **Yes** if you really charge different tuition rates, or you will be reporting the same numbers 3 times.

No

Yes

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

No

Yes

Specify housing capacity for academic year 2017-18

4. Do you offer board or meal plans to your students?

If you answer **Yes** to this question, you will be expected to report a board charge or combined room and board charge (D10).

If your institution participates in any Title IV programs (Pell, Stafford, etc.), you must complete all information. *Estimates of expenses for books and supplies, room and board, and other expenses are those from the Cost of Attendance report used by the financial aid office in determining financial need. Please talk to your financial aid office to get these numbers, to ensure that you are reporting correctly.*

If the 2017-18 tuition and/or fees as reported on this page for full-time, first-time students are covered by a tuition guarantee program, check the applicable box(es) under 'Tuition Guarantee'. Additionally, please indicate the maximum % increase that is guaranteed. These numbers are expected to be fairly small. Please contact the Help Desk if you are confused about these values and how to report them.

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

Services and Programs for Military Servicemembers and Veterans

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Top ▲

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

All <u>postsecondary institutions</u> that have a <u>Program Participation Agreement</u> with the Office of Postsecondary Education (OPE), U.S. Department of Education (throughout IPEDS referred to as "Title IV") are required to report data using a web-based <u>data collection system</u> . IPEDS currently consists of the following components: <u>Institutional Characteristics (IC)</u> ; <u>12-month Enrollment (E12)</u> ; <u>Completions (C)</u> ; <u>Admissions (ADM)</u> ; <u>Student Financial Aid (SFA)</u> ; <u>Human Resources (HR)</u> composed of Employees by Assigned Position, Fall Staff, and Salaries; <u>Fall Enrollment (EF)</u> ; <u>Graduation Rates (GR)</u> ; <u>Outcome Measures (OM)</u> ; <u>Finance (F)</u> ; and <u>Academic Libraries (AL)</u> . |
| Library | An organized collection of printed, microform, and audiovisual materials which (a) is administered as one or more units, (b) is located in one or more designated places, and (c) makes printed, microform, and audiovisual materials as well as necessary equipment and services of a staff accessible to students and to faculty. Includes units meeting the above definition which are part of a learning resource center. |
| Net price | The Higher Education Opportunity Act of 2008 defines institutional net price as "the average yearly price actually charged to first-time, full-time undergraduate students receiving student aid at an institution of higher education after deducting such aid." In IPEDS, average institutional net price is generated by subtracting the average amount of federal, state/local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for room and board and other expenses. Cost of attendance data are collected in the Institutional Characteristics (IC) component of IPEDS, and financial aid data are collected in the Student Financial Aid (SFA) component of IPEDS. |
| Off-campus (not with family) | A living arrangement in which a student does not live with the student's parents or legal guardians in any housing facility that is not owned or controlled by the educational institution. |
| Off-campus (with family) | A living arrangement in which a student lives with the student's parents or legal guardians in any housing facility that is not owned or controlled by the educational institution. |
| Off-campus housing | Any housing facility that is occupied by students but is not owned or controlled by the educational institution. |
| On-campus housing | Any residence hall or housing facility owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. |
| Other expenses | The amount of money (estimated by the financial aid office) needed by a student to cover expenses such as laundry, transportation, and entertainment. |
| Out-of-state student | A student who is not a legal resident of the state in which he/she attends school. |
| Out-of-state tuition | The <u>tuition</u> charged by institutions to those students who do not meet the institution's or state's residency requirements. |
| Part-time student | Undergraduate: A student enrolled for either less than 12 <u>semester</u> or <u>quarter credits</u> , or less than 24 <u>contact hours</u> a week each term. Graduate: A student enrolled for less than 9 semester or quarter credits. |
| Placement services for program completers | Assistance for students in evaluating their career alternatives and in obtaining full-time employment upon leaving the institution. |
| Post 9/11 GI Bill | A federal education benefit program for veterans, who served on active duty after September 10, 2001. This Department of Veteran Affairs benefit provides up to 36 months of education benefits at an approved institution for the following college costs: tuition and fees, books and supplies and housing. The tuition and fees payment, which is the cost for an in-state student attending a public institution, is made directly to the postsecondary institution whereas payments for books and supplies and housing are sent directly to the student. |
| Postsecondary education institution | An institution which has as its sole purpose or one of its primary missions, the provision of <u>postsecondary education</u> . |
| Prepaid tuition plan | A program that allows students or their families to purchase college tuition or tuition credits for future years, at current prices. |
| Program | A combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. |
| Remedial services | Instructional activities designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting. |
| Required fees | Fixed sum charged to students for items not covered by <u>tuition</u> and required of such a large proportion of all students that the student who does not pay the charge is an exception. |
| Room charges | The charges for an <u>academic year</u> for rooming accommodations for a typical student sharing a room with one other student. |
| Servicemembers Opportunity Colleges | A membership group of over 1,700 institutions that functions to expand and improve voluntary postsecondary opportunities for servicemembers worldwide. It is funded by the Department of Defense through a contract with the American Association of State Colleges and Universities (AASCU). |
| Shared library | A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor. |
| Study abroad | Arrangement by which a student completes part of the college program studying in another country. Can be at a campus <u>abroad</u> or through a cooperative agreement with some other U.S. college or an institution of another country. |
| System | An organization of two or more institutions of higher education under the control or supervision of a common administrative governing body. Governing bodies generally have the power to act in their own name, to hire and fire personnel, enter into contracts, etc. A coordinating body without these powers or a section of a state agency usually would not be considered a system office. |
| Teacher certification program | A program designed to prepare students to meet the requirements for certification as teachers in elementary, middle/junior high, and secondary schools. |
| Title IV institution | An institution that has a written agreement with the Secretary of Education that allows the institution to participate in any of the Title IV federal student financial assistance programs (other than the State Student Incentive Grant (SSIG) and the National Early Intervention Scholarship and Partnership (NEISP) programs). |
| Tuition | The amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per <u>credit</u> . |
| Tuition and fees (published charges) | The amount of <u>tuition</u> and <u>required fees</u> covering a full academic year most frequently charged to students. These values represent what a typical student would be charged and may not be the same for all students at an institution. If tuition is charged on a per-credit-hour basis, the average full-time <u>credit hour</u> load for an entire academic year is used to estimate average tuition. Required fees include all fixed sum charges that are required of such a large proportion of all students that the student who does not pay the charges is an exception. |
| Tuition guarantee | A program where the institution guarantees, to entering first-time students, that tuition will not increase for the years they are enrolled. These guarantees are generally time-bound for four or five years. |
| Tuition payment plan | A program that allows tuition to be paid in installments spread out over an agreed upon period of time, sometimes without interest or finance charges. |
| Undergraduate | A student enrolled in a 4- or 5-year <u>bachelor's degree</u> program, an <u>associate's degree</u> program, or a vocational or technical <u>program</u> below the baccalaureate. |
| Weekend/evening college | A <u>program</u> that allows students to take a complete course of study and attend classes only on weekends or only in the evenings. |
| Yellow Ribbon Program | A voluntary program through which participating public and private institutions can provide veterans and eligible beneficiaries additional institutional aid to cover the costs of tuition and fees at their institutions. The Yellow Ribbon Program is a supplementary program to the Post 9/11 GI Bill coverage of in-state tuition and fees. The Department of Veterans Affairs matches the institutional aid provided beyond the in-state tuition and fees, but to certain limit each year. |

Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."
[Back to top](#)

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for non-degree-granting 2-year program tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all **full-time, first-time** degree/certificate-seeking students required to live on-campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D7).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

3. Does your institution offer **institutionally-controlled housing** (either on or off campus)?

If you answer **Yes** to this question, you will be expected to specify a housing capacity, and to report a room charge or a combined room and board charge (D10).

No

Yes

Specify housing capacity for academic year 2017-18

4. Do you offer **board** or meal plans to your students?

If you answer **Yes** to this question, you will be expected to report a board charge or combined room and board charge (D10).

No

Yes - Enter the number of meals per week in the maximum meal plan available

Yes - Number of meals per week can vary (e.g., students' charge meals against a meal card)

Part D - Student Charges - Number of programs

5. How many programs are offered at your institution?

Be sure not to report single courses, report only full programs. If you do not know what a program is, review the definition in the glossary or call the Help Desk.

Part D - Student Charges - Price of Attendance

7. Cost of attendance for entering students

Please enter ALL amounts requested below. These data will be made available to the public on College Navigator. *Estimates of expenses for books and supplies, room and board, and other expenses are those from the **Cost of Attendance report** used by the financial aid office in determining financial need. Please talk to your financial aid office to get the correct numbers to use for this report.*

Note: The academic year length you report should be the same calculation used for required reporting for your Pell budget. This number will be used to calculate academic year costs for your institution and will impact your net price calculation. Please discuss this information with your student aid office to ensure accurate reporting.

Part D - Student Charges - Program Data

8. Please list your second through sixth largest programs and provide the requested information for each program. To enter a CIP code and program title, click on the select button, and then click on the program from the list provided. Choosing clear will remove the CIP code and title. Report the tuition and fees and the cost of books and supplies for the TOTAL LENGTH OF THE PROGRAM. Also report the length of the entire program in terms of contact or credit hours and provide the number of months it takes a full-time student to complete the entire program.

Note: The largest programs are the programs with the most students, not the programs with the longest lengths.

Please make sure to report all costs for each program. As with the largest program, costs are for the entire length of the program. If your institution charges differently based on residence, please use in-state charges.

Do not skip lines when reporting programs. Your 2nd largest program should be listed as 2nd, your 3rd as 3rd, etc.

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

[Context Boxes](#)

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part B - Services for Military Servicemembers, Veterans, and Eligible Family Members

Services and Programs for Military Servicemembers and Veterans

Indicate which of the following are offered to veterans, military servicemembers, or their families.

For the Post-9/11 GI Bill Yellow Ribbon program, please choose this only if the Yellow Ribbon program is available at your institution.

Top ▲

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

| Net price | The Higher Education Opportunity Act of 2008 defines institutional net price as "the average yearly price actually charged to first-time, full-time undergraduate students receiving student aid at an institution of higher education after deducting such aid." In IPEDS, average institutional net price is generated by subtracting the average amount of federal, state/local government, or institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average for room and board and other expenses. Cost of attendance data are collected in the Institutional Characteristics (IC) component of IPEDS, and financial aid data are collected in the Student Financial Aid (SFA) component of IPEDS. |
| Off-campus (not with family) | A living arrangement in which a student does not live with the student's parents or legal guardians in any housing facility that is not owned or controlled by the educational institution. |
| Off-campus (with family) | A living arrangement in which a student lives with the student's parents or legal guardians in any housing facility that is not owned or controlled by the educational institution. |
| Off-campus housing | Any housing facility that is occupied by students but is not owned or controlled by the educational institution. |
| On-campus housing | Any residence hall or housing facility owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to, the institution's educational purposes. |
| Other expenses | The amount of money (estimated by the financial aid office) needed by a student to cover expenses such as laundry, transportation, and entertainment. |
| Out-of-state student | A student who is not a legal resident of the state in which he/she attends school. |
| Out-of-state tuition | The <u>tuition</u> charged by institutions to those students who do not meet the institution's or state's residency requirements. |
| Part-time student | Undergraduate: A student enrolled for either less than 12 <u>semester</u> or <u>quarter credits</u> , or less than 24 <u>contact hours</u> a week each term. Graduate: A student enrolled for less than 9 semester or quarter credits. |
| Placement services for program completers | Assistance for students in evaluating their career alternatives and in obtaining full-time employment upon leaving the institution. |
| Post 9/11 GI Bill | A federal education benefit program for veterans, who served on active duty after September 10, 2001. This Department of Veteran Affairs benefit provides up to 36 months of education benefits at an approved institution for the following college costs: tuition and fees, books and supplies and housing. The tuition and fees payment, which is the cost for an in-state student attending a public institution, is made directly to the postsecondary institution whereas payments for books and supplies and housing are sent directly to the student. |
| Postsecondary education institution | An institution which has as its sole purpose or one of its primary missions, the provision of <u>postsecondary education</u> . |
| Prepaid tuition plan | A program that allows students or their families to purchase college tuition or tuition credits for future years, at current prices. |
| Program | A combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. |
| Remedial services | Instructional activities designed for students deficient in the general competencies necessary for a regular postsecondary curriculum and educational setting. |

| Room charges | The charges for an <u>academic year</u> for rooming accommodations for a typical student sharing a room with one other student. |
| Servicemembers Opportunity Colleges | A membership group of over 1,700 institutions that functions to expand and improve voluntary postsecondary opportunities for servicemembers worldwide. It is funded by the Department of Defense through a contract with the American Association of State Colleges and Universities (AASCU). |
| Shared library | A facility housing an organized collection of printed, microform, and audiovisual materials, and (a) is jointly administered by more than one educational institution, or (b) whose funds or operating expenditures have been received from more than one educational institution. The location of the facility is not a determining factor. |
| Study abroad | Arrangement by which a student completes part of the college program studying in another country. Can be at a campus <u>abroad</u> or through a cooperative agreement with some other U.S. college or an institution of another country. |
| System | An organization of two or more institutions of higher education under the control or supervision of a common administrative governing body. Governing bodies generally have the power to act in their own name, to hire and fire personnel, enter into contracts, etc. A coordinating body without these powers or a section of a state agency usually would not be considered a system office. |
| Teacher certification program | A program designed to prepare students to meet the requirements for certification as teachers in elementary, middle/junior high, and secondary schools. |
| Title IV institution | An institution that has a written agreement with the Secretary of Education that allows the institution to participate in any of the Title IV federal student financial assistance programs (other than the State Student Incentive Grant (SSIG) and the National Early Intervention Scholarship and Partnership (NEISP) programs). |
| Tuition | The amount of money charged to students for instructional services. Tuition may be charged per term, per course, or per <u>credit</u> . |
| Tuition and fees (published charges) | The amount of <u>tuition</u> and <u>required fees</u> covering a full academic year most frequently charged to students. These values represent what a typical student would be charged and may not be the same for all students at an institution. If tuition is charged on a per-credit-hour basis, the average full-time <u>credit hour</u> load for an entire academic year is used to estimate average tuition. Required fees include all fixed sum charges that are required of such a large proportion of all students that the student who does not pay the charges is an exception. |
| Tuition guarantee | A program where the institution guarantees, to entering first-time students, that tuition will not increase for the years they are enrolled. These guarantees are generally time-bound for four or five years. |
| Tuition payment plan | A program that allows tuition to be paid in installments spread out over an agreed upon period of time, sometimes without interest or finance charges. |
| Undergraduate | A student enrolled in a 4- or 5-year <u>bachelor's degree</u> program, an <u>associate's degree</u> program, or a vocational or technical <u>program</u> below the baccalaureate. |
| Weekend/evening college | A <u>program</u> that allows students to take a complete course of study and attend classes only on weekends or only in the evenings. |
| Yellow Ribbon Program | A voluntary program through which participating public and private institutions can provide veterans and eligible beneficiaries additional institutional aid to cover the costs of tuition and fees at their institutions. The Yellow Ribbon Program is a supplementary program to the Post 9/11 GI Bill coverage of in-state tuition and fees. The Department of Veterans Affairs matches the institutional aid provided beyond the in-state tuition and fees, but to certain limit each year. |

Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."
[Back to top](#)

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for less-than-2-year academic year tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D11).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

2. Does your institution charge different tuition for in-district, in-state, or out-of-state students?

If you answer **Yes** to this question, you will be expected to report tuition amounts for in-district, in-state, and out-of-state students.

Please only select **Yes** if you really charge different tuition rates, or you will be reporting the same numbers 3 times.

No

Yes

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

If you answer **Yes** to this question, you will be expected to specify a housing capacity, and to report a room charge or a combined room and board charge (D10).

No

Yes

Specify housing capacity for academic year 2017-18

4. Do you offer board or meal plans to your students?

If you answer **Yes** to this question, you will be expected to report a board charge or combined room and board charge (D10).

No

Yes - Enter the number of meals per week in the maximum meal plan available

Yes - Number of meals per week can vary (e.g., students' charge meals against a meal card)

Part D - Undergraduate Student Charges

If the institution charges an **application fee**, indicate the amount.

Part D - Student Charges - Price of Attendance

11. Cost of attendance for full-time, first-time students:

Please enter the amounts requested below. These data will be made available to the public on College Navigator. If your institution participates in any Title IV programs (Pell, Stafford, etc.), you must complete all information. *Estimates of expenses for books and supplies, room and board, and other expenses are those from the Cost of Attendance report used by the financial aid office in determining financial need. Please talk to your financial aid office to get these numbers, to ensure that you are reporting correctly.*

If the 2017-18 tuition and/or fees as reported on this page for full-time, first-time students are covered by a tuition guarantee program, check the applicable box(es) under 'Tuition Guarantee'. Additionally, please indicate the maximum % increase that is guaranteed. These numbers are expected to be fairly small. Please contact the Help Desk if you are confused about these values and how to report them.

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.
[Back to top](#)
- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.
[Back to top](#)
- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).
[Back to top](#)
- 4) **Where can I find my accrediting agency information since it is no longer collected in IPEDS?**
The Office of Postsecondary Education (OPE) website: OPE Accreditation database at <http://www.ope.ed.gov/accreditation/>.
[Back to top](#)
- 5) **Are U.S. jurisdictions or territories (like Guam, the U.S. Virgin Island, etc.) considered in the U.S. for distance education location reporting?**
Yes, Students located in a U.S. jurisdiction while they are enrolled in distance education courses should be reported as located in the U.S.
[Back to top](#)
- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**
Hybrid courses are not considered by IPEDS as distance education. Students enrolled in "hybrid" courses should be reported as "not enrolled in any distance education courses."
[Back to top](#)

Student Charges

- 1) **When determining the dormitory capacity, should we include off campus housing reserved for graduate and/or married students?**
Yes, if the institution is providing the housing and the students pay "rent" or "board" to the institution.
[Back to top](#)
- 2) **Our institution offers several meal plans. Which plan should I report?**
You should report the meal plan that offers the maximum number of meals per week. If your institution offers unlimited number of meals enter 99.

[Back to top](#)

3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

[Back to top](#)

4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**

[Back to top](#)

Price of Attendance

1) **How do I know what amounts to report for room and board and other expenses for institutionally-controlled housing both on and off campus?**

Report the room and board amounts used by your financial aid office for determining student budgets. The other expenses are the amount of money estimated by the financial aid office needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings. **Do not include the tuition and required fees with other expenses.**

[Back to top](#)

2) **How do I know what amounts to report for room and board and other expenses for off campus?**

You should enter the amount for a typical full-time student living off campus with family or not with family used by the financial aid office to determine the student budget.

[Back to top](#)

3) **Do I have to report off campus living expenses?**

Yes, if your institution does not require all of full-time, first-time students to live on campus (or makes ANY exceptions to this policy).

[Back to top](#)

4) **What are "other expenses"?**

This is the amount of money, estimated by the financial aid office, that is needed by a student to cover expenses such as laundry, transportation, entertainment, and furnishings.

[Back to top](#)

5) **What IC data are included on the College Navigator website?**

The Institutional Characteristics information that is made available on College Navigator includes special learning opportunities, student services, tuition and required fees, room and board charges, books and supplies, other expenses and the institution's mission statement. The best way to see what information is available about your institution is to look up your institution on [College Navigator](#).

Institutional Characteristics for less-than-2-year program tuition reporters

Overview

Institutional Characteristics Overview

Welcome to the Institutional Characteristics (IC) component. This component collects important information about your institution's mission, student services, and student charges.

Much of the data reported on IC appear on College Navigator, which is updated once after IC data has been reviewed. Thus, errors may stay on College Navigator for a full year.

Additionally, the cost of attendance data are used to calculate the net price of attendance in the Student Financial Aid component. This has important implications for what students see about your institution, and also for the College Affordability and Transparency Center's lists. **Revisions or changes to costs can ONLY be made in the Student Financial Aid component and not in the prior year revision system.**

Remember, it is the responsibility of the keyholder to submit accurate data about the institution. Please contact the IPEDS Help Desk for clarifications to make sure that you are reporting correctly.

Changes to This Year's IC Component

The following changes were implemented for the 2017-18 data collection period:

- In Part C, questions about distance education opportunities have been modified.
- In Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Common Errors

Quality control reviews of past IC data indicate frequently made errors. Please review the common errors below to ensure accurate reporting. Additional common errors or tips can be found in the New Keyholder Handbook under Resources.

- Part C, question 8 should only be marked 'YES' if your institution is **EXCLUSIVELY** distance education. Do not mark 'YES' if your courses/programs are also available in person.
- Do not try to outsmart fatal errors; this is falsifying data. Contact the Help Desk to override, or fix, the data.
- Make sure you understand ALL definitions before responding to questions. For example, make sure that you are reporting for an 'ACADEMIC YEAR' or 'PROGRAM' as defined by IPEDS.

Part D - Student Charges Questions

1. Are all full-time, first-time degree/certificate-seeking students required to live on-campus or in institutionally-controlled housing?

If you answer **Yes** to this question, you will not be asked to report off-campus room and board in the price of attendance (D7).

This is only a screening question, and your response does not show up on College Navigator.

If you make any exceptions to this rule, and have even one full-time, first-time student living off-campus, please answer **No** so that this does not cause conflicts with the Student Financial Aid survey. Making changes to the SFA component is very difficult and may lead to inaccurate reporting for your institution.

No

Yes, and we do not make **ANY** (even one) exceptions to this rule

3. Does your institution offer institutionally-controlled housing (either on or off campus)?

If you answer **Yes** to this question, you will be expected to specify a housing capacity, and to report a room charge or a combined room and board charge (D10).

No

Yes

Specify housing capacity for academic year 2017-18

4. Do you offer board or meal plans to your students?

If you answer **Yes** to this question, you will be expected to report a board charge or combined room and board charge (D10).

No

Yes - Enter the number of meals per week in the maximum meal plan available

Yes - Number of meals per week can vary (e.g., students' charge meals against a meal card)

Part D - Student Charges - Number of programs

5. How many programs are offered at your institution?

Be sure not to report single courses, report only full programs. If you do not know what a program is, review the definition in the glossary or call the Help Desk.

7. Cost of attendance for entering students

Please enter ALL amounts requested below. These data will be made available to the public on College Navigator. *Estimates of expenses for books and supplies, room and board, and other expenses are those from the **Cost of Attendance report** used by the financial aid office in determining financial need. Please talk to your financial aid office to get the correct numbers to use for this report.*

Note: The academic year length you report should be the same calculation used for required reporting for your Pell budget. This number will be used to calculate academic year costs for your institution and will impact your net price calculation. Please discuss this information with your student aid office to ensure accurate reporting.

Part D - Student Charges - Program Data

8. Please list your second through sixth largest programs and provide the requested information for each program. To enter a CIP code and program title, click on the select button, and then click on the program from the list provided. Choosing clear will remove the CIP code and title. Report the tuition and fees and the cost of books and supplies for the TOTAL LENGTH OF THE PROGRAM. Also report the length of the entire program in terms of contact or credit hours and provide the number of months it takes a full-time student to complete the entire program.

Note: The largest programs are the programs with the most students, not the programs with the longest lengths.

Please make sure to report all costs for each program. As with the largest program, costs are for the entire length of the program. If your institution charges differently based on residence, please use in-state charges.

Do not skip lines when reporting programs. Your 2nd largest program should be listed as 2nd, your 3rd as 3rd, etc.

Purpose of Survey

The primary purpose of the IPEDS Institutional Characteristics (IC) component is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the Winter collection to calculate net price of attendance.

Changes in Reporting

The following changes were implemented for the 2017-18 data collection period:

- Part C, questions about distance education have been modified.
- Part D, instructions about student charges for cost (price) of attendance for public program reporters have been modified.

Context Boxes

Context boxes are provided to allow institutions to provide more information regarding survey component items. Note that some context boxes are posted on the [College Navigator Website](#), which is the college search tool offered by NCES. NCES will review entries in these context boxes for applicability and appropriateness before posting them on the [College Navigator Website](#); institutions should check grammar and spelling of their entries.

Coverage

Carefully read each question in the Institutional Characteristics survey to ensure you are reporting data for the appropriate students. The student groups for which data are collected vary throughout the IC survey (e.g., undergraduate and graduate). In general, for each group, ensure that the guidelines below are met.

A. Who to include

- Students enrolled in courses creditable toward a diploma, certificate, degree, or other formal award.
- Students enrolled in courses that are part of a vocational or occupational program, including those enrolled in off-campus centers.
- High school students taking regular college courses for credit under their classification as recorded by the institution.
- Full-time students taking remedial courses if the student is considered degree-seeking for the purpose of student financial aid determination.
- Students from overseas enrolled in U.S. courses (e.g., online students).
- Graduate students enrolled for thesis credits, even when zero credits are awarded, as these students are still enrolled and seeking their degree.

B. Who NOT to include

- Students enrolled exclusively in courses not creditable toward a formal award or the completion of a vocational program.

- Students taking Continuing Education Units (CEUs) unless they are also enrolled in courses creditable toward a degree or other formal award.
- Students exclusively auditing classes.
- Residents or interns in Doctor's - professional practice fields, since they have already received their Doctor's degree.
- Any student studying abroad (e.g., at a foreign university) if their enrollment at this institution is only an administrative record and the fee is nominal.
- Students in any branch campus located in a foreign country.

Part C - Student Services

Special learning opportunities

Special credit

Indicate if your institution accepts credit earned prior to admission through any of the sources listed.

Special learning opportunities

Indicate if the listed special learning opportunities are offered by your institution. Teacher certification refers to pre-K through 12; if the institution only provides certification for some levels (e.g., elementary only and not secondary), be sure to indicate that only certain levels are offered.

Years of study required for entry (Not applicable to less-than-4-year institutions)

If the institution limits entrance to students who have completed certain academic requirements, select the years of study required for entry. For example, upper division only schools may require 2 years (60 credits) of study prior to admittance, and schools that offer only graduate programs may require bachelor's degrees or 4 years of study for entrance.

Student services

Student services

Indicate which of the listed services are offered by the institution.

Library

Indicate whether your institution offers any of the listed resources or services. If none of the listed resources/services apply, select "None of the above".

Alternative tuition plans

Indicate if your institution offers any alternative tuition plans. Use the context box on the bottom of the page to provide details about tuition plans for College Navigator. Please provide only factual information, context boxes are reviewed and inappropriate information (such as marketing information) will be removed.

Distance education

Distance education is one that uses one or more technologies to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor synchronously or asynchronously.

Requirements for coming to campus for orientation, testing, or academic support services do not exclude a course from being classified as distance education. Technologies used for instruction may include the following: Internet; one-way and two-way transmissions through open broadcasts, closed circuit, cable, microwave, broadband lines, fiber optics, satellite or wireless communication devices; audio conferencing; and video cassette, DVDs, and CD-ROMs, if the cassette, DVDs, and CD-ROMs are used in a course in conjunction with the technologies listed above.

Distance education course

A course in which the instructional content is delivered exclusively via distance education.

Distance education program

A program for which all the required coursework for program completion is able to be completed via distance education courses.

Distance education levels

Indicate whether you offer distance education courses and/or programs at the undergraduate level and/or graduate level. Please check all that apply. If you do not offer distance education courses and/or programs, please select "Does not offer distance education" at the undergraduate and/or graduate level.

Exclusively distance education programs

Indicate whether or not ALL programs offered by your institution are delivered exclusively via distance education, meaning all the required coursework for program completion is able to be completed via distance education courses.

Disabilities

Please indicate the percentage of all undergraduate students enrolled in the time period indicated on screen who were formally registered as students with disabilities with the institution's office of disability services (or the equivalent office). This may include students with physical or learning disabilities, as well as other types of disabilities. If greater than 3% of students are registered as having a disability, you will need to indicate a percentage.

Please use the context box on the page to provide information, such as the webpage for your disabilities services website.

Part D - Student Charges

Screening questions

If you responded to questions regarding full-time, first-time degree/certificate-seeking undergraduate students in the Institutional Characteristics Header survey, your institution will be required to answer all the questions.

On-campus or institutionally controlled off-campus housing requirement

Indicate if ALL full-time, first-time degree/certificate-seeking students are required to live on campus or in institutionally controlled off-campus housing. **If you make ANY exceptions, you should not select this as a requirement, as this will cause inconsistencies in your reporting between this section and the Student Financial Aid survey calculation of net price.**

This question is a screening question, and does not appear on College Navigator. Please respond correctly.

Tuition based on residence

Indicate if the institution charges a different price for students from in-district, in-state, or out-of-state.

Institutionally controlled housing

Indicate if the institution provides institutionally controlled housing (either on- or off-campus) and if so, specify the housing capacity.

Meal plans

Indicate if the institution offers board or meal plans to students. If the institution offers fixed meal plans, provide the number of meals per week in the maximum plan available. Institutions will be asked to report the board charges or combined room and board charges on later screens.

Tuition and fees for undergraduate students (academic year reporters)

Undergraduate students include:

- Students who have not obtained a bachelor's degree;
- Students in bachelor's degree programs that require *at least 4 years but fewer than 6 years* of college work; or
- Students in occupational or general study programs requiring 1, 2, or 3 years of college work that are designed to prepare students for immediate employment or to provide general education rather than to serve as the first 1, 2, or 3 years of a bachelor's degree program.

Undergraduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for undergraduate students

This tuition value differs from cost of attendance as it is the average tuition and fees for ALL undergraduate students and all levels (freshman, sophomore, junior, senior, etc.). It is possible that this number will be different from the cost of attendance that you will report if you have first-time, full-time students.

Since tuition and required fees and room and board charges may be different for varying groups of **full-time undergraduate students** at an institution, adhere to the following rules regarding reporting:

- Report the average tuition and required fees for the full academic year charged to in-district, in-state, and out-of-state students. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.
- If the institution charges tuition on a per-credit-hour basis, estimate average tuition based on the average full-time credit-hour load for an entire academic year.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.
- If the institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee.

Per-credit-hour charges for part-time undergraduate students

Enter the average dollar amount your institution charges to part-time undergraduate students per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Tuition and fees for graduate students

Graduate students include any student who holds a bachelor's degree or equivalent, and is taking courses at the post-baccalaureate level. These students may or may not be enrolled in graduate programs.

Graduate application fee

If the institution charges an application fee, indicate the amount. An application fee is the amount of money that an institution charges for processing a student's application for admittance to the institution. This amount is not creditable toward tuition or required fees, nor is it refundable if the student is not admitted to the institution.

Tuition and required fees for graduate students

Since tuition and required fees may be different for varying groups of full-time graduate students at an institution, adhere to the following rules regarding reporting:

- **Do not include** doctor's-professional practice tuition. This will be collected separately.
- Report the average tuition and required fees charged to full-time graduate students for the full academic year. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and

- indicate that you do not charge different tuitions.
- When reporting required fees, include all fixed sum charges that are REQUIRED of a majority of students.
- Do not include any charges that are clearly optional.

Per-credit-hour charges for part-time graduate students

Enter the dollar amount the institution most frequently charges to **part-time graduate students** per credit hour of instruction. If you selected 'yes' for the screening question that you charge different tuitions for in-district, in-state, and out-of-state, provide amounts in all columns even if two are the same. If they are all the same, go back to the screening question that asks about this and indicate that you do not charge different tuitions.

Doctor's - professional practice tuition and fees

Report the tuition and fees (if applicable, for both in- and out-of-state) for students in the selected professional practice programs.

Number of programs (program reporters only)

Provide the total number of occupational programs offered by your institution. A program is a combination of courses and related activities organized for the attainment of broad educational objectives as described by the institution. Please do not count single courses as a program.

Room and Board

Institutions that offer institutionally controlled housing (either on- or off- campus) will be required to answer the questions in this section.

Report the typical room charge for the full academic year (as indicated on screen) for a full-time student sharing a room with one other student. Report the board charge based on the maximum meal plan available for the full academic year (as indicated on screen) to a full-time student. Report a combined room and board charge only if room and board charges cannot be separated.

- If your institution offers **room** (housing) but does not offer board, refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on board.
- If your institution offers **board** but does not offer room (housing), refer to your institution's cost of attendance budgets from your financial aid office to report an estimate of how much students would spend on room.

Academic year reporters cost of attendance for full-time, first-time undergraduate students

If you made errors in the prior year reporting, you will need to make changes in the Student Financial Aid component in the Winter. There are no changes in the Prior Year Revision System.

This question requires working with your student financial aid office.

Institutions with standard academic terms (semesters, quarters, trimesters, or 4-1-4 or hybrid institutions) should provide cost information for in-district, in-state, and out-of-state students for the **FULL ACADEMIC YEAR** in the columns indicated. The numbers reported for tuition, fees, books and supplies, room and board, and other expenses *must match the amounts used by your financial aid office for determining eligibility for student financial assistance*. If your institution has a single lump sum charge for tuition, required fees, and room and board, enter the amount as a comprehensive fee. You will not be able to lock your submission without these data.

Report BOTH tuition and fees, separately. Please report accurately as these numbers are used in the calculation of net price during the Student Financial Aid survey. Net price appears to the public in College Navigator, including the College Affordability and Transparency Center, as mandated in accordance with Sec. 111 of the Higher Education Opportunity Act of 2008 (HEOA).

Indicate whether the tuition and/or fees reported are covered by a tuition guarantee plan. If they are, but it is not a flat rate, please provide the guaranteed maximum rate of increase.

Program reporters cost (price) of attendance

Institutions with no full-time, first-time students will report the six largest programs on one page, and should follow the directions under 'Reporting the next 5 largest programs' to report these data. **For public institutions, report the in-state or in-district costs if applicable.**

Reporting the largest program

Errors can be corrected in the Student Financial Aid component in the Winter.

This question requires working with your student financial aid office.

This section asks questions about the largest program your institution has offered for entering students. Institutions that provided data for the largest program in the prior year will see pre-loaded data (when CIP code has changed, you will need to update the CIP with an appropriate CIP). If the largest program has changed, check the box provided and indicate a different program. You will be required to enter data for all 4 years as indicated on the screen.

To enter or change the largest program

- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Provide the total length of program in contact or credit hours and in weeks (as completed by a student attending full-time).
- Provide the total length of the academic year, as used to calculate your Pell budget, in contact or credit hours and in weeks.
- Enter an application fee (if applicable).
- Provide amounts for tuition and fees, books and supplies, room and board, and other expenses **FOR THE TIME PERIOD INDICATED** (either for the length of the program, or for 4 weeks). These are the amounts used by your financial aid office for determining eligibility for student financial assistance.

Note: Programs of English as a second language and GED courses are not to be included in IPEDS. Institutions should report their largest program based on enrollment size, regardless of whether or not that program is Title IV.

Reporting the next 5 largest programs

This section asks questions about the next 5 largest programs your institution offers for entering students (or, if you have no full-time, first-time students, the 6 largest programs).

- *Only* if reporting 6 largest programs because you do not have full-time, first-time students, enter an application fee (if applicable).
- Select the CIP category code from the first drop-down box and title from the second drop-down box. If you need to restore the pre-loaded information, click the reset button at bottom of the screen.
- Enter the tuition and required fees charged for the entire length of the program.
- Enter the cost of books and supplies for the program.
- Report the full length of the program and indicate whether the length of the entire program is measured in contact or credit hours.
- Report the number of months it takes a full-time student to complete the program.

Answers:

General

- 1) **What is the purpose of the Institutional Characteristics survey?**
The primary purpose of the IPEDS Institutional Characteristics (IC) survey is to collect basic institutional information including mission, student services, and athletic association. IC also collects student charges data including tuition for different levels and cost data for first-time, full-time students either for programs or for an academic year. This includes tuition and fee data as well as information on the estimated student budgets for students based on living situations (on-campus or off-campus). The cost numbers are also used in the SFA survey during the spring collection to calculate net price of attendance.

- 2) **What institutions are included in IPEDS?**
IPEDS gathers information from every college, university, and technical and vocational institution that participates in the federal student financial aid programs. The Higher Education Act of 1965, as amended, requires that institutions that participate in federal student aid programs report data on enrollments, program completions, graduation rates, faculty and staff, finances, institutional prices, and student financial aid.

- 3) **Can I change my Institutional Characteristics data during the winter or spring surveys if I made a mistake in the fall?**
No, you cannot change your IC data in the winter or spring, except in rare circumstances. Due to processing and the size of the database, it is difficult to make changes once a survey is closed. It is the responsibility of the institution's keyholder to report these data correctly in the fall, as they do impact other surveys (e.g., Student Financial Aid).

- 6) **We offer courses that combine distance education and traditional teaching methods ("hybrid" courses). How should students enrolled in these courses be counted in the distance education portion of Fall Enrollment?**

- 3) **For academic year tuition reporters, what is the difference between the undergraduate tuition and fees charges in Part D question 5, and the tuition and fees charges in Part D question 11?**

The tuition and fees reported in question 5 are the average amounts charged to **all** full-time undergraduate students; the tuition and fees in question 11 represent the average amounts charged to **full-time, first-time** undergraduate students. The data in question 13 should be provided by your financial aid office as these are the amounts used to determine student budgets.

- 4) **How do I calculate or determine "average tuition"?**

If your institution charges tuition on a per-credit-hour basis, then you should estimate average tuition based on the average full-time credit hour load for an entire academic year. If you have different charges for different programs at the undergraduate or graduate levels, calculate the "average" tuition using the amount that a typical student would expect to pay. **BE SURE TO REPORT TUITION FOR THE ENTIRE ACADEMIC YEAR!**
