Introduction:

OMB Control Number 2080-0084
Expires 04/30/2021
EPA Form Number 6000-03

This survey asks for your opinions on coastal water quality in New England and how you use coastal areas for recreation. Your answers to this survey will help inform decisions to improve and protect coastal water quality.

We want to hear from everyone. Even if you do not participate in coastal water recreation or visit coastal New England, some questions will apply to you.

The survey should take you around 15 minutes to complete. There are no wrong answers, but please read each question carefully.

Thank you for your help!

All responses will be kept confidential. Response to this survey is voluntary. Send comments on any aspect of this survey to Recreation Survey, Atlantic Ecology Division, U.S. Environmental Protection Agency, 27 Tarzwell Drive, Narragansett, Rhode Island, 02882.

If you have questions or concerns about the study, you can contact the survey team by email at NERecreationSurvey@abtassoc.com

The public reporting and recordkeeping burden for this collection of information is estimated to average 15 minutes per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques, to the Director, Collection Strategies Division, U.S. Environmental Protection Agency (2822T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed survey to this address.
