## **PRIVACY THRESHOLD ANALYSIS (PTA)**

The PTA is a compliance form developed by the Privacy Branch to identify the use of Personally Identifiable Information (PII) across the Department. The PTA is the first step in the PII verification process, which focuses on these areas of inquiry:

- Purpose for the information,
- Type of information,
- Sensitivity of the information,
- Use of the information,
- And the risk to the information.

Please use the attached form to determine whether a Privacy Impact Assessment (PIA) is required under the E-Government Act of 2002 or a System of Record Notice (SORN) is required under the Privacy Act of 1974, as amended.

Please complete this form and send it to your program Privacy Liaison Officer (PLO). If you have no program Privacy Liaison Officer, please send the PTA to the HUD Privacy Branch:

John Bravacos, Senior Agency Official for Privacy  
U.S. Department of Housing and Urban Development  
[privacy@hud.gov](mailto:privacy@hud.gov)

Upon receipt from your program PLO, the HUD Privacy Branch will review this form. If a PIA or SORN is required, the HUD Privacy Branch will send you a copy of the PIA and SORN templates to complete and return.

## SPECIFIC PTA QUESTIONS

### 1. Reason for submitting the PTA: Choose an item.

*The Public Housing Agency (PHA) Plan was created by section 5A of the United States Housing Act of 1937 (42 U.S.C. 1437c-1). There are two different PHA Plans: the Five-Year Plan and the Annual Plan. The Five-Year Plan describes the agency's mission, long-range goals and objectives for achieving its mission over a five-year period. The Annual PHA Plan is a comprehensive guide to PHA policies, programs, operations, and strategies for meeting local housing needs and goals.*

*The PHA Plans informs HUD, residents, and the public of the PHA's mission for serving the needs of low, very low-income, and extremely low-income families and its strategy for addressing those needs. This information helps provide accountability to the local community for how PHAs spend their funding and implement their policies. Also, PHA plans allow HUD to monitor the performance of programs and the performance of public housing agencies that administer them.*

*HUD's most recent action in July 2016 was to post revise a version of this collection which OMB approved as a full revision incorporating public comments in 2013, and with minor changes in late 2014. Public commenters urged HUD to return to earlier multiple versions of PHA Plan templates by specific PHA type instead of a "One-Size Fits All" form. The 2016 forms were not made public due to ongoing changes of related policies.*

*With this current proposed information collection, HUD intends to further modify the HUD-50075-5Y, HUD-50075-ST, HUD-50075-SM, HUD-50075-HCV, HUD-50075-HP templates and HUD-50077 Civil Rights, PHA Plan, Related Regulations, and Consistency with State/local Consolidated Plan certifications in the following manner as needed without a major overhaul as was done for the 2016 approval:*

- 1) Revise the instructions provided on the Assessment of Fair Housing (AFH) ensuring that program participants continue to conduct the Analysis of Impediments (AI) to fair housing until they are required to submit an AFH*
- 2) Create a new section on all certifications to give program participants the option to add an explanation when they cannot certify to being fully compliant with the stated regulations and*

*As stated in the 2016 notice, due to the de-coupling of Capital Fund Program activities from PHA Plan submissions, the HUD-50075.1 and HUD-50075.2 Capital Fund Annual Statement/Performance and Evaluation Report and 5-Year Action Plan forms, and the associated burden hours (10,070) were removed will be removed from the approval for the PHA Plan under OMB no. 2577-0226 and added to the approval for the Capital Fund Program under OMB no. 2577-0157.*

Payload data: The actual data to be transmitted, often called the payload of the message (metaphorically borrowing a term from the space industry!)
