

## SWIS Survey

### 2019 Sustaining in Women in STEM: Making the Shift Roundtable Discussion and Policy Forum

#### Survey

Thank you for participating in the Sustaining in Women in STEM: Making the Shift Roundtable Discussion and Policy Forum on Nov. 7, 2019. We are writing to provide you with the opportunity to share your success stories about changes you've made personally, or within your organizations, to support and sustain women in STEM careers. Your feedback is strictly voluntary, and all responses will be summarized without any personally identifiable information provided. However, a section has been included for you to provide your name, title and/or company name if you want attribution for your success story. Please note, providing your information does not guarantee you will receive attribution for every reference and/or mention of your success story. Decisions are at the discretion of the Sustaining Women in STEM staff.

#### Paperwork Reduction Act Statement

This information collection meets the requirements of 44 U.S.C 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. The Office of Management and Budget control number for this information collection is 2700-0153, and it expires on Sept. 30, 2021. This survey should take 30 minutes.

OK

1. Which statements below best represent any actions you have taken since your participation in the 2019 Sustaining Women in STEM forum? (Check all that apply.)

- |                                                                                                                                                      |                                                                                                                                                                                                                 |
|------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> I have implemented something I learned and have achieved a valuable result.                                                 | <input type="checkbox"/> I have some plans to apply my learning, but I haven't been able to implement them yet.                                                                                                 |
| <input type="checkbox"/> I have implemented something I learned and have achieved some key milestones.                                               | <input type="checkbox"/> For one reason or another (other priorities, a change in plans), it is unlikely I will be able to apply any of the recommendations provided during the Sustaining Women in STEM forum. |
| <input type="checkbox"/> I have begun to implement some of the strategies and recommendations I learned, but I can't report any interim results yet. |                                                                                                                                                                                                                 |
