(Mo/Day/Year)

**Eating Disorder Treatment  
Summary Form**  
OMB No.: 0420-0550  
Expiration Date: 00/00/0000

## Eating Disorder Treatment Summary Form (Confidential)

The individual listed above has applied to serve as a Peace Corps Volunteer and has reported a history of an eating disorder or disordered eating patterns. The mental health provider who has oversight and management of the applicant's treatment or has access to the applicant's mental health records should complete this form. If you do not have access to appropriate records, please indicate this on the form.

**Note to the Mental Health Provider:** Please be candid when answering the questions below. During Peace Corps service, a Volunteer may be placed in a community that is very isolated and remote, with the potential for a history of high crime, history of violence, current extreme poverty, and/or inequitable treatment of members of the population. There may also be limited access to Western-trained mental health professionals and little support for existing or new mental health symptoms. Please take these factors into consideration when answering the questions below. This form will also be considered "incomplete" and returned to the applicant if all questions are not answered.

## PRIVACY ACT NOTICE

This information is collected under the authority of the Peace Corps Act, 22 U.S.C. 2501 et seq. It will be used primarily for the purpose of determining your eligibility for Peace Corps service and, if you are invited to service as a Peace Corps Volunteer, for the purpose of providing you with medical care during your Peace Corps service. Your disclosure of this information is voluntary; however, **your failure to provide this information or failure to disclose relevant information may result in the rejection of your application to become a Peace Corps Volunteer.**

This information may be used for the purposes described in the Privacy Act, 5 U.S.C. 552a, including the routine uses listed in the Peace Corps' System of Records. Among other uses, this information may be used by those Peace Corps staff members who have a need for such information in the performance of their duties. It may also be disclosed to the Office of Workers' Compensation Programs in the Department of Labor in connection with claims under the Federal Employees' Compensation Act and, when necessary, to a physician, psychiatrist, clinical psychologist, licensed clinical social worker or other medical personnel treating you or involved in your treatment or care. A full list of routine uses for this information can be found on the Peace Corps website at <http://multimedia.peacecorps.gov/multimedia/pdf/policies/systemofrecords.pdf>.

## BURDEN STATEMENT

Public reporting burden for this collection of information is estimated to average 105 minutes per applicant and 60 minutes per mental health provider per response. This estimate includes the time for reviewing instructions and completing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: FOIA Officer, Peace Corps, 1111 20<sup>th</sup> Street, NW, Washington, DC, 20526 ATTN: PRA (0420-0550). Do not return the complete form to this address.

## F. Clinical Assessment

Psychological tests/measures administered:

*(Please attach pertinent reports or summaries, if any)*

1. \_\_\_\_\_
2. \_\_\_\_\_

To the best of your ability, describe the applicant's ego strength, emotional stability, and flexibility:

---

---

---

To the best of your ability, describe the applicant's coping strategies:

---

---

---

To the best of your ability, describe the applicant's overall functioning (interpersonal and work) and prognosis based on your clinical observations:

---

---

---

What is the applicant's plan for maintaining healthy weight, diet, and exercise while serving in the Peace Corps?

---

---

---

To the best of your ability, rate and describe the applicant's risk of relapse in a stressful overseas environment **(characterized by isolation, lack of structure, limited social supports, restrictive food environments, and restrictive exercise environments)**:

High/Likely    Possible    Low/Unlikely

---

---

---

---

## G. Recommendations & Follow Up

What specific recommendations for eating disorder support do you have regarding the management of this applicant's condition over the next three years? All recommendations will help determine the best placement for the Peace Corps applicant.

---

---

---

---

Any other comments or concerns related to the information provided on this form or regarding this applicant?

---

---

---

---

I certify this information is, in my opinion, an accurate representation of the baseline status of this eating disorder condition for the applicant listed above.
