| Remove questions 12C, and 12D. The information collected from these questions is no longer published in any BEA releases or final publication. Additionally, the data gathered here aren't used in any part of our analysis of inventories or revenue for these industries. This is on top of the fact that an insignificant number of cases have reported in these lines in prior years. Our hope is that their removal will simplify the item as a whole, which might encourage reporting in the remaining questions. <br> 12 C.
