

INSTRUCTIONS FOR COMPLETING DD FORM 2807-2, ACCESSIONS MEDICAL HISTORY REPORT

1. This form is to be completed by each individual who requires medical processing in accordance with Department of Defense Instruction (DODI) 6130.03, "Physical Standards for Appointment, Enlistment, or Induction" and DODI 1304.02, "Accession Processing Data Collection Forms." This form must be completed by the applicant with the assistance of the recruiter, parent(s), or guardian, as needed.

2. Replaces the existing medical prescreen form (DD Form 2807-2, MAR 2015) and the DoD Medical Examination Review Board Report of Medical History (DD Form 2492, MAR 2008). Additional questions have been added to improve its usefulness to the accessions medical pre-screening process. The questions are intended to provide the U.S. Military Entrance Processing Command (USMEPCOM) and Department of Defense Medical Examination Review Board (DoDMERB) with health history information necessary to identify conditions commonly related to medical causes for separation during basic and follow-on training (per P.L. 105-85, Div. A, Title V, S 532).

3. Use of medical history information facilitates efficient, timely, and accurate medical processing of individuals applying for Service in the United States Armed Forces or United States Coast Guard. Positive responses do not automatically result in disqualification but are necessary to prompt further explanation that will be used to determine medical qualification. Medical history information assists USMEPCOM/DoDMERB medical personnel in the medical prescreening of applicants. Accurate responses to all questions are critical and all positive responses must be fully explained. Applicant responses to questions may be verified using electronically obtained medical history by the USMEPCOM/DoDMERB. Medical history information will be used by the Department of Defense for continuity of care purposes if and when an applicant accesses into the Armed Forces or Coast Guard. Supporting medical information in the form of historical medical records may also be attached to the Service member's medical record. Medical history information collected by the USMEPCOM/DoDMERB during accession medical processing will serve as the foundation for a Service member's lifecycle electronic medical treatment.

4. If processing at a MEPS: The completed DD Form 2807-2 along with all substantiating and supporting medical documents must be delivered to USMEPCOM for review prior to scheduling the applicant for medical examination. All documents must be submitted for review in accordance with standards below. After review, the Military Entrance Processing Station (MEPS) will notify the Recruiting Service of the applicant's status.

- 1 processing day prior for applicants with no positive medical history (all items marked "NO" with the exception of items 9 (glasses/contacts), 11 (defective color vision), and 20 (braces) which can be "YES").

- 2 processing days prior; for applicants with ANY positive medical history (other than those noted above) and 5 OR LESS single-sided pages of supporting medical documents.

- 3 processing days prior; for applicants with ANY positive medical history (other than those noted above) and MORE THAN 5 single-sided pages of supporting medical documents.

Secure electronic submission is preferable; if not feasible bring/mail to the nearest MEPS which can be found at <http://www.mepcom.army.mil/battalions/index.html>. All supporting medical documentation must be present with the DD Form 2807-2 to meet the above timeframes for review. After review by a USMEPCOM provider, appropriate processing notification will be made.

5. If processing at a MEPS: If an applicant has been seen by any Health Care Provider (HCP) and/or has been hospitalized for any reason, medical records/documentation must be obtained and submitted along with a medical release to USMEPCOM. Provide all medical documents via secure electronic submission (if possible) to the nearest MEPS. If hand-carried or mailed, ensure they are sealed in an envelope marked: "CONFIDENTIAL: MEPS MEDICAL DEPARTMENT".

a. If the applicant was evaluated and/or treated on an out-patient basis, obtain a copy of actual treatment records of the private medical doctor/HCP including:

(1) office or clinic assessment and progress notes, including the initial assessment documents, subsequent evaluation and treatment documents, and record of date when released from care to full, unrestricted activity;

(2) emergency room (ER) report(s);

(3) study reports (e.g. x-ray, magnetic resonance imaging (MRI), Computerized Tomography (CT), etc.);

(4) procedure reports (e.g., arthroscopy, electroencephalogram (EEG; brain wave test), echocardiogram (ultrasound of the heart), etc.);

(5) pathology reports (e.g., tissue specimens sent to lab for microscopic diagnosis, abnormal PAP smear cytology, etc.);

(6) specialty consultation records (e.g., neurologist, cardiologist, OB/GYN, gastroenterologist, orthopedic surgeon, pulmonologist, allergist, etc.).

b. If the applicant was hospitalized, obtain a copy of the inpatient hospital record, to include (if any): ER report, admission history and physical, study reports, procedure reports, operative report (example: surgery to bone or joint), pathology report, specialty consultation reports, and discharge summary.

c. If an applicant has been diagnosed or treated for any attention disorder (Attention Deficit Disorder (ADD), Attention Deficit Hyperactivity Disorder (ADHD), etc.), academic skills or perceptual defect, or had an Individualized Education Plan or 504 Plan, call/contact the MEPS medical department for additional instructions.

d. Obtain any and all documents relating to any evaluation, treatment or consultation with a psychiatrist, psychologist counselor, or therapist, on an inpatient or out-patient basis for any reason, including but not limited to counseling or treatment for adjustment or mood disorder, family or marriage problems, depression, treatment or rehabilitation for alcohol, drug, or substance abuse.

6. MEPS Chief Medical Officers (CMOs) or DoDMERB may locally modify the above instructions and instruct recruiters on what supporting medical documents they require to complete the DD Form 2807-2 medical prescreen review, if doing so enhances the efficiency of medical processing and is consistent with DODI 6130.03 and USMEPCOM/DoDMERB guidance.

7. If all attempts to obtain required substantiating and supporting medical documents fail, the recruiter must contact the appropriate medical department, MEPS medical department for enlistment applicants and DoDMERB for officer applicants, for guidance prior to submitting an incomplete medical prescreen packet.

SECTION II - AUTHORIZATION STATEMENT

I (we), the undersigned:

- 1 Have read and understand the warning and penalties that are associated with providing a false statement.
- 1 Certify the information on this form is true and complete to the best of my knowledge and belief, and no person has advised me to conceal or falsify any information about my physical and mental history.
- 1 Authorize and understand that a physical examination is part of the accession evaluation, may require several visits to the Military Entrance Processing Station (MEPS), and Department of Defense Medical Examination Review Board (DoDMERB) contracted medical centers and that I may have blood work and/or other medical tests, procedures and/or specialty consultations performed as part of my processing. I understand that the results of the examination, tests, and consults will be reviewed and considered as part of my application file and are not performed as part of an individual healthcare treatment plan. The MEPS/DoDMERB medical staff are not my healthcare providers. If I do not receive notice of an abnormal test or consult, I am not to assume that the results are normal. Furthermore, if any test or consult results are abnormal, I am responsible for obtaining those results from the MEPS and for any necessary follow-up evaluations and/or treatment. If I am notified to return to the MEPS to discuss medical results, it is my responsibility to take quick action to return to the MEPS to speak with the Chief Medical Officer (CMO). Any concerns that I have about my health and healthcare are my responsibility to address with my personal healthcare provider(s).
- 1 Understand that neither USMEPCOM or DoDMERB are financially responsible for costs associated with any necessary follow-up evaluations and/or treatment based on my screening evaluation. Any concerns that I have about my health and healthcare are my responsibility to address with my personal healthcare provider(s)
- 1 Understand that I must provide required documentation regarding my health history which, upon my accession, will become part of my Service member lifecycle medical treatment record.
- 1 I agree that all personal information or data disclosed by myself or others on my behalf with my consent during this process may be further disseminated as needed during the accession process and that my medical information is no longer protected by federal Health Insurance Portability and Accountability Act of 1966 (HIPAA) Privacy Regulations.
- 1 Authorize release of records and information relating to grades, performance, individual education plans, and disciplinary proceedings. Under the Family Educational Rights and Privacy Act (FERPA) USMEPCOM/DoDMERB is authorized to receive all my education/disciplinary records for evaluation of my acceptability for Service in the Armed Forces.
- 1 Understand that I have the right to refuse to sign this authorization but also understand that failure to do so may cause me to be found disqualified for further processing.
- 1 Understand this authorization will expire four years from the date of the signature below or sooner if written request is received by USMEPCOM/DoDMERB Staff Judge Advocate's Office. I have the right to revoke this authorization in writing, except to the extent that the DoD has acted in reliance on this information.

SECTION VII - MEDICAL PROVIDER'S SUMMARY AND DESCRIPTION OF PERTINENT INFORMATION:

Review and comment on all medical records, electronically provided medical history information, and other electronic data available in the Department of Defense Accessions Processing System. Medical providers may also develop any additional medical history deemed important and record significant findings here or by interview and document them on DD Form 2808, "Report of Medical Examination". Attach additional sheet(s) if necessary.
