The following questions are about your beliefs about education and caregiving.

G_HAMRE1.

A small group of children is painting on paper at a table. One child asks if they can paint some rocks they collected earlier in the day. The best thing to do is:

- Get the rocks and let the child paint them.
- Tell them rocks aren't for painting.
- Tell them it would make too much of a mess.
- Tell the child that is something they can do at home, not at school.

G_HAMRE2.

A child is crying at drop-off because she misses her mom. Which of the following is most likely to help the child in that moment:

- Let the child sit alone for a while until she calms down.
- Talk with the parent to figure out what happened.
- Encourage the child's friends to try to distract her.
- Spend time with her until the child feels better.

G_HAMRE3.

A child hits another child. The most effective response is to:

- Separate the children by moving the child who was hit into another center.
- Remind the child that hands are not for hitting, then help re-engage him in an activity.
- Ignore the behavior.
- Tell the child's parents about the misbehavior.

G_HAMRE4.

A child is trying to put together a puzzle that is too difficult for her. The best thing to do is:

- Sit with her and give her hints that help her complete the puzzle.
- Provide her a puzzle that is easier for her to complete.
- Encourage her to keep trying it on her own.
- Complete the puzzle for her as a demonstration.
