Subpart A—General Provisions

[↑ Back to Top](#)

§221.1 What is the purpose of this part, and to what license proceedings does it apply?

(a) *Hearing process.* (1) The regulations in subparts A and B of this part contain rules of practice and procedure applicable to hearings on disputed issues of material fact with respect to mandatory conditions and prescriptions that the Department of Commerce (acting through the National Oceanic and Atmospheric Administration's (NOAA's) National Marine Fisheries Service (NMFS) and other NOAA entities) may develop for inclusion in a hydropower license issued under subchapter I of the Federal Power Act (FPA), 16 U.S.C. 791 *et seq.* The authority to develop these conditions and prescriptions is granted by FPA sections 4(e) and 18, 16 U.S.C. 797(e) and 811, which authorize the Secretary of Commerce to condition hydropower licenses issued by the Federal Energy Regulatory Commission (FERC) and to prescribe fishways.

(2) The hearing process under this part does not apply to provisions that the Department of Commerce may submit to FERC under any authority other than FPA section 4(e) and 18, including recommendations under FPA section 10(a) or (j), 16 U.S.C. 803(a), (j), or terms and conditions under FPA section 30(c), 16 U.S.C. 823a(c).

(3) The FPA also grants the Department of Agriculture and the Department of the Interior the authority to develop mandatory conditions, and the Department of the Interior the authority to develop mandatory prescriptions, for inclusion in a hydropower license. Where the Department of Commerce and either or both of these other Departments develop conditions or prescriptions to be included in the same hydropower license and where the Departments agree to consolidate the hearings under §221.23:

(i) A hearing conducted under this part will also address disputed issues of material fact with respect to any condition or prescription developed by one of the other Departments; or

(ii) A hearing requested under this part will be conducted by one of the other Departments, pursuant to 7 CFR 1.601 *et seq.* or 43 CFR 45.1 *et seq.*, as applicable.

(4) The regulations in subparts A and B of this part will be construed and applied to each hearing process to achieve a just and speedy determination, consistent with adequate consideration of the issues involved and the provisions of §221.60(a).

(b) *Alternatives process.* The regulations in subparts A and C of this part contain rules of procedure applicable to the submission and consideration of alternative conditions and prescriptions under FPA section 33, 16 U.S.C. 823d. That section allows any party to the license proceeding to propose an alternative to a condition deemed necessary by NOAA under section 4(e) or a fishway prescribed by NMFS under section 18.

(c) *Reserved authority.* Where NOAA has notified or notifies FERC that it is reserving its authority to develop one or more conditions or prescriptions at a later time, the hearing and alternatives processes under this part for such conditions or prescriptions will be available if and when NOAA exercises its reserved authority.

(d) *Applicability.* (1) This part applies to any hydropower license proceeding for which the license had not been issued as of November 17, 2005, and for which one or more preliminary conditions or prescriptions have been or are filed with FERC before FERC issues the license.

(2) This part also applies to any exercise of NOAA's reserved authority under paragraph (c) of this section with respect to a hydropower license issued before or after November 17, 2005.

PREHEARING CONFERENCES AND DISCOVERY

[↑ Back to Top](#)

§221.40 What are the requirements for prehearing conferences?

(a) *Initial prehearing conference.* The ALJ will conduct an initial prehearing conference with the parties at the time specified in the notice under §221.30, on or about the 20th day after the effective date stated in the referral notice under §221.26(c)(4), 7 CFR 1.626(c)(4), or 43 CFR 45.26(c)(4).

(1) The initial prehearing conference will be used:

(i) To identify, narrow, and clarify the disputed issues of material fact and exclude issues that do not qualify for review as factual, material, and disputed;

(ii) To consider the parties' motions for discovery under §221.41 and to set a deadline for the completion of discovery;

(iii) To discuss the evidence on which each party intends to rely at the hearing;

(iv) To set deadlines for submission of written testimony under §221.52 and exchange of exhibits to be offered as evidence under §221.54; and

(v) To set the date, time, and place of the hearing.

(2) The initial prehearing conference may also be used:

(c) *Notice.* The ALJ must give the parties reasonable notice of the time and place of any conference. A conference will ordinarily be held by telephone, unless the ALJ orders otherwise.

(d) *Preparation.* (1) Each party's representative must be fully prepared to discuss all issues pertinent to that party that are properly before the conference, both procedural and substantive. The representative must be authorized to commit the party that he or she represents respecting those issues.

(2) Before the date set for the initial prehearing conference, the parties' representatives must make a good faith effort:

(i) To meet in person, by telephone, or by other appropriate means; and

(ii) To reach agreement on discovery and the schedule of remaining steps in the hearing process.

(e) *Failure to attend.* Unless the ALJ orders otherwise, a party that fails to attend or participate in a conference, after being served with reasonable notice of its time and place, waives all objections to any agreements reached in the conference and to any consequent orders or rulings.

(f) *Scope.* During a conference, the ALJ may dispose of any procedural matters related to the case.

(g) *Order.* Within 2 days after the conclusion of each conference, the ALJ must issue an order that recites any agreements reached at the conference and any rulings made by the ALJ during or as a result of the conference.

§221.41 How may parties obtain discovery of information needed for the case?

(a) *General.* By agreement of the parties or with the permission of the ALJ, a party may obtain discovery of information to assist the party in preparing or presenting its case. Available methods of discovery are:

(2) Depositions of witnesses as provided in paragraph (h) of this section; and

(3) Requests for production of designated documents or tangible things or for entry on designated land for inspection or other purposes.

(b) *Criteria.* Discovery may occur only as agreed to by the parties or as authorized by the ALJ during a prehearing conference or in a written order under §221.40(g). The ALJ may authorize discovery only if the party requesting discovery demonstrates:

(1) That the discovery will not unreasonably delay the hearing process;

(2) That the information sought:

(i) Will be admissible at the hearing or appears reasonably calculated to lead to the discovery of admissible evidence;

(ii) Is not already in the license proceeding record or otherwise obtainable by the party;

(iii) Is not cumulative or repetitious; and

(iv) Is not privileged or protected from disclosure by applicable law;

(3) That the scope of the discovery is not unduly burdensome;

(4) That the method to be used is the least burdensome method available;

(5) That any trade secrets or proprietary information can be adequately safeguarded; and

(6) That the standards for discovery under paragraphs (f) through (h) of this section have been met, if applicable.

(c) *Motions*. A party may initiate discovery:

(1) Pursuant to an agreement of the parties; or

(2) By filing a motion that:

(i) Briefly describes the proposed method(s), purpose, and scope of the discovery;

(ii) Explains how the discovery meets the criteria in paragraphs (b)(1) through (b)(6) of this section; and

(iii) Attaches a copy of any proposed discovery request (written interrogatories, notice of deposition, or request for production of designated documents or tangible things or for entry on designated land).

(d) *Timing of motions*. A party must file any discovery motion under paragraph (c)(2) of this section within 7 days after the effective date stated in the referral notice under §221.26(c)(4), 7 CFR 1.626(c)(4), or 43 CFR 45.26(c)(4).

(e) *Objections*. (1) A party must file any objections to a discovery motion or to specific portions of a proposed discovery request within 7 days after service of the motion.

(2) An objection must explain how, in the objecting party's view, the discovery sought does not meet the criteria in paragraphs (b)(1) through (b)(6) of this section.

(f) *Materials prepared for hearing*. A party generally may not obtain discovery of documents and tangible things otherwise discoverable under paragraph (b) of this section if they were prepared in anticipation of or for the hearing by or for another party's representative (including the party's attorney, expert, or consultant).

(1) If a party wants to discover such materials, it must show:

(i) That it has substantial need of the materials in preparing its own case; and

(ii) That the party is unable without undue hardship to obtain the substantial equivalent of the materials by other means.

(2) In ordering discovery of such materials when the required showing has been made, the ALJ must protect against disclosure of the mental impressions, conclusions, opinions, or legal theories of an attorney.

(g) *Experts*. Unless restricted by the ALJ, a party may discover any facts known or opinions held by an expert through the methods set out in paragraph (a) of this section concerning any relevant matters that are not privileged. Such discovery will be permitted only if:

(1) The expert is expected to be a witness at the hearing; or

(2) The expert is relied on by another expert who is expected to be a witness at the hearing, and the party shows:

(i) That it has a compelling need for the information; and

(ii) That it cannot practicably obtain the information by other means.

(h) *Limitations on depositions*. (1) A party may depose an expert or non-expert witness only if the party shows that the witness:

(i) Will be unable to attend the hearing because of age, illness, or other incapacity; or

(ii) Is unwilling to attend the hearing voluntarily, and the party is unable to compel the witness's attendance at the hearing by subpoena.

(2) Paragraph (h)(1)(ii) of this section does not apply to any person employed by or under contract with the party seeking the deposition.

(3) A party may depose a senior Department employee only if the party shows:

(i) That the employee's testimony is necessary in order to provide significant, unprivileged information that is not available from any other source or by less burdensome means; and

(ii) That the deposition would not significantly interfere with the employee's ability to perform his or her government duties.

(4) Unless otherwise stipulated to by the parties or authorized by the ALJ upon a showing of extraordinary circumstances, a deposition is limited to 1 day of 7 hours.

(i) *Completion of discovery*. All discovery must be completed within 25 days after the initial prehearing conference.

(2) If a party wishes to include any new witness or exhibit on its updated list, it must provide an explanation of why it was not feasible for the party to include the witness or exhibit on its list under §§221.21(c), 221.22(c), or 221.25(c).

(c) *Failure to disclose.* (1) A party will not be permitted to introduce as evidence at the hearing testimony from a witness or other information that it failed to disclose under §§221.21(c), 221.22(c), or 221.25(c), or paragraphs (a) or (b) of this section.

(2) Paragraph (c)(1) of this section does not apply if the failure to disclose was substantially justified or is harmless.

(3) A party may object to the admission of evidence under paragraph (c)(1) of this section before or during the hearing.

(4) The ALJ will consider the following in determining whether to exclude evidence under paragraphs (c)(1) through (3) of this section:

(i) The prejudice to the objecting party;

(ii) The ability of the objecting party to cure any prejudice;

(iii) The extent to which presentation of the evidence would disrupt the orderly and efficient hearing of the case;

(iv) The importance of the evidence; and

(v) The reason for the failure to disclose, including any bad faith or willfulness regarding the failure.

(b) *ALJ order.* The ALJ will issue an order under §221.41(b) with respect to any discovery motion requesting the use of written interrogatories. The order will:

(1) Grant the motion and approve the use of some or all of the proposed interrogatories; or

(c) *Answers to interrogatories.* Except upon agreement of the parties, the party to whom the proposed interrogatories are directed must file its answers to any interrogatories approved by the ALJ within 15 days after issuance of the order under paragraph (b) of this section.

(1) Each approved interrogatory must be answered separately and fully in writing.

(2) The party or its representative must sign the answers to interrogatories under oath or affirmation.

(d) *Access to records.* A party's answer to an interrogatory is sufficient when:

(1) The information may be obtained from an examination of records, or from a compilation, abstract, or summary based on such records;

(2) The burden of obtaining the information from the records is substantially the same for all parties;

(3) The answering party specifically identifies the individual records from which the requesting party may obtain the information and where the records are located; and

(4) The answering party provides the requesting party with reasonable opportunity to examine the records and make a copy, compilation, abstract, or summary.

§221.47 What are the requirements for subpoenas and witness fees?

(a) *Request for subpoena.* (1) Except as provided in paragraph (a)(2) of this section, any party may request by written motion that the ALJ issue a subpoena to the extent authorized by law for the attendance of a person, the giving of testimony, or the production of documents or other relevant evidence during discovery or for the hearing.

(2) A party may request a subpoena for a senior Department employee only if the party shows:

- (i) That the employee's testimony is necessary in order to provide significant, unprivileged information that is not available from any other source or by less burdensome means; and
- (ii) That the employee's attendance would not significantly interfere with the ability to perform his or her government duties.

(b) *Service.* (1) A subpoena may be served by any person who is not a party and is 18 years of age or older.

(2) Service must be made by hand delivering a copy of the subpoena to the person named therein.

(3) The person serving the subpoena must:

(2) A witness who is not a party and who attends a deposition or hearing at the request of any party without having been subpoenaed is entitled to the same fees and mileage expenses as if he or she had been subpoenaed. However, this paragraph does not apply to Federal employees who are called as witnesses by a Department.

- (d) *Motion to quash.* (1) A person to whom a subpoena is directed may request by motion that the ALJ quash or modify the subpoena.
- (2) The motion must be filed:

- (i) Within 5 days after service of the subpoena; or

(3) Forward to FERC the complete record for the hearing process, along with the certified list prepared under paragraph (c)(2) of this section, for inclusion in the record for the license proceeding. Materials received in electronic form, *e.g.*, as attachments to electronic mail, should be transmitted to FERC in electronic form. However, for cases in which a settlement was reached prior to a decision, the entire record need not be transmitted to FERC. In such situations, only the initial pleadings (hearing requests with attachments, any notices of intervention and response, answers, and referral notice) and any dismissal order of the ALJ need be transmitted.

(d) *Finality.* The ALJ's decision under this section with respect to the disputed issues of material fact will not be subject to further administrative review. To the extent the ALJ's decision forms the basis for any condition or prescription subsequently included in the license, it may be subject to judicial review under 16 U.S.C. 825(b).

(a) *General.* To propose an alternative condition or prescription, you must:

(1) Be a license party; and

(2) File a written proposal with the Office of Habitat Conservation, at the address set forth in §221.2:

(i) For a case under §221.1(d)(1), within 30 days after NOAA files a preliminary condition or prescription with FERC; or

(i) Cost significantly less to implement; or

(ii) Result in improved operation of the project works for electricity production;

(4) An explanation of how the alternative will affect:

(i) Energy supply, distribution, cost, and use;

(ii) Flood control;

(a) Except as provided in paragraph (b) of this section, if any license party proposes an alternative to a preliminary condition or prescription under §221.71, NOAA will do the following within 60 days after the deadline for filing comments on FERC's draft NEPA document under 18 CFR 5.25(c):

(1) Analyze under §221.74 any alternative condition or prescription proposed under §221.71 or 221.72; and

[↑ Back to Top](#)

§221.74 How will NOAA analyze a proposed alternative and formulate its modified condition or prescription?

(a) In deciding whether to accept an alternative proposed under §221.71 or 221.72, NOAA must consider evidence and supporting material provided by any license party or otherwise reasonably available to NOAA, including:

- (1) Any evidence on the implementation costs or operational impacts for electricity production of the proposed alternative;
- (2) Any comments received on NOAA's preliminary condition or prescription;
- (3) Any ALJ decision on disputed issues of material fact issued under §221.60 with respect to the preliminary condition or prescription;
- (4) Comments received on any draft or final NEPA documents; and
- (5) The license party's proposal under §221.71 or §221.72.

(b) NOAA must accept a proposed alternative if NOAA determines, based on substantial evidence provided by any license party or otherwise reasonably available to NOAA, that the alternative:

 - (i) Cost significantly less to implement; or
 - (ii) Result in improved operation of the project works for electricity production; and
- (2) Will:
 - (i) If a condition, provide for the adequate protection and utilization of the reservation; or
 - (ii) If a prescription, be no less protective than NMFS's preliminary prescription.

(c) For purposes of paragraphs (a) and (b) of this section, NOAA will consider evidence and supporting material provided by any license party by the deadline for filing comments on FERC's NEPA document under 18 CFR 5.25(c).

(2) Any study, data, and other factual information relied on that is not already part of the licensing proceeding record.

(e) The written statement under paragraph (d)(1) of this section must demonstrate that NOAA gave equal consideration to the effects of the condition or prescription adopted and any alternative not accepted on:

- (1) Energy supply, distribution, cost, and use;
- (2) Flood control;
- (3) Navigation;
- (4) Water supply;
- (5) Air quality; and
- (6) Preservation of other aspects of environmental quality.

§221.75 Has OMB approved the information collection provisions of this subpart?

Yes. This rule contains provisions that would collect information from the public. It therefore requires approval by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995, 44 U.S.C. 3501 *et seq.* (PRA). According to the PRA, a Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number that indicates OMB approval. OMB has reviewed the information collection in this rule and approved it under OMB control number 1094-0001.
