SUBJECT: Senior Community Service Employment Program State Plan Modifications

1. **Purpose.** The purpose of this Training and Employment Guidance Letter (TEGL) is to provide Senior Community Service Employment Program (SCSEP) states, territories, and outlying areas with guidance for submission of two-year modifications to SCSEP Stand-Alone State Plans, including the submission process and deadline for submission. Note that this guidance pertains only to states that submitted a SCSEP Stand-Alone State Plan for Program Years (PY) 2016-2019. States that included SCSEP as part of a Unified or Combined State Plan for PY 2016-2019 must refer to TEGL 06-17, “Modification Requirements for Workforce Innovation and Opportunity Act (WIOA) Unified and Combined State Plans” for instructions.

3. Background.

In order to receive SCSEP funds, the OAA requires each state to submit a State Plan that includes a four-year strategy for the statewide provision of community services and other authorized activities for eligible individuals under the SCSEP. The OAA also requires that each state submit modifications to the State Plan not less often than every two years.

Similarly, WIOA requires States to submit State Plans every four years to the Departments of Labor, Education, and Health and Human Services outlining their workforce development activities. Every two years, the Governor is required to review the four-year State plan and submit modifications for consideration and approval.

In Program Year (PY) 2016, per TEGL 16-15, SCSEP grantees had the option of submitting a SCSEP Stand-Alone State Plan as an independent document or as part of a Combined State Plan with other WIOA programs. As noted above, states that included SCSEP in a Combined State Plan for PY 2016-2019 must refer to TEGL 06-17 for instructions for modifying their State Plan. For states that submitted a SCSEP Stand-Alone State Plan for PY 2016-2019 please see the instructions provided below and attached.

Please note that the Department has issued an Interim Final Rule (IFR) that updates the SCSEP regulations as required by the 2016 OAA Reauthorization Act. The overall purpose of the IFR is to align the SCSEP performance indicators with WIOA core measures, with some distinctions. The IFR also makes minor, non-substantive changes to Subpart C and the sections relating to State Plans, including sections 641.300, 302, 315, 320, 325, 335, and 370. While the OAA and the IFR encourage coordination with WIOA programs, the IFR retains the provision allowing States to submit SCSEP Stand-Alone State Plans as an independent document. While the IFR changes affect the requirements for future SCSEP State Plan submissions, they do not affect the submissions of the two-year modifications for PY 2016-2019 State Plans.

Whether States and territories are submitting modifications for Combined or Stand-Alone plans, they should review all the SCSEP regulations and the TEGs listed above for clarification of the requirements and expectations of State Plan modification submissions for SCSEP.

- ### **4. Required Updates to SCSEP State Plans.** SCSEP regulations require that either the Governor or the highest state governmental official review and submit an update to the State Plan every 2 years (20 CFR 641.340(a)).

SCSEP grantees must make the modified plan available for public comment before submission (20 CFR 641.345(c)). The regulations allow but do not require the state to seek the advice and recommendations of individuals and organizations affected by changes to the plan (20 CFR 641.345(d)).

PY 2016 SCSEP State Plans covered planned activities for activities and services during program years 2016-2019. For detailed SCSEP State Plan modification requirements, please see Attachment I. Modifications must address all of the areas in Attachment I that are applicable. Below is a summary of the areas in which states must report any changes:

- Changes to references: any WIA citations in the PY 2016 plan must be changed and replaced with appropriate WIOA citations.
- Changes in long-term industry or occupational outlooks that affect employment opportunities for older workers (20 CFR 641.302(d)).
- Changes in long-term employment projections that affect the types of unsubsidized jobs available for SCSEP participants and the types of skill training they receive (20 CFR 641.302(d)).
- Changes in current or projected employment opportunities in the state and the types of skills possessed by eligible individuals (20 CFR 641.325(c)).
- Changes in the localities served or changes in the characteristics of the populations served by SCSEP (20 CFR 641.325 (d)).
- Changes in how SCSEP coordinates with other programs including the following:
 - 1) Planned actions to coordinate activities of SCSEP grantees with WIOA Title I programs, including plans for using the WIOA One-Stop delivery system and its partners to serve individuals aged 55 and older. (20 CFR 641.302(g), 641.325(e))
 - 2) Planned actions to coordinate SCSEP grantee activities with the state activities being carried out under the other titles of the Older Americans Act (20 CFR 641.302(h)).
 - 3) Planned actions to coordinate SCSEP with other private and public entities and programs that serve older Americans, such as community and faith-based organizations, transportation programs, and programs for those with special needs or disabilities (20 CFR 641.302(i)).
 - 4) Planned actions to coordinate SCSEP with other labor market and job training initiatives (20 CFR 641.302(j)).
 - 5) Actions to ensure that SCSEP is an active partner in the one-stop delivery system and the steps the state will take to encourage and improve coordination with the One-Stop delivery system (20 CFR 641.335).
- Changes in the state's long-term strategy for engaging employers to develop and promote opportunities to place SCSEP participants in unsubsidized employment (20 CFR 641.302(e)).
- Changes in any of the requirements listed in 20 CFR 641.345(b), such as changes in Federal law or policy that affect the state plan's functions; changes in performance indicators, or organizational responsibilities; changes in grantee or grantee functions; or when the state has failed to meet performance goals and must submit a corrective action plan.

5. **Soliciting Public Comment and Submitting Modifications to the SCSEP Portions of State Plans.** States and territories that submitted PY 2016-2019 SCSEP Stand-Alone State Plans may describe their updates in a separate document or can alter the original document and submit with track changes. As noted above, states that submitted the SCSEP State Plan as part of a WIOA Combined State Plan must refer to TEGL 06-17 for instructions. The state grantee should follow established state procedures to solicit and collect public comments on the modified State Plan.

States and territories must submit their SCSEP Stand-Alone State Plan modifications via email with “State Plan Modification” in the subject line to grants.scsepdocs@dol.gov on or before April 09, 2018. The Governor or the Governor’s designee submits SCSEP State Plan modifications. If the designee is submitting the plan, the State must attach a letter from the Governor naming his or her designee if ETA does not already have a copy on file. Grantees that received a conditional approval for their PY 2016-2019 SCSEP Stand-Alone State Plan and have not responded to date must submit a modification addressing those conditions. If there are no modifications to the SCSEP Stand-Alone State Plan at this time, the state must submit a letter from the Governor or Governor’s designee stating that there are no modifications at this time. States should send a copy via email of their modification submission to the appropriate Federal Project Officer (FPO) at the same time.
