1 INTRODUCTION

This User Manual provides a detailed overview of the system capabilities and functions of the Formulas Online system for authenticated regulated industry members. It features the operating instructions, message handling, and help facilities of Formulas Online. This User Manual also includes an appendix that describes the definitions of terms displayed to the user. The document is written on behalf of the Office of the Chief Information Officer (OCIO) of the Alcohol and Tobacco Tax and Trade Bureau (TTB).

This section provides information on the project background and scope, points of contact, as well as the document organization, conventions, and glossary.

1.1 BACKGROUND

The TTB mission is to:

- Collect alcohol, tobacco, firearms, and ammunition taxes
- Ensure that alcohol beverages are labeled, advertised and marketed in accordance with the law
- Administer the laws and regulations in a manner that protects the revenue, protects the consumer, and promotes voluntary compliance

The Formulas Online system is a secure web application that enables industry members to draft, submit, and track TTB's processing of regulatory compliance submissions and associated samples for beverage and nonbeverage-related compliance actions. The system also allows an industry member to register and maintain one user name used for both the Formulas Online system and the COLAs Online system.

For beverage-related actions, the types of submissions processed include:

- Formulas and/or Process for Domestic and Imported Alcohol Beverages (Uniform)

For nonbeverage-related actions, the types of submissions processed include:

- Formula and/or Process for Article Made with Specially Denatured Spirits (SDA)
- Formula and Process for Nonbeverage Product (Drawback)
- Formula and Process for Nonbeverage Product Rider (Rider)

For additional actions, the types of submissions processed include:

- User Registration Request

1.2 PURPOSE AND SCOPE

The purpose of this User Manual is to provide a brief understanding of how to operate and navigate through the Formulas Online application.

The Formulas Online system is the authenticated system requiring user name and password to submit beverage and nonbeverage forms and related documents, search for them, or change profile information.

This User Manual is intended to provide information on how to use the system for external authenticated users of Formulas Online. There are two types of authenticated public users expected to use this User Manual:

- **Submitter** – The registered industry member submits the beverage and nonbeverage submissions electronically and views the status of the submissions. The Submitter may create, update, submit, and withdraw formulas and submissions.
- **Preparer/Reviewer** – The user with this classification is responsible for drafting submissions, but does not have the ability to officially submit, withdraw, or surrender a formula or submission. The Preparer/Reviewer may create and/or update a submission and save it in the “Draft” or “Needs Correction” statuses, but cannot officially submit a new or revised submission for processing by TTB. Only an authorized Submitter for the companies included in the submission can submit for processing.

1.3 ORGANIZATION OF THE USER MANUAL

Table 1 lists the details of the organization of the User Manual.

2 SYSTEM CAPABILITIES

This section provides an overview of the Formulas Online system and its capabilities.

2.1 GENERAL DESCRIPTION

The Formulas Online system is a web-based application that allows the drafting, submission, workflow routing, revision, review, and return of beverage and nonbeverage-related regulatory compliance submissions. From the perspective of the industry members, the high-level functions of the system can be described in terms of three processes:

- **User Registration Process** – See Section 2.1.1 User Registration Process
- **Submission Creation Process** – See Section 2.1.2 Submission Creation Process
- **Submission Workflow Process** – See Section 2.1.3 Submission Workflow Process

2.1.1 User Registration Process

The system allows new industry members to request access to the system via the user registration process. These requests are routed and processed by TTB Registrars, who return company submission authorization decisions and credentials to the applicants once the user registration process is completed. Users can activate user names and set their passwords to access the system and generate new regulatory compliance submissions on behalf of beverage and nonbeverage companies for which they have been authorized to perform submissions. See Section 3.4 User Registration for more information.

The user registration process also allows existing users to update their credentials with revisions to the list of companies they represent, and their roles for submissions privileges according to authorities at the companies the users represent. See Section 3.4.4 Modify a User Registration for more information.

Users can also update their user profile detail directly in the system. See Section 3.17 My Profile for more information.

2.1.2 Submission Creation Process

The system allows new industry members to create and submit to TTB new beverage and nonbeverage-related formula and sample submissions for the companies the users are authorized to represent in the application. A user can be fully authorized as a Submitter of these entries, or can be partially authorized to enter the content as a Preparer/Reviewer for these entries. The submission creation process is structured to guide the user through the entry of a new submission, enabling him or her to identify the companies for which the submission is associated, identify formulas for which this submission supersedes previous submissions, and then facilitates the entry of specific data items associated with each submission type.

The functionality enables the Submitter to save the entry in “Draft” status, returning later to complete the entry and validate the submission for data errors, before the user then submits the entry to TTB for further processing.

Certain submission types require the user to submit accompanying samples. In these cases, once the submission is submitted, the system reminds the user to print Sample Identification

Sheets for each of the samples listed in the submission, affix, or include those sheets with the packaged samples, and provides instructions for mailing the samples to the appropriate TTB location or laboratory for analysis of the sample and associated submission information. An e-mail notification is sent to the Submitter upon successful submission of the entry to TTB for processing.

2.1.3 Submission Workflow Process

The system allows authorized users to track the progress of their submissions as TTB processes them. A Notify function is available to the users to communicate ongoing comments and issues with their submissions to TTB Internal Processors responsible for processing the submissions.

The system allows the TTB Internal Processors to conduct such procedures as marking the receipt of items (typically samples) required to proceed with processing the submission, assigning the submission to Chemists where applicable (NPL submissions in particular), and reviewing the results of analysis by the appropriate Rules and Regulations Division Office (RRD) and/or Field Office (FO) participants (TID, TAD, or TAED).

In addition, the system also allows TTB processors to return the submission to the users for correction of selected issues, allowing the users to update and resubmit corrected submissions. Users can also withdraw submissions in progress and surrender approved formulations if necessary once approved.

2.1.4 What's New in 2.0

The following system updates and new functionality are included in Version 2.0 of the Formulas Online system:

- **My Submissions Home Page Enhancements** – The My Submissions home page now includes the following enhancements in functionality:
 - **Display All Submissions** – You may now view all your submissions in your My Submissions home page. Previously, only your “In Process” or “Draft” submissions were displayed on this page and you could only view your “Cancelled,” “Withdrawn,” or “Closed” submissions by performing an Advanced Search.

- **Display Approval/Reject Date** – You may now view the Approval/Reject Date for your submissions on your My Submissions home page. This date applies to your formula submissions that have been approved or rejected by TTB.

Figure 2: Display Approval/Reject Date

The screenshot displays the 'My Submissions' page on the Formulas Online portal. The page includes a navigation bar with links like 'COLAS', 'Home', 'Text Menu', 'My Profile', 'Help', 'Contact Us', and 'Log Off'. Below the navigation bar, there are options for 'New', 'Modify Registration', and 'View'. The main content area shows a table of submissions with the following columns: SUBMISSION ID, TTB FORMULA ID, COMPANY FORMULA#, TYPE, PAPER, SUBMISSION STATUS, SUBMISSION DATE, APPROVAL/REJECT DATE, PRODUCT, and SUBMITTER. A red box highlights the 'APPROVAL/REJECT DATE' column, which contains dates such as 10/14/2015 for most entries. The table also includes pagination controls at the bottom, showing 'Showing 1 to 11 of 11 entries' and 'Previous 1 Next'.

Description:

List of Ingredients

(a) Specify the kind and quantity of each and every material or ingredient to be used in the formulation of a batch of the product, e.g., 100 gallons, 1000 gallons, 100 barrels, etc.

(b) Identify all coloring agents added directly to the product or contained in flavor materials. Certified food colors must be identified by FD&C number, for example "FD&C Yellow No. 5."

(c) Identify flavoring or blending materials by the name of the flavor or blender, name of the flavor or blender proprietor, proprietor product number (if none, so indicate), drawback formula number (if none, so indicate), city and state of the flavor manufacturer, date of approval of the nonbeverage formula, alcohol content of the flavor or blender (if nonalcoholic, so indicate), and a description of any coloring material contained in the flavor or blender.

(d) Identify all allergens added directly to the product or contained in the flavor materials. Allergens may include Crustacean shellfish, fish, soy (soybean(s), soya), wheat, milk, eggs, peanuts, or tree nuts. For shellfish and tree nuts, the label and formula must indicate the specific type or species.

(e) Identify the use of aspartame. Approved for use in malt beverages only.

Distilled Spirits only:
(f) If any type of wine (including vermouth) is to be used in the product, state the kind, percentage of wine to be used, whether the wine is domestic or imported, whether the wine contains added wine spirits, and the percentage of alcohol by volume of the wine.

(g) If the finished product is to be labeled as containing a particular class and type of distilled spirits (such as "blackberry Liqueur & Brandy" or "Coffee Liqueur & Non-Dairy Creamer") the ingredients used to produce the particular class and type of distilled spirits must be listed in a manner so that they are distinguishable from the remaining ingredients for the finished product.

Privacy Impact Assessments (PIA)

Privacy Impact Assessment (PIA) is a process to determine the risk of collecting, managing, and disseminating identifiable information in an electronic format. A PIA describes how the government handles information that individuals provide electronically so that personal information is protected. The E-Government of 2002 requires that agencies conduct PIA for systems that process personal identifiable information. More on guidance and procedures for conducting PIA can be found in OMB Memorandum 03-22, dated September 26, 2003.

TTB has conducted a PIA for each of the following systems:

- Automated Commercial Systems
- Auto Audit
- Caliber
- Chief Counsel Management System
- Certificate of Label Approval Formula Modernization Laboratory
- Certificate of Label Approval Online (COLA)
- Dimensions
- Federal Excise Tax
- Formulas Online
- Integrated Revenue Information System
- Laboratory Information Management System
- Network Infrastructure GSS
- Permits Online
- Regulatory Major Application System
- Rockville Laboratory Imaging System
- Special Occupational Tax/Floor Stocks Tax
- Sunflower System
- Tax Major Application
- TLC Library Solutions
- TTBDocs

In addition, the following government warning displays at the bottom of the TTB Online Portal page:

WARNING! THIS SYSTEM IS THE PROPERTY OF THE UNITED STATES DEPARTMENT OF TREASURY. UNAUTHORIZED USE OF THIS SYSTEM IS STRICTLY PROHIBITED AND SUBJECT TO CRIMINAL AND CIVIL PENALTIES. THE DEPARTMENT MAY MONITOR, RECORD, AND AUDIT ANY ACTIVITY ON THE SYSTEM AND SEARCH AND RETRIEVE ANY INFORMATION STORED WITHIN THE SYSTEM. BY ACCESSING AND USING THIS COMPUTER YOU ARE AGREEING TO ABIDE BY THE TTB RULES OF BEHAVIOR, AND ARE CONSENTING TO SUCH MONITORING, RECORDING, AND INFORMATION RETRIEVAL FOR LAW ENFORCEMENT AND OTHER PURPOSES. USERS SHOULD HAVE NO EXPECTATION OF PRIVACY WHILE USING THIS SYSTEM.

3 SYSTEM FUNCTIONS

This section describes each specific system function of the Formulas Online system.

3.1 DETAILED FUNCTIONAL DESCRIPTIONS

Through the Formulas Online system, an industry member may:

- View all submissions he or she has authored and submitted.
- If authorized, edit all visible submissions while they are in the “Draft” or “Needs Correction” statuses.
- If authorized, create comments for all visible submissions, edit COLAs Access restriction list for all visible Uniform submissions.
- Access both the COLAs Online system and the Formulas Online system from the same main page: the TTB Online Portal page.

3.2 SYSTEM BASICS

This section discusses all of the basic information needed to start using the Formulas Online system. This section includes the following information:

- **Getting Started – Using the TTB Online Portal Page** – See Section 3.3 Getting Started – Using the TTB Online Portal Page
- **User Registration** – See Section 3.4 User Registration
- **Navigating the System** – See Section 3.5 Navigating the System
- **Home (My Submissions)** – See Section 3.6 Home Page (My Submissions)
- **Creating and Submitting Submissions (by Type)** – See Section 3.7 Creating and Submitting Submissions (by Type)
- **Adding, Editing, and Deleting Comments** – See Section 3.8 Adding, Editing, and Deleting Comments
- **Uploading Attachments and Linking Submissions** – See Section 3.9 Uploading Attachments and Linking Submissions
- **Editing, Correcting, and Resubmitting Submissions** – See Section 3.10 Editing, Correcting, and Resubmitting Submissions
- **Copying Existing Submissions** – See Section 3.11 Copying Existing Submissions
- **Printing Submissions** – See Section 3.12 Printing Submissions
- **Entering Sample Sent Date** – See Section 3.13 Entering Sample Sent Date
- **Printing Sample ID Sheets** – See Section 3.14 Printing Sample ID Sheets
- **Searching for Submissions, Samples, and Formulas** – See Section 3.15 Searching for Submissions, Samples, and Formulas
- **Text Menu** – See Section 3.16 Text Menu
- **My Profile** – See Section 3.17 My Profile
- **Change Password** – See Section 3.18 Change Password
- **Contact Us** – See Section 3.19 Contact Us
- **Log Off** – See Section 3.20 Log Off
- **Additional Functions** – See Section 3.21 Additional Functions

3.3 GETTING STARTED – USING THE TTB ONLINE PORTAL PAGE

You access both the COLAs Online system and the Formulas Online system from the same main page: the TTB Online Portal page. You may also access the Public COLA Registry or begin the user registration process for using TTB Online. Your My Submissions home page displays when you successfully log into the Formulas Online system after acknowledging the TTB Security Warning. Figure 18 details the TTB Online Portal page. Figure 19 details the TTB Security Warning. Figure 20 details the My Submissions home page.

3.3.1 Access Formulas Online through the TTB Online Portal Page

Follow these steps to access Formulas Online through the TTB Online Portal page:

1. From your web browser, enter <https://www.ttbonline.gov/> in the address field.
2. Press the **Enter** key. The TTB Online Portal page displays. See Figure 18.
3. Enter your User Name and Password in the available fields.
4. Select the **Formulas Online** button. The TTB Security Warning displays. See Figure 19.
5. Select the **OK** button. The TTB Security Warning closes and your My Submissions home page displays. See Figure 20.

► **Note:** If you do not have a user name and password, select the [How do I register for COLAs Online?](#) link to view registration FAQs. See Section 3.4.1 How Do I Register? for more information. Alternatively, you may go directly to the registration process by selecting the [Register for TTB Online](#) link. See Section 3.4.2 Create a New User Registration for more information.

► **Note:** Follow the steps in Section 3.18.1 Change Your Password to change an existing password.

► **Note:** Follow the steps in Section 3.18.2 Reset Your Forgotten Password to reset a forgotten password.

► **Note:** Follow the steps in Section 3.18.3 Reset Your Expired Password to reset an expired password.

► **Note:** Follow the steps in Section 3.18.4 Unlock Your Locked Account to unlock a locked account.

► **Note:** After one year of inactivity, your user name will also be deleted and you will need to re-register if you wish to resume using Formulas Online. Follow the steps in Section 3.4.2 Create a New User Registration to re-register.

► **Note:** When you are inactive in the system for ten minutes, the system logs you out and returns you to the TTB Online Portal page. The system allows you to log back in immediately in the event you are timed out.

3.4 USER REGISTRATION

This section discusses the basic information for user registration. This section includes the following information:

- **How Do I Register?** – See Section 3.4.1 How Do I Register?
- **Create a New User Registration** – See Section 3.4.2 Create a New User Registration
- **Activate a User Name** – See Section 3.4.3 Activate a User Name
- **Modify a User Registration** – See Section 3.4.4 Modify a User Registration

3.4.1 How Do I Register?

The [how to register?](#) link displays the COLAs and Formulas Online FAQs page and provides general information on how to register for COLAs Online and/or Formulas Online. Figure 21 details the COLAs and Formulas Online FAQs page.

Figure 21: COLAs and Formulas Online FAQs

The screenshot shows the TTB.gov website. At the top, there is a header with the TTB logo and navigation links for Spanish, French, and Chinese. Below the header is a search bar and a navigation menu with links for Home, TTB For..., Resources, Tools/Tutorials, Filing/Payments, Regulations/Guidance, and About TTB. The main content area is titled "COLAs and Formulas Online FAQs" and includes a list of links for "About COLAs Online" and "About Formulas Online". A list of seven frequently asked questions (C1-C7) is displayed, each with a right-pointing arrow icon. At the bottom, there is a link for "Registering and Getting Access to COLA Online" and a print icon.

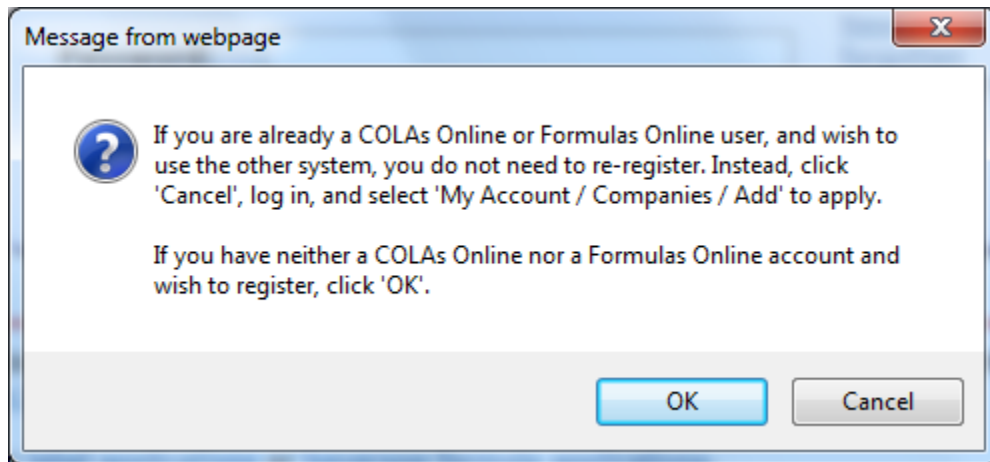

Follow these steps in Section 3.4.2 Create a New User Registration to register for COLAs Online and/or Formulas Online.

3.4.2 Create a New User Registration

Follow these steps to create a new user registration:

1. From your web browser, enter <https://www.ttbonline.gov/> in the address field.
2. Press the **Enter** key. The TTB Online Portal page displays. See Figure 18.
3. Select the [Register for TTB Online](#) link. A confirmation message box displays prompting you to confirm your action. See Figure 22.

Business E-mail Addresses

Figure 28: User Registration – Business E-mail Addresses

The screenshot shows a 'Business E-mail Addresses' form with the following structure:

Up to three e-mail addresses may be provided. COLAs Online and Formulas Online will correspond with the Primary e-mail address.

SET AS PRIMARY	E-MAIL ADDRESS
<input checked="" type="radio"/>	Jane.Smith@ttb.gov
<input type="radio"/>	[]
<input type="radio"/>	[]

- 6. Enter at least one valid business e-mail address in the available field(s). See Figure 28.

► **Note:** You may add up to three valid e-mail addresses, but then you must select which should be used as the primary contact. E-mail notification will only be sent to the primary contact e-mail address.

► **Note:** Fields marked with asterisks (*) are required fields.

Authentication Questions

Figure 29: User Registration – Authentication Questions

► **Note:** The system prompts you to select three different authentication questions from among several available. It also prompts you to answer the questions you have selected. Your selections and answers are protected by encryption technology and are unavailable to others. This information is used by the system to allow you to activate your user name by setting your initial password or change a forgotten password.

7. Select three different Authentication Questions from the drop-down lists. See Figure 29.

8. Enter your answers in the available fields.

► **Note:** Fields marked with asterisks (*) are required fields.

9. Select the **Next** button. The Company tab displays. See Figure 30.

► **Note:** If you selected an access type from the COLAs Online System Access drop-down list (See Figure 30), the COLAs Online radio button next to System Requested is selectable. See Figure 31. Otherwise, you may only select the Formulas Online radio button option. See Figure 32.

► **Note:** You may register to use COLAs Online or Formulas Online. Because access approval for each system is done independently, you must complete two entries for that company: one for COLAs Online access and one for Formulas Online access. This may be completed within the same user registration request.

► **Note:** Fields marked with asterisks (*) are required fields.

12. If the System Requested is COLAs Online, the System Access displays based on the access type selected from the COLAs Online System Access drop-down list. See Figure 30.
13. If the System Requested is Formulas Online, select the Submitter or Preparer / Reviewer radio button next to System Access.

► **Note:** For Formulas Online, users may register as Submitter or Preparer/Reviewer at the company level. For COLAs Online, users can only be either a Submitter or a Preparer/Reviewer for all companies included in the user registration request.

14. If the System Requested is Formulas Online, select the Alcohol Beverage radio button or Nonbeverage Product radio button next to Company Type.

► **Note:** The Nonbeverage Product Company Type is only applicable for a Nonbeverage Product company.

Signing Authority or Power of Attorney Files ?

You have indicated that you derived your Signature Authorization from 'Power of Attorney' or 'Signing Authority'. A signed Power of Attorney (OMB No.1513-0014) or Signing Authority (OMB No.1513-0036) form respectively, must be on file at the National Revenue Center (NRC) before you will be granted access to file COLAs or Formulas for this company. This certifies that the appropriate authorization was granted and the correct form(s) are currently on file at the NRC.

Figure 38: User Registration – Company (Individual Information – SA/POA Selected, Nonbeverage)

Signing Authority or Power of Attorney Files ?

If your signature authorization is from 'Power of Attorney' or 'Signing Authority', you will need to provide TTB with a signed Power of Attorney or Signing Authority form, respectively. Forms are available for printing on the tabbed menu (click on link 'POA form' or 'SA form'). You will need to sign the form and scan and upload the file. To upload a file, either click the 'Upload' link on the tabbed menu, or press the 'Upload' button on the Docs/Links tab. A list of documents you have uploaded with this request is available on the 'Docs/Links' tab.

18. If registering as a Preparer/Reviewer, select the Employee or Representative radio button. See Figure 35.

19. If registering as a Submitter, select the Employee or Representative radio button. See Figure 36.

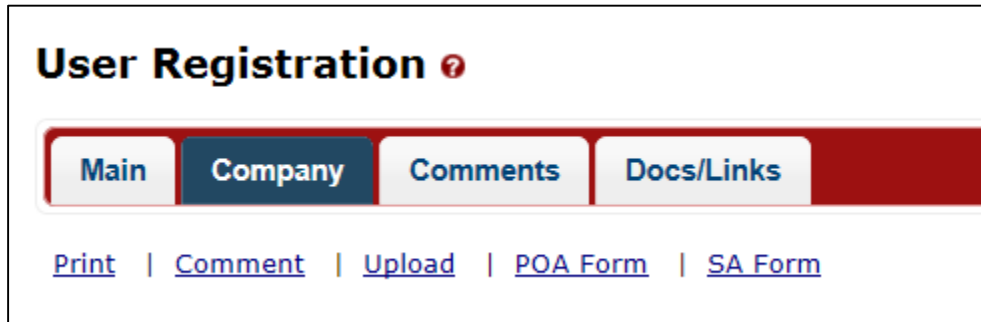

20. If registering as a Submitter, select the Owner, Signing Authority, or Power of Attorney radio button.

► **Note:** If you are registering for the first time as a Submitter on behalf of a beverage company, unless you are an owner, you must acknowledge you have a valid SA or POA on file at the NRC by selecting the “I agree” checkbox. See Figure 37. If registering for the first time as Submitter

on behalf of a nonbeverage company, unless you are an owner, you need to upload a signed Power of Attorney form or a Signing Authority form. See Figure 38. You may download the Power of Attorney form or Signing Authority form through the system for completion, or you may upload your own completed, scanned form.

21. If the Signing Authority or Power of Attorney radio button was selected for a nonbeverage company, select the [POA Form](#) or [SA Form](#) link in the action bar to download the form(s) required. See Figure 39.

The screenshot shows a form titled "Perjury Statement". It contains a checkbox that is checked, with the text: "Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application." Below the text are four buttons: "Validate", "Cancel", "Submit", and "Next »".

38. Select the **Submit** button. The Submission Confirmation page displays with a submission ID and the user registration submission is successfully submitted. See Figure 54.

Figure 54: User Registration – Submission Confirmation

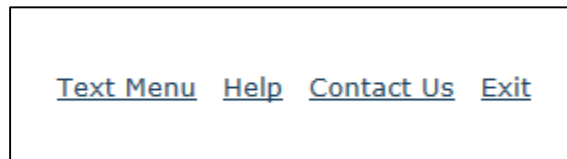

The screenshot shows a page titled "User Registration" with a red information icon. The main text reads: "Thank You. Your application has been successfully submitted. Please check ttb.gov for the current processing times for COLAs/FONL registrations. You will be contacted by e-mail when a determination has been reached or if additional information is needed." Below this, it says: "When referring to this application, please use the following submission ID: 1367648. You should keep a record of this submission ID for tracking purposes." At the bottom, there is a small disclaimer: "We collect this information to verify your compliance with Federal laws and regulations that TTB administers. The information collected on this form must be considered confidential tax information under 26 U.S.C. 6103, and must not be disclosed to any unauthorized party under 26 U.S.C. 7213."

TTB verifies your authorizations with the companies you are registering for and will contact you by e-mail when a determination has been reached or if additional information is needed. You should allow up to 20 days for processing and keep a record of the submission ID for tracking purposes.

39. Select the [Exit](#) link in the main navigation banner. See Figure 55.

41. Follow the steps in Section 3.4.3 Activate a User Name to activate your user name once TTB has contacted you with the user name.

3.4.3 Activate a User Name

► **Note:** Follow the steps in Section 3.18.1 Change Your Password to change an existing password.

► **Note:** Follow the steps in Section 3.18.2 Reset Your Forgotten Password to reset a forgotten password.

► **Note:** Follow the steps in Section 3.18.3 Reset Your Expired Password to reset an expired password.

► **Note:** Follow the steps in Section 3.18.4 Unlock Your Locked Account to unlock a locked account.

► **Note:** After one year of inactivity, your user name will also be deleted and you will need to re-register if you wish to resume using Formulas Online. Follow the steps in Section 3.4.2 Create a New User Registration to re-register.

Follow these steps to activate your user name once TTB has contacted you with the user name after processing your user registration submission:

1. From your web browser, enter <https://www.ttbonline.gov/> in the address field.
2. Press the **Enter** key. The TTB Online Portal page displays. See Figure 18.
3. Select the [New or forgotten password?](#) link. The Password Change Utility displays. You are prompted to enter the user name you received from TTB. See Figure 57.

3.5.2.1 COLAS

The COLAS menu option allows Formulas Online users who have access to COLAs Online to access the COLAs Online system. If you do not have access to the COLAs Online system, the [COLAS](#) link will not display.

3.5.2.2 Home

The Home menu option allows you to access your My Submissions home page. This is the default page displayed upon a successful login. See Section 3.6 Home Page (My Submissions) for more information.

3.5.2.3 Text Menu

The Text Menu menu option displays a 508-compliant text version of the menu options and drop-down menus. See Section 3.16 Text Menu for more information.

3.5.2.4 My Profile

The My Profile menu option allows you to view and edit your user profile information and change your system password. See Section 3.17 My Profile for more information.

3.5.2.5 Help

The Help menu option allows you to access the Formulas Online system's online help or the Formulas Online Industry Member User Manual (in PDF format). See Section 5.2 Formulas Online Industry Member Online Help and Section 5.3 Formulas Online Industry Member User Manual for more information.

3.5.2.6 Contact Us

The Contact Us menu option provides contact information for technical support resources. See Section 3.19 Contact Us for more information.

3.5.2.7 Log Off

The Log Off menu option allows you to log off the Formulas Online system. See Section 3.20 Log Off for more information.

3.5.2.8 Search

The Search menu option allows you to perform a quick or advanced search to locate a submission, sample, or formula. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.

3.5.3 Drop-Down Menus

The New drop-down menu option allows you to create new submissions in the Formulas Online system. Figure 81 details the New drop-down menu option. See Section 3.7 Creating and Submitting Submissions (by Type) for more information.

Figure 81: Drop-Down Menus – New

The Modify Registration drop-down menu option allows you to modify your registration information. Figure 82 details the Modify Registration drop-down menu option. See Section 3.4.4 Modify a User Registration for more information.

Figure 82: Drop-Down Menus – Modify Registration

3.5.4 Tabs

A row of tabs is at the top of every submission. Use the tabs to enter information pertaining to a submission, such as entering or viewing comments and/or attaching or viewing related documents. Tabs may vary by the operations you are allowed to perform. Figure 83 details common tab items.

Figure 83: Common Tab Items

► **Note:** If you have content in the Comments tab or Docs/Links tab of your submission, Formulas Online displays an asterisk (*) next to the tab to indicate it includes content.

3.5.5 Action Bars

Action bars are used to perform actions on the submission you are working with. Available actions may vary depending on the submission status. If the item displays here as an action name and is relevant to your submission status, it will be available to you in the action bar of your submission. Figure 84 details common action bar items. Table 4 lists common action bar options and their descriptions.

Figure 84: Common Action Bar Items

Table 4: Formulas Online Action Bar Options

Action Name	Description
Comment	Displays the Comment modal window for you to add a comment to the submission.
Copy as New	Creates and opens a new submission from a copy of the current submission.
Notify	Displays the Create E-Mail pop-up window for you to compose and send an e-mail notification to a TTB staff member or the Submitter.
POA Form	Downloads a .PDF Power of Attorney form for printing to be included with a User Registration Request.
Print	Displays a printer-friendly version of the submission.
SA Form	Downloads a .PDF Signature Authority form for printing to be included with a User Registration Request.
Surrender	Enables you to surrender an approved formula in “Closed” status. After a confirmation message box, the system changes the disposition to “Surrendered.”
Upload	Displays the Upload pop-up window for you to upload a file and associate it with the submission.
Withdraw	Enables you to withdraw an in-process submission – before it reaches the “Closed” status. After a confirmation message box, the system changes the submission status to “Withdrawn.”

3.5.6 Listing Pages

Once you have performed a search, the application displays results (if any) on a listing page. Listing pages display links to submissions associated with the sample, formula, or submission. Selecting a link displays the Detail page, which presents the selected record.

3.5.7 Detail Pages

Detail pages display specific submission-related items selected from a listing page and, if the submission is not “Closed,” allow you to correct (if applicable) and resubmit the submission for validation and processing.

3.5.8 Common Functions

The following are common functions in the Formulas Online system:

- Checkboxes appear beneath the action bar and above the main page content on pages as appropriate. If the option is not available, the checkbox will not be selectable. See Figure 85.

Figure 85: Common Functions – Checkboxes

The screenshot shows a form titled "Perjury Statement". It contains a checkbox with the text: "Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application." Below the text are several buttons: "< Previous", "Save as Draft", "Validate", "Cancel", "Submit", and "Next >".

- Characters left counts appear beneath text entry fields as appropriate. The system limits the number of characters you are allowed to enter in given fields and counts down to let you know when you are nearing the limit. See Figure 86.

Figure 86: Common Functions – Characters Left Count

The screenshot shows a modal window titled "Comments" with a close button (X) in the top right corner. Inside the window, there is a label "* Comments:" followed by a text entry field containing the text "Please find the corrected information in the Samples tab". Below the text entry field, there is a small box containing the number "1944" followed by the text "characters left". At the bottom of the modal, there are two buttons: "OK" and "Cancel".

3.5.9 Buttons and Controls

Table 5 lists the buttons and controls available in the Formulas Online system and describes their functions.

Table 5: Buttons and Controls

Button/Control	Function
* (asterisk)	Indicates input that is mandatory unless the submission is being saved as draft.
?	Provides help text associated with a particular field or section.
Add	Displays a modal window to add another line of data to a section of the submission. For example, when you select the Add button in an Ingredient section, the Ingredient modal window is displayed for the entry of a new ingredient.
Apply Sort	Sorts selected columns in ascending/descending order.
Cancel	Deletes the draft submission after a confirmation message box.
Cancel (confirmation message box)	Cancels any changes made to the data (if editable) and closes the confirmation message box.

Button/Control	Function
CC	Use to designate a selected person (by role) as additional recipient of e-mail.
Clear	Removes the data entered. Only applicable for search screens.
Clear Sort	Clears sort criteria.
Continue	Allows user to add data to the submission and continue to the next step
Delete	After displaying a confirmation message box, deletes the rows that were selected.
Find FID	Locates the FID sheet associated with the flavor.
Get User Profile Questions	Displays the Authentication Questions from the User Registration.
Go	Executes the Surrender functions or the action selected in the For Selected Samples drop-down list (Enter Date Sent or Print Sample ID Sheet).
Group	Groups ingredients together by type.
Link	Allows you to link other submissions to this submission.
Next	Displays the next screen in the data entry sequence.
OK (confirmation message box)	Saves changes/entry and closes the confirmation message box.
Previous	Displays the previous screen in the data entry sequence.
Print	Displays the Print Submission pop-up window.
Print This Page	Prints the Sample ID Sheet in a printer-friendly format.
Save	For existing submissions being edited, validates and saves the contents of the screen. All changes to data must be saved explicitly or submitted in order for the updates to be made permanently to the submission.
Save As Draft	Saves the submission without validating or submitting it for processing. Stays on the same page – does not exit the submission.
Search	Executes a search.
Select (checkbox to left of each line item)	Selects a line item to take a specific action on. Most often used in lists to select items for deletion.
Send	Sends the e-mail message.
Set New Password	Permits you to change or reset an existing password.
Submit	Validates the entire submission and, if valid, displays and requires acknowledgement of the Perjury Statement. Once validated, the submission is saved and submitted for processing. When acknowledged, display confirmation page.
To	Designates a selected person (by role) as primary recipient of e-mail.
Tool Tip (shown when mouse moves over field)	Displays short help description for fields, section headers, labels, actions and buttons, where needed.
Ungroup	Ungroups ingredients that were grouped together by type.
Upload	Uploads items that Formulas Online will associate with the submission
Validate	Verifies field contents with Formulas Online prior to submission. Every time you select the Validate button, the system reviews what was entered throughout the entire submission.

3.5.10 Navigation Options

The following are navigation options in the Formulas Online system:

- You may use the mouse to select any button.
- You may use the **Tab** key to navigate from field to field on the screens. You cannot use Tab functions within text boxes.

- All buttons can be selected or activated using the **Enter** key. You must tab to the appropriate button and select the **Enter** key.
- To activate a radio button or checkbox, tab to the option and then select the **Spacebar**.
- You may view Tool Tips, which are brief descriptions of fields, by moving the mouse pointer over editable fields. Tool Tips display, only where needed, one-by-one as you place your cursor over a text box. See Figure 87.

Sorting My Submissions Home Page and Listing Pages

You may sort the content in your My Submissions home page and listing pages. Select the column headings in the order you want to sort by. Select a heading once to sort the column in ascending order and the arrow points up (▲). Select it again to sort the column in descending order and the arrow points down (▼). You may also select multiple columns to sort by pressing the **Shift** key on your keyboard while selecting the column headers.

Filtering My Submissions Home Page and Listing Pages

You may filter the content in your My Submissions home page and listing pages. Enter filter criteria in the Filter field to automatically filter the contents of the page. This filter criteria must match the contents of your page; it will not apply to the contents within a particular submission.

Figure 90: Filter My Submissions

The screenshot shows the 'Formulas Online' interface. At the top, there are navigation links: COLAS, Home, Text Menu, My Profile, Help, Contact Us, Log Off. Below this is a search bar with 'Submissions' selected and buttons for 'Search' and 'Advanced Search'. The main heading is 'My Submissions'. Below the heading, there is a 'Show 50 entries' dropdown and a 'Filter: Approved' field. A red circle highlights the 'Filter: Approved' field, and an arrow points to the text '(filtered from 11 total entries)'. Below the filter is a table of submissions with columns: SUBMISSION ID, TTB FORMULA ID, COMPANY FORMULA#, TYPE, PAPER, SUBMISSION STATUS, SUBMISSION DATE, APPROVAL/REJECT DATE, PRODUCT, and SUBMITTER. The table contains five rows of data. At the bottom, there is a 'Showing 1 to 5 of 5 entries (filtered from 11 total entries)' message and pagination controls.

3.7 CREATING AND SUBMITTING SUBMISSIONS (BY TYPE)

This section discusses the basic information for creating and submitting submissions (by type) in the Formulas Online system. This section includes the following information:

- **Formula and Process for Domestic and Imported Alcohol Beverages (Uniform)** – See Section 3.7.1 Formula and Process for Domestic and Imported Alcohol Beverages (Uniform)
- **Formula and/or Process for Article Made With Specially Denatured Spirits Request (SDA)** – See Section 3.7.2 Formula and/or Process for Article Made With Specially Denatured Spirits Request (SDA)
- **Formula and Process for Nonbeverage Product Request (Drawback)** – See Section 3.7.3 Formula and Process for Nonbeverage Product Request (Drawback)
- **Formula and Process for Nonbeverage Product Request (Rider)** – See Section 3.7.4 Formula and Process for Nonbeverage Product Request (Rider)

3.7.1 Formula and Process for Domestic and Imported Alcohol Beverages (Uniform)

This section discusses the basic information for Formula and Process for Domestic and Imported Alcohol Beverages (Uniform) submissions in the Formulas Online system. This section includes the following information:

- **General Uniform Information** – See Section 3.7.1.1 General Uniform Information
- **Create a New Uniform Submission** – See Section 3.7.1.2 Create a New Uniform Submission

3.7.1.1 *General Uniform Information*

These screens allow you to create, edit, verify, and submit a new Formula and Process for Domestic and Imported Alcohol Beverages (Uniform) submission in the Formulas Online system. Uniform submissions give detailed information about the formula, ingredients, and process for the beverage alcohol submission, including any documents associated with an ingredient.

3.7.1.2 *Create a New Uniform Submission*

Follow these steps to create a new Formula and Process for Domestic and Imported Alcohol Beverages (Uniform) submission:

1. Select **Formula and Process for Domestic and Imported Alcohol Beverages** from the New drop-down menu. See Figure 96.

Figure 96: Create a New Uniform – Select New Drop-Down Menu

The Company modal window displays. See Figure 97.

Figure 97: Create a New Uniform – Select Company Product Source

2. Select **Domestic**, **Import**, or **Export Only** from the Product Source drop-down list. The Permit Number field displays. See Figure 98.

Figure 98: Create a New Uniform – Select Company Permit Number

3. Select the permit number for the company for which you are creating this submission. The system pre-populates the company address information.

► **Note:** If you select **Domestic** or **For Export Only** as the product source, the Permit Holder and Submitter mailing address information displays. See Figure 99. If you select **Importer** as

the product source, the Foreign Manufacturer address information also displays. See Figure 100.

Perjury Statement

Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application.

► **Note:** Whenever you see a Company or Address screen, you will also see the Start Date and End Date fields. These fields indicate the dates during which the entity (generally the Manufacturer) had ownership of a given submission or formula and/or when a given address was active and/or valid (for any submission type). The majority of submissions will never show an End Date. End Dates are generated only when formulas are adopted by, transferred to, or removed from, a given company. This is referred to as formula adoption.

► **Note:** Please contact the ALFD directly if you need assistance with formula adoption. Your e-mail request should include information for both the sending and receiving companies (company names, company codes, permit numbers, formula numbers, and dates of adoption, removal, or transfer) involved for both the sending and receiving companies.

1. Confirm the Company/Address Detail information.

► **Note:** Select the [Address Type](#) link to edit any necessary information for the address type. You cannot edit the Manufacturer address, but you may add a different one and then delete the one you have selected. Select the checkbox next to the address and select the **Delete** button to delete the address. A confirmation message box displays prompting you to confirm your action. See Figure 102. Select the **OK** button to confirm.

2. Select the **Add** button to add a new address. The Address modal window displays. See Figure 103.

6. Repeat the steps for all additional addresses needed for the submission.

► **Note:** If you add any company for which you are not an authorized Submitter, even after you have either started with or entered one for which you are an authorized Submitter, you will not be able to submit the submission. You will only be able to save as draft.

► **Note:** Available and/or required addresses vary depending on type of Uniform submission being entered. Imported submissions have two additional address types: Foreign Manufacturer and Importer.

7. Select the **Next** button. The Main tab displays. See Figure 109.

► **Note:** For convenience, the system displays Contacts information at the bottom of the Main tab as well as on the Company tab. See Figure 108.

Description:

The Pomegranate Wine is added to the blending tank. The ingredients listed in the formula are added. The mixture is refrigerated for approximately 1-2 hours until solid. Product is then thawed at room temperature and bottled.

The Method of Manufacture section of the Formula tab contains a text box to specify the sequential steps employed in producing the product including the step at which the specified materials will be added and the approximate period of time to complete production.

► **Note:** Select the [read more](#) link in the Method of Manufacture section on the Formula tab to display a modal window of Method of Manufacture instructions and examples.

► **Note:** You must attach a Method of Manufacture before you may submit a Uniform submission with samples. You must enter a Method of Manufacture description OR attach a Method of Manufacture before you may submit a Uniform submission without samples.

Follow these steps to add Method of Manufacture information to the submission:

1. Enter the method of manufacture description or enter “see attached” in the text box and attach method of manufacture. See Section 3.9.1 Upload Attachments for information on uploading attachments. You must make sure the Type selected is **Method of Manufacture**.
2. Select the **Next** button to proceed with the submission creation. The Samples tab displays. See Figure 141.

► **Note:** Submissions may require you to mail a sample of the product for laboratory analysis, depending on the source, class and type of the product selected on the Main tab. If you will be providing a sample, it must be added to the submission through the Samples tab.

Follow these steps to add a sample to the submission:

1. Select the **Add** button in the Samples tab. The Sample modal window displays. See Figure 142.

Figure 142: Create a New Uniform – Sample Modal Window

The image shows a modal window titled "Sample". 4. Repeat the steps to add each sample you are sending to TTB.

► **Note:** The system generates submission ID and sample IDs after you save as draft or submit. Until then, sample IDs appear as “Pending.” The system prompts you to generate the sample ID sheet once you submit. When it does, enter dates sent, print sample ID sheets, and affix them to the physical samples or include them in the mailing package.

► **Note:** Select the [Sample ID](#) link to display the Sample modal window and edit the sample. Select the checkbox next to the sample and select the **Delete** button to delete the sample. Validate/Save as Draft

Before submitting, you may either:

1. Validate (check for errors without saving or submitting as final to TTB) to ensure that you have completed the submission correctly. Select the **Validate** button. Red error messages display indicating any issues found with the submission. See Figure 145. Alternatively, a

green message displays indicating no issues were found with the submission. See Figure 146. Correct any errors and repeat this step until the submission is successfully validated. You may save as draft with errors, but you must correct all errors before submitting a draft.

Unauthorized Users Tab

Figure 150: Create a New Uniform – Unauthorized Users Tab

The screenshot shows a web interface for a 'Uniform' submission. At the top, there is a navigation bar with tabs: Main, Formula, Samples, Company, Comments, Docs/Links *, and Unauthorized Users (which is currently selected). Below the navigation bar, there are links for 'Copy as New', 'Print', 'Comment', 'Notify', 'Upload', and 'Withdraw'. The main content area displays submission details: Submission ID: 1334492, Status: Items Pending, TTB Formula ID: 1269504, and Date Submitted: 04-24-2015 07:42 AM. Below this, there is a table with two columns: 'COLAs USER ID' and 'USER NAME'. There are 'Add' and 'Delete' buttons below the table, and a 'Save' button at the bottom center.

The Unauthorized Users tab will only display after you have submitted the submission. This tab allows you to restrict an individual’s use of this formula in COLAs Online.

Follow these steps to restrict an individual's access to this formula:

1. Select the **Add** button. The Add Unauthorized User modal window displays. See Figure 151.

Figure 151: Create a New Uniform – Add Unauthorized Users Modal Window

The screenshot shows a modal window titled 'Unauthorized Users' with a close button (X) in the top right corner. The main heading is 'Add Unauthorized Users'. Below this, there is a section titled 'Add Unauthorized COLAs Users' which contains a table with two columns: 'COLAs USER ID' and 'USER NAME'. The table lists four users with checkboxes next to their IDs: 13594 (Anna Sari), 12263 (KRIS PERRY), 13635 (Gabel Cete), and 13623 (Jane Smith). At the bottom of the modal, there are 'Add' and 'Cancel' buttons.

2. Select the checkbox next the user you want to designate as “unauthorized.”

3. Select the **Add** button. The Add Unauthorized Users modal window closes and the Unauthorized Users tab displays with the unauthorized user's name. See Figure 152.

3.7.2 Formula and/or Process for Article Made With Specially Denatured Spirits Request (SDA)

This section discusses the basic information for Formula and/or Process for Article Made With Specially Denatured Spirits Request (SDA) submissions in the Formulas Online system. This section includes the following information:

- **General SDA Information** – See Section 3.7.2.1 General SDA Information
- **Create a New SDA Submission** – See Section 3.7.2.2 Create a New SDA Submission

3.7.2.1 General SDA Information

These screens allow you to create, edit, verify, and submit a new Formula and/or Process for Article Made With Specially Denatured Spirits Request (SDA) submission in the Formulas Online system. SDA is alcohol to which denaturing materials have been added. [Title 27 Code of Federal Regulations part 21](#) lists all the SDA formulas authorized by TTB. Manufacturers may use SDA in the manufacture of any product that is not intended for consumption. Generally, SDA is used in cosmetic products but its use extends to pharmaceuticals, chemical manufacturing, and products where SDA is the solvent or reactant.

3.7.2.2 Create a New SDA Submission

Follow these steps to create a new Formula and/or Process for Article Made With Specially Denatured Spirits Request (SDA) submission:

1. Select **Formula and/or Process for Article Made with Specially Denatured Spirits** from the New drop-down menu. See Figure 154.

► **Note:** Whenever you see a Company or Address screen, you will also see the Start Date and End Date fields. These fields indicate the dates during which the entity (generally the Manufacturer) had ownership of a given submission or formula and/or when a given address was active and/or valid (for any submission type). The majority of submissions will never show an End Date. End Dates are generated only when formulas are adopted by, transferred to, or removed from, a given company. This is referred to as formula adoption.

► **Note:** Please contact ALFD directly if you need assistance with formula adoption. Your e-mail request should include information for both the sending and receiving companies (company names, company codes, permit numbers, formula numbers, and dates of adoption, removal, or transfer) involved for both the sending and receiving companies.

1. Confirm the Company/Address Detail information.

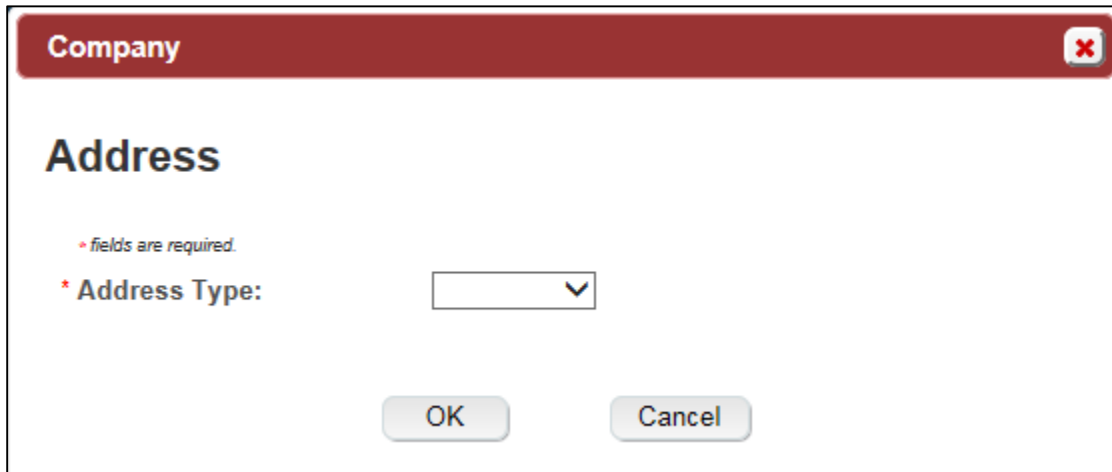

► **Note:** Select the [Address Type](#) link to edit any necessary information for the address type. You cannot edit the Manufacturer address, but you may add a different one and then delete the one you have selected. The screenshot shows a pop-up window titled "Formula". Inside, there is a section titled "Ingredient Information". Under this section, there is a label "*SDA/SDR Formula:" followed by a dropdown menu currently showing "SDA-1 - 27 CFR 21.32". Below this are two input fields: "Proof:" and "Denaturants:". The "Denaturants:" field is a large text area. At the bottom of the text area, there is a small box containing the number "250" followed by the text "characters left". At the very bottom of the window are two buttons: "OK" and "Cancel".

2. Select SDA/SDR formula from the SDA/SDR Formula drop-down list. See Figure 173.

4. Repeat the steps to add each sample you are sending to TTB.

► **Note:** The system generates submission ID and sample IDs after you save as draft or submit. Until then, sample IDs appear as “Pending.” The system prompts you to generate the sample ID sheet once you submit. When it does, enter dates sent, print sample ID sheets, and affix them to the physical samples or include them in the mailing package.

► **Note:** Select the [Sample ID](#) link to display the Sample pop-up window and edit the sample. Select the checkbox next to the sample and select the **Delete** button to delete the sample. A confirmation message box displays prompting you to confirm your action. See Figure 179. Select the **OK** button to confirm.

Validate/Save as Draft

Before submitting, you may either:

1. Validate (check for errors without saving or submitting as final to TTB) to ensure that you have completed the submission correctly. Select the **Validate** button. Red error messages display indicating any issues found with the submission. See Figure 180. Alternatively, a

green message displays indicating no issues were found with the submission. See Figure 181. Correct any errors and repeat this step until the submission is successfully validated. You may save as draft with errors, but you must correct all errors before submitting a draft.

3.7.3 Formula and Process for Nonbeverage Product Request (Drawback)

This section discusses the basic information for Formula and Process for Nonbeverage Product Request (Drawback) submissions in the Formulas Online system. This section includes the following information:

- **General Drawback Information** – See Section 3.7.3.1 General Drawback Information
- **Create a New Drawback Submission** – See Section 3.7.3.2 Create a New Drawback Submission

3.7.3.1 General Drawback Information

These screens allow you to create, edit, verify, and submit a new Formula and Process for Nonbeverage Product Request (Drawback) submission in the Formulas Online system. Nonbeverage drawback alcohol is pure alcohol, the same as that used for consumption. However, when a manufacturer uses that alcohol in the production of a food, flavor, medicine, or perfume that is approved by the Nonbeverage Products Laboratory as unfit for beverage purposes, he or she can claim a return on most of the distilled spirits excise tax paid. Use the Drawback submission to submit a formula for a nonbeverage product.

3.7.3.2 Create a New Drawback Submission

Follow these steps to create a new Formula and Process for Nonbeverage Product Request (Drawback) submission:

1. Select **Formula and Process for Nonbeverage Product** from the New drop-down menu. See Figure 185.

Figure 185: Create a New Drawback – Select New Drop-Down Menu

The Company modal window displays. See Figure 186.

Figure 186: Create a New Drawback – Select Company Name

The screenshot shows a dialog box titled "Create New or Superseding Formula". At the top left, it says "* fields are required.". Below this, there is a label "* Company Name:" followed by a dropdown menu. The dropdown menu is open, showing two options: "POMADD - POM ADDITIVES" and "POM - POM CHEMICALS". Below the dropdown, there is a label "* Action:" followed by two radio buttons: "Create New Formula" (which is selected) and "Supersede Existing Formula". At the bottom right, there are two buttons: "Continue" and "Cancel".

► **Note:** Fields marked with asterisks (*) are required fields.

2. Select the name for the company for which you are creating this submission. The system pre-populates the company address information. See Figure 187.

Figure 187: Create a New Drawback – Address Fields

The screenshot shows the same dialog box as Figure 186, but with more information. The "Company Name" dropdown is now closed and shows "POMADD - POM ADDITIVES" with a downward arrow. Below this, there is a section titled "Company:" with the following fields: "Name:" (POM ADDITIVES), "Street:" (1234 MAIN STREET), "City:" (FAIRFAX), "State:" (VA), and "Zip:" (22032). Below this, there is a section titled "Submitter Mailing Address:" with the following fields: "Address Format:" (USPS Domestic), "Street:" (1310 G Street NW), "City:" (Washington), "State:" (DC), and "Zip:" (20005). At the bottom, the "Action:" section is the same as in Figure 186, with "Create New Formula" selected and "Continue" and "Cancel" buttons.

3. Edit Submitter mailing address information if applicable.

► **Note:** Fields marked with asterisks (*) are required fields.

► **Note:** Company address information is not editable.

► **Note:** By default, the Create New Formula radio button is selected. If you wish to supersede an existing formula, select the Supersede Existing Formula radio button. You will be prompted to populate the information noted in [Superseded Formula](#).

4. Select the **Continue** button and proceed to [Company/Address Detail](#). The Company tab displays with the address information added. See Figure 188.

Company/Address Detail

Figure 188: Create a New Drawback – Company Tab with Company Address Added

The screenshot shows the 'Drawback' application interface. At the top, there are tabs for 'Main', 'Formula', 'Samples', 'Company' (selected), 'Comments', and 'Docs/Links'. Below the tabs are links for 'Print', 'Comment', and 'Upload'. The main content area is titled 'Company/Address Detail' and contains a table with the following data:

<input type="checkbox"/> ADDRESS TYPE	COMPANY CODE/NAME	ADDRESS	PHONE NUMBER	START DATE	END DATE
<input type="checkbox"/> Company	POMADD - POM ADDITIVES	1234 MAIN STREET, FAIRFAX, VA, 22032			
<input type="checkbox"/> Mailing	Jane Smith	1310 G Street NW, Washington, DC, 20005	2024532000		

Below the table are 'Add' and 'Delete' buttons. Underneath the table is a 'Perjury Statement' section with a checkbox and the text: 'Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application.' At the bottom of the form are buttons for 'Save as Draft', 'Validate', 'Cancel', 'Submit', and 'Next »'.

► **Note:** Whenever you see a Company or Address screen, you will also see the Start Date and End Date fields. These fields indicate the dates during which the entity (generally the Manufacturer) had ownership of a given submission or formula and/or when a given address was active and/or valid (for any submission type). The majority of submissions will never show an End Date. End Dates are generated only when formulas are adopted by, transferred to, or removed from, a given company. This is referred to as formula adoption.

► **Note:** Please contact ALFD directly if you need assistance with formula adoption. Your e-mail request should include information for both the sending and receiving companies (company names, company codes, permit numbers, formula numbers, and dates of adoption, removal, or transfer) involved for both the sending and receiving companies.

1. Confirm the Company/Address Detail information.

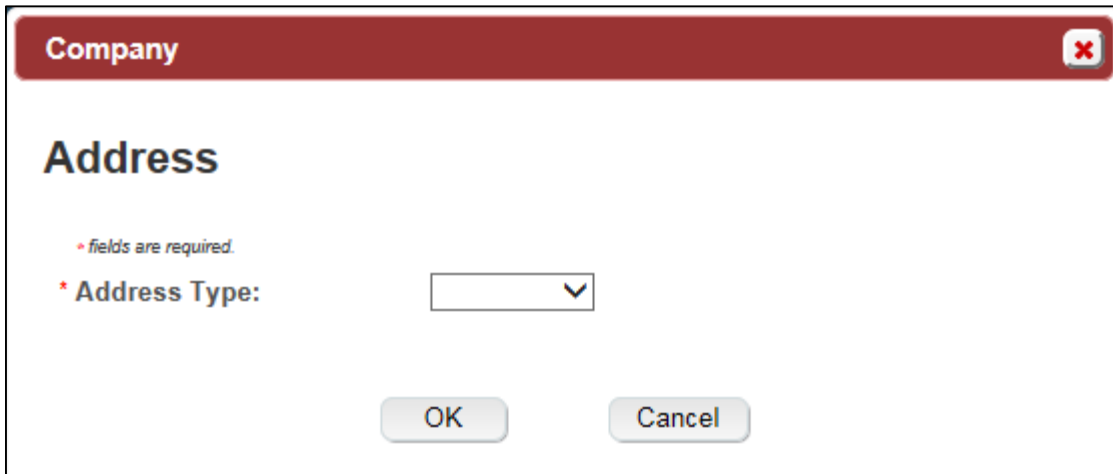

► **Note:** Select the [Address Type](#) link to edit any necessary information for the address type. You cannot edit the Manufacturer address, but you may add a different one and then delete the one you have selected. Select the checkbox next to the address and select the **Delete** button to delete the address. A confirmation message box displays prompting you to confirm your action. See Figure 189. Select the **OK** button to confirm.

4. Enter the company address information in the available fields. See Figure 192. If you select **Foreign** for Address Format, additional address fields display. See Figure 193.

Figure 192: Create a New Drawback – Address Fields (Domestic)

The screenshot shows a dialog box titled "Company" with a close button (X) in the top right corner. Below the title bar, the word "Address" is displayed in a large, bold font. A small red asterisk followed by the text "fields are required." is positioned above the input fields. The form contains the following fields and controls:

- * Address Type:** A dropdown menu with "Contact" selected.

Follow these steps to add alcoholic beverage use information to the submission:

1. Add alcoholic beverage use information.
 - a. Select the checkbox to indicate whether the finished product is to be used in alcoholic beverage. The subsequent fields only display if this checkbox is selected.
 - b. Select the checkbox to indicate whether the product contains natural flavoring.
 - c. Select the checkbox to indicate whether the product contains > 0.1% artificial flavoring.
 - d. Select the checkbox to indicate whether the product contains a color additive and, if so, enter name of additive. The additive field only displays if this checkbox is selected.
 - e. Select the checkbox to indicate whether all FDA Approved Ingredients are without limitation.
 - f. Enter the Parts Per Million (PPM) for the TTB Limited Ingredients listed.

► **Note:** You may enter a Parts Per Million (PPM) value of up to 999,999 in all TTB Limited Ingredients fields.

TTB will contact you by e-mail when analysis has been completed or if additional information is needed.

3. Select the [return to the Samples](#) link in the submission confirmation to enter sample sent dates and print sample ID sheets if you included samples in the submission.

► **Note:** Only users with authenticated Submitter roles may submit submissions. Users with authenticated Preparer/Reviewer roles for any of the permit numbers included with the submission may perform all other submission preparation functions, but are not allowed to submit as final to TTB for processing.

3.7.3.2.1 *Enter a Sample Sent Date for Drawback Submissions*

See Section 3.13 Entering Sample Sent Date for sample sent date instructions.

3.7.3.2.2 *Print a Sample ID Sheet for Drawback Submissions*

See Section 3.14 Printing Sample ID Sheets for sample sending instructions.

3.7.3.2.3 *Comments and Docs/Links for Drawback Submissions*

See Section 3.8 Adding, Editing, and Deleting Comments for comment instructions. See Section 3.9 Uploading Attachments and Linking Submissions for upload and link instructions.

3.7.3.2.4 *Edit, Correct, and Resubmit a Drawback Submission*

Before submitting, you may edit the submission at will. After submitting, you will be unable to edit until/unless TTB informs you that your submission needs correction. See Section 3.10

Editing, Correcting, and Resubmitting Submissions for editing, correction, and resubmission instructions.

3.7.3.2.5 Copy an Existing Drawback Submission

See Section 3.11 Copying Existing Submissions for copy instructions.

3.7.3.2.6 Print a Drawback Submission

See Section 3.12 Printing Submissions for print instructions.

3.7.3.2.7 Withdraw a Drawback Submission

See Section 3.21.2 Withdraw a Submission for instructions on how to withdraw an active submission prior to TTB process completion.

3.7.4 Formula and Process for Nonbeverage Product Request (Rider)

This section discusses the basic information for Formula and Process for Nonbeverage Product Request (Rider) submissions in the Formulas Online system. This section includes the following information:

- **General Rider Information** – See Section 3.7.4.1 General Rider Information
- **Create a New Rider Submission** – See Section 3.7.4.2 Create a New Rider Submission

3.7.4.1 General Rider Information

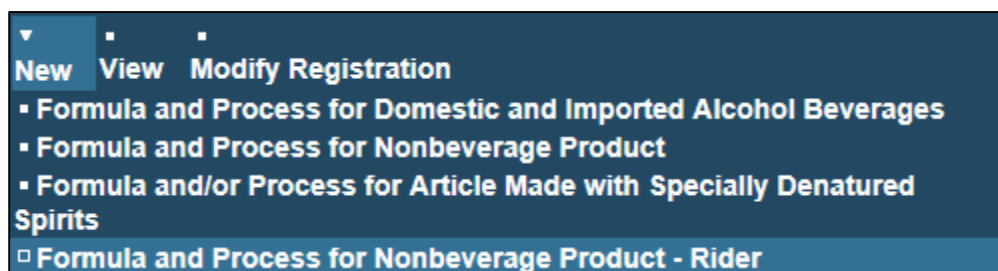

These screens allow you to create, edit, verify, and submit a new Formula and Process for Nonbeverage Product Request (Rider) submission in the Formulas Online system. Nonbeverage drawback alcohol is pure alcohol, the same as that used for consumption. However, when a manufacturer uses that alcohol in the production of a food, flavor, medicine, or perfume that is approved by the Nonbeverage Products Laboratory as unfit for beverage purposes, he or she can claim a return on most of the distilled spirits excise tax paid. Use the Rider submission to describe changes in one or more previously approved Drawback formulas or processes.

3.7.4.2 Create a New Rider Submission

Follow these steps to create a new Formula and Process for Nonbeverage Product Request (Rider) submission:

1. Select **Formula and Process for Nonbeverage Product – Rider** from the New drop-down menu. See Figure 252.

Figure 252: Create a New Rider – Select New Drop-Down Menu

The Company modal window displays. See Figure 253.

Figure 253: Create a New Rider – Select Company Name

The screenshot shows a modal window titled "Create New or Superseding Formula". At the top left, there is a note: "* fields are required." Below this, the label "* Company Name:" is followed by a dropdown menu. The dropdown menu is open, displaying two options: "POMADD - POM ADDITIVES" and "POM - POM CHEMICALS". At the bottom right of the modal, there are two buttons: "Continue" and "Cancel".

2. Select the name for the company for which you are creating this submission. The system pre-populates the company address information. See Figure 254.

Figure 254: Create a New Rider – Address Fields

The screenshot shows the same modal window as Figure 253, but now the "Company Name" dropdown is set to "POMADD - POM ADDITIVES". Below this, the "Company:" section is populated with the following information:
 Name: POM ADDITIVES
 Street: 1234 MAIN STREET
 City: FAIRFAX
 State: VA
 Zip: 22032
 Below the company information, the "Submitter Mailing Address:" section has the following fields:
 Address Format: USPS Domestic (dropdown)
 * Street: 1310 G Street NW
 * City: Washington
 * State: DC (dropdown)
 * Zip: 20005 (with a hyphen and an empty box for the second part of the zip code)
 At the bottom right, the "Continue" and "Cancel" buttons are visible.

3. Edit Submitter mailing address information if applicable.

► **Note:** Fields marked with asterisks (*) are required fields.

► **Note:** Company address information is not editable.

1. Select the **Continue** button. The Company modal window closes and the Company tab displays with the address information added. See Figure 255.

Perjury Statement

Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application.

► **Note:** Whenever you see a Company or Address screen, you will also see the Start Date and End Date fields. These fields indicate the dates during which the entity (generally the Manufacturer) had ownership of a given submission or formula and/or when a given address was active and/or valid (for any submission type). The majority of submissions will never show an End Date. End Dates are generated only when formulas are adopted by, transferred to, or removed from, a given company. This is referred to as formula adoption.

► **Note:** Please contact ALFD directly if you need assistance with formula adoption. Your e-mail request should include information for both the sending and receiving companies (company names, company codes, permit numbers, formula numbers, and dates of adoption, removal, or transfer) involved for both the sending and receiving companies.

1. Confirm the Company/Address Detail information.

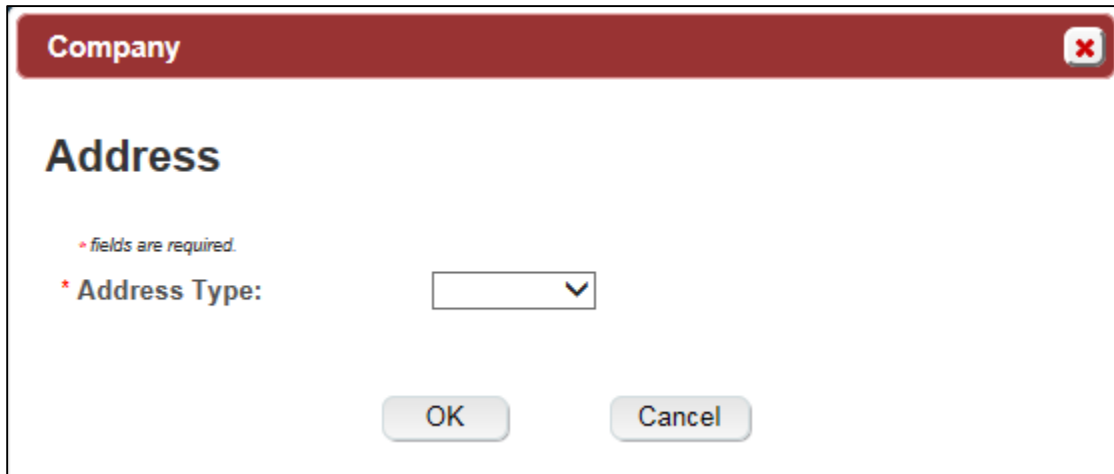

► **Note:** Select the [Address Type](#) link to edit any necessary information for the address type. You cannot edit the Manufacturer address, but you may add a different one and then delete the one you have selected. Select the checkbox next to the address and select the **Delete** button to delete the address. A confirmation message box displays prompting you to confirm your action. See Figure 256. Select the **OK** button to confirm.

4. Enter the company address information in the available fields. See Figure 259. If you select **Foreign** for Address Format, additional address fields display. See Figure 260.

Figure 259: Create a New Rider – Address Fields (Domestic)

The screenshot shows a dialog box titled "Company" with a red header bar and a close button (X) in the top right corner. Below the header, the word "Address" is displayed in a large, bold font. A small red asterisk followed by the text "fields are required." is positioned above the input fields. The form contains the following fields and controls:

- * Address Type:** A dropdown menu with "Contact" selected.
- Address Format:** A dropdown menu with "USPS Domestic" selected.
- * First Name:** A text input field.
- * Last Name:** A text input field.
- Telephone:** A text input field.
- E-mail Address:** A text input field.
- Street:** A text input field.
- City:** A text input field.
- State:** A dropdown menu with a downward arrow.
- Zip:** Two text input fields separated by a hyphen.

At the bottom of the dialog box, there are two buttons: "OK" and "Cancel".

Perjury Statement

Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application.

► **Note:** Rider submissions do not require any samples but may include them.

Follow these steps to add a sample to the submission:

1. Select the **Add** button. The Sample modal window displays. See Figure 268.

Figure 268: Create a New Rider – Sample Modal Window

The image shows a modal window titled "Sample" with a close button in the top right corner. Inside the window, there is a section titled "Sample Information" containing several input fields: "Sample ID:", "Quantity:", "Unit of Measure:", "% Fill:", "* Description:", and "Date Sent:". The "Description" field is a text area with a character count of "250 characters left". At the bottom of the window are "OK" and "Cancel" buttons.

2. Enter the sample information in the available fields.

► **Note:** Fields marked with asterisks (*) are required fields.

3. Select the **OK** button. The Sample pop-up window closes and the Sample tab displays. The sample is added in the Sample Detail section. See Figure 269.

Figure 269: Create a New Rider – Samples Tab with Sample Added

4. Repeat the steps to add each sample you are sending to TTB.

► **Note:** The system generates submission ID and sample IDs after you save as draft or submit. Until then, sample IDs appear as “Pending.” The system prompts you to generate the sample ID sheet once you submit. When it does, enter dates sent, print sample ID sheets, and affix them to the physical samples or include them in the mailing package.

► **Note:** Select the [Sample ID](#) link to display the Sample pop-up window and edit the sample. Select the checkbox next to the sample and select the **Delete** button to delete the sample. A confirmation message box displays prompting you to confirm your action. See Figure 270. Select the **OK** button to confirm.

Figure 270: Create a New Rider – Delete Sample Confirmation

Validate/Saving as Draft/Submitting

Before submitting, you may either:

1. Validate (check for errors without saving or submitting as final to TTB) to ensure that you have completed the submission correctly. Select the **Validate** button. Red error messages display indicating any issues found with the submission. See Figure 271. Alternatively, a

green message displays indicating no issues were found with the submission. See Figure 272. Correct any errors and repeat this step until the submission is successfully validated. You may save as draft with errors, but you must correct all errors before submitting a draft.

Figure 271: Create a New Rider – Unsuccessful Validation Message

Figure 272: Create a New Rider – Successful Validation Message

or

2. Save as Draft if you are not yet ready to submit, or if you are the Preparer/Reviewer (since only a Submitter may actually submit the submission). Select the **Save as Draft** button and Formulas Online stores your submission until you or an authorized Submitter return to finalize the submission. See Figure 273.

Figure 273: Create a New Rider – Save As Draft Confirmation

Submit Rider Submission

Follow these steps to submit your rider submission:

1. Select the Perjury Statement checkbox at the bottom of any tab to acknowledge you have read, understood, and complied with instructions for filing the application. See Figure 274.

3.9 UPLOADING ATTACHMENTS AND LINKING SUBMISSIONS

This section discusses the basic information for uploading attachments and linking submissions in the Formulas Online system. This section includes the following information:

- **Upload Attachments** – See Section 3.9.1 Upload Attachments
- **Link Submissions** – See Section 3.9.2 Link Submissions

3.9.1 Upload Attachments

Follow these steps to upload attachments to a submission:

1. Select the [Upload](#) link in the action bar. The Attachment modal window displays. See Figure 286. Proceed to [Submission Documents & Links](#).

Alternatively, select the Docs/Links tab in the submission. The Docs/Links tab displays. See Figure 285.

Document & Link Detail

Figure 285: Upload Attachments – Docs/Links Tab

The screenshot shows the 'Docs/Links' tab interface. At the top, there is a navigation bar with tabs: Main, Formula, Samples, Company, Comments, and Docs/Links (which is highlighted). Below the navigation bar, there are links for 'Print', 'Comment', and 'Upload'. The main content area is divided into two sections: 'Submission Documents' and 'Submission Links'. The 'Submission Documents' section contains a table with columns: TYPE, DESCRIPTION, INVALIDATED FILE, SIZE, and DATE. An 'Upload' button is located below the table. The 'Submission Links' section contains a table with columns: SUBMISSION ID and DESCRIPTION. 'Add' and 'Delete' buttons are located below the table.

2. In the Submission Documents section, select the **Upload** button. The Attachment modal window displays. See Figure 286.

Submission Documents & Links

Figure 286: Upload Attachments – Attachment Modal Window

The screenshot shows a modal window titled "Attachment" with a close button in the top right corner. It contains three required fields, each marked with an asterisk (*):

- * Description:** A text input field with a character count below it showing "100 character(s) left".
- * Type:** A drop-down menu currently displaying "-- Select Type --".
- * File:** A file selection field with a "Browse..." button to its right.

At the bottom of the modal window are two buttons: "OK" and "Cancel".

3. Enter a description for the file in the Description field.
4. Select a type from the Type drop-down list. See Figure 287.

Figure 287: Upload Attachments – Type Drop-Down List

The screenshot shows the expanded drop-down list for the "Type" field. The list items are:

- Select Type --
- Adoption Letter

- Other
- Paper Submission
- Spec Sheet
- Uniform
- MSDS

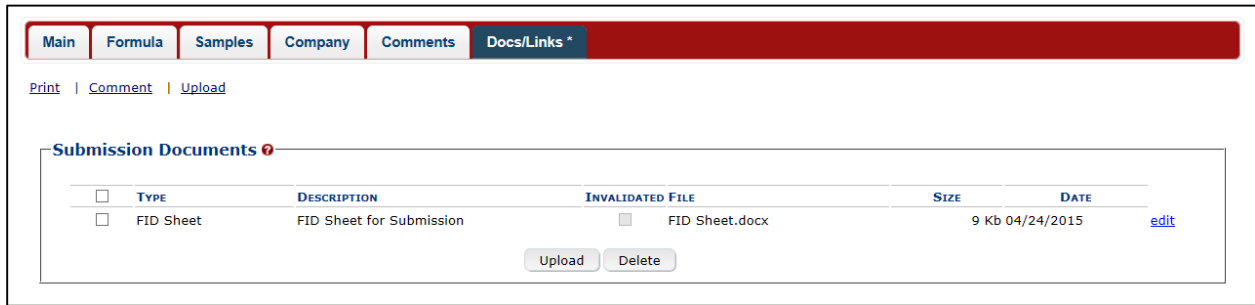

► **Note:** Make sure you select the correct type for the corresponding attachment. For example, if a Method of Manufacture attachment is required and uploaded, **Method of Manufacture** must be the selected type.

5. Select the **Browse** button next to the File field to browse and select the file.

► **Note:** Fields marked with asterisks (*) are required fields.

6. Select the **OK** button. The Attachment modal window closes and the file is added in the Submission Documents. See Figure 288.

Figure 288: Upload Attachments – Docs/Links Tab with Attachment Added

► **Note:** Virus checking is a part of the upload process. When you see a virus-related error or comment, take appropriate action. Otherwise, you will not notice anti-virus activity.

7. Repeat the steps to upload all attachments.

► **Note:** Attachments will not be available for display until the submission is saved as draft or submitted.

► **Note:** Select the [edit](#) link next to the attachment to display the Attachment modal window and edit the attachment. Select the checkbox(es) next to the attachment(s) and select the **Delete** button to delete the attachment(s). A confirmation message box displays prompting you to confirm your action. See Figure 289. Select the **OK** button to confirm.

3. Enter the Link Submission ID and Link Description in the available fields.

► **Note:** Fields marked with asterisks (*) are required fields.

4. Select the **OK** button. The Submission Link modal window closes and the link is added in the Submission Links. See Figure 292.

Figure 292: Link Submissions – Docs/Links Tab with Submission Link Added

5. Repeat the steps to associate this submission with other submissions.
6. *Optional Step:* Select the [Submission ID](#) link to confirm that you have linked to the desired submission.

► **Note:** The [Submission ID](#) link will only display if you have read access to the submission. You do not require read access to add the submission link.

► **Note:** Select the [edit](#) link next to the link to display the Submission Link modal window and edit the link. Select the checkbox(es) next to the link(s) and select the **Delete** button to delete the link(s). A confirmation message box displays prompting you to confirm your action. See Figure 293. Select the **OK** button to confirm.

3.10 EDITING, CORRECTING, AND RESUBMITTING SUBMISSIONS

This section discusses the basic information for editing, correcting, and resubmitting submissions in the Formulas Online system. This section includes the following information:

- **Edit Submissions Needing Correction** – See Section 3.10.1 Edit Submissions Needing Correction
- **Resubmit Submissions** – See Section 3.10.2 Resubmit Submissions

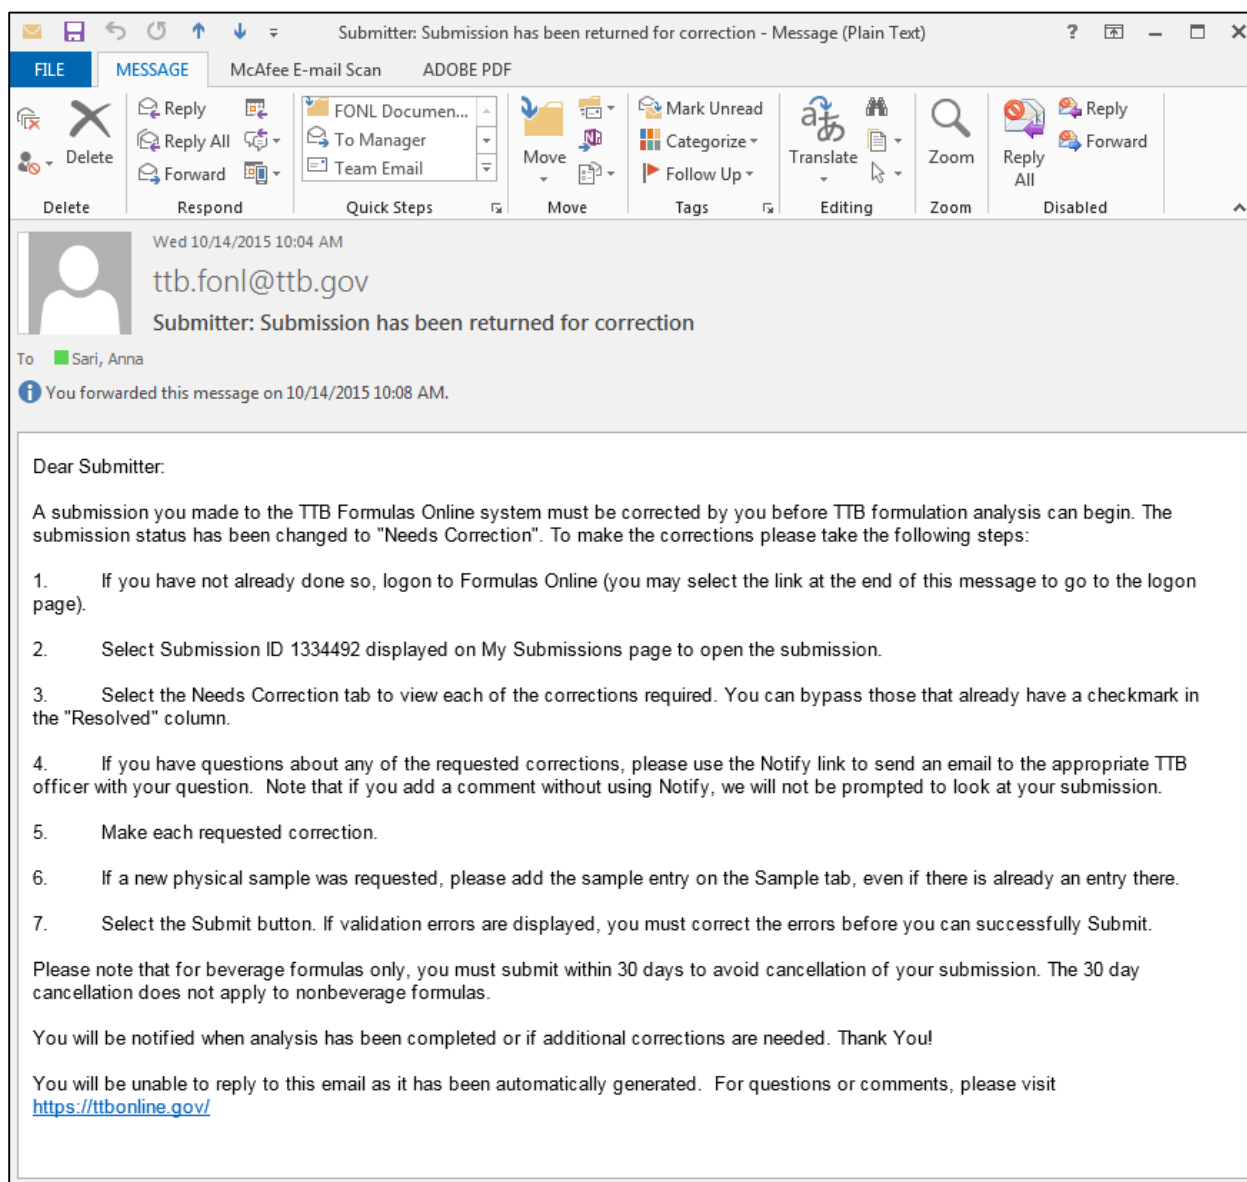

3.10.1 Edit Submissions Needing Correction

Before submitting, you may edit the submission at will. After submitting, you will be unable to edit until/unless TTB informs you that your submission needs correction.

TTB will inform you via e-mail if your submission has been returned for correction. Beverage formula submitters have 30 days to correct their returned submissions. There are no deadlines for returned nonbeverage formula submissions. You need to pay careful attention to the information conveyed about the submission on the Needs Correction tab for the submission.

Follow these steps to correct a submission:

1. Locate the submission needing correction using one of the following methods:
 - a. Select the link in the e-mail you have received from TTB and login into Formulas Online. See Figure 294.

Figure 294: Edit Submissions Needing Correction – E-Mail Notification

- b. Perform a search for the submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.
 - c. Locate the submission you need to correct on the My Submissions home page. The Submission Status will be "Needs Correction."
2. Select the [Submission ID](#) link to display the submission.
 3. Select the Needs Correction tab. See Figure 295. The Needs Correction tab details the reasons why the submission is being returned for correction.

Reason Description: Sample has been damaged. Please submit a new sample.

Additional Description: Please make sure sample is properly packaged before re-delivery

5. Select the **OK** button. The Return Reason pop-up window closes and the Return tab displays.
6. Advance through the submission by selecting the tabs, editing the fields and making corrections, additions, or deletions as needed.
7. Resubmit when you are done following the steps in Section 3.10.2 Resubmit Submissions.

3.10.2 Resubmit Submissions

Follow these steps to resubmit a submission that required corrections:

1. If you are resubmitting with a new or replacement sample, you must add the new/replacement sample entry on the Samples tab. After you have submitted, enter the Sample Sent Date and print out a new sample ID sheet for that sample. See Section 3.13 Entering Sample Sent Date and Section 3.14 Printing Sample ID Sheets.
2. Select the Perjury Statement checkbox to acknowledge you have read, understood, and complied with instructions for filing the application. See Figure 297.

Figure 297: Edit Submissions Needing Correction – Perjury Statement

Perjury Statement

Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application.

3. Select the **Submit** button. The Submission Confirmation page displays with links to the Submission ID, Unauthorized Users tab, and the Samples tab (where applicable). The submission is successfully re-submitted. See Figure 298.

Thank You. Your submission has been successfully completed. You will be contacted by e-mail when analysis has been completed or if additional information is needed.

*When referring to this formula in Formulas Online and COLAs Online, please use the following.
TTB Formula ID: 1268960.*

To mail your samples, return to the Samples screen to display printable sample identification labels with mailing instructions.

By default, all COLAs users who are registered for the company submitting this formula will be able to reference this formula on COLA e-applications after the formula is approved. To optionally disable certain COLAs users from referencing this formula, you may open the Unauthorized Users tab to select those users.

We collect this information to verify your compliance with Federal laws and regulations that TTB administers. The information collected on this form must be considered confidential tax information under 26 U.S.C. 6103, and must not be disclosed to any unauthorized party under 26 U.S.C. 7213.

TTB will contact you by e-mail when analysis has been completed or if additional information is needed.

3.11 COPYING EXISTING SUBMISSIONS

Follow these steps to copy a submission to use as a base for a new submission:

1. Perform a search for the submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.
Alternatively, locate the submission you wish to copy on the My Submissions home page.

► **Note:** Any submission other than a User Registration submission may be copied.

2. Select the [Submission ID](#) link to display the submission.
3. Select the [Copy as New](#) link in the action bar. A confirmation message box displays prompting you to confirm your action. See Figure 299.

Figure 299: Copying Existing Submissions – Copy as New Confirmation

4. Select the **OK** button to confirm. The confirmation message box closes and a confirmation message box displays prompting you to link the copy to the original submission. See Figure 300.

Figure 300: Copying Existing Submissions – Link New and Original Submissions Confirmation

► **Note:** The link will only appear on the new submission.

5. Select the **OK** button. The confirmation message box closes and the Main tab displays with the copied submission.

► **Note:** Only those editable fields necessary to create a new submission will be copied.

6. Advance through the submission by selecting the tabs.
 - a. Make desired selections and enter new data as appropriate, just as if this were a new submission from scratch.
 - b. When a sample should be associated with the submission, you will need to re-enter sample information.
7. *Optional Step:* By default, the new submission will not have any of the Submission Documents that were associated with the original submission. You may prefer to add any or all of them. See Section 3.9.1 Upload Attachments for more information.
8. *Optional Step:* If you did not select the **OK** button earlier when asked if you wanted to link the new submission to the original one, the Submission Links section is empty. If you omitted linking the submissions initially and decide to link them later, you may also do so. See Section 3.9.2 Link Submissions for more information.
9. Make any desired changes and proceed as usual (this becomes, in effect, a new submission).

3.12 PRINTING SUBMISSIONS

This section discusses the basic information for printing submissions in the Formulas Online system. This section includes the following information:

- **Print Functions (Internet Explorer)** – See Section 3.12.1 Print Functions (Internet Explorer)
- **Print Functions (Submissions)** – See Section 3.12.2 Print Functions (Submissions)

3.12.1 Print Functions (Internet Explorer)

Formulas Online supports standard Internet Explorer print functions. Follow these steps to print a page in Formulas Online:

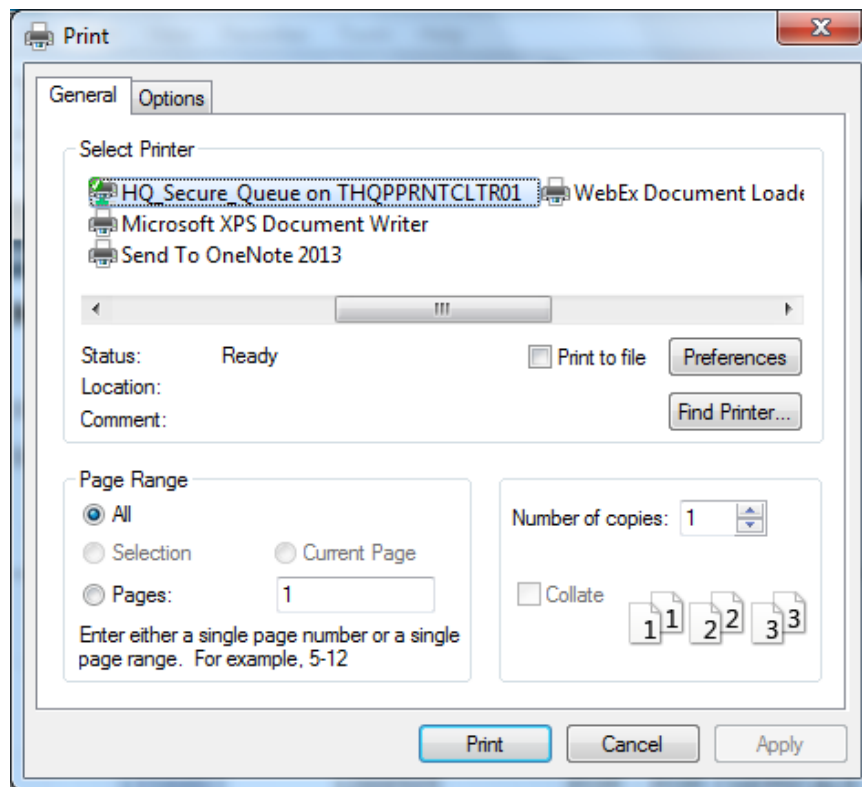

1. Go to the page in Formulas Online you wish to print. If you are on the My Submissions home page or a listing page (i.e., Search Results), select the **PrintView** button to display a printable view of your page.
2. Select **File > Print** from the Internet Explorer menu or select the  icon. The Print dialog displays. See Figure 301.

Figure 301: Printing Submissions – Print Dialog

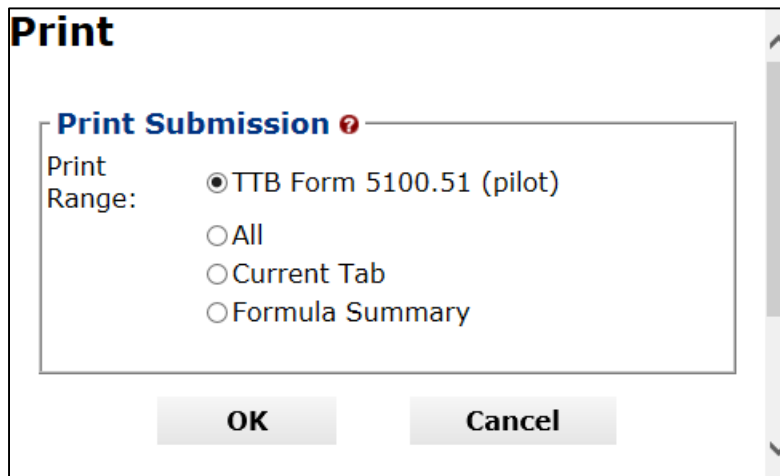

3. Select the **Print** button. The page is sent to the selected printer and printed.

3.12.2 Print Functions (Submissions)

Formulas Online supports printing printer-friendly versions of submissions. Using the action bar, you can print from any tab of a submission. Follow these steps to print a submission:

1. Perform a search for the submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.
Alternatively, locate the submission you wish to print on the My Submissions home page.
2. Select the [Submission ID](#) link to display the submission.
3. Select the Print link in the action bar. The Print Submission pop-up window displays. For non-Uniform submissions, the “TTB Form 5100.51 (pilot)” option will not display. See Figure 302.

Figure 302: Printing Submissions – Print Pop-Up Window

4. Select the radio button next to the Print Range.
 - a. “TTB Form 5100.51 (pilot)” will display the populated TTB F 5100.51 form from a Uniform submission. See Figure 303.
 - b. “All” will display all tabs for the submission. See Figure 304 – Figure 307.
 - c. “Current Tab” will display only the tab you were viewing when you selected the [Print](#) link. See Figure 308.
 - d. “Formula Summary” will display data from the Main and Formula tabs for Drawback submissions and data from the Main, Formula, Results, and Needs Correction tabs for Uniform, Rider, and SDA submissions. See Figure 309 and Figure 310.
5. Select the **OK** button. The Print Submission pop-up window closes and the printable version of the submission displays.

► **Note:** Check your page orientation settings before printing. Most pages print well as Portrait, but some Formula and Sample pages are wider and print best as Landscape.

3.13 ENTERING SAMPLE SENT DATE

Not every submission requires a sample. When a sample is required, however, you may enter a sample sent date and print a sample ID sheet.

In order to submit a sample to TTB, enter the date you will send the sample, print a sample ID sheet for each sample in the submission, attach the sample ID sheet to the sample, and send the sample to the appropriate laboratory.

Follow these steps to enter a sample sent date:

1. Perform a search for the submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.

Alternatively, locate the submission on the My Submissions home page.

2. Select the [Submission ID](#) link to display the submission.
3. Select the Samples tab.
4. Select the checkbox next to the [Sample ID](#) for each sample you plan to send.

► **Note:** Select the top-level checkbox to select all the samples. Deselect the ones you do not wish to send or have already sent.

5. Select **Enter Date Sent** from the For Selected Samples drop-down list.
6. Enter the date in the Date field. See Figure 311.

► **Note:** The Date field format is MM/DD/YYYY. Enter it in manually or place your cursor in the field to display a pop-up calendar to find the correct date.

Figure 311: Entering Sample Sent Date – Samples Tab with Enter Date Sent Selected

The screenshot shows the 'Uniform' interface with the 'Samples' tab selected. At the top, there are navigation tabs: Main, Formula, Samples, Company, Comments, Docs/Links *, Needs Correction, and Unauthorized Users. Below these are utility links: Copy as New, Print, Comment, Notify, Upload, and Withdraw. Submission details are displayed: Submission ID: 1334492, Status: Items Pending, TTB Formula ID: 1269504, and Date Submitted: 04-24-2015 07:42 AM. The 'Sample Detail' section shows a dropdown menu for 'For Selected Samples' set to 'Enter Date Sent' and a 'Date' field with '04/28/2015'. A 'Go' button is next to the date field. Below this is a table with columns: SAMPLE ID, LIMS ID, QUANTITY, UNIT, % FILL, DESCRIPTION OF CONTENTS, DATE SENT, and DATE RECEIVED. One row is visible with a checked checkbox, SAMPLE ID '1001832', QUANTITY '1.0', and UNIT 'liter'. A 'Save' button is at the bottom of the table area.

7. Select the **Go** button. The Date Sent field is updated with the sample sent date. See Figure 312.

3.15 SEARCHING FOR SUBMISSIONS, SAMPLES, AND FORMULAS

This section discusses the basic information for searching for submissions, samples, and formulas in the Formulas Online system. This section includes the following information:

- **Quick Searches** – See Section 3.15.1 Quick Searches
- **Advanced Searches** – See Section 3.15.2 Advanced Searches

3.15.1 Quick Searches

There are three types of quick searches in the Formulas Online system:

- **Search for Submissions** – See Section 3.15.1.1 Search for Submissions
- **Search for Samples** – See Section 3.15.1.2 Search for Samples
- **Search for Formulas** – See Section 3.15.1.3 Search for Formulas

3.15.1.1 Search for Submissions

► **Note:** You may search for submissions in the Formulas Online system for which you have the privilege to access.

Follow these steps to perform a search for a submission:

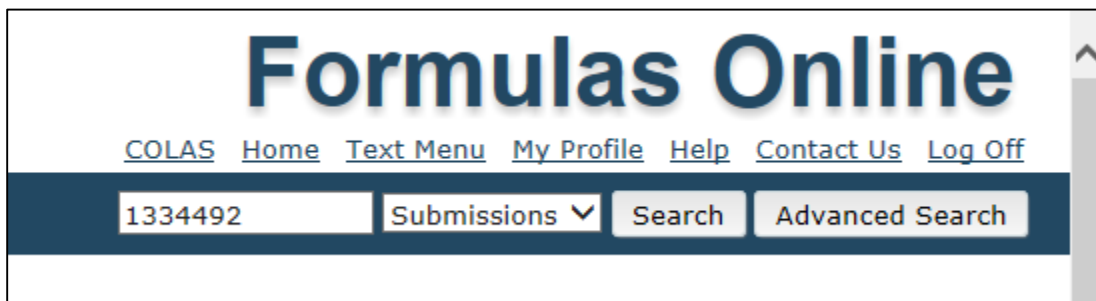

1. Enter the Submission ID in the search text field.

► **Note:** Enter a minimum of 4 numbers of the Submission ID followed by the “%” special character to perform a wildcard search.

2. Select **Submissions** from the search drop-down list. See Figure 316.

► **Note:** By default, **Submissions** will be selected.

Figure 316: Search for Submissions – Enter Search Criteria

The screenshot shows the top portion of the Formulas Online website. At the top, the text 'Formulas Online' is displayed in a large, bold, blue font. Below this, a horizontal navigation bar contains several links: 'COLAS', 'Home', 'Text Menu', 'My Profile', 'Help', 'Contact Us', and 'Log Off'. The main search area is a dark blue horizontal bar. On the left of this bar is a white text input field containing the number '1334492'. To the right of the input field is a dropdown menu with 'Submissions' selected and a downward arrow. Further right are two buttons: a light blue 'Search' button and a white 'Advanced Search' button with a dark blue border.

3. Select the **Search** button or press the **Enter** key. The search results display. See Figure 317.

3.15.2 Advanced Searches

There is one type of advanced searches in the Formulas Online system:

- **Search for Submissions/Formulas** – See Section 3.15.2.1 Search for Submissions/Formulas

3.15.2.1 Search for Submissions/Formulas

► **Note:** You may search for submissions/formulas in the Formulas Online system for which you have the privilege to access.

Follow these steps to perform a search for submissions/formulas:

1. Select the **Advanced Search** button next to the **Search** button. See Figure 327.

Figure 327: Search for Submissions/Formulas – Advanced Search

The Search Submissions and Formulas page displays. See Figure 328.

Figure 328: Search for Submissions/Formulas – Search Submissions and Formulas

The screenshot shows the 'Formulas Online' search interface. At the top left is the TTB logo and 'TTBONLINE.GOV'. At the top right is the 'Formulas Online' title and navigation links. Below the header is a navigation bar with 'New', 'View', and 'Modify Registration' options, and a search bar with 'Submissions', 'Search', and 'Advanced Search' buttons. The main content area is titled 'Enter criteria for Advanced Search' and 'Search Submissions and Formulas'. It contains a grid of search criteria fields:

- Submission Name:** A dropdown menu with options: All Submissions, Rider, Uniform, SDA, Drawback.
- Submission ID:** A text input field.
- LIMS ID:** A text input field.
- First Name:** A text input field.
- Employer Name:** A text input field.
- Company ID:** A text input field.
- Company Formula #:** A text input field.
- Product/Brand Name:** A text input field.
- Product/Class Type:** A dropdown menu with options: ADVOCAAT, AGRICULTURAL/HONEY WINE/MEAD, AGRICULTURAL/OTHER AGRICULTURAL WINE.
- Status:** A dropdown menu with options: Assigned, Assignment Pending, Cancelled.
- Disposition:** A dropdown menu with options: Adverse, Approved, Approved for Export Only.
- Source:** A dropdown menu with options: Domestic, Import, Export Only.
- SDA/SDR Formula:** A dropdown menu with options: SDA-3-C, SDA-1, SDA-2-C.
- Date Submitted:** Two text input fields labeled 'From:' and 'To:'.
- Date Completed:** Two text input fields labeled 'From:' and 'To:'.

At the bottom of the search area are two buttons: 'Search' and 'Clear'.

2. Enter or select the search criteria in the available fields.

► **Note:** Press the **CTRL** key to select multiple values from the drop-down lists. Use the “%” special character to perform a wildcard search.

► **Note:** Product/Class Type changes based on the Commodity type selected. Other available search criteria displays based on the Submission Name selected.

3. Select the **Search** button. The search results display listing the submissions matching the search criteria. See Figure 329.

► **Note:** Select the **Clear** button to clear the available fields.

3.16.1 Display the Text Menu

Follow these steps to display the Text Menu:

1. Select the [Text Menu](#) link in the main navigation banner. The Text Menu displays. See Figure 330.
2. Use buttons to move through the screens. Use the [Tab](#) key to move through editable fields.
3. Use submenu links to create new submissions or perform the tasks mentioned.
4. If you wish to return to Graphic Menu display, select the [Graphic Menu](#) link in the main navigation banner.

3.17 MY PROFILE

The User Profile page provides the ability to view and edit some of your user profile information submitted during the registration process. This page also allows you to change your system password and view all active permit numbers that you have registered. Figure 331 and Figure 332 detail the User Profile page.

► **Note:** You may NOT view requested but not yet approved, deleted, or inactive permit numbers for your user account in the User Profile page.

Figure 331: User Profile (Top)

The screenshot shows the 'Formulas Online' user profile page. At the top, there is a navigation bar with links for COLAS, Home, Text Menu, My Profile, Help, Contact Us, and Log Off. Below this is a search bar and a 'Submissions' dropdown menu. The main content area is titled 'User Profile' and contains three sections:

- Personal Information:** This section contains various input fields for user details. Fields include:
 - First Name: Jane
 - M. I.: (empty)
 - Last Name: Smith
 - Employer: TTB
 - Title: Tester
 - Label Rep. ID: (empty)

3.17.1 Update My Profile

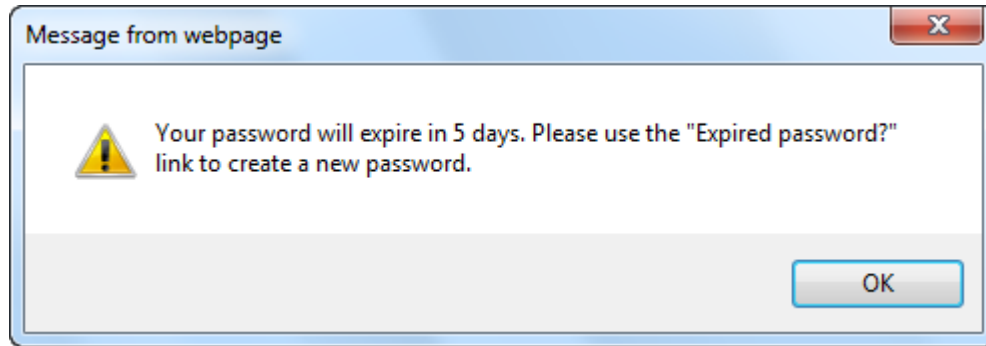

Follow these steps to view and/or edit your user profile information:

1. Select the [My Profile](#) link in the Main Navigation Menu. The User Profile page displays. See Figure 331 and Figure 332.
2. Make changes to your personal information and business e-mail addresses if applicable.
3. Make changes to your authentication questions and answers if applicable.
4. Select the **Save** button. An informational message displays at the top of the page stating your changes have been successfully saved.
5. Select the **Change Password** button to change your system password. See Section 3.18 Change Password.
6. Select the **Cancel** button to exit without making changes.

3.18 CHANGE PASSWORD

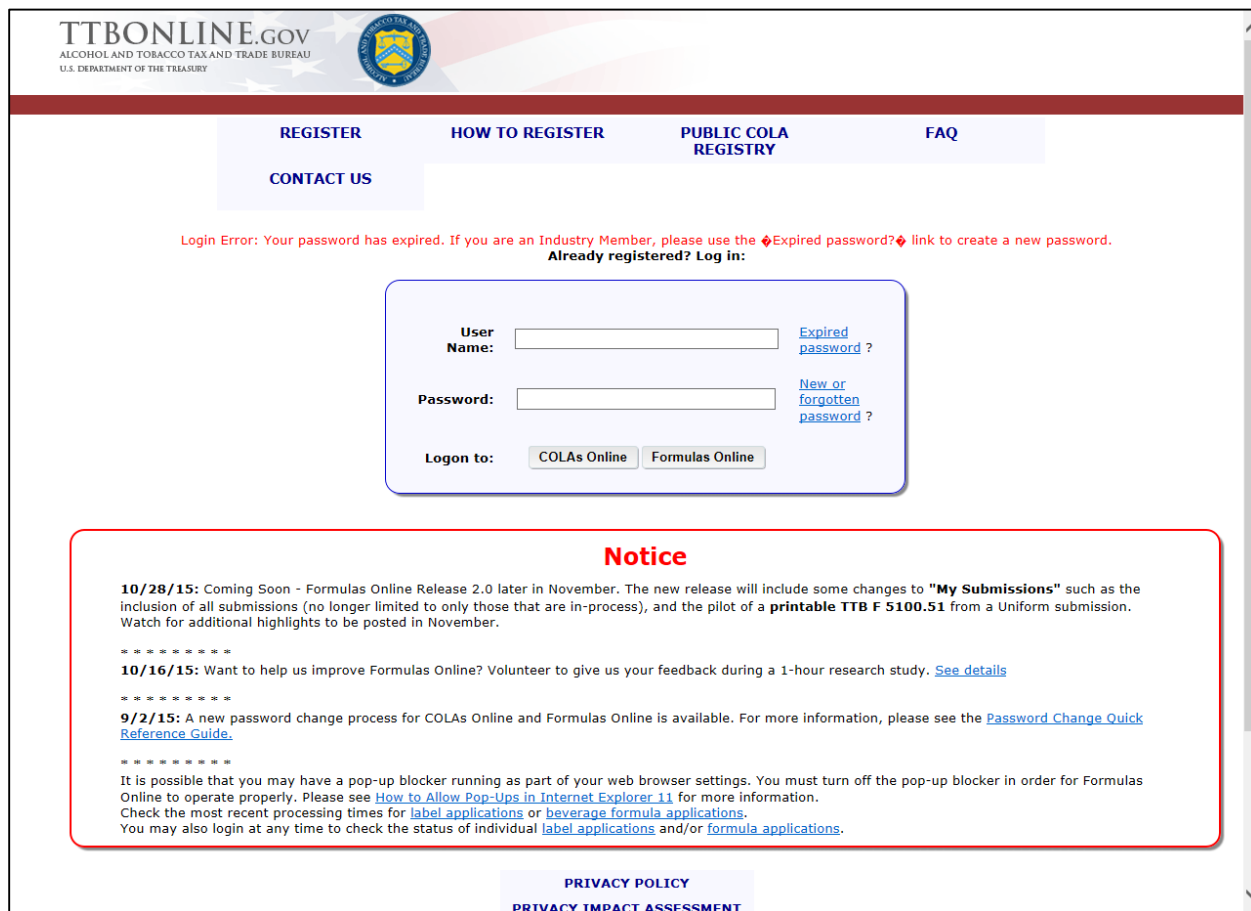

Passwords expire every 90 days and you will be required to change your password before expiration. You can change your password at any time through the Password Change Utility. If you login to Formulas Online when your password is due to expire, a confirmation message box displays reminding you to change your password through the Password Change Utility. See Figure 333. You may select the **OK** button and follow the steps in Section 3.18.3 Reset Your Expired Password to change your password through the Password Change Utility.

Figure 333: Change Password Reminder Confirmation

If your password expires before you are able to change your password, an error message displays when you attempt to login to Formulas Online. See Figure 334.

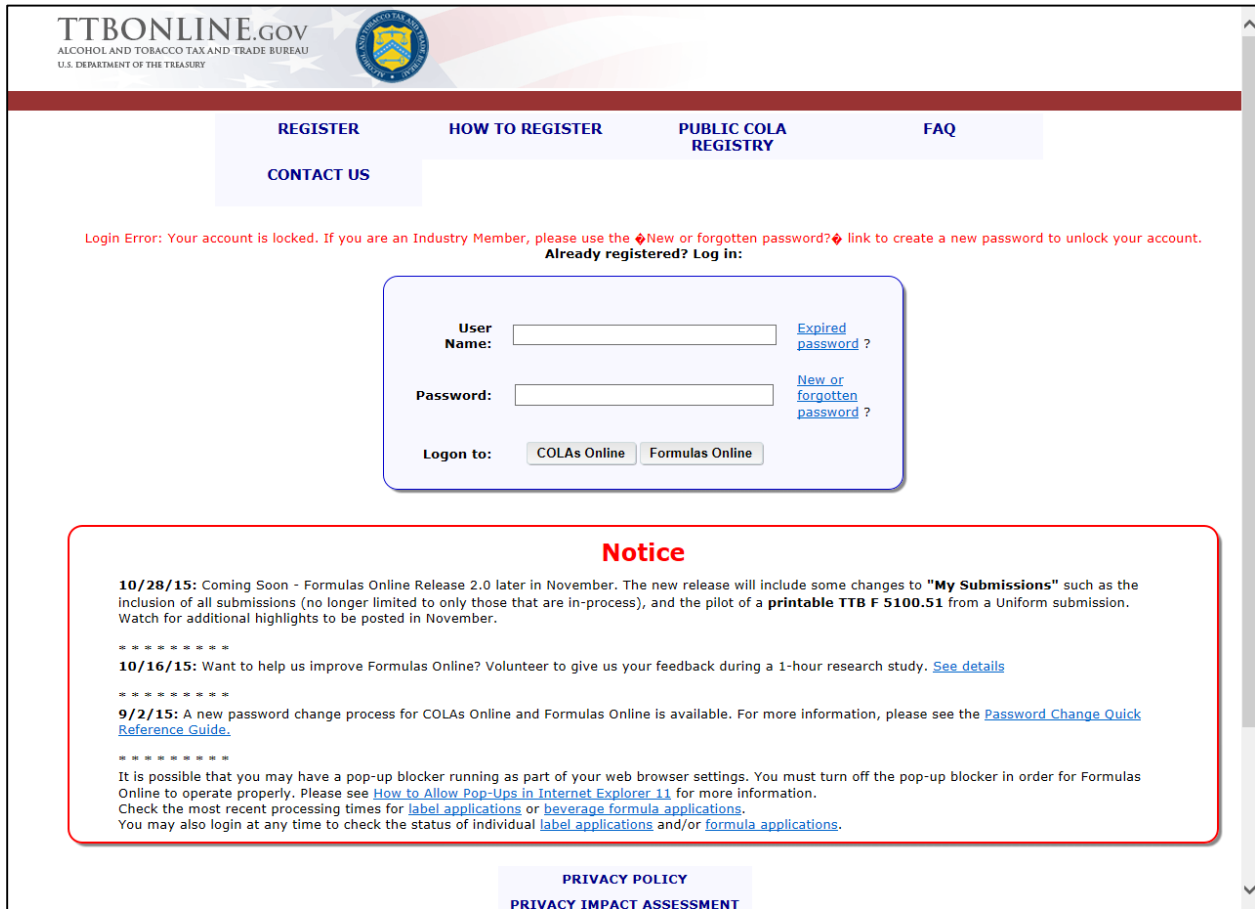

Figure 334: Expired Password Error Message

You may follow the steps in Section 3.18.3 Reset Your Expired Password to reset your expired password through the Password Change Utility.

If you attempt to login to Formulas Online multiple times with an invalid user name/password combination, you will lock your account. An error message displays stating your account is locked. See Figure 335.

Figure 335: Locked Account Error Message

You may reset your password to unlock your account. Follow the steps in Section 3.18.4 Unlock Your Locked Account to unlock your account by resetting your password through the Password Change Utility.

If you have simply forgotten your password, but it is not expired, you may follow the steps in Section 3.18.2 Reset Your Forgotten Password to reset your forgotten password through the Password Change Utility.

After one year of inactivity, your user name will also be deleted and you will need to re-register if you wish to resume using Formulas Online. Follow the steps in Section 3.4.2 Create a New User Registration to re-register.

3.18.1 Change Your Password

Follow these steps to change a Formulas Online system password through the Password Change Utility:

1. Select the [My Profile](#) link from the main navigation banner. The My Profile page displays. See Figure 331 and Figure 332.
2. Select the [Change Password](#) link. A confirmation message box displays stating you will be logged out to perform this action. See Figure 336.

3.19.1 Access Contact Us

Follow these steps to access the Contact TTB page through the [Contact Us](#) link:

1. Select [Contact Us](#) link in the main navigation banner or the [Need Help Logging On and Using TTB Online?](#) link in the TTB Online Portal page. The Contact TTB page displays. See Figure 357.

3.20 LOG OFF

Follow these steps to log off from Formulas Online:

1. Select the [Log Off](#) link in the main navigation banner. A confirmation message box displays prompting you to confirm your action. See Figure 358.

Figure 358: Log Off Confirmation

2. Select the **OK** button to confirm. The confirmation message box closes and Formulas Online logs you off and displays the TTB Online Portal page. See Figure 18.

► **Note:** To log back into Formulas Online, follow the steps in Section 3.3.1 Access Formulas Online through the TTB Online Portal Page.

3.21 ADDITIONAL FUNCTIONS

This section discusses the basic information for additional functions in the Formulas Online system. This section includes the following information:

- **Surrender a Formula** – See Section 3.21.1 Surrender a Formula
- **Withdraw a Submission** – See Section 3.21.2 Withdraw a Submission
- **Close a Submission** – See Section 3.21.3 Close a Submission
- **Send an E-Mail Message** – See Section 3.21.4 Send an E-Mail Message

3.21.1 Surrender a Formula

Formulas may only be surrendered using the most recent closed submission that contains the formula. If there is at least one submission eligible to be surrendered on the My Submissions home page or search results pages, the Surrender radio button displays at the top of the Submission ID column.

3.21.1.1 Surrender a Single Formula

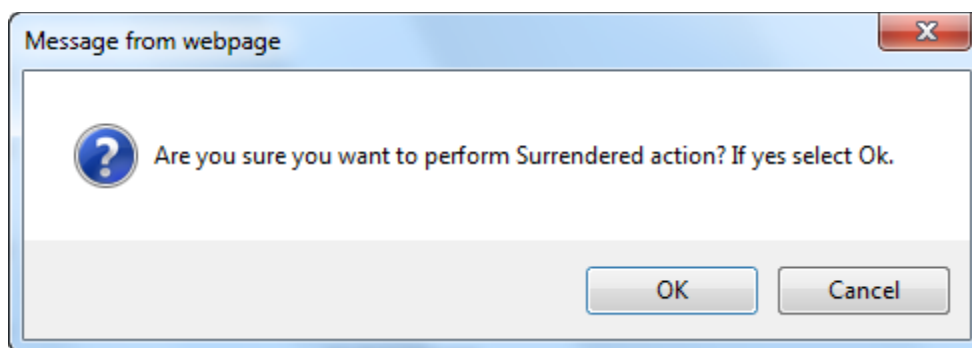

Follow these steps to surrender a single formula:

1. Perform a search for the formula in the closed submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.

Alternatively, locate the formula in the closed submission on the My Submissions home page.

2. Select the [Submission ID](#) link.
3. Select the [Surrender](#) link in the action bar. A confirmation message box displays prompting you to confirm your action. See Figure 359.

Figure 359: Surrender a Single Formula – Surrender Confirmation

4. Select the **OK** button to confirm. The confirmation message box closes and the disposition of the formula is changed to "Surrendered."

3.21.1.2 Surrender Multiple Formulas

Follow these steps to surrender one or more formulas from My Submissions or Search Results pages:

1. Perform a search for the formula in the closed submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.

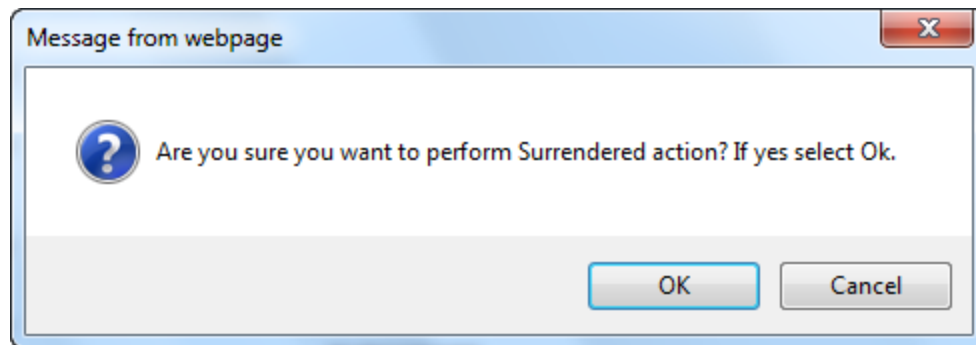

Alternatively, locate the formula in the closed submission on the My Submissions home page.

2. Select the Surrender radio button.
3. Select the checkbox next to the Submission ID for each submission you wish to surrender.

► **Note:** Select the top-level checkbox to select all the submissions.

4. Select the **Go** button. A confirmation message box displays prompting you to confirm your action. See Figure 360.

Figure 360: Surrender Multiple Formulas – Surrender Confirmation

5. Select the **OK** button to confirm. The confirmation message box closes and the disposition of the selected formulas are changed to "Surrendered."

3.21.2 Withdraw a Submission

You may withdraw a submission using the Formulas Online system. This has the effect of cancelling the submission permanently.

► **Note:** A submission may not be withdrawn when in any of the following statuses: “Draft,” “Closed,” or “Cancelled.”

Follow these steps to withdraw a submission:

1. Perform a search for the in-process submission. See Section 3.15 Searching for Submissions, Samples, and Formulas for more information.
Alternatively, locate the in-process submission on the My Submissions home page.
2. Select the [Submission ID](#) link.
3. Select the [Withdraw](#) link in the action bar. A confirmation message box displays prompting you to confirm your action. See Figure 361.

Figure 361: Withdraw a Submission – Withdraw Confirmation

4. Select the **OK** button to confirm. The confirmation message box closes and the status of the submission is changed to “Withdrawn.”

3.21.3 Close a Submission

Only TTB closes submissions. Close conditions vary depending on the submission type. Some formulas receive a disposition (e.g., “Approved,” “Rejected”) and all go through a review process. Non-formula submissions show a status of “Closed” but do not receive dispositions.

Should you wish to surrender a formula, you may do so yourself. See Section 3.21.1 Surrender a Formula for more information. If you cannot surrender a formula yourself for any reason, contact TTB to request that it be surrendered.

3.21.4 Send an E-Mail Message

You may send an ad hoc e-mail message to TTB staff using the Formulas Online system.

Follow these steps to send an e-mail message:

1. Select the [Notify](#) link in the action bar. The E-mail Notification pop-up window displays. See Figure 362.

4 MESSAGE HANDLING

This section details how messages (confirmation, informational, and error) are handled in the Formulas Online system.

4.1 CONFIRMATION MESSAGES

The Formulas Online system displays a confirmation message box in front of the page when you attempt to perform an action and a confirmation is required. If you select the **OK** button, the system performs the action. If you select the **Cancel** button, the system displays the initial page, allowing you to change values in the fields, etc. and reattempt the action.

Figure 366 details a standard system confirmation message.

Figure 366: Confirmation Message

4.2 INFORMATIONAL MESSAGES

The Formulas Online system displays an informational message at the top of the page when the user successfully performs certain actions, such as saving a record. Figure 367 details a page with a standard system informational message.

Figure 367: Informational Message

The screenshot shows the 'Formulas Online' user profile page. At the top left is the 'TTBONLINE.GOV' logo with the text 'ALCOHOL AND TOBACCO TAX AND TRADE BUREAU' and 'U.S. DEPARTMENT OF THE TREASURY'. To the right is the 'Formulas Online' title and a navigation menu with links: COLAS, Home, Text Menu, My Profile, Help, Contact Us, Log Off. Below the navigation is a dark blue bar with 'New View Modify Registration' and a search area with 'Submissions', 'Search', and 'Advanced Search' buttons.

The main content area is titled 'User Profile' and contains an 'Informational Messages' section with a single bullet point: 'Your changes have been successfully saved.' Below this is the 'Personal Information' section, which includes a 'Change Password' link and form fields for: First Name (Jane), M. I. (empty), Last Name (Smith), Employer (TTB), Title (Tester), Label Rep. ID (empty), Phone Number (2024532000), Fax Number (empty), Address Format (USPS Domestic), Address Line 1 (1310 G Street NW), Address Line 2 (empty), City (Washington), State (DC), and Zip (20005).

The 'Business E-mail Addresses' section prompts the user to 'Select an email address as your primary email address.' It features a table with columns 'PRIMARY' and 'E-MAIL ADDRESS'. The first row has a selected radio button and the email 'Jane.Smith@ttb.gov'. Two other empty rows are visible below.

The 'Authentication Questions' section prompts the user to 'Select three questions and provide answers. These answers will enable you to create your initial password, and will be used for authentication should you ever forget your password.' It shows a table with columns 'QUESTION' and 'ANSWER', but no data is visible.

4.3 VALIDATION MESSAGES

The Formulas Online system displays a validation message at the top of the page when the user successfully performs a validation of a submission. Figure 368 details a page with a standard system validation message.

Figure 368: Validation Message

The screenshot shows the TTBONLINE.GOV website interface. At the top left, the logo for the Alcohol and Tobacco Tax and Trade Bureau is displayed. In the top right corner, there are links for "Text Menu", "Help", "Contact Us", and "Exit". The main heading is "User Registration" with a red arrow icon. Below this, a green message states "Validation is successful - no errors were found." A navigation bar contains tabs for "Main", "Company", "Comments", and "Docs/Links". Below the navigation bar are links for "Print", "Comment", "Upload", "POA Form", and "SA Form". The "Comments Detail" section has an "Add" button. The "Perjury Statement" section contains a checked checkbox and the text: "Under the penalties of perjury, I declare that all the statements appearing on this application, including supplemental documents, are true and correct to the best of my knowledge and belief. I also certify that I have read, understood, and complied with the conditions and instructions for filing this application." At the bottom, there are buttons for "Validate", "Cancel", and "Submit".

4.4 ERROR MESSAGES

The Formulas Online system displays an error message at the top of the page when the user attempts to validate data and encounters one of the following scenarios:

- A value is not entered or selected in a required field
- Invalid information is entered in a field
- Valid information is entered in a field in an invalid format
- A system error occurs

Figure 369 details a page with a standard system error message.

Figure 369: Error Message

The screenshot shows the 'Formulas Online' interface for a 'Uniform' registration. At the top, there are navigation links like 'COLAS', 'Home', 'Text Menu', 'My Profile', 'Help', 'Contact Us', and 'Log Off'. Below the navigation is a search bar and 'Submissions' dropdown. The main content area is titled 'Uniform' and displays an 'Errors:' section. Under 'Main Tab', three errors are listed: 'Company Formula # is required.', 'Commodity is required.', and 'Class/Type is required.'. Under 'Formula Tab', three errors are listed: 'Total Yield is required.', 'Alcohol Content of Finished Product - Low is required.', and 'Method of Manufacture description or document attachment is required. If you are using the upload function to attach one of these documents, you must select 'Method of Manufacture' when you are prompted for Type.'. Below the errors is a tabbed interface with 'Main', 'Formula', 'Samples', 'Company', 'Comments', and 'Docs/Links'. The 'Main' tab is active. Below the tabs are links for 'Print', 'Comment', and 'Upload'. There are radio buttons for 'Create New Formula' (selected) and 'Supersede Existing Formula'. The form fields include: 'TTB Formula ID:', 'Company ID: OH-W-999', 'Company Name: POM VINEYARD INC', 'Company Formula #: OH-W-999', 'Commodity:' (dropdown), 'Product Name:', 'Product Source: Domestic' (dropdown), 'Class/Type:' (dropdown), and 'Type Description:' (text area with '250 characters left').

Error messages contain detail about the specific error encountered by the user. For example, if the user has not entered or selected a required field, the error message states the field is required and the user cannot proceed before resolving the issue.

5 HELP FACILITIES

This section discusses the help facilities provided to users of the Formulas Online system.

5.1 FIELD LEVEL TOOL TIPS

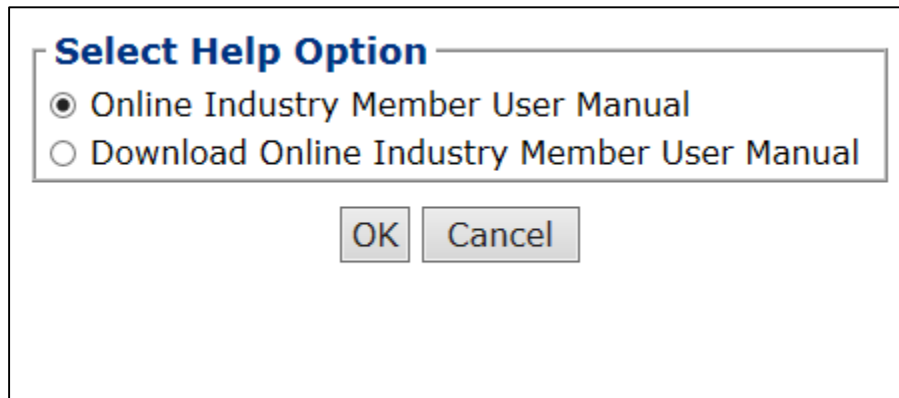

Tool tips are small rectangles of text that describes a field. Field level tool tips will be provided in the system when the user places the cursor over certain system field labels.

5.2 FORMULAS ONLINE INDUSTRY MEMBER ONLINE HELP

There are two ways to display online help in the Formulas Online system:

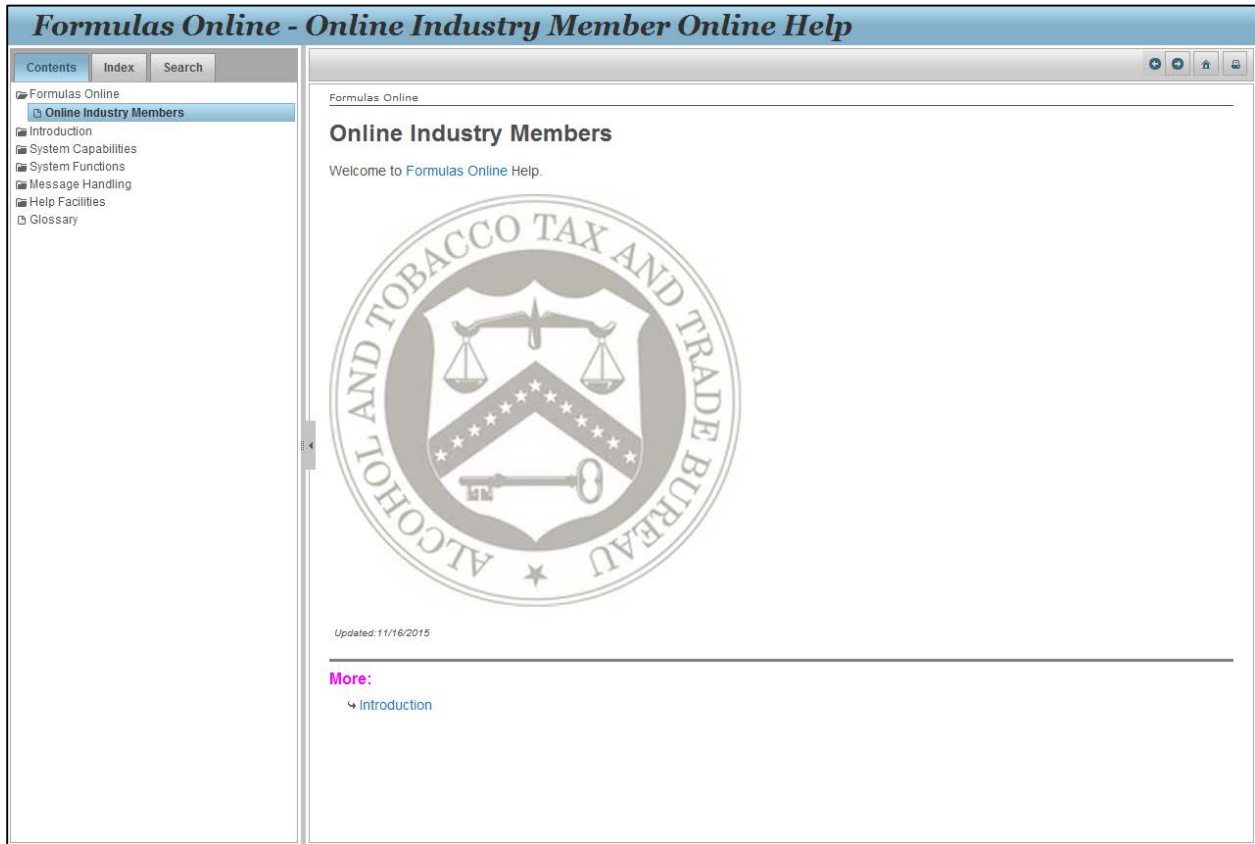

1. Select the [Help](#) link in the main navigation banner. The Help pop-up window displays. See Figure 370.

Figure 370: Help Pop-Up Window

- a. Leave the Online Industry Member User Manual radio button selected.
- b. Select the **OK** button. The Online Industry Member Online Help displays. See Figure 371.

Figure 371: Online Industry Member Online Help

Alternatively, you may:

2. Select the question mark icons (?) you see throughout the Formulas Online system. These display context-sensitive help, information that is specifically meant to assist you with a given field, screen, submission.

5.3 FORMULAS ONLINE INDUSTRY MEMBER USER MANUAL

The Formulas Online Industry Member User Manual is available (in PDF format). Follow these steps to display the Formulas Online Industry Member User Manual:

1. Select the [Help](#) link in the main navigation banner. The Help pop-up window displays. See Figure 370.
 - a. Select the Download Online Industry Member User Manual radio button.
 - b. Select the **OK** button. The Online Industry Member User Manual displays in PDF format. See Figure 372.

Approval Date

The date on which the formula submission was approved by TTB.

Approval Provision

Conditions under which the approval has been granted. Example: approval contingent on meeting legal criteria as specified.

Approved

This status indicates a final action regarding a particular submission. Submissions enter this status when both the submission and the associated materials, if any, meet all applicable requirements.

Approved Class/Type

Class/type codes indicate the class and/or type designation for a product. Each product is assigned a unique class/type code. The approved class/type only applies if the value is different from the class/type the submitter entered.

Approved Classification

The approved classification only applies if the value is different from the classification the submitter entered. Examples include malt beverage, porter, wine, stout, whisky, etc.

Approved for Export Only

This status indicates a final action regarding a particular submission. Submissions enter this status when both the submission and the associated materials, if any, meet all applicable requirements for exports only.

Approved Type

The approved type only applies if the value is different from the type the submitter entered. Examples include diluted whisky, dessert flavor wine, etc.

Assigned

This status indicates that the submission has been assigned to an ALFD specialist for evaluation.

Assignment Pending

This status indicates that the submission is awaiting assignment within the laboratory.

Attachment ID

The Attachment ID is the identifier used to associate image files scanned at TTB to a submission in the system. All scanned files associated with a given submission are scanned with that submission's Attachment ID.

Attest

[Perjury Statement] To affirm to be correct, true, or genuine.

Company Formula ID

This is made up of the company code plus the company formula number (assigned by the company; sequential). One of the three ways formulas can be identified by the submitter.

Company Formula Number

This is a manually assigned sequential number the company itself assigns to a given formula. With the company's permit number, this makes up the Company Formula ID.

Company ID

This is a combination of the company's name and company code. Industry Members select these from pick lists; TTB processors input these manually.

Company Name

The official corporate or business name or the name under which the company is doing business (DBA – doing business as).

Correction Review

This status indicates that the submission is being reviewed by NPL to confirm the submission needs to be returned for correction.

Created Date

Date on which the submission was created. Used to "age" submissions.

[Top](#)

D**Date Approved**

Date on which the submission was approved.

Date of Permit Issue

The date on which TTB issued the permit to the company and/or the permit went into effect.

Date Received

Date on which the samples were received by TTB.

Date Submitted

Date on which the submission was submitted to TTB.

Disapproved

This status indicates a final action regarding a particular submission. Submissions enter this status when the submission and the associated materials, if any, have not met all applicable requirements.

Disapproved (Domestic)

This status indicates a final action regarding a particular submission. A Submission enters this status when it has been determined that the product is fit for beverage purposes and therefore not eligible for drawback of tax, except when use by claimant in eligible nonbeverage products.

Disposition

The determination (e.g., "Approved," "Pending," "Rejected") of a given submission. Not to be confused with Status.

Draft

This status indicates that the submission is in progress (is created, but has not yet been properly submitted).

Drawback

Formula and Process for Nonbeverage Alcohol (Drawback). This form must be filed within 6 months after the end of the quarter in which distilled spirits were first used to manufacture the product for drawback. One form must be filled out per formula.

Industry members seek to receive a partial return of taxes, known as a drawback, paid on products by proving that the alcohol in their products has been rendered unfit for beverage purposes, and thus the majority of the distilled spirits excise tax paid on the spirits should be returned to them. Nonbeverage products must meet two criteria. They must be unfit for beverage purposes and they must fall within one of the six eligible product classes. The six classes are foods, flavors, flavoring extracts, medicines, medicinal preparations, and perfumes.

Drawback Rider

See Rider.

DSS

Distilled Spirits Specialty.

F

FAA

Federal Alcohol Administration.

FD&C

Food, Drug & Cosmetics.

FDA

Food and Drug Administration.

FID Sheet

Flavor Ingredient Data (FID) Sheet.

Find FID

Visible when an FID is not already associated with this ingredient and when Compound Flavor is checked. TTB Formula ID or Company Formula Number must be entered. Pressing this button causes the application to obtain the most recent FID and display it. (It does not link the FID to the ingredient). Existing FID must have been submitted by the one of the submitting companies.

If the FID is not found, the application immediately displays a message that advises the submitter to upload a FID. This message is also displayed when the **OK** button is pressed on the Flavor Ingredient modal window when the FID is not found.

First Name

The first (given/birth) name of an individual. This field is used in many places throughout the application. In some cases, it refers to a contact person; in others, it refers to complainant. Used in multiple places throughout the application.

Fit for Bev Purposes (Foreign)

This status indicates a final action regarding a particular submission. A Submission enters this status when it has been determined that the product is fit for beverage purposes and must comply with alcoholic beverage regulations if imported into the U.S. If this product is used in alcoholic beverages produced outside the U.S., it is not eligible for flavor credit under 26 USC 5010.

Form 5100.17

The TTB form after which the Sample ID Sheet was derived. This sheet must be printed by the submitter and included with each sample sent to TTB for analysis. See also Sample ID Sheet.

Form 5100.51

Formula and Process For Domestic and Imported Alcohol Beverages. Every person who is required to file a formula under 27 CFR Parts 4, 5, 7, 19, 24, 25, and 26 must submit this form. Permit approval and formula approval are required prior to manufacture/importation of any product requiring a formula. Production/importation may commence upon receipt by the proprietor of an approved formula on TTB 5100.51/Uniform.

Form 5190.19

The paper version of what is now the Formula and/or Process for Article Made With Specially Denatured Spirits (SDA) in the Formulas Online application.

Form 5154.1

Formula and Process for Nonbeverage Alcohols (Drawback). This form must be filed within 6 months after the end of the quarter in which distilled spirits were first used to manufacture the product for drawback. One form must be filled out per formula.

Formula

Refers to alcohol beverage formulas. Also referred to as Formulations.

Formula Adoption

The process in which companies transfer to or include other companies in the ownership of their formulas, and therefore have need to access their formulas.

Formula ID

See Formula Identifier.

Formula Identifier

The TTB identifier that uniquely identifies a formula for which a company has provided Uniform submissions.

Formula Load

Formula load is the process in which old formulas previously processed in their paper form are loaded to the system for historical reference.

Needs Correction

This status indicates that the submission has been reviewed by TTB but cannot be approved as submitted. The submission is returned to the submitter with a list of corrections in the Needs Correction tab of the electronic submission that need to be made either to the submission or to the supporting materials (documents, samples, etc.). Submissions in the "Needs Correction" status may also be "Withdrawn" by the submitter.

New User

A new user is someone who has never been issued an individual user name.

No Action

This status indicates a final action regarding a particular submission. A Submission enters this status when it has been determined that there is no alcohol eligible for drawback of tax. Use is subject to compliance with U.S. Food and Drug Administration regulations.

Nonbeverage Company

A manufacturer of nonbeverage products.

NPL

Nonbeverage Products Laboratory.

NRC

National Revenue Center. The NRC collects tax revenues; screens applications; issues permits and approves notices or registrations; reconciles returns, reports, and claims; and provides technical assistance to Bureau employees and industry members on related laws and regulations.

Submission Status

The status of a given submission.

Submitter

A registered Industry Member user of the Formulas Online and/or COLAs systems. An Industry Member becomes a Formulas Online (FONL) Online Industry Member (OIM) User through a formal TTB User Registration process.

An authenticated Online Industry Member (OIM) is granted a user name and password. Submitters have the ability to withdraw, surrender, review status, and correct electronic applications in addition to creating and saving.

The authorized user who submitted a Form. Generally refers to those who submit electronically through Formulas Online, but can also stand for a paper-based Submitter, depending on the context in which it is used.

Surrender

Enables the user to surrender an approved formula in Closed status. After a confirmation message box, the system changes the disposition to Surrendered and returns the user to his/her home page.

Surrendered

This status indicates that an approved formula in "Closed" status was surrendered by the Submitter.
