

2012

Form 1040-ES (NR)

U.S. Estimated Tax for Nonresident Alien Individuals

Department of the Treasury
Internal Revenue Service

At the time this form went to print, Congress was considering legislation that would extend certain tax provisions that expired at the end of 2011. Legislative actions may impact your estimated tax liability calculation. The IRS will take appropriate steps to notify the public on any legislative developments. For more information about these tax provisions, see the discussion under What's New and Expiring Tax Benefits, later.

Purpose of This Package

If you are a nonresident alien, use this package to figure and pay your estimated tax. If you are not required to make estimated tax payments for 2012, you can discard this package.

Estimated tax is the method used to pay tax on income that is not subject to withholding. See the 2011 Instructions for Form 1040NR, U.S. Nonresident Alien Income Tax Return, or Form 1040NR-EZ, U.S. Income Tax Return for Certain Nonresident Aliens With No Dependents, for details on income that is taxable.

Estimated tax for an estate or trust. If you are using this package to figure and pay estimated tax for a nonresident alien estate or trust, use the 2011 Form 1040NR as a guide in figuring the estate's or trust's 2012 estimated tax. You also may find it helpful to refer to the 2012 Form 1041-ES.

Change of address. If your address has changed, file Form 8822, Change of Address, to update your record.

Who Must Make Estimated Tax Payments

General Rule

In most cases, you must pay estimated tax for 2012 if both of the following apply.

1. You expect to owe at least \$1,000 in tax for 2012, after subtracting your withholding and refundable credits.
2. You expect your withholding and refundable credits to be less than the smaller of:
 - a. 90% of the tax to be shown on your 2012 tax return, or
 - b. 100% of the tax shown on your 2011 tax return. Your 2011 tax return must cover all 12 months.

Note. These percentages may be different if you are a farmer, fisherman, or higher income taxpayer. See *Special Rules* below.

Special Rules

There are special rules for farmers, fishermen, certain household employers, and certain higher income taxpayers.

Farmers and fishermen. If at least two-thirds of your gross income for 2011 or 2012 is from farming or fishing, substitute 66 $\frac{2}{3}$ % for 90% in (2a) under *General Rule* above.

Household employers. When estimating the tax on your 2012 tax return, include your household employment taxes if either of the following applies.

- You will have federal income tax withheld from wages, pensions, annuities, or other income effectively connected with a U.S. trade or business.
- You would be required to make estimated tax payments to avoid a penalty even if you did not include household employment taxes when figuring your estimated tax.

Higher income taxpayers. If your adjusted gross income (AGI) for 2011 was more than \$150,000 (\$75,000 if your filing status for 2012 is married filing separately), substitute 110% for 100% in (2b) under *General Rule*, earlier. This rule does not apply to farmers or fishermen.

Married filing separately. Your filing status is married filing separately if you will check filing status box 3, 4, or 5 on your 2012 Form 1040NR or filing status box 2 on your 2012 Form 1040NR-EZ.

Increase Your Withholding

If you also receive salaries and wages, you may be able to avoid having to make estimated tax payments on your other income by asking your employer to take more tax out of your earnings. To do this, file a new Form W-4, Employee's Withholding Allowance Certificate, with your employer.

What's New

Use your 2011 tax return as a guide in figuring your 2012 estimated tax, but be sure to consider the following.

At the time this form went to print, Congress was considering legislation that would extend certain tax provisions that expired at the end of 2011. Legislative actions may impact your estimated tax liability calculation. The IRS will take appropriate steps to notify the public on any legislative developments.

Adoption credit and adoption assistance. Beginning in 2012, the maximum adoption credit will be \$12,650 and the credit is no longer refundable. The maximum amount of adoption assistance that can be excluded from gross income is \$12,650. The amount of the credit or excludable assistance begins to phase out for taxpayers with modified AGI in excess of \$189,710 and is completely phased out for taxpayers with modified AGI of \$229,710.

Alternative minimum tax (AMT) exemption amounts. The AMT exemption amount is decreased to \$33,750 (\$45,000 if a qualifying widow(er); \$22,500 if married filing separately).

Expiring tax benefits. The following benefits are scheduled to expire or have been repealed and will not be available for 2012.

- Credit for non-business energy property
- Plug-in electric vehicle credit.
- Plug-in conversion credit.
- Alternative fuel vehicle refueling property credit.
- Indian employment credit.
- New energy efficient home credit.
- Energy efficient appliance credit.
- Deduction of expenses for school teachers.
- Tax-free distribution from retirement accounts for charitable purposes.

- Zero percent capital gains rate for D.C. Zone assets.
- First-time homebuyer credit for the District of Columbia.

Nonrefundable personal credits and the AMT. The following credits are no longer allowed to be applied against AMT.

- Credit for child and dependent care expenses.
- Mortgage interest credit.
- Carryforwards of the District of Columbia first-time homebuyer credit.

Instead, a new tax liability limit applies. For most people, this limit is your regular tax minus any tentative minimum tax.

Personal exemption amount increased. For tax years beginning in 2012, the personal exemption amount is increased to \$3,800.

Standard mileage rate. The rate for business use of your vehicle remains 55½ cents per mile. The rate for use of your vehicle to move is decreased to 23 cents per mile. The rate of 14 cents per mile for charitable use is unchanged.

Social security and Medicare tax for 2012. The employee tax rate for social security is 4.2%. The social security wage base limit is \$110,100. The Medicare tax rate is 1.45%. There is no wage base limit for Medicare tax.

The tax rate for net earnings from self-employment is 10.4%, up to the social security wage base limit of \$110,100

Extended health coverage tax credit. The credit for the cost of health insurance is 72.5% and COBRA benefits continue if you are one of the following eligible individuals.

- Trade adjustment assistance (TAA) recipients.
- Alternative TAA recipients.
- Reemployment TAA recipients.
- Pension Benefit Guaranty Corporation pension recipients.
- Qualified family members of an individual who fell under one of the categories listed above when he or she died or with whom you finalized a divorce.

Reminder

Roth IRAs. If you rolled over or converted part or all of another retirement plan to a Roth IRA in 2010, or made an in-plan rollover to a designated Roth account after September 27, 2010, and did not elect to include the resulting taxable amount in income for 2010, you reported half of that taxable amount on your 2011 return and must report the other half on your 2012 return. See the instructions for Form 8606 for more information.

How To Figure Your Estimated Tax

You will need:

- The 2012 Estimated Tax Worksheet.
- The *Instructions for the 2012 Estimated Tax Worksheet*.

- The 2012 Tax Rate Schedules for your filing status.*
- Your 2011 tax return and instructions to use as a guide to figuring your income, deductions, and credits (but be sure to consider the items listed under *What's New*).

* If you are married, you generally must use Tax Rate Schedule Y. For exceptions, see Pub. 519, chapter 5.

Matching estimated tax payments to income. If you receive your income unevenly throughout the year (for example, because you operate your business on a seasonal basis or you have a large capital gain late in the year), you may be able to lower or eliminate the amount of your required estimated tax payment for one or more periods by using the annualized income installment method. See chapter 2 of Pub. 505 for details.

Changing your estimated tax. To amend or correct your estimated tax, see *How To Amend Estimated Tax Payments*, later.

You cannot make joint estimated tax payments if you or your spouse is a nonresident alien, you are separated under a decree of divorce or separate maintenance, or you and your spouse have different tax years.

Payment Due Dates

If you have wages subject to U.S. income tax withholding, you can pay all of your estimated tax by April 17, 2012, or in four equal amounts by the dates shown below.

1st payment	Apr. 17, 2012
2nd payment	Jun. 15, 2012
3rd payment	Sep. 17, 2012
4th payment	Jan. 15, 2013*

* You do not have to make the payment due January 15, 2013, if you file your 2012 Form 1040NR or 1040NR-EZ by January 31, 2013, and pay the entire balance due with your return.

If you do not have wages subject to U.S. income tax withholding, you can pay all of your estimated tax by June 15, 2012, or you can pay it in three installments. If you pay the tax in three installments, 1/2 is due by June 15, 2012, 1/4 is due by September 17, 2012, and 1/4 is due by January 15, 2013.

We do not send notices reminding you to make your estimated tax payments. You must make each payment by the due date.

If you mail your payment in the United States and it is postmarked by the due date, the date of the U.S. postmark is considered the date of the payment. If your payments are late or you did not pay enough, you may be charged a penalty for underpaying your tax. See *When a Penalty Is Applied*, later.

If you want, you can make more than four estimated tax payments.

To do so, make a copy of one of your unused estimated tax payment vouchers, fill it in, and mail it with your payment. If you make more than four payments, to avoid a penalty make sure the total of the amounts you pay during a payment period is at least as much as the amount required to be paid by the due date for that period. For other payment methods, see Pay Electronically, later.

No income subject to estimated tax during first payment period. If, after March 31, 2012, you have a large change in income, deductions, additional taxes, or credits that requires you to start making estimated tax payments, you should figure the amount of your estimated tax payments by using the annualized income installment method, explained in chapter 2 of Pub. 505. If you use the annualized income installment method, file Form 2210, Underpayment of Estimated Tax by Individuals, Estates, and Trusts, including Schedule AI, with your 2012 tax return even if no penalty is owed.

Farmers and fishermen. If at least two-thirds of your gross income for 2011 or 2012 is from farming or fishing, you can do one of the following.

- Pay all of your estimated tax by January 15, 2013.
- File your 2012 Form 1040NR by March 1, 2013, and pay the total tax due. In this case, 2012 estimated tax payments are not required to avoid a penalty.

Fiscal year taxpayers. You are on a fiscal year if your 12-month tax period ends on any day except December 31. Due dates for fiscal year taxpayers are the 15th day of the 4th (if applicable), 6th, and 9th months of your current fiscal year and the 1st month of the following fiscal year. If any payment date falls on a Saturday, Sunday, or legal holiday, use the next business day.

Name Change

If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, attach a statement to the front of your 2012 income tax return. On the statement, show all of the estimated tax payments you made for 2012 and the name and identifying number under which you made the payments.

If your identifying number is a social security number, be sure to report the change to your local Social Security Administration office before filing your 2012 tax return. This prevents delays in processing your return and issuing refunds. It also safeguards your future social security benefits. For more details, call the Social Security Administration at 1-800-772-1213 (TTY/TDD 1-800-325-0778).

If your identifying number is an IRS-issued individual taxpayer identification number (ITIN), you do not

have to contact the Social Security Administration.

How To Amend Estimated Tax Payments

To change or amend your estimated tax payments, refigure your total estimated tax payments due (line 19a of the *2012 Estimated Tax Worksheet*, later). Then, to figure the payment due for each remaining payment period, see *Amended estimated tax under Regular Installment Method* in chapter 2 of Pub. 505. If an estimated tax payment for a previous period is less than one-fourth of your amended estimated tax, you may owe a penalty when you file your return.

When a Penalty Is Applied

In some cases, you may owe a penalty when you file your return. The penalty is imposed on each underpayment for the number of days it remains unpaid. A penalty may be applied if you did not pay enough estimated tax for the year or you did not make the payments on time or in the required amount. A penalty may apply even if you have an overpayment on your tax return.

The penalty may be waived under certain conditions. See chapter 4 of Pub. 505 for details.

How To Pay Estimated Tax

Pay by Check or Money Order Using the Estimated Tax Payment Voucher

There is a separate estimated tax payment voucher for each due date. The

due date is shown in the upper right corner. Complete and send in the voucher only if you are making a payment by check or money order.

To complete the voucher, do the following.

- Print or type your name, address, and social security number (SSN) in the space provided on the estimated tax payment voucher. If you do not have and are not eligible to get an SSN, enter your ITIN. To apply for an ITIN, use Form W-7, Application for IRS Individual Taxpayer Identification Number. For additional information go to IRS.gov and enter "ITIN" in the keyword search box. If you are filing the return for a trust or estate, enter the EIN of the trust or estate.
- Enter in the box provided on the estimated tax payment voucher only the amount you are sending in by check or money order. When making payments of estimated tax, be sure to take into account any 2011 overpayment that you choose to credit against your 2012 tax, but do not include the overpayment amount in this box.
- Make your check or money order payable to the "United States Treasury." Do not send cash. To help process your payment accurately, enter the amount on

the right side of the check like this: \$ XXX.XX. Do not use dashes or lines (for example, do not enter "\$ XXX-" or "\$ XXX ^{XX}/₁₀₀").

- Enter "2012 Form 1040-ES (NR)" and your identifying number (SSN, ITIN, or EIN) on your check or money order.
- Enclose, but do not staple or attach, your payment with the estimated tax payment voucher.
- Mail your estimated tax payment voucher to the following address.

Internal Revenue Service
P.O. Box 1300
Charlotte, NC 28201-1300 USA

Also, note that only the U.S. Postal Service can deliver to P.O. boxes.

Pay Electronically

Paying electronically helps to ensure timely receipt of your estimated tax payment. You can pay electronically using the following payment options.

- Electronic Federal Tax Payment System (EFTPS).
- Credit or debit card.

For information on paying your taxes electronically, go to www.irs.gov/e-pay.

Instructions for the 2012 Estimated Tax Worksheet

Line 1. Adjusted gross income. Use your 2011 tax return and instructions as a guide to figuring the AGI you expect in 2012 (but be sure to consider the items listed under *What's New*, earlier). For more details on figuring your AGI, see *Expected AGI—Line 1* in chapter 2 of Pub. 505.

If you are self-employed, be sure to take into account the deduction for your self-employment tax (2011 Form 1040NR, line 27). Use the 2012 Self-Employment Tax and Deduction Worksheet for Lines 1 and 11 of the Estimated Tax Worksheet to figure the amount to subtract when figuring your expected AGI. This worksheet also will give you the amount to enter on line 11 of your estimated tax worksheet.

Line 9. Credits. See the 2011 Form 1040NR, lines 45 through 50, and the related instructions for the types of credits allowed.

Line 11. Self-employment tax. Enter your self-employment tax on line 11. When estimating your 2012 net earnings from self-employment, be sure to use only 92.35% (.9235) of your total net profit from self-employment.

Line 12. Other taxes. Use the instructions for the 2011 Form 1040NR to determine if you expect to owe, for 2012, any of the taxes that would have been entered on your 2011 Form 1040NR, lines 56 (additional tax on distributions only), 58a, 58b, and 59. On line 12, enter the total of those taxes, subject to the following two exceptions.

Exception 1. Include household employment taxes from Form 1040NR, line 58a, on this line only if:

- You will have federal income tax withheld from wages, pensions, annuities, or other income effectively connected with a U.S. trade or business, or

- You would be required to make estimated tax payments (to avoid a penalty) even if you did not include household employment taxes when figuring your estimated tax.

If you meet one or both of the above, include in the amount on line 12 the total of your household employment taxes.

Exception 2. Of the amounts for other taxes that may be entered on Form 1040NR, line 59, do not include on line 12: recapture of a federal mortgage subsidy, uncollected social security and Medicare tax or RRTA tax on tips or group-term life insurance, excise tax on excess golden parachute payments, look-back interest due under section 167(g) or 460(b), excise tax on insider stock compensation from an expatriated corporation, or additional tax on advance payments of health coverage tax credit when not eligible. These taxes are not required to be paid until the due date of your income tax return (not including extensions).

Recapture of first-time homebuyer credit. If you purchased a home in 2008 and claimed the first-time homebuyer credit, repayment of that credit began with your 2010 tax return and will continue until the credit is fully repaid. If the home ceases to be your main home, then the unpaid balance of the credit is to be repaid on the return for the year when the home is no longer your main home.

If you purchased a home in 2009, 2010, or 2011 and claimed the first-time homebuyer credit, you must maintain that home as your main home for at least 36 months to avoid having to repay the credit.

For details about repaying the first-time homebuyer credit, see the Instructions for Form 5405.

Line 17b. Prior year's tax. Enter the 2011 tax you figure according to the instructions in *Figuring your 2011 tax*,

later, unless you meet one of the following exceptions.

- If the adjusted gross income shown on your 2011 return is more than \$150,000 (\$75,000 if you will file as married filing separately (see *Married filing separately* in *Special Rules*, earlier) for 2012), enter 110% of your 2011 tax as figured later.

Note. This does not apply to farmers or fishermen.

- If you filed as married filing jointly for 2011, but you will not file a joint return for 2012 (for example, because you are a nonresident alien who does not elect to be treated as a U.S. resident (see Pub. 519)), see *General Rule* in chapter 4 of Pub. 505 to figure your share of the 2011 tax to enter on line 17b.
- If you did not file a return for 2011 or your 2011 tax year was less than 12 full months, do not complete line 17b. Instead, enter the amount from line 17a on line 17c.

Figuring your 2011 tax. Use the following instructions to figure your 2011 tax.

1. **Form 1040NR**—The tax shown on your 2011 Form 1040NR is the amount on line 60 **reduced** by:

- a. Unreported social security and Medicare tax or RRTA tax from Form 1040NR, line 55;
- b. Any tax included on line 56 on excess contributions to IRAs, Archer MSAs, Coverdell education savings accounts, and health savings accounts, or on excess accumulations in qualified retirement plans;
- c. Amounts entered on line 59 as listed under *Exception 2* in *Line 12. Other taxes*, earlier; and
- d. Any refundable credit amounts on lines 63 and 66, and credits from Forms 8801 and 8885 included on line 67.

2. **Form 1040NR-EZ**—The tax shown on your 2011 Form 1040NR-EZ is the amount on line 15.
