WFLCOME

Congratulations on receiving a grant award for a Title VI, and/or Fulbright-Hays project. The U.S. Department of Education (US/ED) requires grant recipients to administer their projects efficiently and to submit annual and final performance reports about project objectives, impacts, and outcomes.

The International Resource Information System (IRIS) online information system provides access to screens that allow grantees to conduct the day-to-day administrative tasks related to the funded project as well as submit the required performance reports.

Click on a tab on the Home page to be directed to the relevant screens and instructions for initiating and completing administrative or reporting tasks.

Please be advised that although various project staff may participate in the administration and reporting activities associated with the project, the "Project Director" named on the grant award documents is the only person that the US/ED authorizes to submit the annual and final performance reports on behalf of the grantee.

The IFLE program officers are available to assist you with project-related questions. If you have system-related questions, please contact IRIS Help Desk at the <u>Contact Us</u> link.

This is a United States Department of Education computer system, which may be accessed and used only for official Government business by authorized personnel. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action.

International Travel Approval Request

Add User

Project Info

Create an international Travel Approval Request (TAR) for each individual. (A TAR is required if grant funds are supporting any cost associated with the travel, e.g., per diem, air fare, ground transportation.)

Measure

• Click the "Add a Travel Approval Request" button to create a TAR.

Travel Requests

- · IRIS will notify your program officer by email when the TAR is submitted.
- Once the TAR is approved or disapproved, IRIS will send you an email with additional information from your program officer.
- Approved TARs can be updated and resubmitted to US/ED for review.
- TARs must comply with the Fly America Act or meet one of its exceptions 1. The "Fly America Act" generally provides that foreign air travel funded by Federal government money may only be conducted on U.S. air carriers. There are limited circumstances under which use of a foreign-flag carrier is permissible. For example, flying on transportation provided under a bilateral or multilateral air transportation agreement, such as the Open Skies Agreement, is an allowable exception. If the traveler is flying under an exception, please site the exception in the "comments" section of the TAR.

The TAR must be submitted to US/ED at least 30 days prior to the traveler's departure.

Performance Measure Form

World Area:

In your application PMF, you entered planned Project Goals, Performance Measures, and Activities. For the purpose of evaluating your project's performance during the grant period, please enter these Project Goals, Performance Measures and Activities below. Add Data/Indicators for all Activities, and Baseline and Target units of measure for each Performance Measure. When completing the Annual Performance Report, you will provide the "Actual" units of measure at the time of reporting, to be assessed against the Targets.

- Click the "Add a Project Goals" button to enter Project Goals. Each project may have up to five Project Goals. The Project Goals do not have to encompass all of the goals of your project. They should be the goals that are most representative, in terms of time and funding, of what your project is supposed to accomplish. They are the goals that will be used to determine if your project is making substantial progress. Please complete a Performance Measure Form (PMF) for each Project Goal.
- To update or delete a Project Goal or other element, click the "Update" or "Delete" link under Action.

Performance Measure - Project Goal

In your application PMF, you entered planned Project Goals, Performance Measures, and Activities. For the purpose of evaluating your project's performance during the grant period, please enter these Project Goals, Performance Measures and Activities below. Add Data/Indicators for all Activities, and Baseline and Target units of measure for each Performance Measure. When completing the Annual Performance Report, you will provide the "Actual" units of measure at the time of reporting, to be assessed against the Targets.

- Click the "Add New Performance Measure" button to enter Performance Measures for each Project Goal. Each Project Goal must have at least one, and no more than three, performance measures. The performance measures should be both objective and time-bound. Make sure the units of measure (e.g., number of courses, number of students, etc.) are well defined.
- Click the "Add New Activity" button to enter Activities for each Performance Measure. Briefly describe the major activities that the institution will undertake to achieve each performance measure. Each performance measure must have at least one, and no more than three, activities.
- Click the "Add New Data/Indicator" button to enter Data/Indicators for each Activity. Briefly describe the data or indicators that will be used to track the progress of each Activity. Each Activity must have at least one, and no more than three, indicators. One of the indicators should be synonymous with the Performance Measure, and the other indicators should help track progress toward meeting the Performance Measure (since the Performance Measure might not change from the baseline in the early year(s) of the grant, supporting indicators are used to track and demonstrate progress).
 - Frequency For each indicator, enter the period of measurement (e.g., quarterly, by semester, or annually).
 - Data Source For each indicator, enter the source of the data (e.g., center records or university registrar).
- When entering performance indicators, consider what types and sources of data will best demonstrate that the project is
 achieving, or will achieve, its objectives. Identify the data that can serve as indicators or benchmarks that the project is meeting,
 or will meet, the intended outcomes, and that will most effectively demonstrate the project's impact. Also address:
 - How will the data be collected? Describe access and frequency.
 - How will the data be analyzed and reported? Describe the methodology and key personnel responsible.
- To update or delete a Project Goal or other element, click the "Update" or "Delete" link under Action.
- Baseline (BL) and Targets (T1-T4) Enter the total units of each performance measure (e.g., number of courses, number of students, etc.) at the time that the project commences as the "Baseline." The "Targets" are the planned incremental increase.
 For Targets, enter the planned total units of each performance measure at the time that the Annual Performance Report is submitted for each year of the grant. When completing the Annual Performance Report, provide the "Actual" units of measure at the time of reporting. Be sure to select numerical Targets that will show progress, but will also be realistic and achievable.

Time Extension

Please use this screen to notify IFLE during the final year of the grant that the grantee needs additional time (up to 12 months) to complete approved project activities. Submit a Time Extension request in IRIS at least 10 days before the end date specified on the grant award notification.

Justification for the Time Extension: (limit 1,500 characters and spaces)

Characters and Spaces:

*Requested Time Extension End Date (mm/dd/yyyy format)

*Note: The time extension end date automatically revises the due date for submitting the final report. The final report on the project will be due 90 days after the time extension date requested. Indicate funds to be used during the time extension.

\$

Note: EDGAR section 74.25(e) (2) (ii) stipulates that a time extension is not to be requested for the purpose of using unobligated funds.
