PRIVACY THRESHOLD ANALYSIS (PTA)

The PTA is a compliance form developed by the Privacy Branch to identify the use of Personally Identifiable Information (PII) across the Department. The PTA is the first step in the PII verification process, which focuses on these areas of inquiry:

- Purpose for the information,
- Type of information,
- Sensitivity of the information,
- Use of the information,
- And the risk to the information.

Please use the attached form to determine whether a Privacy Impact Assessment (PIA) is required under the E-Government Act of 2002 or a System of Record Notice (SORN) is required under the Privacy Act of 1974, as amended.

Please complete this form and send it to your program Privacy Liaison Officer (PLO). If you have no program Privacy Liaison Officer, please send the PTA to the HUD Privacy Branch:

Marcus Smallwood, Acting, Chief Privacy Officer
Privacy Branch
U.S. Department of Housing and Urban Development

privacy@hud.gov

Upon receipt from your program PLO, the HUD Privacy Branch will review this form. If a PIA or SORN is required, the HUD Privacy Branch will send you a copy of the PIA and SORN templates to complete and return.

SPECIFIC PTA QUESTIONS

1. Reason for submitting the PTA: New PTA

Please provide a general description of the project and its purpose so a non-technical person could understand. If this is an updated PTA, please describe what changes and/or upgrades triggering the update to this PTA. If this is a renewal please state whether there were any changes to the project, program, or system since the last version.

The newly established competitive Indian Housing Block Grant (IHBG) program is intended to spur construction and rehabilitation of affordable housing for eligible Native Americans. Additionally, applicants may apply for other eligible activities under Section 202 of NAHASDA. HUD will make the funds available under a Notice of Funding Availability (NOFA). IHBG applicants must submit a complete application package which includes a narrative response to the NOFA requirements, Application for Federal Assistance (SF-424), Applicant/Recipient Disclosure/Update Report (HUD-2880), Acknowledgement of Application Receipt (HUD-2993), IHBG Cost Summary (HUD-XXXX), and IHBG Implementation Schedule (HUD-XXXX). At the end of the 12-month program year, awardees will submit Annual Performance Reports (HUD-52737) describing accomplishments, outcomes, and outputs.

HUD uses the information collected to evaluate applications, make grant awards, and monitor grantee performance throughout the grant term. Summary data is provided to Congress annually.

² HUD defines personal information as "Personally Identifiable Information" or PII, which is any information that permits the identity of an individual to be directly or indirectly inferred, including any information that is linked or linkable to that individual, regardless of whether the individual is a U.S. citizen, lawful permanent resident, visitor to the U.S., or employee or contractor to the Department. "Sensitive PII" is PII, which if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual. For the purposes of this PTA, SPII and PII are treated the same.
