OFFICE OF THE DIRECTOR

A message from the Director, U.S. Census Bureau

We are requesting your cooperation with the, "Report of Building or Zoning Permits Issued for New Privately-Owned Housing Units." The U.S. Census Bureau requests summary information on the number and valuation of residential housing units authorized by building or zoning permits issued by your office during calendar year 2017. If your office has changed status, such as no longer requiring permits or if your office has merged with another office, please select the appropriate change and provide the requested information.

This survey produces estimates of construction of new housing units, the largest component of the construction industry. We also use your data to produce population estimates at the local government level. The population estimates are used by government agencies to allocate funding and other resources to your local area and for various planning purposes. Data users rely on your detailed geographic data to monitor growth and develop production and marketing strategies. Therefore, your cooperation in this survey is especially important.
