The United States Patent and Trademark Office (USPTO) administers the Leahy-Smith America Invents Act (AIA), Section 10, which sets or adjusts patent fees established authorized, or charged under Title 35, United States Code (U.S.C.). Section 10 prescribes that fees may be set or adjusted only to recover the aggregate estimated costs to the Office for processing, activities, services, and materials related to patent. Section 10 authorities also includes flexibility to set individual fees in a way that furthers key policies factors, while taking into account the cost of the respective services.

The request is to update the fees attached to this collection that are affected by the rulemaking NPRM 0651-AD02, and also to incorporate fees were not counted in previous approvals. There are two fees (Reexamination In Excess of Three, etc., Reexamination Claims in Excess of 20, etc.) being adjusted as a result of the 2017 Patent Biennial Fee Review. Two additional fees (Ex Parte Reexamination ((\$ 1.510(a)) Streamlined and Non-Streamlined) are being added to this collection that were not previously counted.
