

Attachment 4
ALS Case Validation Questions (screenshots)

The screenshot displays the ATSDR Agency for Toxic Substances & Disease Registry website. The main heading is "National Amyotrophic Lateral Sclerosis (ALS) Registry". A navigation menu on the left lists various resources like "Registry Resources", "Research Notification", and "Bioregistry". The main content area features a "Join the Registry | Login" button and a "Persons with ALS (PALS) Registration" section. This section contains a question: "Did a health professional ever tell you that you might have ALS or Lou Gehrig's disease?" with radio button options for "Yes" and "No", and "Next" and "Cancel" buttons. A "Form Approved" box shows OMB No. 0923-0041. A "Burden Estimate" box states that CDC estimates an average public reporting burden of 2 minutes per response. At the bottom, there are social media sharing options (Email, Print, Recommend, Tweet, Share) and footer information including the ATSDR Home, Privacy Policy, and USA.gov logo.

PALS Validation Question 1

National Amyotrophic Lateral Sclerosis (ALS) Registry
