SUPPLEMENTARY INFORMATION:

I. Abstract

The United States Park Police (USPP) is a unit of the National Park Service, Department of the Interior, with jurisdiction in all National Park Service areas and certain other Federal and State lands. The USPP are highly trained, professional police officers who prevent and detect criminal activity; conduct investigations; apprehend individuals suspected of committing offenses against Federal, State, and local laws; provide protection to the President of the United States and visiting dignitaries; and provide protective services to some of the most recognizable monuments and memorials in the world. Applicants for USPP officer positions must complete and

pass a competitive written examination, an oral interview, a medical examination and psychological evaluation, and a battery of physical fitness and agility tests. As part of this application and screening process, the USPP uses the following forms:

Form 10–2201, “Personal Qualifications Statement” provides information on the personal history of the candidate. We have not made any substantive changes to the form, only minor edits to clarify instructions or improve readability and formatting changes to meet new DOI and NPS forms standards. Investigators verify the information provided and use it to determine an applicant’s suitability for a USPP officer position.

The following forms have been in use without approval due to the USPP and are now being submitted with this revision for clearance by OMB.

Form 10–2201A, “Information Release Form”, authorizes the release of all personal and confidential records, to include medical records concerning physical and mental health, to the USPP necessary as part of the Pre-employment Suitability Determination Phase to determine the suitability of the candidate for employment with the USPP.

Form 10–2201B, “Release to Obtain a Credit Report”, authorizes the release of information from consumer reporting agencies to the USPP necessary as part of the Pre-employment Suitability Determination Phase to determine the suitability of the candidate for employment with the USPP.

Form 10–2201C, “Lautenberg Certification”, requires information and certification by the applicant regarding a conviction of a misdemeanor crime of domestic violence. This certification is required to determine the suitability of the candidate to move forward in the Pre-employment Suitability Determination Phase of the USPP candidate selection process.

Form 10–2201D, “Physical Efficiency Battery “Waiver””, requires the

candidate to provide the following information regarding medical conditions which may impede their ability to meet the minimum efficiency score on the Physical Efficiency Battery (PEB), a requirement of the Pre-employment Suitability Determination Phase of the USPP candidate selection process.

Form 10–2201E, “Physician Consent Form”, is required to document the medical clearance by a physician for the candidate to participate in the PEB as part of the Pre-employment Suitability Determination Phase of the USPP candidate selection process.

Form 10–2201F, “Applicant Documentation Form”, is completed by the applicant when declining or deferring employment with the USPP.
