Public reporting burden for this voluntary collection of information is estimated to average 45 MINUTES per response. A Federal agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. Comments regarding this collection of information should be directed to: U.S. Geological Survey, Statistics and Information Systems Section, 988 National Center, Reston, VA 20192. **Please do not mail canvass forms to this address.**

Collection of nonfuel minerals information is authorized by Public Law 96-479 and the Defense Production Act. This information is used to support executive policy decisions pertaining to emergency preparedness, national defense, and analyses for minerals legislation and industrial trends. The USGS relies on your voluntary and timely response to assure that its information is complete and accurate.

Please complete and return a separate form for each operation that was active during the calendar year in the enclosed envelope or fax to the above toll-free number. A single operation consists of one extraction area, or several extraction areas that are adjacent to each other within a county. Boulders and/or cobbles from the mining of sand and gravel that were crushed, and sized should be reported as sand and gravel, not crushed stone.

In completing this form, reasonable estimates should be used wherever exact data are not available. If you do not have production to report, please complete Items 1 through 4, sign and return this form. Use zero (0) when appropriate. Please do not make entries in shaded areas. Additional forms are available upon request.

NOTE: Federal, State, or local agencies that operated a pit, a pit and plant for processed material, or dredge, with their own crew and/or equipment should also complete this form. Give market value of material produced, including royalties.

If you have any questions concerning completion of this form, please contact the Mineral Commodities Data Unit, U.S. Geological Survey, 985 National Center, Reston, VA 20192, Telephone (703) 648-7960.

For your convenience, when completing Sections 1-6, you may provide information only in those areas that have changed since your last report. Areas may be left blank that have not changed since the last report. Previously reported information for these sections will be used. If you do not know what you filed the previous year, or if this is the first time you have completed this canvass, you should attempt to fill in Sections 1-6 as fully as possible.
