Public reporting burden for this voluntary collection of information is estimated to average 15 MINUTES per response. A Federal agency may not conduct, sponsor, or require a person to respond to a collection of information unless it displays a valid OMB control number. Comments regarding this collection of information should be directed to: U.S. Geological Survey, Statistics and Information Systems Section, 988 National Center, Reston, VA 20192. **Please do not mail survey forms to this address.**

Collection of nonfuel minerals information is authorized by Public Law 96-479 and the Defense Production Act. This information is used to support executive policy decisions pertaining to emergency preparedness, national defense, and analyses for minerals legislation and industrial trends. The USGS relies on your voluntary and timely response to assure that its information is complete and accurate.

Please return this form in the enclosed envelope or fax to the above toll-free number. Complete a separate form for each mineral establishment that was active during the reporting period. A mineral establishment is defined as a single physical location where mineral operations are conducted; for example, a mine only, a mine and preparation plant, or a preparation plant only. If you have nothing to report, please complete Item 1, sign, and return the form. Additional forms are available upon request.

In completing this form, reasonable estimates should be used wherever exact data are not available. Do not report decimals or fractions. Use zero (0) when appropriate. Please use the space for "Remarks" to provide any specific information that will help us in the use or interpretation of the data. Any statement on the effect of changes in economic conditions upon the reporting establishment will be useful. Please do not make entries in shaded areas.

If you have any questions concerning completion of this form, please contact the Mineral Commodities Data Unit, U.S. Geological Survey, 985 National Center, Reston, VA 20192, Telephone (703) 648-7960.

2. Diamotite sold and used, by use.

Report diatomite of your own production sold and used during the year. If the end use of diatomite is not listed, specify the use and enter the data under "Other (please specify)." The totals on LINE 399 should account for all diatomite of your own production sold and used during the year.

Processed diatomite is prepared by drying, cleaning, grinding, sizing, or any other process. In COLUMN 3, report the net selling value f.o.b. your establishment. Report the total value received after discounts and allowances and excluding container costs, where applicable. If you consume material in your establishment or ship it to other establishments of your company, please estimate the value for this material. Use your net selling price as a basis for this estimate: if you did not sell the same type of material, base your estimate on the direct costs of production plus a reasonable proportion of company overhead and profits.
