unique number assigned to each Customs Form 214 as the file reference number; or

(2) *Authorized inventory method.* Where a Customs authorized inventory method other than a lot system (specific identification of merchandise) is used, e.g., First-In-First-Out (FIFO), no lot file is required but the operator shall maintain a file of all Customs Form's 214 in sequential order.

(b) *Examination invoice.* The operator shall give a copy of the examination invoice to the person making entry to transfer the merchandise from the zone upon request of that person or the port director.

(c) *Liability for merchandise.* The operator will be held liable under its bond for the receipt of merchandise admitted in the quantity and condition as described on the Customs Form 214, except as modified by a discrepancy report:

(1) Signed jointly by the operator and carrier on the Customs Form 214 or other approved form within 15 days after admission of the merchandise, and reported to the port director within 2 working days thereafter; or

(2) Submitted on Customs Form 5931 under the provisions of subpart A, part 158, of this chapter within 20 days after admission of the merchandise. The operator may file a Customs Form 5931 on behalf of the person who applied for admission of merchandise to the zone.

(d) *Supervision of merchandise.* The port director may authorize the receipt of zone status merchandise at a zone without physical supervision by a Customs officer (see §146.3). In that case, the operator shall supervise the receipt of merchandise into the zone, report the receipt and condition of the merchandise, and mark packages with the unique Customs Form 214 number so that the merchandise can be traced to a particular Customs Form 214. Packages that are accounted for under a Customs-authorized inventory method other than specific identification, need not be marked with a unique Customs Form 214 number but must be adequately identified so Customs can conduct an inventory count. The operator shall submit the Custom Form 214 to Customs at the location specified by the port director.

§146.38 Certificate of arrival of merchandise.

Whenever a certificate prepared by Customs as to the arrival of any merchandise in a zone is required by a Federal agency, the port director shall issue the document certifying only that authorization to deliver the merchandise to a zone has been made. The operator shall issue a certificate of arrival of merchandise at a zone.

§ 146.39 Direct delivery procedures.

(a) *General.* This procedure is for delivery of merchandise to a zone without prior application and approval on Customs Form 214.

(b) *Application.* An operator, meeting the criteria of paragraph (c) of this section, shall file a written application with the port director at least 30 days before the special procedure is to become effective. The application will describe the merchandise to be handled or processed, and the kind of operation which it will undergo in the zone.

(c) *Criteria.* The port director shall approve the application if the following criteria are met:

(1) The merchandise is not restricted or of a type which requires Customs examination or documentation review before or upon its arrival at the zone;

(2) The merchandise to be admitted to the zone, and the operations to be conducted therein, are known well in advance, are predictable and stable over the long term, and are relatively fixed in variety by the nature of the business conducted at the site; and

(3) The operator is the owner or purchaser of the goods.

(d) *Application decision.* The port director shall promptly notify the operator, in writing, of Customs decision on the application. If the application is denied, the port director shall specify the reason for denial in his reply. The port director's decision will constitute the final Customs administrative determination concerning the application.

(e) *Revocation of approval.* The port director may revoke the approval given under this section if it becomes necessary for Customs routinely to examine the merchandise or documentation before or upon admission to the zone.
