DEPARTMENT OF VETERANS AFFAIRS

48 CFR Parts 829, 846, 847, 852, and 870

RIN 2900–AQ04

VA Acquisition Regulation: Taxes; Quality Assurance; Transportation; Solicitation Provisions and Contract Clauses; and Special Procurement Controls

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: The Department of Veterans Affairs (VA) is amending and updating its VA Acquisition Regulation (VAAR) in phased increments to revise or remove any policy superseded by changes in the Federal Acquisition Regulation (FAR), to remove procedural guidance internal to VA into the VA Acquisition Manual (VAAM), and to incorporate any new agency specific regulations or policies. These changes seek to streamline and align the VAAR with the FAR and remove outdated and duplicative requirements and reduce burden on contractors. The VAAM incorporates portions of the removed VAAR as well as other internal agency acquisition policy. VA will rewrite certain parts of the VAAR and VAAM, and as VAAR parts are rewritten, we will publish them in the **Federal Register**. In particular, this rulemaking revises VAAR concerning Taxes; Quality Assurance; Transportation; Solicitation Provisions and Contract Clauses; and Special Procurement Controls.

DATES: This rule is effective on October 24, 2018.

FOR FURTHER INFORMATION CONTACT: Mr. Rafael N. Taylor, Senior Procurement Analyst, Procurement Policy and Warrant Management Services, 003A2A, 425 I Street NW, Washington, DC 20001, (202) 382–2787. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: On April 25, 2018, VA published a proposed rule in the **Federal Register** (83 FR 17979) which announced VA’s intent to amend regulations for VAAR Case RIN 2900–AQ04 (parts 829, 846, and 847). In particular, this final rule revises the 829 authorities to include the applicable U.S. code citations where the Secretary of the Treasury has exempted spirits and alcohol purchases by the Federal government, pursuant to 26 U.S.C. 5214(a)(2), 26 U.S.C. 5271, and 26 U.S.C. 7510; removes section 829.202–70, Tax exemptions for alcohol products, updates and moves it to the

VAAM; adds a new section to provide the legislative authorities for withdrawal of distilled spirits from bonded premises free of tax or without payment of tax by, and for the use of, the VA; removes section 829.302, Application of State and local taxes to the Government, to the VAAM; removes 829.302–70, Purchases made from patients’ funds, and the clause it prescribes, 852.229–70, Sales or Use Taxes.

In part 846, Quality Assurance, this rule adds a definition of “rejected goods” as used in a revised clause; revises subpart 846.3 to prescribe clauses 852.236–74, Inspection of Construction, 852.246–71, Rejected Goods, 852.246–72, Frozen Processed Foods, 852.246–73, Noncompliance with Packaging, Packing, and/or Marking Requirements, and 852.246–76, Purchase of Shellfish; it reduces subpart 846.4 to three sections, 846.408–70, Inspection of subsistence, 846.470, Use of commercial organizations for inspections and grading services, and 846.471, Food service equipment; it removes a warranty clause because there are sufficient FAR warranty clauses that could be used; removes policy requiring USDA inspections for subsistence since the Department of Agriculture no longer requires this type of inspection; removes coverage requiring inspection of repairs for properties under the Loan Guaranty Program and Direct Loan Programs, as such sections are unnecessary given that a private contractor performs such inspection and repair functions on VA’s behalf; and provides coverage to state VA’s policy regarding guarantee period services.

This rule adds guidance in part 847 to contracting officers for VA transportation contracts and transportation-related services and subsequent payments on those contracts; provides guidance on contractual requirements for insurance provisions and contractor personnel performing on VA transportation contracts; provides consignment instructions; and adds a clause providing packing instructions to ensure acceptance by common carriers and safe delivery at destination.

This rule also removes all remaining sections of part 870 as the guidance included therein was either moved to other parts, out of date, or duplicative of the FAR.

VA provided a 60-day comment period for the public to respond to the proposed rule. The comment period for the proposed rule ended on June 25, 2018 and VA received no comments. This document adopts as a final rule the proposed rule published in the **Federal**

Register on April 25, 2018, with minor formatting and/or grammatical edits. This final rule has **Federal Register** administrative format changes in the amendatory text which make no substantive text changes at the affected sections.

Unfunded Mandates

The Unfunded Mandates Reform Act of 1995 requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before issuing any rule that may result in the expenditure by State, local, and tribal Governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation) in any one year. This final rule will have no such effect on State, local, and tribal Governments or on the private sector.

Paperwork Reduction Act

This final rule contains no provisions constituting a collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3521).

Regulatory Flexibility Act

This final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. This final rule will generally be small business neutral. The overall impact of the rule will be of benefit to small businesses owned by Veterans or service-disabled Veterans as the VAAR is being updated to remove extraneous procedural information that applies only to VA's internal operating procedures. VA is merely adding existing and current regulatory requirements to the VAAR and removing any guidance that is applicable only to VA's internal operation processes or procedures. VA estimates no cost impact to individual businesses will result from these rule updates. This rulemaking does not change VA's policy regarding small businesses, does not have an economic impact to individual businesses, and there are no increased or decreased costs to small business entities. On this basis, the final rule will not have an economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act, 5 U.S.C. 601–612. Therefore, under 5 U.S.C. 605(b), this regulatory action is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Executive Orders 12866, 13563 and 13771

Executive Orders (E.O.) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits of reducing costs, of harmonizing rules, and of promoting flexibility. E.O. 12866, Regulatory Planning and Review defines “significant regulatory action” to mean any regulatory action that is likely to result in a rule that may: “(1) Have an annual effect on the economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities; (2) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency; (3) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or (4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive order.”

VA has examined the economic, interagency, budgetary, legal, and policy implications of this regulatory action, and it has been determined not be a significant regulatory action under E.O. 12866 because it does not raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in this Executive Order.

VA's impact analysis can be found as a supporting document at <http://www.regulations.gov>, usually within 48 hours after the rulemaking document is published. Additionally, a copy of the rulemaking and its impact analysis are available on VA's website at <http://www.va.gov/orpm> by following the link for VA Regulations Published from FY 2004 Through Fiscal Year to Date. This final rule is not subject to the requirements of E.O. 13771 because this final rule is expected to result in no more than *de minimis* costs.

As stated in 27 CFR 19.426, agencies of the United States Government that wish to obtain either specially denatured spirits or spirits free of tax for nonbeverage purposes must apply for and receive a permit on form TTB F 5150.33 or must have a previously issued permit on ATF Form 1444.

(2) When purchasing spirits under a tax exemption, the contracting officer

shall indicate in the contract document the basis for the exemption and make a copy of the permit available to the contractor. Upon receipt of the spirits, the contractor shall return the permit to the contracting officer unless future orders are anticipated or as directed by the contracting officer.

(3) Department of Veterans Affairs activities that require spirits free of tax for beverage purposes under 26 U.S.C. 7510 must provide a proper purchase order signed by the head of the agency or an authorized designee.

(b) *Specially denatured spirits or spirits free of tax for nonbeverage purposes.* Contracting officers may make purchases of excise tax-free spirits, including denatured alcohol and specially denatured alcohol only from qualified distillery plants or bonded dealers.

(1) Permits previously issued on Alcohol, Tobacco, and Firearms (ATF) Form 1444, Tax-Free Spirits for Use of United States, remain valid until surrendered or cancelled.

(2) A copy of the current ATF Form 1444 or TTB Form 5150.33 shall be made available to the supplier with the initial order. The permit number only needs to be referenced on any future orders with the same supplier.

(c) *Wine.* No tax exemption form or ATF/TTB permit is required for the tax-free procurement of wine from bonded wine premises. The purchase order must show the kind, quantity, and alcohol content of the wine and must state the purpose for which wine is to be used (see 27 CFR 24.293). An extra copy of a properly executed purchase order may be furnished to the bonded wine premises from which wine is purchased to facilitate record keeping. The order must be signed by the head of the contracting activity or their designee.

Subpart 847.2—Contracts for Transportation or for Transportation-Related Services**847.207 Solicitation provisions, contract clauses, and special requirements.****847.207–8 Government responsibilities.**

Transportation payments are audited by the Traffic Manager, to ensure that payment and payment mechanisms for agency transportation are uniform and appropriate in accordance with 41 CFR part 102–118.

contracts or contracts of a continuing nature for ambulance, automobile and aircraft service. When contracting for these services, consider using requirements language such as the following:

(1) Written proof of insurance coverage as required and outlined in the solicitation is required prior to award of any contract. Coverage must be maintained continually through the life of the contract.

(2) Within 10 days of notification of acceptance and pending award of contract, the contractor shall furnish to the contracting officer a certificate of insurance which shall contain an endorsement to the effect that cancellation of, or any material change in, the policies which adversely affect the interests of the Government in such insurance shall not be effective unless a 30-day advance written notice of cancellation or change is furnished to the contracting officer.

(3) Within 10 days of notification of acceptance and pending award of contract, and prior to award of a contract, the contractor shall furnish to the contracting officer a copy of the contractor's current and valid Worker's Compensation certificate.

Contractor personnel shall meet these qualifications at all times while performing contract services.

(2) During the contract period of performance, if the contractor proposes to add-on, or replace personnel to perform contract services, the contractor shall submit required evidence of training, certifications, licensing, background, and security clearances, and any other applicable qualifications to the designated contracting officer's representative (COR). At no time shall the contractor utilize add-on or replacement personnel to perform contract services who do not meet the qualifications under the terms and conditions of the contract.

(3) Records of contractor personnel qualifications and eligibility to perform on the contract must be current and

maintained throughout the life of the contract, and be made available for inspection upon request. The contractor shall forward to the contracting officer, on an annual basis, a list of contractor employees listing the employees name, position(s), and licenses and/or certifications and their current certification number. This annual statement of driver competency must include any advanced certifications, such as Advanced Cardiac Life Support or specialized training to assist and secure patients by stretcher or wheelchair, as applicable.

(4) Within seven (7) days after receipt of award notification, the contractor shall provide evidence of required training, certifications, licensing and any other qualifications of any personnel who will be performing services under the contract. The initial documentation shall be provided to the contracting officer and COR.

(c) Contracts must include requirements to report vehicle accidents and incidents to the contracting officer with a formal accident report.

(d) Contracts for ambulance services must require that the contractor meet the current specifications of Federal Specification KKK-A-1822E, "Star of Life Ambulance" standard.

(e) Contracts must include requirements to ensure patient safety is maintained through the consistent practice of securing patient care equipment, other cargo, and vehicles, and ensure that security of patients in vehicles is established and observed when transportation needs are either primary or secondary in the actual performance of the contract. When contracting for these services, consider using requirements language to ensure that patient transportation meets industry standards for transporting patients based on the patient's condition/needs (e.g., wheelchair, ambulatory, on stretcher, etc.).

■ 11. Subpart 847.3 is revised to read as follows:

Subpart 847.3—Transportation in Supply Contracts

847.302 Place of delivery—f.o.b. point.

847.305-70 Potential destinations known but quantities unknown.

847.305-71 VA contract clauses.

847.306 Transportation factors in the evaluation of offers.

847.306-70 Records of claims.

Subpart 847.3—Transportation in Supply Contracts

847.302 Place of delivery—f.o.b. point.

The contracting officer shall insert clause 852.247-71, Delivery Location, or a clause substantially the same as the clause at 852.247-71, Delivery Location, in supply contracts when it is necessary to specify delivery locations. If appropriate, the clause may reference an attachment which lists various delivery locations and other delivery details (e.g., quantities to be delivered to each location, etc.).

847.305 Solicitation provisions, contract clauses, and transportation factors.

847.305-10 Packing, marking, and consignment instructions.

(a) The contracting officer shall insert clause 852.247-72, Marking Deliverables, or a clause substantially the same as 852.247-72 in solicitations and contracts if special marking on deliverables are required.

847.305-70 Potential destinations known but quantities unknown.

When the contracting officer contracts with multiple bidders to provide items directly to VA field installations, on an f.o.b. origin basis, the evaluation of bids must follow specific procedures. In these instances, the contracting officer shall insert clause 852.247-70, Determining Transportation Costs for Evaluation of Offers, or a clause substantially the same as clause 852.247-70. By inserting this clause, each bid is placed on an equal basis, even though specific quantities required by each facility cannot be predetermined.
