*General Description of Collection:* This collection facilitates the collection of information from customers of financial institutions that have inquiries or complaints about service. Customers or businesses may document their complaints or inquiries to the FDIC using a letter or optional forms (Form 6422/04; Form 6422/11; Form 6422/15). The Forms are used to facilitate online completion and submission of the complaints or inquiries and to shorten FDIC response times by making it easier to identify the nature of the complaint and to route the customer or business inquiry to the appropriate FDIC contact.

There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the number of respondents has decreased while the hours per response and frequency of responses have remained the same.

*Request for Comment:* Comments are invited on: (a) Whether the collection of information is necessary for the proper

performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
