

OMB Control Number 9000-0001, Standard Form 28, Affidavit of Individual Surety was renewed earlier this year, Feb 5, 2018. The Supporting Statement in ROCIS is the latest version. The agency concluded, as documented in the FRN, that the proposed changes to the SF 28 merely update the language in the form to be consistent with the changes to the FAR text; it will have no impact on offerors or contractors.

Other changes to the SF 28--added e-mails in the blocks requesting addresses, added the name of the Financial Institution submitting pledges on behalf of the individual surety and its Routing Transit Number (block # 6 because of re-numbering), but removed the information required on block # 7.

The modification of the SF 28 does not impose additional information collection requirements to the paperwork burden previously approved under OMB Control Number 9000-0001.
