IF YES the person calling for answers:

Thank you for taking the time to talk with me today. I work for Abt Associates, a research firm that is helping The U.S. Department of Agriculture Food and Nutrition Service (USDA/FNS) complete the 2019 Farm to School Census (Census)!

We are calling because you have not yet completed the Census. Your SFA's personalized Census link was sent to you by email from Abt Associates at [insert sender email address]. Is that the correct email?

We would like to request your participation to ensure that the Census data is representative of all SFAs in the country. The Census will survey all public, charter, and private school food authorities (SFAs) that participate in the National School Lunch Program (NSLP) nationwide. It is important that all SFAs participate! The Census is for all SFAs, whether or not they participate in Farm to School activities.

If now is a good time, we can complete the Census over the phone. This interview will include questions about the farm to school activities in your school district and will take about 30 minutes to complete.

Is now a good time?

IF YES: CONTINUE TO CENSUS

IF NO: When would be a good time to call back?
