

**Expedited Relief from Quantitative Limits – Existing Contract:
Section 232 National Security Investigations of Steel Imports**

Per Presidential Proclamation XXXX, to request an exclusion from quantitative limitations on the imports of steel on the basis of an existing contract: affirm that each of the five conditions below are true, provide the necessary information to allow the administration of an exclusion, and certify that the information provided is complete and correct to the best of your knowledge.

The requesting party entered into a written contract for production and shipment of the below identified steel article(s) before March 8, 2018

The written contract specifies the quantity of these steel article(s) that is to be produced and shipped to the United States consistent with a schedule contained in the written contract

The steel article(s) is to be used to construct a facility in the United States and cannot be procured from a supplier in the United States to meet the delivery schedule and specifications contained in the written contract

The payments made pursuant to the contract constitute 10 percent or less of the cost of the facility under construction

Lack of relief from the quantitative limitations on the steel article(s) would significantly disrupt or delay completion of the facility being constructed in the United States with the steel article(s) specified in the written contract
