

Program Name: Rural Health Care Services Outreach Program Measures

Clearance Number: 0906-0009

Revisions:

In an effort to reduce burden on grantees, the Health Resources and Services Administration is removing the following measures from the previously approved information collection request:

1. Number of individuals who received indirect services during this budget period
2. Number of positions funded by grant dollars during this budget period
3. How many activities from the project workplan were initiated by at least two consortium/network members during this budget period?
4. How many activities from the project workplan were completed by at least two consortium/network members during this budget period?
5. Please report the annual program award based on box 12a of your Notice of Award (NOA).
6. What tool did you use to measure "Activities of Daily Living"?
7. What was the average score/result based on the tool that was used?
8. Which of the following care integration activities have you implemented during this budget period? Select all that apply

The following measure are new to this information collection request:

1. Childhood Obesity - Calculated mean (average)
2. Health Improvement Special Project - Calculated mean (average) of 10-year risk
3. Preventive Care & Screening: Tobacco Use: Screening and Cessation Intervention: Percentage of patients aged 18 years and older who were screened for tobacco use one or more times within 24 months AND who received cessation-counseling intervention if identified as a tobacco user
4. Comprehensive Diabetes Care: LDL-C Control <100 mg/dL: Percent of adult patients, 18- 75 years of age with diabetes (type 1 or type 2) who had LDL-C less than 100 mg/dL.
