**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Health Resources and Services Administration**

**Agency Information Collection Activities: Submission to OMB for Review and Approval; Public Comment Request; Radiation Exposure Screening and Education Program, OMB No. 0906-0012—Revision**

**AGENCY:** Health Resources and Services Administration (HRSA), Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act of 1995, HRSA has submitted an Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and approval. A 60-day **Federal Register** Notice was published on January 9, 2018. There were no comments. OMB will accept further comments from the public during the review and approval period.

**DATES:** Comments on this ICR should be received no later than April 30, 2018.

**ADDRESSES:** Submit your comments, including the Information Collection Request Title, to the desk officer for HRSA, either by email to *OIRA\_submission@omb.eop.gov* or by fax to 202-395-5806.

**FOR FURTHER INFORMATION CONTACT:** To request a copy of the clearance requests submitted to OMB for review, email Lisa Wright-Solomon, the HRSA Information Collection Clearance Officer at *paperwork@hrsa.gov* or call (301) 443-1984.

**SUPPLEMENTARY INFORMATION:**  
*Information Collection Request Title:* Radiation Exposure Screening and Education Program, OMB No. 0906-0012—Revision.

*Abstract:* The Radiation Exposure Screening and Education Program (RESEP) is authorized by section 417C of the Public Health Service Act (42 U.S.C. 285a-9). The purpose of RESEP is to assist individuals who live (or lived) in areas where U.S. nuclear weapons testing occurred and who are diagnosed with cancer and other radiogenic diseases caused by exposure to nuclear fallout or nuclear materials such as uranium. RESEP funds support eligible health care organizations in implementing cancer screening programs; developing education programs; disseminating information on radiogenic diseases and the importance of early detection; screening eligible individuals for cancer and other radiogenic diseases; providing appropriate referrals for medical treatment; and facilitating documentation of radiation exposure.

*Need and Proposed Use of the Information:* For this program, performance measures were drafted to provide data useful to the program and to enable HRSA to provide aggregate program data required by Congress under the Government Performance and Results Act of 1993 (Pub. L. 103-62). These measures cover the principal topic areas of interest to the Federal

Office of Rural Health Policy (FORHP), including demographics for the RESEP program user population, medical screening activities for cancers and other radiogenic diseases, exposure and presentation types for eligible radiogenic malignant and nonmalignant diseases, referrals for appropriate medical treatment, eligibility counseling and referral assistance for the Radiation Exposure Compensation Act, and program outreach and education activities. These measures speak to FORHP's progress toward meeting the established goals. In order to reduce the reporting burden by the award recipients, a number of questions have been removed with the new set of measures reflecting an effort to streamline data collection and collect consistent and uniform measures across FORHP's grant programs.

*Likely Respondents:* RESEP award recipients.

*Burden Statement:* Burden in this context means the time expended by persons to generate, maintain, retain, disclose or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Radiation Exposure Screening and Education Program .....	8	1	8	12	96
Total .....	8	.....	8	.....	96

**Health Resources and Services  
Administration**

**Agency Information Collection  
Activities: Submission to OMB for  
Review and Approval; Public Comment  
Request; Rural Health Care Services  
Outreach Program Performance  
Improvement and Measurement  
Systems Measures, OMB No. 0915-  
0009—Revision**

**AGENCY:** Health Resources and Services  
Administration (HRSA), Department of  
Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** In compliance with the  
Paperwork Reduction Act of 1995,  
HRSA has submitted an Information  
Collection Request (ICR) to the Office of  
Management and Budget (OMB) for  
review and approval. Comments  
submitted during the first public review  
of this ICR will be provided to OMB.  
OMB will accept further comments from  
the public during the review and  
approval period. This proposed  
information collection was previously  
published in the **Federal Register** on  
November 27, 2017, and allowed 60-  
days for public comment. No public  
comments were received.

**DATES:** Comments on this ICR should be  
received no later than April 30, 2018.

**ADDRESSES:** Submit your comments,  
including the ICR Title, to the desk  
officer for HRSA, either by email to  
*OIRA\_submission@omb.eop.gov* or by  
fax to 202-395-5806.

**FOR FURTHER INFORMATION CONTACT:** To  
request a copy of the clearance requests  
submitted to OMB for review, email Lisa  
Wright-Solomon, the HRSA Information  
Collection Clearance Officer at  
*paperwork@hrsa.gov* or call (301) 443-  
1984.

**SUPPLEMENTARY INFORMATION:**

*Information Collection Request Title:*  
Rural Health Care Services Outreach  
Program Performance Improvement and  
Measurement Systems (PIMS) Measures.

*OMB No.:* 0915-0009—Revision.

*Abstract:* The Rural Health Care  
Services Outreach (Outreach) Program is  
authorized by Section 330A(e) of the  
Public Health Service (PHS) Act (42  
U.S.C. 254c(e)), as amended, to  
“promote rural health care services  
outreach by expanding the delivery of  
health care services to include new and  
enhanced services in rural areas.” The  
goals for the Outreach Program are as  
follows: (1) Expand the delivery of  
health care services in rural  
communities; (2) deliver health care  
services through a strong consortium, in  
which every consortium member  
organization is actively involved and  
engaged in the planning and delivery of  
services; (3) utilize and/or adapt an  
evidence-based or promising practice  
model(s) in the delivery of health care  
services; and (4) improve population  
health, demonstrate health outcomes  
and sustainability.

*Need and Proposed Use of the  
Information:* The PIMS measures for the  
Outreach Program enable HRSA and the  
Federal Office of Rural Health Policy to  
capture awardee-level and aggregate  
data that illustrate the impact and scope  
of federal funding. The collection of this  
information helps further inform and  
substantiate the focus and objectives of  
the grant program. The measures  
encompass the following topics: (a)  
Access to care; (b) population  
demographics; (c) consortium/network;

(d) sustainability; and (f) project specific  
domains.

There are proposed revisions to the  
previously approved Outreach Program  
PIMS measures. The proposed Outreach  
PIMS measures reflect a reduced  
number of measures including the  
following: 16 process measures  
applicable to all awardees (previously  
22), consolidation of the project-specific  
measures (currently 7, previously 8),  
and 8 clinical measures (previously 9).  
In addition, the proposed measures  
include the addition of two Centers for  
Disease Control and Prevention (CDC)  
calculators: The CDC Heart Age  
calculator and the CDC BMI Percentile  
Calculator for Child and Teen. Data for  
both calculators will be collected on an  
aggregate level and only from awardees  
with applicable projects; the CDC Heart  
Age calculator is specific to awardees  
participating in the Health Improvement  
Special Project while the CDC BMI  
calculator is for projects focusing on  
childhood obesity.

*Likely Respondents:* The respondents  
would be award recipients of the Rural  
Health Care Services Outreach Program.

*Burden Statement:* Burden in this  
context means the time expended by  
persons to generate, maintain, retain,  
disclose or provide the information  
requested. This includes the time  
needed to review instructions; to  
develop, acquire, install and utilize  
technology and systems for the purpose  
of collecting, validating and verifying  
information, processing and  
maintaining information, and disclosing  
and providing information; to train  
personnel and to be able to respond to  
a collection of information; to search  
data sources; to complete and review  
the collection of information; and to  
transmit or otherwise disclose the  
information. The total annual burden  
hours estimated for this ICR are  
summarized in the table below.

**TOTAL ESTIMATED ANNUALIZED BURDEN HOURS**

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Rural Health Care Services Outreach Program Performance Improvement and Measurement Systems (PIMS) Measures .....	25	1	25	3.5	87.5
Total .....	25	.....	25	.....	87.5
