

Attachment 10. Web Survey Invitation Email

[Letterhead with CDC and NORC logos]

Dear [Participant Name],

The Centers for Disease Control and Prevention (CDC) and NORC at the University of Chicago are asking for your help with an important study regarding the diagnosis, treatment, and management of traumatic brain injury (TBI). The information you provide will help guide CDC's future efforts to support health care providers through educational offerings and other resources.

We randomly selected you for participation in this study. Your input is critical to the success of this study.

Participation in the study is voluntary. You may choose not to answer any questions that you do not wish to answer. You can end your participation at any time. All information collected for this study will be kept secure.

Using the study web link and your unique Personal Identification Number (PIN) below, please share your experiences with us by completing the survey.

Web link: <<insert URL>>

PIN: <<PIN>>

Your participation is very important to help us improve clinical outcomes for children and adults with TBI across the severity spectrum.

To learn more about the study, if you have any questions, or if you would like to refuse to participate, please contact NORC at <<insert email>> or call them toll-free at <<800 line>>. NORC is conducting this study on behalf of CDC.

Sincerely,

[SIGNATURE BLOCK]
