[EMAIL/PHONE SCRIPT TO SORT OUT LOGISTICS OF FATHERHOOD PROGRAM VISIT]

Dear **[FATHERHOOD PROGRAM POINT OF CONTACT]**,

It was great speaking with you on **[DATE OF STUDY SCREENER]**. You have been selected to participate in a program visit for the study that Child Trends and our partners are conducting to describe fatherhood program approaches to addressing violence between fathers and their current or former romantic partners. Our study team is enthusiastic to have the opportunity to visit your organization and learn more about your fatherhood program. We would like to schedule this visit to take place for two or three days sometime in the next two months.

During this visit we plan to learn about the ways you address violence that occurs between participant fathers and current or past romantic partners. To do this, we will:

- Observe one or two program sessions or staff trainings;
- Interview a program director;
- Interview at least one program facilitator;
- **[IF FATHERHOOD PROGRAM IS PARTNERING WITH ANOTHER ORGANIZATION TO IMPLEMENT IPV-RELATED SERVICES]** Interview someone from a partnering organization.

Any information collected for the study will be kept private, and neither your organization nor your staff will be named in any reports without your permission. Each staff interview will take approximately 90 minutes, will require no preparation time, and is voluntary. I have attached a consent form to this letter that describes the interviews in more detail, including interviewees' rights as respondents in the study.

If you are willing to participate in a program visit, please do the following:

- **Send an email to lkim@childtrends.org with the best dates for us to visit your organization for two or three days.**
 - o These dates should include a time when we can observe **at least one** program session or staff training.
 - o Please note that during the observations of program sessions or staff trainings, no one from your organization will be asked to interact with us or provide us with any information directly, so we will not require any of your staff's time.
- **Include in the email contact information for potential Program Director and Program Facilitator respondents for the interviews.**

Please note that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for the described collection is 0970-0516 and it expires on 9/30/2019.

Please do not hesitate to call or email Lisa Kim, at (240) 223-9330 or lkim@childtrends.org if you have any questions.

Best,

Mindy Scott, Study Director
