

Supplemental Document: Justification for a no material/non-substantive change

ATF requests approval to make the following changes to OMB 1140-0070 (Application for Explosives License or Permit – ATF Form 5400.13/5400.16):

- Added a LLC checkbox to question 9.
- Reverted the specific products back to the explosives types for simplified processing in question 12, this does not change ATF's simplified license and permit structure.
- Removed User (Limited) of Explosives from the application form due to lack of use in question 12.
- Corrected typographical errors and made other non-substantive changes.
