General Instructions

This is your renewal form for Tax Year 2019 (July 1, 2018 - June 30, 2019). Please read and follow these instructions carefully.

Special tax for Tax Year 2019 is due and payable by July 1, 2018. If you are liable for special tax and do not pay on a timely basis, interest will be charged and penalties for failure to file and failure to pay may be incurred.

You will be issued a Special Tax Stamp, ATF Form 5630.6A as evidence of tax payment for each location and/or business. Your canceled check may also be used as evidence of tax payment. You should receive your special tax stamp eight to ten weeks after payment check/money order clears the bank (provided that your return is properly executed). Missing, incomplete or incorrect data may delay processing of your return and issuance of your special tax stamp.

Please verify the preprinted information on the registration and return form and location registration form(s). If the preprinted information is completed and correct (or after corrections are made as indicated below):

- Complete the taxpayer certification (Section V). Each registration and return must have an original signature.
- Make your check or money order payable to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF). Be sure to include your Employer Identification Number (EIN) on your remittance.
- Mail your return, location registration form(s), and payment to ATF at the address noted immediately above Section V on the return. For your convenience, a pre-addressed return envelope is enclosed.

If you had a change in ownership or responsibility, attach a separate sheet showing the change. A change in ownership includes not only a complete change in business ownership, but also includes a change in partners or any change involving any person owning 10 percent or more of the outstanding stock in the business. A change in responsibility refers to any person with the power to control the management policies or buying or selling practices pertaining to firearms.

If you are an NFA firearms importer, manufacturer, or dealer and do not intend to pay special tax for the next year, you must dispose of any machineguns manufactured or imported after May 19, 1986 prior to your special tax lapsing. Questions concerning the status of NFA firearms manufactured or imported prior to May 19, 1986, should be directed to the National Firearms Act Division at 304-616-4000 or to ATF, 244 Steady Road, Martinsburg, WV 25405. If you are an NFA producer, your EIN is also your ATF identification number and must be used on all of your registration and transfer forms in the conduct of your business.

National Firearms Act Tax Class Reference Chart

Tax Class	Tax Rate	Tax Code
Class 1 - Importer of Firearms	\$1,000	61
Class 1 - Importer of Firearms Reduced	\$500	71*
Class 2 - Manufacturer of Firearms	\$1,000	62
Class 2 - Manufacturer of Firearms Reduced	\$500	72*
Class 3 - Dealer of Firearms	\$500	63

* See Item 3.

Paperwork Reduction Act

This information is used to ensure compliance by taxpayers with P.L. 100-203, Revenue Act of 1987, P.L. 100-647, Technical Corrections Act of 1988, and the Internal Revenue laws of the United States. ATF uses the information to determine and collect the right amount of tax.

The estimated average burden associated with this collection is 15 minutes per respondent or recordkeeper, depending on individual circumstances. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to Reports Management Officer, Document Services, Bureau of Alcohol, Tobacco, Firearms and Explosives, Washington, DC 20226.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Specific Instructions for Special Tax Renewal Registration and Return

Section I. Taxpayer Identifying Information.

Item 1 - If any taxpayer identifying information in this block is incorrect, enter ONLY the corrected information in the appropriate blocks in Section II.

Your return must contain a valid Employer Identification Number (EIN). A missing or incorrect EIN will delay return processing and the issuance of your special tax stamp. The EIN is a unique number for business entities issued by the Internal Revenue Service (IRS). You must have an EIN whether you are an individual ownership, partnership, corporation or agency of the government. If you do not have an EIN, contact your local IRS office immediately to obtain one. While ATF may assign a temporary identification number (beginning with XX) to allow individual processing of a return which lacks an EIN, a tax stamp will not be issued until you have submitted a valid EIN. If your return has an XX number or an incorrect EIN in Item 1, be sure to enter the correct EIN in Item 11. Do not delay submission of your return and payment pending receipt of your EIN. Submit your EIN by separate correspondence after receipt from the IRS.

Item 2 - Check only one box to describe the type of ownership of the business identified in Item 1.

Item 3 - Check "Yes" only if you are a National Firearms Act manufacturer or importer and your gross receipts are less than \$500,000 per year for your entire business entity. You must declare your eligibility each year. The regular rates were used to compute the amount shown on this return.

Item 4 - Please provide your Federal Firearms License Number for the business in Item 1.

Section II. Corrections to Preprinted Taxpayer Identifying Information.

Correct only those items requiring change.

Section III. Change in Ownership Status.

Item 12 - If you have discontinued business operations, check item 11, enter the date discontinued in the space provided, and complete Section V.

Item 13 - If you are the new owner of the business, check Item 12 and complete Sections II and V. Also, correct any errors on the return and location registration listing(s).

Section IV. Tax Computations.

If the preprinted information in Section IV is incorrect, line through the incorrect items and write in the correct data alongside. See the Tax Class Reference Chart on this page for the correct tax class and tax rate.

Item 14(e) - The tax due is computed by multiplying the number of locations (Item 13(c)) by the tax rate (Item 13(d)). Add additional tax classes (if necessary) in the vacant spaces provided or attach additional sheets.

Item 15 - The total tax due is computed by adding the figures in Item 14.

Items 16, 17, and 18 - Complete as indicated.
