

The Department of Education (the Department) is requesting an extension of the current information collection, 1845-0095, Readmission for Servicemembers. There has been no change in either the statute as provided by the Higher Education Opportunity Act, or in the regulations.

The regulations identify the requirements under which an institution must readmit servicemembers with the same academic status they held at the institution when they last attended (or were accepted for attendance). The regulations require institutions to charge readmitted servicemembers, for the first academic year of their return, the same institutional charges they were charged for the academic year during which they left the institution (see section 484C of the HEA).

We estimate that 2,285 servicemembers will apply for readmission under this regulation.

We estimate that it will take each servicemember approximately 10 minutes to gather together the appropriate documentation to provide to the school.

Affected Entities and Burden:

	# of Respondents	# of Responses	# of Hours Burden
Individuals	2,285	2,285	X .17 hours = 388 hours
