The General Services Administration (GSA) is seeking input on: (a) incentivizing State and local governments to provide real property data on assets suitable for communications facility installations (like broadband); and (b) the possibility of establishing a database where State and local Governments can voluntarily submit this data.

This survey is your opportunity to tell GSA what the most effective options are for providing real property data. This effort is required by Section 608(d) of the MOBILE NOW Act (Title VI of the Consolidated Appropriations Act, 2018 [[P. L. 115-141](#)]).

If you would like to provide additional feedback to GSA, please provide your contact information in your survey responses, or contact Jennie Campbell, Office of Government-wide Policy at 202-694-8131 or [jennie.campbell@gsa.gov](mailto:jennie.campbell@gsa.gov).

OMB Control No: 3090-XXXX

Expires: XX/XX/XXX

**Paperwork Reduction Act Statement - This information collection meets the requirements of 44 U.S.C. § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 3090-XXXX. We estimate that it will take 10 minutes to read the instructions, gather the facts, and answer the questions. Send only comments relating to our time estimate, including suggestions for reducing this burden, or any other aspects of this collection of information, to: U.S. General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street, NW, Washington, D.C., 20405.**

What limitations or challenges does your state/city/county/municipality/etc. face in collecting real property asset information? (Select all that apply)

- Lack of funding
- Staff capacity
- Lack of knowledge
- Technology challenges (e.g., lack of software or centralized database, paper based asset management process, etc.)
- Amount of time to collect
- Conflicting priorities
- Other

What factors would increase the likelihood of your state/city/county/municipality/etc. **collecting** its real property information? (Select all that apply)

- Funding
- Easy process
- Guidance on how to collect information
- Best practices information
- Access to electronic system
- Access to other state/city/county/municipality/etc. real property information
- Other

If you began collecting this data in the future, would your state/city/county/municipality/etc. be willing to **share** any of this information in a centralized federal database?

- Yes
- Maybe
- Some data but not all
- No
- I don't know
- Other

What factors would increase the likelihood of your state/city/county/municipality/etc. **sharing** its real property information? (Select all that apply)

- Funding
- Tax incentives
- Electronic access to the information
- Easy format/process for submission
- Technical assistance
- Broadband deployment commitment
- Other

Are there concerns to releasing this data? (Select all that apply)

- Public safety
- Cyber security
- Proprietary information
- Other

Are there laws, regulations, or internal policies that prohibit you from sharing this information? (Select all that apply)

- Laws
- Regulations
- Internal Policies
- No
- I don't know
