

aggregate annual burden of 500 hours (25 requests × 20 hours/request).

The SEC estimates that the total costs resulting from a submission under Rule 3a68–2 would be approximately \$12,000 for outside attorneys to retrieve, review, and submit the information associated with the submission. The SEC estimates this would result in aggregate costs each year of \$300,000 (25 requests × 30 hours/request × \$400).

Rule 3a68–4(c) establishes a process for persons to request that the Commissions issue a joint order permitting such persons (and any other person or persons that subsequently lists, trades, or clears that class of mixed swap) to comply, as to parallel provisions only, with specified parallel provisions of either the Commodity Exchange Act (“CEA”) or the Securities Exchange Act of 1934 (“Exchange Act”), and related rules and regulations (collectively “specified parallel provisions”), instead of being required to comply with parallel provisions of both the CEA and the Exchange Act.

The SEC expects ten requests pursuant to Rule 3a68–4(c) per year. The SEC estimates that nine of these requests will have also been made in a request for a joint interpretation pursuant to Rule 3a68–2, and one will not have been. The SEC estimates the total burden for the one request for which the joint interpretation pursuant to 3a68–2 was not requested would be 30 hours, and the total burden associated with the other nine requests would be 20 hours per request because some of the information required to be submitted pursuant to Rule 3a68–4(c) would have already been submitted pursuant to Rule 3a68–2. The burden in both cases is evenly divided between the SEC and the CFTC.

The SEC estimates that the total costs resulting from a submission under Rule 3a68–4(c) would be approximately \$20,000 for the services of outside attorneys to retrieve, review, and submit the information associated with the submission of the one request for which a request for a joint interpretation pursuant to Rule 3a68–2 was not previously made (1 request × 50 hours/request × \$400). For the nine requests for which a request for a joint interpretation pursuant to Rule 3a68–2 was previously made, the SEC estimates the total costs associated with preparing and submitting a party’s request pursuant to Rule 3a68–4(c) would be \$6,000 less per request because, as discussed above, some of the information required to be submitted pursuant to Rule 3a68–4(c) already would have been submitted pursuant to Rule 3a68–2. The SEC estimates this

would result in an aggregate cost each year of \$126,000 for the services of outside attorneys (9 requests × 35 hours/request × \$400).

Rule 15c3–4, SEC File No. 270–441, OMB Control No. 3235–0497

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (“PRA”), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information provided for in Rule 15c3–4 (17 CFR 240.15c3–4) under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to

the Office of Management and Budget (“OMB”) for extension and approval.

Rule 15c3–4 requires certain broker-dealers that are registered with the Commission as OTC derivatives dealers, or who compute their net capital charges under Appendix E to Rule 15c3–1 (17 CFR 240.15c3–1) (“ANC firms”), to establish, document, and maintain a system of internal risk management controls. The Rule sets forth the basic elements for an OTC derivatives dealer or an ANC firm to consider and include when establishing, documenting, and reviewing its internal risk management control system, which are designed to, among other things, ensure the integrity of an OTC derivatives dealer’s or an ANC firm’s risk measurement, monitoring, and management process, to clarify accountability at the appropriate organizational level, and to define the permitted scope of the dealer’s activities and level of risk. The Rule also requires that management of an OTC derivatives dealer or an ANC firm must periodically review, in accordance with written procedures, the firm’s business activities for consistency with its risk management guidelines.

The staff estimates that the average amount of time a new OTC derivatives dealer will spend establishing and documenting its risk management control system is 2,000 hours and that, on average, a registered OTC derivatives dealer will spend approximately 200 hours each year to maintain (*e.g.*, reviewing and updating) its risk management control system.¹ Currently, three firms are registered with the Commission as OTC derivatives dealers. The staff estimates that approximately six additional OTC derivatives dealers may become registered within the next three years. Thus, the estimated annualized burden would be 600 hours for the three OTC derivatives dealers currently registered with the Commission to maintain their risk management control systems,² 4,000 hours for the six new OTC derivatives dealers to establish and document their risk management control systems,³ and 1,200 hours for the six new OTC derivatives dealers to maintain their risk management control systems.⁴

¹ This notice does not cover the hour burden associated with ANC firms, because the hour burden for ANC firms is included in the Paperwork Reduction Act collection for Rule 15c3–1, which requires ANC firms to comply with specific provisions of Rule 15c3–4 in Appendix E to Rule 15c3–1. See 17 CFR 240.15c3–1(a)(7)(iii), 17 CFR 240.15c3–1e(a)(1)(ii), and 17 CFR 240.15c3–1e(a)(1)(viii)(C).

² (200 hours × 3 firms) = 600.

³ ((2,000 hours/3 years) × 6 firms) = 4,000.

⁴ (200 hours × 6 firms) = 1,200.

Accordingly, the staff estimates the total annualized burden associated with Rule 15c3-4 for the six OTC derivatives dealers will be approximately 5,800 hours annually.

The staff believes that the internal cost of complying with Rule 15c3-4 will be approximately \$314 per hour.⁵ This per hour cost is based upon an annual average hourly salary for a compliance manager who would be responsible for ensuring compliance with the requirements of Rule 15c3-4. Accordingly, the total annualized internal cost of compliance for all affected OTC derivatives dealers is estimated to be \$1,821,200.⁶

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

⁵ The \$314 per hour salary figure for a compliance manager is from SIFMA's Management & Professional Earnings in the Securities Industry 2013, modified by Commission staff to account for an 1800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits and overhead.

⁶ 5,800 hours × \$314 per hour = \$1,821,200.

Order Granting a Conditional Exemption Under the Securities Exchange Act of 1934 from the Confirmation Requirements of Exchange Act Rule 10b-10(a) for Certain Transactions in Money Market Funds, SEC File No. 270-792; OMB Control No. 3235-0739

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval: Order Granting a Conditional Exemption under the Securities Exchange Act of 1934 from the Confirmation Requirements of Exchange Act Rule 10b-10(a) for Certain Transactions in Money Market Funds (17 CFR 240.10b-10(a)).

Rule 10b-10 under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) generally requires broker-dealers to provide customers with specified information relating to their securities transactions at or before the completion of the transactions. Rule 10b-10(b), however, provides an exception from this requirement for certain transactions in money market funds that attempt to maintain a stable net asset value when no sales load or redemption fee is charged. The exception permits broker-dealers to provide transaction information to money market fund shareholders on a monthly, rather than immediate, basis, subject to the conditions. Amendments to Rule 2a-7 of the Investment Company Act of 1940 ("Investment Company Act") (15 U.S.C. 80a-1 *et seq.*) among other things, means, absent an exemption, broker-dealers would not be able to continue to rely on the exception under Exchange Act Rule 10b-10(b) for transactions in money market funds operating in accordance with Rule 2a-7(c)(1)(ii).¹

¹ See generally Money Market Fund Reform; Amendments to Form PF, Securities Act Release No. 9408, Investment Advisers Act Release No. 3616, Investment Company Act Release No. 30551 (June 5, 2013), 78 FR 36834, 36934 (June 19, 2013); see also Exchange Act Rule 10b-10(b)(1), 17 CFR

In 2015, the Commission issued an Order Granting a Conditional Exemption under the Securities Exchange Act of 1934 From The Confirmation Requirements of Exchange Act Rule 10b-10(a) For Certain Transactions In Money Market Funds ("Order")² which allows broker-dealers, subject to certain conditions, to provide transaction information to investors in any money market fund operating pursuant to Rule 2a-7(c)(1)(ii) on a monthly basis in lieu of providing immediate confirmations as required under Exchange Act Rule 10b-10(a) ("the Exemption"). Accordingly, to be eligible for the Exemption, a broker-dealer must (1) provide an initial written notification to the customer of its ability to request delivery of immediate confirmations consistent with the written notification requirements of Exchange Act Rule 10b-10(a), and (2) not receive any such request to receive immediate confirms from the customer. As of March 31, 2018, the Commission estimates there are approximately 162 broker-dealers that clear customer transactions or carry customer funds and securities who would be responsible for providing customer confirmations. The Commission estimates that the cost of the ongoing notification requirements would be minimal, approximately 5% of the initial burden which was previously estimated to be 36 hours per broker-dealer, or approximately 1.8 hours per broker-dealer per year to provide ongoing notifications or a total burden of 292 hours annually for the 162 carrying broker-dealers.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in

240.10b-10(b)(1) (limiting alternative monthly reporting to money market funds that attempt to maintain a stable NAV).
