

The goal of this survey is to:

1. Determine what is lacking in the NVAP Orientation for real world challenges an accredited veterinarian (AV) may experience and what would better prepare them for being an AV.
2. To determine what was done well and what was lacking in the current NVAP Orientation.
3. What can we do to make it more practical and more useful.

1. What state(s) and or territories are you currently practicing in? (select all that apply)
