

APHIS HPAI Response Responder Feedback Survey

1. Introduction

Thank you for taking the time to provide feedback on your recent animal health emergency response assignment. Your feedback is valuable and will contribute to APHIS VS's efforts to improve our animal health emergency response capabilities.

This survey is completely anonymous and should take the average responder approximately 30 minutes to complete. You will only be asked to evaluate activities that were applicable to your response role. Please answer all of the questions as completely as possible. You are encouraged to provide recommendations, even for things that worked well. It is critical that you provide ideas and suggestions for areas that you believe need improvement.

Should you have any questions regarding this survey, please consult your emergency response supervisor or the appropriate Incident Command Section Chief.

The USDA APHIS Veterinary Services Senior Leadership and Incident Coordination Group appreciate your insight as well as your time in helping us build better animal health emergency response plans.

APHIS HPAI Response Responder Feedback Survey

2. Demographics

1. Please select the organizational category that best represents your affiliation.

2. To which emergency response entity were you assigned?

3. Within that time period, please identify exactly what time frame you will be evaluating, based on your involvement with the response.

	MM	DD	YYYY
Start Date	<input type="text"/>	<input type="text"/>	<input type="text"/>
End Date	<input type="text"/>	<input type="text"/>	<input type="text"/>

4. What was your working arrangement during your response assignment?

- On-site Support
- Virtual Support
- Both

5. In what state(s) were you physically located during your response assignment? (choose all that apply)

APHIS HPAI Response Responder Feedback Survey

3. Evaluation of Critical Activities

The following questions examine the 23 critical activities for responding to an animal health incident. For each critical activity, you will be asked your level of involvement with the activity. If you respond that you had "No" level of involvement, the survey will skip ahead to the next critical activity. If you answer "Yes," you performed the activity, or observed it and would like to provide feedback, you will then be asked to rate the activity and identify strengths, lessons learned, and recommendations. Please answer all questions that are applicable to you and your experiences.

The 23 critical activities are listed below for reference:

1. Etiology and Ecology
2. Case definitions and Laboratory Definitions
3. Surveillance
4. Diagnostics
5. Epidemiological Investigation and Tracing
6. Information Management
7. Communication
8. Health and Safety, and Personal Protective Equipment
9. Biosecurity
10. Quarantine and Movement Control
11. Continuity of Business
12. Regionalization for International Trade
13. Mass Depopulation and Euthanasia
14. Disposal
15. Cleaning and Disinfection
16. Vaccination
17. Logistics
18. Wildlife Management and Vector Control
19. Animal Welfare
20. Modeling and Assessment Tools
21. Appraisal and Compensation
22. Finance
23. Incident Management

APHIS HPAI Response Responder Feedback Survey

4. Critical Activity 1: Etiology and Ecology

Critical Activity 1: Etiology and Ecology. This critical activity entails studying disease characteristics such as the strain/type of causative agent, pathogenicity, virulence, modes of transmission, persistence in the environment, reservoirs, and hosts.

6. Please indicate your level of involvement with the Etiology and Ecology Critical Activity.

- No, I did not perform this critical activity.
- Yes, I performed this critical activity
- I did not perform this critical activity, but I observed it being performed and would like to provide feedback

14. Critical Activity 6: Information Management

Critical Activity 6: Information Management. This critical activity encompasses the use of information management systems for collecting, monitoring, and sharing information/data. Key systems include:

- o CoreOne (Surveillance Collaboration Services)
- o Animal Health and Surveillance Management
- o Veterinary Services Process Streamlining
- o Animal Disease Traceability Information System
- o NAHLN
- o EMRS
- o National Veterinary Logistics System
- o LabWare Laboratory Information Management System
- o Licensing, Serial Release, and Testing Information System
- o Mobile Information Management
- o APHIS Emergency Qualifications System
- o Resource Ordering and Status System

31. Please indicate your level of involvement with the Information Management Critical Activity.

- No, I did not perform this critical activity.
- Yes, I performed this critical activity
- I did not perform this critical activity, but I observed it being performed and would like to provide feedback

16. Critical Activity 7: Communication

Critical Activity 7: Communication. This critical activity encompasses internal and external communications with stakeholders, such as the media, the public, industry, Congress, trading partners, state and local elected officials, and response partners. Key information to be communicated includes animal health, public health, food safety, and biosecurity. The Public Information Officer (PIO), Joint Information Center (JIC), and APHIS Legislative and Public Affairs (LPA) are key organizational positions/entities involved in this activity.

36. Please indicate your level of involvement with the Communication Critical Activity.

- No, I did not perform this critical activity.
- Yes, I performed this critical activity
- I did not perform this critical activity, but I observed it being performed and would like to provide feedback

18. Critical Activity 8: Health and Safety and Personal Protective Equipment

Critical Activity 8: Health and Safety and Personal Protective Equipment. This critical activity entails ensuring responder safety and protecting the physical and mental health of responders, including the use of personal protective equipment (PPE). Specific topics include: site-specific health and safety plans; hazard analyses; medical surveillance; safety training; medical clearance instructions and processes; and PPE usage, including respirator fit testing.

41. Please indicate your level of involvement with the Health and Safety and Personal Protective Equipment Critical Activity.

- No, I did not perform this critical activity.

50. Activation/Mobilization Phase

This section addresses your personal experience during the activation and mobilization phase of the response. When evaluating your experience, please consider the following:

- o How you were notified;
- o Preparation time;
- o Information provided to you (i.e. background information, check-in procedures, needed supplies, etc.);
- o Transportation arrangements;
- o Pre-deployment requirements (i.e. medical clearance, respirator fit test, etc.); and
- o Any other unmet needs.

121. Activation/Mobilization Performance Rating

	Poor	Below Average	Average	Above Average	Excellent
Overall, how would you rate your personal experience during the activation/mobilization phase of the response?	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

51. Incident Operations Phase

This section addresses your personal experience during the incident operations phase of the response, including the logistical support you received. When evaluating your experience, please consider the following:

- o The emergency response check-in process;
- o Information and guidance provided (i.e. situational awareness, safety and biosecurity instructions, etc.);
- o Training and mentoring related to your assigned task(s);
- o Your work environment;
- o Logistical support, such as supplies, equipment, lodging, transportation, meals, medical support, communication devices, IT support, etc.; and
- o Any other unmet needs.

53. Final Question

133. What other feedback regarding the HPAI Response would you like to provide us that wasn't covered elsewhere in this survey?

**Thank you very much for the time and effort you put into completing this survey!
Your feedback is greatly appreciated and will help us improve our ability to respond to future animal disease incidents.**

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control for this information collection is 0579-0377. The time required to complete this information collection is estimated to average .5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.
