

Email Subject: {2018/2020} DP15-1501 Cancer Survivorship Survey

Hello NCCCP Grantee or Partner,

You have been identified as a NCCCP DP15-1501 grantee or partner working on the Cancer Survivorship program in your state. We are requesting that you follow the link in this email and complete a survey about your efforts implementing cancer survivorship interventions and strategies. The purpose of this survey is to assess the implementation and short-term outcomes of the Cancer Survivorship program across all DP15-1501 grantees.

Completion of this survey is strongly encouraged. It will help CDC's Division of Cancer Prevention and Control learn what is working well and what is challenging; this information can help inform the roll-out of the Cancer Survivorship program to all NCCCP grantees. Your responses will be maintained in a secure manner by our contractor, RTI International. Individually identifiable information will not be provided to DCPC staff, and survey responses will be reported in aggregate.
